About Dexus

Dexus is one of Australia's leading real estate groups, proudly managing a high quality Australian property portfolio valued at \$31.8 billion. We believe that the strength and quality of our relationships is central to our success, and are deeply committed to working with our customers to provide spaces that engage and inspire. We invest only in Australia, and directly own \$15.6 billion of office and industrial properties. We manage a further \$16.2 billion of office, retail, industrial and healthcare properties for third party clients. The group's circa \$9.3 billion development and concept pipeline provides the opportunity to grow both portfolios and enhance future returns. With 1.7 million square metres of office workspace across 53 properties, we are Australia's preferred office partner. Dexus is a Top 50 entity by market capitalisation listed on the Australian Securities Exchange (trading code: DXS) and is supported by 26,000 investors from 19 countries. With 35 years of expertise in property investment, development and asset management, we have a proven track record in capital and risk management, providing service excellence to tenants and delivering superior risk-adjusted returns for investors. www.dexus.com

London and US investor meetings

Overview presentation September 2019

Megatrends

Dexus's strategy is orientated around two key long-term growth thematic

1

Urbanisation

Densification of land use in and around key economic and transport hubs

"re-creation of assets in high demand CBD locations to unlock change of use upside"

1. Source: ABS

2. Source: Willis Towers Watson, Global pension assets study 2018.

2

Growth in pension capital fund flows

Increased demand for real assets from growing and ageing populations

"attraction of like minded, long dated, third party capital partners to invest alongside Dexus"

We are in a climate of rapid change and the context in which we operate our business, both today and in the future, is informed by the disruption and opportunity created by global megatrends.

Other megatrends that could impact Dexus's strategy and outlook include:

The rise of the millennial worker

Technological change

Environmental sustainability

Summary

Securing opportunities. Adding value

- Successful year of securing new opportunities
- Well positioned for continued success despite increased economic uncertainty
- Embedded value within group development and concept pipeline
- Market guidance¹ for the 12 months ending 30 June 2020 for distribution per security growth of circa 5%

1. Barring unforeseen circumstances, guidance is supported by the following assumptions: Impacts of announced divestments and acquisitions; FFO per security growth of circa 3%, underlying FFO per security growth of circa 3%, underpinned by Dexus office portfolio like-for-like income growth of 4.5-5.5%, Dexus industrial portfolio like-for-like income growth (excluding one-offs) of 3-4%, management operations FFO of \$55-60 million, cost of debt of mid-3%; trading profits of \$35-40 million net of tax; maintenance capex, cash incentives, leasing costs and rent free incentives of \$170-185 million; and excluding any further transactions.

The image shows a spacious, modern office interior. On the left, a large glass wall is topped with a lush green living wall. Below it, a wooden partitioned area contains a small service counter. In the center, several people in business suits are engaged in conversations; some are seated in orange armchairs around small tables, while others are standing. A man in a dark suit is walking towards the camera in the foreground. The ceiling features recessed linear lighting, and the floor is a light-colored polished surface. Large windows on the right side offer a view of the city outside.

Structural:
78% of office work areas are now open plan rather than walled/partitioned

Cyclical:
Significant pent up demand as firms squeeze into existing space

Market outlook

Dexus's CBD office strategy leverages powerful urban growth trend

- Inner city areas and CBDs benefit from faster employment growth than other regions
- CBDs benefit from a virtuous cycle of employment and new infrastructure investment (e.g. light rail, metro rail)
- Trend to inner-city living and a 'live/work/play' ethos
- Businesses value CBD locations for attracting and retaining talented staff
- CBDs foster ideas, collaboration and productivity
