ECP Emerging Growth Limited

Company Profile

ECP Emerging Growth Limited (the “Company”) listed on the Australian Securities Exchange (ASX) in August 2014 is a Listed Investment Company (LIC) providing investors with access to an expertly crafted quality portfolio of Australian small and mid-cap growth companies.

The portfolio is managed by ECP Asset Management Pty Ltd, which has a specialist, equities focused funds management investment team renowned for its stability, track record and sound investment process.

The Manager’s investment philosophy is built on the belief that the economics of business drives long-term investment returns. Investing in high quality businesses that have the ability to generate predictable, above average economic returns, will produce superior investment performance over the long-term.

Mission

Creating Shareholder wealth through active management of a portfolio of ASX listed small and mid-cap quality growth companies.

Objectives

The investment objectives of ECP Emerging Growth Limited are:

- To achieve medium to long-term capital growth and income through investing in a diversified portfolio of small and mid-cap Australian companies;
- To preserve and enhance the NTA backing per share; and
- To provide Company Shareholders with a fully franked dividend which, over time, will grow at a rate in excess of the rate of inflation.

Investor Benefits

The benefits for investors in ECP Emerging Growth Limited are:

- Reduced share investment risk through a diversified investment portfolio;
- Professional and disciplined management of an investment portfolio;
- Fully franked dividend income and access to tax advantages of Listed Investment Company Capital Gains when available;
- Access to a Dividend Reinvestment Plan;
- No entry or exit charges made by the Company; and
- Easy access to information via the Company's head office or website www.ecpam.com/emerging.

Investment Manager

The management of the Company's investment portfolio is undertaken by ECP Asset Management Pty Ltd.

The Company's portfolio of investments comprises companies whose operations cover a wide spectrum of business activities and the portfolio is constructed from the perspective of a business owner, by investing in well managed companies and not simply by tracking the index weighting of various component stocks.

There is a management fee of 1% p.a. on the portfolio net tangible assets of the Company, payable monthly. In addition, the Manager receives a performance based fee payable annually in arrears if the Company's investments outperform an absolute return of 8%. If the Company's net performance is less than 8%, no performance fee is payable ensuring the Manager is focused on absolute returns to Shareholders.

Mr Jared Pohl is a Director of ECP Asset Management Pty Ltd. ECP Asset Management Pty Ltd is an authorised representative of EC Pohl & Co Pty Ltd, which holds an AFSL.

Information on the Investment Manager is available from www.ecpam.com.

Environment, Social, Governance

A business can only maintain a sustainable competitive advantage if it adequately respects all stakeholders in the business and environment in which it operates.

Companies which are not engaged in sustainable practices, will not be able to generate above average economic returns throughout their lifecycle. To this end, the Manager's investment process scrutinises companies to see if they have the appropriate, and sensible governance structures in place as well as incorporating sustainable practices into their day to day operations.

Companies that don't meet standards of respect and integrity with regard to compensation structures, internal controls, accounting treatment, rules, relationships, systems and process throughout the organisation, are not included in the portfolio.

In keeping with this philosophy, the Manager became a signatory to the United Nations-backed Principles for Responsible Investment Initiative in 2016. At the core of these principles is compliance with an investment approach that incorporates Environment, Social and Governance (ESG) factors into the investment decision making process and requires, where appropriate, engagement with investee Boards to uphold the best possible ESG outcomes.

Information on the ESG policies of the Investment Manager are available from www.ecpam.com/responsible-investment.

Chairman's Report

Dear Shareholder,

It gives me great pleasure to present the Annual Chairman's Report of ECP Emerging Growth Limited. We have had another exceptional year, net tangible assets have grown by 29.7% after paying dividends of 4.25 cents per share (3.1% of opening NTA). This result, achieved against the backdrop of ongoing uncertainty caused by the global COVID-19 pandemic, is testament to the efforts of our Investment Manager- ECP Asset Management.

The Year In Review

It is remarkable to consider the current market position against the outlook from 12 months ago. Prior to July 2020 we witnessed an unprecedented market decline and hopeful recovery while countries grappled with the world-wide pandemic. The future prospects of the economy, at home and abroad, relied heavily on development and rollout of vaccines and the ongoing co-ordinated stimulus from the Government and the Federal Reserve. Health officials were nervous, businesses were defensive, consumers were cautious, we braced ourselves for an unknown future.

