HARRINGTON GROUP LIMITED
ABN: 18 001 285 230

ANNOUNCEMENT TO AUSTRALIAN STOCK EXCHANGE

2 August 2005

DISCONTINUANCE OF BAMBURGH MARRSH TRANSACTION

Harrington Group Limited (AX.HGR) advises that the Company is repositioning its interests in the Substance Abuse Testing (SAT) market following advice to the Company from MDM Group Inc that it is not continuing with its reported Bamburgh Marrsh LLC acquisition.

Consequently Harrington Group will not be proceeding with the previously announced proposed SAT licensing from Bamburgh Marrsh and related Harrington Group Shareholders Meeting. Further, the Company advises that the loan funds advanced to date for this transaction totaling $120,000 are either directly in the Company's control or fully secured.

The Company intends to pursue a position within the emerging SAT markets and will advise the market in due course of its continued interest, if any.

ABOUT HARRINGTON GROUP LIMITED

Harrington Group is a developer of homeland security and law enforcement products and solutions including its ShockRounds™ technology which is positioned as a major breakthrough in the ammunition, military and law enforcement industries. This patent pending ShockRounds™ technology, currently representing the Company's main business focus, introduces an "electric" charge to traditional ammunition and other projectiles such as rubber bullets through the combination of existing ballistic and piezoelectric technologies.
