

ASX Release

7 March 2023

Completion of Granite Flat RC Drilling Program

Dart Mining NL (ASX:DTM) ("Dart Mining" or "the Company") is pleased to announce that Reverse Circulation (RC) drilling of 1,418 metres across thirteen holes at Dart Mining's Granite Flat Cu-Au project is completed, with the first assay results anticipated shortly.

Highlights

- 1,418m of Reverse Circulation drilling completed across thirteen drill holes
- Drilling completed across largest soil Cu-Au anomaly, spanning a strike length of 700m
- Distinct epithermal vein textures and alteration encountered in drill chips
- Preliminary assay results expected within the next few weeks

RC Drilling at Granite Flat, set up on hole EMRC017