As the year progressed we became increasingly grateful that again Australia has proven to be "the lucky country". Compared to many countries, Australia has had minor interruption from intermittent lockdowns (and I extend my sincere sympathy for the impact upon all those who have been subject to lockdowns of various durations), and the business environment has been positive. Job keeper and job seeker packages helped maintain employment and targeted stimulus in housing and infrastructure have assisted key areas of the economy with the additional boost as demand for mining output remained high. And, while there was a lot of speculation of what would happen as the stimulus measures were withdrawn in March 2021, the reality was trading resumed to sustainable levels and the perceived cliff-face was little more than a pot hole.

In the second half of the year equity markets witnessed a growth to value rotation. This sentiment feature has an impact on our portfolio as the investment process favours growth companies. While the performance in the second half of the year was not as strong as the first half, the full year portfolio performance result of positive 50.5% is incredibly pleasing and adds to the since inception performance which is now 19.9%, 15.4 percentage points higher than the ASX All Ordinaries Index over the same period of time.

The Market Outlook

On the 4th of August 2021, the ASX 200 closed higher than 7500 for the first time in history. While a one-off achievement does not provide any certainty for the remainder of the year it is an incredible statistic given the environment we are currently in.

Broadly as we look beyond FY2021, Australia faces a negative growth quarter in Q3 2021 and at this stage a soft start to Q4, depending on the length of lockdowns. We face continuing pandemic challenges as new strains spread and health officials provide guidance for safe management of the population. As with last year, hope is fuelled by the rollout of vaccines, however snap containment measures and decreased financial support will create pressure in highly effected areas of the economy.

Dividend

Dividend income improved on last year, increasing by \$39,047 (12.8%). While this is still below historical levels, the capital growth performance of our investments has been outstanding. Due to the performance, the Board are pleased to reward our loyal Shareholders with a final dividend payment of 2.75 cents per share. This is an increase to last year's Ordinary (0.6cps) plus Special (1.65cps) dividend of 22.2%. The Final dividend will be fully franked and is fully attributable to LIC capital gains. The attributable component can be an enormous tax benefit to Shareholders, depending on their circumstances, and we will continue to pass this on as and when the LIC gains are available.

The overall dividend declared for the FY2021 year will be 4.75 cents per share and is a 18.75% increase on the prior year.

I would like to highlight that our franking account and our retained earnings provide us with an enviable buffer to pay future dividends. We could in fact maintain the current annual dividend for the next 5 and a half years fully franked.

Investment Management Team

The ongoing performance of the Company is a direct result of the consistent and disciplined efforts of the Manager, ECP Asset Management. I wish to acknowledge and thank Dr Manny Pohl AM (Chief Investment Officer), Jared Pohl (Portfolio Manager) and the team for their dedication to the investment process and their reliable stewardship of our assets which generated such outstanding returns.

The Board

I wish to record my appreciation for my fellow Board members for their support and input throughout the past year. I would also like to pass on my thanks and gratitude to Brian Jones who resigned as Company Secretary in July 2021. Brian has supported the Company since inception in the capacity of Company Secretary and has also served as Chief Financial Officer. His contribution in terms of governance and Board support has been extremely valuable in the efficient running of the Company. We wish him all the best in his future endeavours.

In conclusion, I sincerely thank our Shareholders for their on-going support. Long-term, supportive shareholders are the backbone of any business, they understand the operations, command management accountability and focus on long-term results, we are humbled to serve our dedicated Shareholders.

Yours sincerely,

Murray H d'Almeida
Chairman

3. Principal Activities

The principal activity of the Company is investing in securities listed on the Australian Securities Exchange.

The mission is to create Shareholder wealth through active management of a portfolio of ASX Listed quality small to mid-cap growth companies.

4. Review of Operations

The investment performance for the year was outstanding. Portfolio returns of positive 50.5% was 24.1 percentage points better than the ASX All Ordinaries which increased by 26.4%. The performance is recognised in the Statement of Profit and Loss by a year on year increase of \$39,065 in dividends received, increase of \$2,659,815 in unrealised portfolio gains and a \$5,148,153 increase in realised gains. As shown in the Waterfall graph on page 2, the portfolio performance provides significant uplift (positive 69.9 cents per share) in the Net Tangible Assets of the Company before payment of dividends to Shareholders (4.25 cents per share), provision for performance fee (11.7 cents per share) and provision for tax (10.0 cents per share).

