Dear Ms Gomme,

Trading Halt Request

IXUP Limited [ASX:IXU] (**Company or IXUP**) hereby requests a trading halt in relation to the Company's ordinary shares quoted on the Australian Securities Exchange (ASX) in accordance with ASX Listing Rule 17.1.

The trading halt is requested pending an announcement by the Company to the market regarding an update on the Company's acquisition of the Betstop National Self Exclusion register Contract and concurrent Convertible Note capital raising program (as originally announced to the ASX on 1 May 2023) (**the Purpose**).

In accordance with ASX Listing Rule 17.1, the Company provides the following information in relation to the request:

- The trading halt is necessary to assist IXUP in managing its continuous disclosure obligations as the Company expects to make an announcement to the market in relation to the stated Purpose above.

- IXUP requests that the trading halt remain in place until the earlier of commencement of normal trading on Wednesday, 14 June 2023 (noting that the public holiday on Monday, 12 June 2023 is not a trading day or business day under the ASX Trade Calendar), or when the announcement regarding the stated Purpose is released to the market.

- IXUP is not aware of any reason why the trading halt should not be granted or of any further information necessary to inform the market about the trading halt.

For and on behalf of the Board of IXUP Limited.

Yours faithfully,

Mr Julian Babarczy
Chairman

This announcement has been approved for release by the Chair of IXUP.

About IXUP

IXUP Limited (ASX: IXU) (pronounced 'eyes up') is a pioneering technology company with a world class suite of software products that facilitate the secure sharing and analysis of sensitive information using advanced security technology. The Company's Secure Data Collaboration Suite of products represent is the missing 'key' to organisations 'unlocking' their information assets previously unable to be shared or commercialised due to concerns around privacy, cyber security, and compliance considerations. These data collaboration products are being commercialised at a crucial junction when the need to share and drive revenue from sensitive data and dormant data assets is becoming more important yet more difficult to achieve.
