Mining Entry Permit Granted – Paves Way for Drilling at the Top Up Rise Project

- **Mining Entry Permit received for the Top Up Rise Project**
- **Granting of the Permit is a pre-requisite for drilling to commence at Top Up Rise**
- **Fully funded drill program on track to commence next month**

Corazon Mining Limited (ASX: CZN) ("Corazon" or "the Company") is pleased to advise it has received the Ministerial Entry Permit ("Permit") for the Top Up Rise ("TUR") lease E80/4427 in Western Australia.

The Permit is a pre-requisite for access and drilling to commence at the TUR Project and follows the signing of a Mining Exploration Access Agreement with the Traditional Owners of the land on 20 November 2012.

Corazon is currently conducting a detailed ground gravity survey which will be used to assist in defining drill targets at the Project. The gravity survey is progressing well and is expected to be completed by mid-April 2013.

A drill rig has been secured for the proposed drilling. Work programs and approval processes remain on track to commence drilling in May 2013.