The performance fee increase of \$1,208,840 compared to FY2020 is directly related to the performance of the portfolio and is calculated in accordance with the Management Agreement (see note 21). Income tax payable has increased by \$1,176,075 compared to FY2020 due to the high value of realised gains in the portfolio. The Investment Manager is a long-term investor and does not trade the portfolio for short term gains. The gains realised this year were in accordance with the investment strategy and can occur for a variety of reasons. The most common scenario during the last 12 months was a trigger based on the forecast internal rate of return compared to market valuation at a point in time. Where companies became highly valued compared to the forecast future earnings the portfolio was adjusted accordingly. In addition, when an investee company reaches a market value such that it enters the ASX 50 Index it will no longer be held in the portfolio in accordance with the investment mandate, as was the case with Afterpay and Xero.

The portfolio activity mentioned is considered business as usual for the Investment Manager. Despite the ongoing turmoil and uncertainty generated by the COVID-19 pandemic the Manager remained diligently focused on the investment process and monitoring the investee businesses to be in the best position to generate long term future returns.

The closing position of the Company at 30 June 2021 includes Net Assets of \$30,510,315 (after tax on realised and unrealised gains), a 26.1% increase on the prior year. This is after paying dividends to Shareholders of \$778,517 during the period.

5. Likely developments and expected results of operations

There are no planned changes to principal activities. Any general decline in equity markets may have an adverse effect on results in future years.

6. Dividends Paid

Type	Cents Per Share	Total Amount \$'000s	Date of Payment
The dividends paid to Shareholders during the financial year were as follows:			
Final	0.60	110	Sep 2020
Special	1.65	302	Sep 2020

Total	4.25	778	

Dividends paid by the Company during the preceding year were:

Final	2.25	412	Sep 2019
Interim	1.75	321	Mar 2020

The final dividend and special dividend paid in September 2020 and the interim dividend paid in March 2021, were fully franked.

In addition to the above dividends, since the end of the financial year the Directors have recommended the payment of a final dividend of 2.75 cents per share (\$503,746) to be paid on 15 September 2021. The dividends will be fully franked and will be fully attributable to LIC capital gains, refer to Note 14 (d).

Director's Report

Continued

11. Significant changes in the state of affairs

There were no significant changes in the state of affairs of the Company during the financial year.

12. Matters subsequent to the end of the financial year

Other than the dividend declared as per Item 6, no other matter or circumstance not otherwise dealt with in the Director's Report or Financial Report, which has arisen since the end of the year that has significantly affected, or may significantly affect the operations of the Company, the results of those operations or the state of affairs of the Company in future financial years.

13. Environmental issues

The Company's operations are not regulated by any significant environmental regulation under a law of the Commonwealth or of a State or Territory.

14. General transactions

In addition to Director's remuneration, the Company has a management services agreement with ECP Asset Management Pty Ltd – refer Notes 20 and 21.

15. Loans

There are no loans issued to any of the Directors during or since the financial year (30 June 2020 – Nil).

16. Options

No Options have been issued during or since the financial year (30 June 2020 – Nil).

17. Insurance of officers and/or auditors

During the financial year, the Company insured the Directors and Officers against certain liabilities as permitted by the Corporations Act 2001. The insurance policy prohibits disclosure of the nature of the cover, the amount of the premium, the limit of liability and other terms.

The Company has entered into an agreement for the purpose of indemnifying Directors and Officers, to the extent permitted by law, against any liability (including the costs and expenses of defending actions for an actual or alleged liability) incurred in their capacity as a Director and Officer of the Company.

The Company has not during or since the financial year indemnified or paid any insurance premiums to indemnify the auditors.

18. Proceedings on behalf of the Company

No person has applied to the Court under Section 237 of the Corporations Act 2001 for leave to bring proceedings on behalf of the Company, or to intervene in any proceeding to which the Company is a party, for the purpose of taking responsibility on behalf of the Company for all or part of those proceedings.

No proceedings have been brought or intervened in on behalf of the Company with leave of the Court under Section 237 of the Corporations Act 2001.

19. Non-audit services

The Company may decide to employ the auditor on assignments additional to their statutory audit duties where the auditor's expertise and experience with the Company are important.

There have been no amounts paid or payable to the auditors for non-audit services provided during the year.

