Qualifying Statements

The information in this Report that relates to Exploration Information is based on information compiled by Michael Leu who is a member of The Australasian Institute of Mining and Metallurgy and the Australian Institute of Geoscientists.

Mr Leu is a qualified geologist and is a director of Sovereign Gold Company Limited.

Mr Leu has sufficient experience, which is relevant to the style of mineralisation and type of deposit under consideration and to the activity, which he is undertaking to qualify as a Competent Person as defined in the 2004 Edition of the Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Resources. Mr Leu consents to the inclusion in this announcement of the Exploration Information in the form and context in which it appears.

ASX Release
19th July 2013

Funding update 2 - Mt Adrah drilling program

On 11 July Sovereign Gold provided clarification of costs and ongoing funding requirements for the Mt Adrah drilling program.

Sovereign Gold has placed 1.5 million Precious Metal Resources (PMR) shares to professional and sophisticated investors at \$0.35 per share to raise \$525,000 toward funding its contribution of the exploration costs of Gossan Hill Gold Limited.

At the end of June 2013, cash and receivables for the Sovereign Gold Group were approximately \$1.5m.

The next planned drill hole (GHD004) at the Hobbs Pipe 1 deposit is a sub-vertical, angular hole to test the width of the Hobbs Pipe 1 deposit and will cost in the order of \$300,000 including assays and analysis.

Sovereign Gold has sufficient funds to meet its current project commitments.
