QUARTERLY REPORT

EXPLORATION & CORPORATE HIGHLIGHTS

- Progressing due diligence with select parties in relation to potential acquisition opportunities.

CORPORATE:

Tychean Resources Limited (ASX:TYK, 'the Company') is actively progressing discussions with select parties across the minerals sector within Australia in relation to an anticipated acquisition of a new project. In particular, the Company is assessing those opportunities that present themselves as material minerals exploration and/or development plays. Although the due diligence and negotiation timelines around these are longer than simple 'farm in' processes, your Board is of the opinion they afford the opportunity for more significant future upside. The Company will continue to provide shareholders with updates as material progress is made in this area.

CURRENT EXPLORATION ACTIVITIES:

Tanami Joint Venture (NT) – Ramelius 85%, Tychean 15%.

Tychean has also maintained its interest in the ongoing Tanami Joint Venture with Ramelius Resources (ASX:RMS) such that future involvement either through further contribution to the project, or by converting the interest to a 1.5% NSR royalty, will be determined upon a decision to mine.