The Directors have considered the position and are satisfied that the provision of any non-audit services (if necessary in future) is compatible with the general standard of independence for auditors imposed by the Corporations Act 2001. The Board is satisfied that the provision of any non-audit services by the auditor, would not compromise the auditor independence requirements of the Corporations Act 2001 for the following reasons:

- All non-audit services would be reviewed by the Board to ensure they do not impact the impartiality and objectivity of the auditor; and
- None of the services undermine the general principles relating to auditor independence as set out in APES 110, including reviewing or auditing the auditor's own work, acting in a management or a decision-making capacity for the Company, acting as advocate for the Company or jointly sharing economic risk and rewards.

A copy of the Auditor's Independence Declaration as required under section 307C of the Corporation Act 2001 is set out on page 46.

Board Charter

The Corporate Governance Statement explains the extent to which the Company complies with the ASX Corporate Governance Principles and Recommendations including how the policies above support Corporate Governance in the Company. Under the "if not, why not" approach the Board provide explanations as to why a particular

recommendation is not appropriate to its circumstances. For clarity, the Board would like to highlight on the following page the recommendations that have not been fully adopted and the reasons behind the decision.

ASX Governance Principles

Compliance Statement

Principle 1: Lay solid foundations for management and oversight Recommendation 1.5: Gender Diversity	Compliant except for 1.5: Non-Compliant. The Board seeks to develop a culture of diversity whereby a mix of skills and diverse backgrounds are employed, maximizing the benefits of a collection of view-points. At this point in time and through previous recruitment processes gender diversity has not been achieved, however there is complete commitment to creating further diversity at the next opportunity.
Principle 2: Structure the Board to be effective and add value Recommendation 2.1: Establish a Nomination Committee	Compliant. Note 2.1: The Company has not established a formal Nomination Committee, as the Board considers that, due to the specific scope and nature of the Company's activities, the whole Board should undertake the responsibility.
Principle 3: Instil a culture of acting lawfully, ethically and responsibly	Compliant
Principle 4: Safeguard integrity in corporate reporting Recommendation 4.1: Establish an Audit Committee	Compliant. Note 4.1: The benefits of a separate committee were not being realised due to the composition of the committee and overlap with the Board. The Board has reviewed the Board Charter and its processes to ensure integrity of corporate reporting is maintained.
Principle 5: Make timely and balanced disclosure	Compliant
Principle 6: Respect the rights of security-holders	Compliant
Principle 7: Recognise and manage risk Recommendation 7.1: Risk Committee Recommendation 7.3: Internal audit function	Compliant. Note 7.1: The benefits of a separate committee were not being realised due to the composition of the committee and overlap with the Board. The Board has reviewed the Board Charter and its processes to ensure risks are appropriately managed. 7.3: The Company does not have an internal audit function given the size and nature of the Company. Instead, the Board liaises closely with the Company's external auditor to identify potential improvements to the financial risk management and internal control process. The Board also interrogates the internal compliance and external audit of the Manager.
Principle 8: Remunerate fairly and responsibly Recommendation 8.1: Remuneration Committee Recommendation 8.3: Equity-based remuneration	Compliant. Note 8.1: The Company does not have a Remuneration Committee, instead the full Board develops the remuneration policy balancing the need to attract high quality Directors, establishing appropriate incentives and commercial control of expenses. The establishment of a committee would not provide further efficiency to the operation of the Board given the Board size. Not-Applicable: 8.3: The Company does not have an equity-based remuneration scheme and does not intend to establish one.

Notes to the Financial Statements

Financial report for the year ended 30 June 2021

The functional and presentation currency of ECP Emerging Growth Limited is Australian dollars.

1. Basis of preparation

The financial statements are general purpose financial statements that have been prepared in accordance with the Australian Accounting Standards and the Corporations Act 2001.

These financial statements and associated notes comply with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board.

The financial statements have been prepared on an accruals basis and are based on historical costs modified, where applicable, by the measurement at fair value of selected non current assets, financial assets and financial liabilities.

Significant accounting policies adopted in the preparation of these financial statements are presented below and are consistent with prior reporting periods unless otherwise stated.

2. Summary of significant accounting policies

(a) Revenue and other income

Revenue is recognised when the amount of the revenue can be measured reliably, it is probable that economic benefits associated with the transaction will flow to the Company and specific criteria relating to the type of revenue as noted below, has been satisfied.

Revenue is measured at the fair value of the consideration received or receivable and is presented net of returns, discounts and rebates.

All revenue is stated net of the amount of goods and services tax (GST).

Interest Revenue

Interest is recognised using the effective interest method.

Dividend Revenue

Dividends are recognised when the entity's right to receive payment is established.

