AUSTRALIAN SECURITIES EXCHANGE ANNOUNCEMENT

1 JUNE 2022

EDENCRETE® NOW SOLD AT SELECT LOWE'S LOCATIONS

Eden Innovations Ltd (Eden) (ASX:EDE) is pleased to announce that EdenCrete® is now being sold at Lowe's, one of the largest home improvement retailers in the world. The product is currently available at select Lowe's locations in Oregon and will soon be available nationwide on Lowes.com.

This is the first time that EdenCrete® has been made available at retail, opening a new potential customer base and promoting public awareness of the EdenCrete® range of products.

"We're excited to show both residential DIYers and professional contractors how EdenCrete® can help them build easier-to-place, finish, and more durable projects with bagged concrete and mortar products, while still being cost-effective," said Robert Cavaliero, Vice President of EdenCrete® Admixtures.

Designed to deliver the benefits of several concrete admixtures in one, EdenCrete®, can significantly improve fresh properties, abrasion resistance, reduce cracking, permeability and the burden of maintenance, enabling more sustainable, longer-lasting construction. The product is well targeted towards the broad retail market for customers looking for a range of performance improvements.

A handwritten signature in black ink, appearing to read "Gregory H. Solomon", is displayed on a light yellow rectangular background.

Gregory H. Solomon
Executive Chairman
