**About IXUP**

IXUP Limited (ASX: IXU) (pronounced ‘eyes up’) is a pioneering technology company with a world class suite of software products that facilitate the secure sharing and analysis of sensitive information using advanced security technology. The Company’s Secure Data Collaboration Suite of products represent is the missing ‘key’ to organisations ‘unlocking’ their information assets previously unable to be shared or commercialised due to concerns around privacy, cyber security, and compliance considerations. These data collaboration products are being commercialised at a crucial junction when the need to share and drive revenue from sensitive data and dormant data assets is becoming more important yet more difficult to achieve.