(b) Income tax

The income tax expense recognised in the statement of profit or loss and other comprehensive income comprises current income tax expense plus deferred tax expense.

Current tax is the amount of income taxes payable (recoverable) in respect of the taxable profit (loss) for the year and is measured at the amount expected to be paid to (recovered from) the taxation authorities, using the tax rates and laws that have been enacted or substantively enacted by the end of the reporting period. Current tax liabilities (assets) are measured at the amounts expected to be paid to (recovered from) the relevant taxation authority.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and losses can be utilised.

Current and deferred tax is recognised as income or an expense and included in profit or loss for the period except where the tax arises from a transaction which is recognised in other comprehensive income or equity, in which case the tax is recognised in other comprehensive income or equity respectively.

(c) Goods and Services Tax (GST)

Revenue, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST.

The net amount of GST recoverable from, or payable to, the ATO is included as part of receivables or payables in the statement of financial position.

Cash flows in the statement of cash flows are included on a gross basis and the GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the taxation authority is classified as operating cash flows.

(d) Cash and cash equivalents

Cash and cash equivalents comprises cash on hand, demand deposits and short term investments which are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

(e) Financial instruments

The company holds investments in listed equities as its principle business. These investments are classified as financial assets at fair value through profit or loss.

This measurement is on the basis of two primary criteria:

- The contractual cash flow characteristics of the financial asset; and
- The business model for managing financial assets

Financial assets – recognition

The Company's investments are recognised on the date that the Company commits itself to the purchase of the asset (ie trade date accounting is adopted).

Investments are measured at fair value, which is determined by quoted prices in an active market.

Financial assets – subsequent measurement

Securities held in the portfolio are revalued to market values at each reporting date. The realised and unrealised net gains or losses on the portfolio are recognised in the statement of profit or loss.

Loans and receivables

Loans and receivables are recognised initially at fair value and subsequently measured at amortised cost, less provision for doubtful debts. Trade receivables are due for settlement no more than 30 days from the date of recognition.

Collectability of loans and receivables is reviewed on an ongoing basis. Debts which are known to be uncollectible are written off. A provision for impairment of trade receivables is established when there is objective evidence that the Company will not be able to collect all amounts due according to the original terms of the receivables.

Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy or financial reorganisation, and default or delinquency in payments (more than 30 days overdue) are considered indicators that the trade receivable is impaired.

The amount of the provision is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate. Cash flows relating to short term receivables are not discounted if the effect of discounting is immaterial. The amount of the provision is recognised in the profit or loss in other expenses.

Fair value estimation

The fair value of financial instruments traded in active markets (such as publicly traded derivatives and securities) is based on quoted market prices at the Statement of Financial Position date. The quoted market price used for financial assets held by the Company is the closing quoted price. The appropriate quoted market price for financial liabilities is the closing quoted price.

The nominal value less estimated credit adjustments of trade receivables and payables are assumed to approximate their fair values. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the Company for similar financial instruments.

Notes to the Financial Statements

Financial report for the year ended 30 June 2021

(f) Trade and other payables

Liabilities for trade payables and other amounts are carried at cost which is the fair value of the consideration to be paid in the future for goods and services received, whether or not billed to the Company.

(g) Provisions

Provisions are recognised when the Company has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions for dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

(h) Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares and share options which vest immediately are recognised as a deduction from equity, net of any tax effects.

(i) New accounting standards and interpretations

The AASB has issued new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting periods. The following section summarises those future requirements and their impact on the Company where the standard is relevant.

AASB 1060 General Purpose Financial Statements

Effective date: 1 July 2021

AASB 1060 is a single standard containing all the disclosure requirements for an entity preparing General Purpose Financial Statements under Tier 2.

The introduction of AASB 1060 will not have an impact on the Company.

AASB 17 Insurance Contracts

Effective date: 1 January 2023

AASB 17 replaces three standards that currently deal with insurance: definitions of insurance (AASB 4), general insurance (AASB 1023) and life insurance (AASB 1038). The concept behind the standard is to account for profit from insurance contracts in a way that considers risk associated with an insurance contract. There are three methods of accounting under the new standard, with the applicable method determined by the nature of the insurance contracts issued.

The introduction of AASB 17 will not have an impact on the Company.

3. Critical accounting estimates and judgements

(a) Key estimates

There are no key assumptions or sources of estimation uncertainty that have a risk of causing material adjustment to the carrying amounts of certain assets and liabilities within the next annual reporting period as investments are carried at their market value.

