About Delta Lithium

Delta Lithium (ASX: DLI) is an exploration and development company focused on bringing high-quality, lithium-bearing pegmatite deposits, located in Western Australia, into production. With a strong balance sheet and an experienced team driving the exploration and development workstreams, Delta Lithium is rapidly advancing its Lithium Projects. The Mt Ida Lithium Project holds a critical advantage over other lithium developers with existing Mining Leases and an approved Mining Proposal. Delta Lithium is pursuing a rapid development pathway to unlock maximum value for shareholders.

Delta Lithium also holds the highly prospective Yinnetharra Lithium Project that is already showing signs of becoming one of Australia's most exciting lithium regions. Delta remains on track to release a maiden Lithium Resource at Yinnetharra in 2023. The Company is currently undergoing an extensive 400 drill hole campaign to be completed throughout 2023. Delta will commence a significantly enhanced exploration program at Yinnetharra in 2024 to test additional targets and build on the Maiden Resource.
