**About IXUP**

IXUP Limited (ASX:IXU) (pronounced ‘eyes up’) is a pioneering technology company that has developed world class software facilitating the secure sharing and analysis of sensitive information using advanced encryption technology. The Company’s Secure Data Engine is the missing ‘key’ to organisations ‘unlocking’ their information assets previously unable to be shared or commercialised due to concerns around privacy, cyber security, and compliance considerations. IXUP’s Secure Data Engine is being commercialised at a crucial junction when the need to share and drive revenue from sensitive data and dormant data assets is becoming more important yet more difficult to achieve.