(b) Key judgements

The preparation of financial reports in conformity with Australian Account Standards require the use of certain critical accounting estimates. This requires the Board to exercise their judgement in the process of applying the Company's accounting policies.

The carrying amount of certain assets and liabilities are often determined based on estimates and assumptions of future events. In accordance with AASB 112 Income Taxes, deferred tax liabilities and deferred tax assets have been recognised for Capital Gains Tax (CGT) on the unrealised gains/losses in the investment portfolio at current tax rates.

As the Directors do not intend to dispose of the portfolio, the tax liability/benefit may not be crystallised at the amount disclosed in Note: 12. In addition, the tax liability /benefit that arises on the disposal of these securities may be impacted by changes in tax legislation relating to treatment of capital gains and the rate of taxation applicable to such gains/losses at the time of disposal.

The Company has an investment process which is anticipated will deliver medium to long term capital growth, the minimum investment period is three to five years.

The Company does not hold any securities for short term trading purposes.

4. Operating segments

Segment information

The Company operates in the investment industry. Its core business focuses on investing in Australian equities to achieve medium to long term capital growth and income.

Operating segments have been determined on the basis of reports reviewed by the Board. The full Board is considered to be the chief operating decision maker of the Company. The Board considers the business from both a product and geographic perspective and assesses performance and allocates resources on this basis. The Board considers the business to consist of just one reportable segment.

Equity market risk

The Company is exposed to risk of market price movement through its investments in Australian listed equity securities. Equity investments held by the Company are classified on the Statement of Financial Position as Financial Assets at fair value through Profit or Loss and any movement in the listed equity securities is reflected in the Statement of Profit or Loss.

The risk to Shareholders is that adverse equity securities market movements have the potential to cause losses in Company earnings or the value of its holdings of financial instruments. The Manager's investment strategy centres on the view that investing in proven high quality businesses with growth opportunities arising from their sustainable competitive advantage will outperform over the longer-term. Consistent with this approach, the Manager has an established risk management framework that includes procedures, policies and functions to ensure constant monitoring of the quality of the investee companies. The objective of the risk management framework is to manage and control risk exposures within acceptable parameters while optimising returns.

Equity market risk is measured as a percentage change in the value of equity instruments held in the portfolio, as compared to the total market index for the same period.

The Company's exposure to equity market risk over the Manager's investment horizon at the end of the reporting period is:

	2021	2020
Portfolio return since inception	19.94%	15.39%
All Ordinaries Index return	4.46%	1.49%

(b) Sensitivity analysis

Increases/decreases in an equity securities price, affect the Company's asset revaluation reserve and Other Comprehensive Income for the year. The analysis is based on the assumption that the Financial Assets at fair value through Profit or Loss had increased/decreased by 5% (2020: 5%) with all other variables held constant.

Impact on Profit or loss for the year:

2021 +/- \$1,601,187

2020 +/- \$1,138,000

(c) Cash flow interest rate risk

The Company is exposed to cash flow interest rate risk from holding cash and cash equivalents at variable rates. The Company does not enter into financing activities which would expose it to interest rate fluctuations on borrowed capital.

Revenue from interest forms a very minor portion of the Company's income and therefore exposure to interest rate risk is not significant.

As at the reporting date, the Company had the following cash and cash equivalents:

30 June 2021:

Balance \$3,774,884

Weighted average interest rate 0.02%

30 June 2020:

Balance \$4,354,187

Weighted average interest rate 0.00%

(d) Relative performance risk

The Manager aims to outperform the risk-free cash rate over the long-term. However, as the portfolio consists of equity investments these will tend to be more volatile than cash, so there will likely be periods of relative under and over performance compared to the benchmark risk free rate.

Over the long-term the Manager is confident that the portfolio can achieve outperformance through an investment selection process that invests in companies that have a sound business model, display a sustainable competitive advantage and have proven quality management.

(e) Credit risk

Credit risk is the risk of a counterparty defaulting on their financial obligations resulting in a loss to the Company. The objective of the Company is to minimise credit risk exposure. Credit risk arises from cash and cash equivalents and Financial Assets at fair value Profit or Loss. Credit risk is managed by the Manager.

Credit risk arising from cash and cash equivalents is managed by only transacting with counterparties independently rated with a minimum rating of A. The providers of financial services to the Company are rated as AA by Standard and Poor's. Credit risk on cash and cash equivalents is deemed to be low.

