Explanatory Memorandum

These Explanatory Notes set out information in connection with the business to be considered at the 2014 Annual General Meeting.

ORDINARY BUSINESS

Item 1 – Financial Statements and Reports

The Corporations Act requires that the reports of the Directors, Auditor and the financial statements of the Company (collectively the "Annual Report") be laid before shareholders at the Annual General Meeting. The Corporations Act does not require a vote of shareholders on these reports or statements.

The 2014 Annual Report was released to the ASX on 30 September 2014. As a result of the legislative changes, the 2014 Annual Report has not been automatically mailed to all Shareholders. The 2014 Annual Report can be accessed on the Company's website at www.easterniron.com.au.

Shareholders will be given a reasonable opportunity at the Annual General Meeting to ask questions of the Board in relation to the Annual Report and the management of the Company. Shareholders will also be given reasonable opportunity to ask the Auditor questions relevant to the conduct of the audit, the preparation and content of the Independent Auditor's Report, the accounting policies adopted by the Company in relation to the preparation of its financial statements and the independence of the Auditor in relation to the conduct of the audit.

Item 2 – Adoption of the Remuneration Report

The Remuneration Report for the year ended 30 June 2014 is set out in the Directors' Report on pages 15 to 20 of the Annual Report.

The Remuneration Report:

- Explains the Board's policies relating to remuneration of directors, secretaries and executives of the Company;
- Discusses the relationship between such policies and the Company's performance;
- Provides details of any performance conditions attached to such remuneration; and
- Sets out remuneration details for each director and certain named executives.

The Chair of the meeting will allow a reasonable opportunity for shareholders to ask questions about or make comments on the Remuneration Report at the meeting.

In addition, shareholders will be asked to vote on the Remuneration Report. The vote on this Item is advisory only and does not bind the Directors or the Company. However, if at least 25% of the votes cast are against the adoption of the Remuneration Report, the Company's next Remuneration Report must explain the Board's proposed action in response or explain why no action has been taken.

In the following year, if at least 25% of the votes cast on the resolution that the Remuneration Report be adopted are against adoption, shareholders will then vote to determine whether the Directors, excluding the Managing Director, will need to stand for re-election. If more than 50% of the votes cast on the resolution are in favour, a separate re-election meeting must be held within 90 days.

A vote on this resolution must not be cast (in any capacity) by or on behalf of either of the following classes of persons:

- A member of the Key Management Personnel details of whose remuneration are included in the Remuneration Report; or
- A closely related party of such a member.

However such a person may cast a vote on the resolution if:

- The person does so as a proxy appointed by writing that specifies how the proxy is to vote on the proposed resolution; and
- The vote is not cast on behalf of such a person.

The Chair will not vote any undirected proxies in relation to Item 2 unless the shareholder specifically authorises the Chair to vote in accordance with the Chair's stated voting intentions. If a shareholder wishes to nominate the Chair as their proxy for the purpose of Item 2 the shareholder must either tick the 'for' or 'against' box directing the Chair how to vote, or tick the box authorising the Chair to vote in accordance with his or her stated voting intentions, on the enclosed proxy form in order for their proxy vote to be counted. Alternatively, shareholders can nominate as their proxy for the purpose of Item 2 a proxy who is not a member of the Company's Key Management Personnel. That person would be permitted to vote undirected proxies.

The Chair will vote all undirected proxies in favour of Item 2.

The 10% issue capacity allowed under Listing Rule 7.1A ("7.1A 10% Capacity") is in addition to the Company's 15% annual placement capacity under Listing Rule 7.1.

An eligible entity for the purposes of Listing Rule 7.1A is an entity that is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300 million or less. The Company is an eligible entity. The Company is now seeking shareholder approval by way of a special resolution to have the ability to issue Equity Securities under the 7.1A 10% Capacity. The exact number of Equity Securities to be issued under the 7.1A 10% Capacity will be determined in accordance with the formula prescribed in Listing Rule 7.1A.2.

The Company may use the 7.1A 10% Capacity to acquire new resource assets or investments, to carry out further exploration on the Company's tenements, as part of the consideration for the acquisition of further tenements and/or for the working capital needs of the Company.

a) Listing Rule 7.1A

Shareholder approval required

The ability to issue Equity Securities under Listing Rule 7.1A is subject to shareholder approval by way of special resolution at an Annual General Meeting.

