

SALE OF TENEMENT

The Company is pleased to announce that it has agreed to sell a package of non-core exploration tenements for a cash consideration of A\$400,000.

Venturex Resources Limited has reached an agreement with Forge Resource Swan Pty Ltd as managers of the Balla Balla Joint Venture, to sell a non-core Exploration Tenement E47/924, within the Salt Creek Tenement package. The Salt Creek region consists of an underexplored 12 kilometre belt covering two known areas of mineralisation (Salt Creek, Balla Balla) and a number of prospects including ACL, West Balla Balla, and East Balla Balla. The ability to explore and exploit any resources on our remaining tenement in this area is not affected by the sale of this tenement (E47/924).

The proposed transaction is consistent with the company's policy of divestment of non-core assets which will allow the Company to focus on exploring and developing its extensive copper-zinc assets in the Pilbara region, while providing additional funding to drive these programs through 2015.

The sale will boost Venturex's cash position to over \$1.3 million, which ensures the Company is funded for its 2015 exploration programs and options to enhance/commercialise the Pilbara Copper-Zinc Project.

Settlement is expected within 30 days of the execution of the Agreement, with the sale being unconditional.