Credit risk arising from Financial Assets at fair value Profit or Loss relates to the risk of counterparties on the ASX defaulting on their financial obligations on transactions for Australian listed equity securities. The credit risk for these transactions is deemed to be low.

The maximum credit risk exposure of the Company at year end is the carrying value of the assets in the Statement of Financial Position.

There is no concentration of credit risk with respect to financial assets in the Statement of Financial Position.

(f) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due.

The objective of the Company is to ensure as far as possible that it will always have sufficient liquidity to meet its liabilities when due, under both normal and distressed conditions.

Prudent liquidity risk management implies maintaining sufficient cash and marketable Australian listed equity securities.

The Manager controls liquidity risk by continuously monitoring the balance between equity securities and cash or cash equivalents and the maturity profiles of assets and liabilities to ensure this risk is minimal.

Notes to the Financial Statements

Financial report for the year ended 30 June 2021

18. Capital management

The Board's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The capital structure of the Company consists of equity attributable to members of the Company. The Board monitors the return on capital, which is defined as net operating income divided by total Shareholders' Equity. The Board also monitors the level of dividends to Shareholders.

The capital of the Company is invested by the Investment Manager in accordance with the investment policy established by the Board. The Company has no borrowings. It is not subject to any externally imposed capital requirements.

There were no changes in the Company's approach to capital management during the year.

19. Fair value measurements

The Company measures the following assets and liabilities at fair value on a recurring basis after initial recognition:

- Financial Assets at Fair Value through Profit or Loss (FVTPL).

Fair value hierarchy

AASB 13 Fair Value Measurement requires all assets and liabilities measured at fair value to be assigned to a level in the fair value hierarchy as follows:

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2 – Inputs other than quoted prices included with level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 – Unobservable inputs for the asset or liability.

The table below shows the assigned level for each asset and liability held at fair value by the Company:

Recurring fair value measurements

30 June 2021	Financial Assets FVTPL – Listed Equity Securities
Level 1	\$32,023,749
Level 2	-
Level 3	-
Total	\$32,023,749
30 June 2020	Financial Assets FVTPL – Listed Equity Securities
Level 1	\$22,760,007
Level 2	-
Level 3	-
Total	\$22,760,007

Transfers between levels of hierarchy

There were no transfers between levels of the fair value hierarchy.

Highest and best use

The current use of each asset measured at fair value is considered to be its highest and best use.

20. Related party transactions

Transactions with related parties

Transactions between related parties are on normal commercial terms and conditions no more favourable than those available to other parties unless otherwise stated.

The following transactions occurred with other related parties:

	2021 \$	2020 \$
J D Pohl has an interest in the transaction as during the year J D Pohl was a Director and employee of ECP Asset Management Pty Ltd, the Manager.		
A Performance Fee payable in accordance with the Management Services Agreement as detailed in Note 21.	2,145,724	936,884
A Management Fee of 1% per annum is paid or payable as detailed in Note 21.	338,691	258,434

21. Management services agreement

In accordance with a Management Services Agreement approved by Shareholders, the terms of which were contained in the prospectus, the Company agreed to engage the Manager to provide primary and secondary management services, including:

- 1) managing the investment of the Company's portfolio, including keeping it under review;
- 2) ensuring investments by the Company are only made in authorised investments;
- 3) complying with the investment policy of the Company;
- 4) identifying, evaluating and implementing the acquisition and disposal of authorised investments;
- 5) provide the Company with monthly investment performance reporting;
- 6) promoting investment in the Company by the general investment community;

- 7) providing investor relationship services; and

- 8) provision of office services, corporate support and information technology services support.

The agreement may be terminated if:

- a) either party ceases to carry on business, or
- b) either party enters into liquidation voluntarily or otherwise, or
- c) either party passes any resolution for voluntary winding-up, or
- d) a receiver of the property of either party, or any part thereof, is appointed, or
- e) the Shareholders of the Company at a general meeting called for that purpose, resolve by ordinary resolution to terminate this agreement, or
- f) if the Company provides written notice to the Manager in the event of any material and substantial breach of the agreement by the Manager or if the Manager fails to remedy a breach of this agreement within 14 days following written notice of the breach.
- g) if the Manager provides 3 months written notice to the Company in the event of any material and substantial breach of the agreement by the Company or if the Company fails to remedy a breach of this agreement within 14 days following written notice of the breach.

