

ASX RELEASE | CLEARVUE TECHNOLOGIES LIMITED | (ASX:CPV | OTCQX:CVUEF)

Douglas Hunt Named Global Chief Executive Officer

HIGHLIGHTS:

- **CEO Announced:** Mr. Douglas Hunt will step up from his interim capacity and lead ClearVue's global commercialisation strategy.
- **New Leadership Team:** Seasoned team of leaders to focus on sales growth, scalable manufacturing and distribution, and continued product innovation.
- **Shareholder Alignment:** New leadership appointments agree to sub-market compensation until share price returns to 35 cents, in line with CEO contract.

28 July 2025 – Perth, Australia – ClearVue Technologies Limited (ASX:CPV) (ClearVue or the Company) announces the appointment of Mr. Douglas (Doug) Hunt as Chief Executive Officer, effective immediately. ClearVue also announces the following leadership appointments:

- **Mr. Tao Zhang – Chief Operating Officer:** Since joining in 2018, Mr. Zhang has played a pivotal role in ClearVue's research and development, product certifications and commercial deployment. He is a Chartered Professional Engineer in Australia and China and has extensive experience in structural and façade engineering, renewable energy systems and project management.
- **Ms. Lisa Dreher – Global Marketing Director:** Ms. Dreher will lead ClearVue's marketing, branding and media relations efforts, bringing over 35 years of technology and sustainability experience.
- **Mr. Christopher Cole – Head of Research and Development:** Since joining in 2020, Mr. Cole has led several patentable innovations and significantly streamlined our manufacturing processes.

The leadership appointments come during a concerted review into ClearVue's cost base, skills matrix and global strategy.

ClearVue Founder and Chairman Victor Rosenberg said, *"I am pleased to announce the board has named Doug as Global Chief Executive Officer. Doug has been a tireless leader in defining and extending ClearVue's product range and proprietary innovations. His strategic acumen and deep understanding of global business trends in*

the façade and architectural envelope business, including in the areas of sustainability and construction decarbonisation, make him the ideal candidate to steer our company towards continued growth, innovation and expansion.”

Chief Executive Officer Doug Hunt said, *“Recent leadership and board changes will sharpen our strategic focus and reflect a proactive strategy to reposition the business for its next stage of growth.”*

“Such is our confidence in ClearVue and our updated direction, new management appointments, including myself, have agreed to sub-market compensation until the 30-day rolling average share price reaches 35 cents. I am proud to be working with this dedicated team of professionals and look forward to watching as their combined expertise and energy drives global interest in ClearVue solutions, notable partnerships, and a pipeline of sustainability innovations. The team and I walked the product journey together in recent years so they will be able to impact the company’s performance quickly. It also shows a new alignment between our stakeholders and the whole ClearVue team to deliver enhanced shareholder value.”

The key terms of Mr Hunt’s engagement as Chief Executive Officer are set out in the Annexure attached to the announcement released to ASX on 8 July 2025.

Authorised by the Board of ClearVue Technologies Limited.

ABOUT CLEARVUE TECHNOLOGIES LIMITED

ClearVue Technologies Limited (ASX: CPV; OTCX: CVUEF) is an Australian technology company that integrates solar technology into building façade and rooftop surfaces to provide renewable energy generation and offset the operational carbon footprint of buildings. The Company’s advanced, patented glass technology preserves glass transparency maintaining building aesthetics while generating energy.

ClearVue has extended solar energy-generation to vision glass, cladding, spandrel, balustrade, and skylight solutions. These solutions can offset operational energy requirements significantly contributing to the net zero building.

ClearVue’s integrated solar façade is revolutionizing the way buildings are designed, constructed, and renovated. Experience how building façades will become a major contributing factor to reducing operational carbon by visiting ClearVue at www.clearvuepv.com.