Under the agreement the Manager will receive a management fee of 1% per annum on the portfolio net assets of the Company. In addition, a performance fee, payable annually in arrears, equal to 20% of the amount by which the Company's net performance before tax (that is, after all costs and outlays but before the calculation of the performance fee) exceeds the Benchmark of 8% subject to a high-water mark. If the Company's net performance in the year is less than the Benchmark, then no performance fee will be payable.

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of ECP Emerging Growth Limited (the Company), which comprises the statement of financial position as at 30 June 2021, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

In our opinion, the accompanying financial report of ECP Emerging Growth Limited is in accordance with the Corporations Act 2001, including:

- (a) giving a true and fair view of the Company's financial position as at 30 June 2021 and of its financial performance for the year then ended; and
- (b) complying with Australian Accounting Standards and the Corporations Regulations 2001.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the Corporations Act 2001 which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report for the year ended 30 June 2021. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

As at 30 June 2021 the Company's statement of financial position includes financial assets at fair value through profit or loss of \$32,023,749. We focused on this area as a key audit matter due to the amounts involved being material.	Our procedures included, inter alia: - Inspecting externally prepared documentation to verify the valuation of the portfolio as at 30 June 2021. - Randomly and judgmentally selecting investments and agreeing dividends and closing market value to third party evidence. - Recalculating the movement in fair value for the year. - Review of the appropriateness of the Company's disclosures in the financial report in accordance with AASB 7 and AASB 9.
Tax and Income Tax Expense Refer to Note 7 and 12 to the financial statements	
The Company recognises deferred tax liabilities and deferred tax assets. As at 30 June 2021 the deferred tax liability included in the statement of financial position amounted to \$2,003,571 and the deferred tax asset included in the statement of financial position amounted to \$nil. Current tax payable as at 30 June 2021 included in the statement of financial position amounted to \$1,826,216. We focused on this area as a key audit matter due to the amounts involved being material.	Our procedures included, inter alia: - Reviewing the Company's taxation calculations for accuracy, completeness and compliance with AASB 112. - Review of the appropriateness of the Company's disclosures in the financial report in accordance with AASB 112.
Performance fee and management fee Refer to Notes 20 and 21 to the financial statements	
For the year ended 30 June 2021 the Company's statement of profit or loss and other comprehensive income includes the performance fee of \$2,145,724 and a management fee of \$338,691. The Company pays a performance fee and a management fee to a related party to engage a manager to provide primary and secondary management services. We focused on this area as a key audit matter due to the nature of the relationship.	Our procedures included, inter alia: - Reviewing the management service agreement. - Reviewing the Company's performance and management fee calculations. - Reviewing the appropriateness of the Company's disclosures in the financial report in accordance with AASB 124.

Information Other Than the Financial Report and Auditor's Report Thereon

The directors are responsible for the other information. The other information comprises the information included in the Company's annual report for the year ended 30 June 2021, but does not include the financial report and our auditor's report thereon. Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon. In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Matters Relating to the Electronic Presentation of the Audited Financial Report

This auditor's report relates to the financial report of ECP Emerging Growth Limited for the year ended 30 June 2021, intended to be included on the Company's website. The Company's directors are responsible for the integrity of the Company's website. We have not been engaged to report on the integrity of the Company's website. The auditor's report refers only to the statements named above. It does not provide an opinion on any other information which may have been hyperlinked to/from these statements. If users of this report are concerned with the inherent risks arising from electronic data communications, they are advised to refer to the hard copy of the audited financial report to confirm the information included in the audited financial report presented on the website.

Responsibility of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, omitting, misstating or obscuring them, could reasonably be expected to influence the decisions of primary users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.

ECP EMERGING GROWTH LIMITED

INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF ECP EMERGING GROWTH LIMITED
(Page 4 of 4)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstance, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by directors and management.
- Conclude on the appropriateness of directors and management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosure in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transaction and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on the Remuneration Report

Opinion on the Remuneration Report

We have audited the remuneration report included in pages 14 to 15 of the directors' report for the year ended 30 June 2021.

In our opinion the remuneration report of ECP Emerging Growth Limited for the year ended 30 June 2021 complies with s300A of the Corporations Act 2001.

Responsibilities

The directors of the Company are responsible for the preparation and presentation of the remuneration report in accordance with s300A of the Corporations Act 2001. Our responsibility is to express an opinion on the remuneration report, based on our audit conducted in accordance with Australian Auditing Standards.