Class of equity securities issued

Any Equity Securities issued under the 7.1A 10% Capacity must be in the same class as an existing quoted class of Equity Securities of the Company.

As at the date of this Notice, the Company has only one class of quoted Equity Securities – fully paid ordinary shares.

Calculating 7.1A 10% Capacity

Listing Rule 7.1A.2 provides that eligible entities which have obtained shareholder approval at an Annual General Meeting may issue or agree to issue during the period of the approval a number of Equity Securities calculated in accordance with the following formula:

$$(A \times D) - E$$

Where:

A is the number of shares on issued 12 months before the date of issue or agreement:

- **Plus** the number of fully paid shares issued in the 12 months under an exception in Listing Rule 7.2;
- **Plus** the number of partly paid shares that became fully paid in the 12 months;
- **Plus** the number of fully paid shares issued in the 12 months with approval of holders of shares under Listing Rule 7.1 and 7.4. This does not include an issue of fully paid shares under the entity's 15% placement capacity without shareholder approval;
- **Less** the number of fully paid shares cancelled in the 12 months.

D is 10%.

E is the number of Equity Securities issued or agreed to be issued under Listing Rule 7.1A.2 in the 12 months before the date of the issue or agreement to issue that are not issued with the approval of shareholders under Listing Rule 7.1 or 7.4.

Effect of Listing Rule 7.1 with 7.1A

The ability of an entity to issue Equity Securities under Listing Rule 7.1A is in addition to the entity's 15% issue capacity under Listing Rule 7.1.

At the date of this Notice, the Company has on issue 147,700,630 shares and therefore will have a capacity to issue:

- (i) 22,155,094 Equity Securities under Listing Rule 7.1; and
- (ii) Subject to shareholder approval being sought under Item 11, 14,770,063 Equity Securities under Listing Rule 7.1A

The actual number of Equity Securities that the Company will have capacity to issue under Listing Rule 7.1A will be calculated at the date of issue of the Equity Securities in accordance with the formula prescribed in Listing Rule 7.1A.2.

Minimum Issue Price

The issue price of Equity Securities issued under Listing Rule 7.1A must be not less than 75% of the VWAP of Equity Securities in the same class calculated over the 15 trading days immediately before:

- The date on which the price at which the Equity Securities are to be issued is agreed; or
- If the Equity Securities are not issued within 5 trading days of the date referred to above, the date on which the Equity Securities are issued.

Approval Validity Period

Shareholder approval of the 7.1A 10% Capacity under Listing Rule 7.1A is valid from the date of the Annual General Meeting at which the approval is obtained and expires on the earlier to occur of:

- The date that is 12 months after the date of the Annual General Meeting at which the approved is obtained; or
- The date of the approval by shareholders of a transaction under Listing Rules 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking).

b) Specific Information required by Listing Rule 7.3A

The Equity Securities will be issued at an issue price of not less than 75% of the VWAP for the Company's Equity Securities over the 15 trading days immediately before:

- (i) The date on which the price at which the Equity Securities are to be issued is agreed; or
- (ii) If the Equity Securities are not issued within 5 trading days of the date in paragraph (i) above, the date on which the Equity Securities are issued.

If Item 11 is approved by Shareholders and the Company issues Equity Securities under the 7.1A 10% Capacity, the existing Shareholders' voting power in the Company will be diluted as shown in the table overpage. There is a risk that:

- (i) The market price for the Company's Equity Securities may be significantly lower on the date of the issue of the Equity Securities than on the date of the Annual General Meeting; and
- (ii) The Equity Securities may be issued at a price that is at a discount to the market price for the Company's Equity Securities on the issue date or the Equity Securities are issued as part of consideration for the acquisition of a new asset, which may have an effect on the amount of funds raised by the issue of the Equity Securities.

The following table shows the dilution of existing Shareholders on the basis of the current market price of Shares and the current number of ordinary securities for variable 'A' calculated in accordance with the formula in Listing Rule 7.1A(2) as at the date of this Notice with resolutions at items 6, 7 and 8 passed.

The table also shows:

- Two examples where variable 'A' has increased, by 50% and 100%. Variable 'A' is based on the number of ordinary securities the Company has on issue. The number of ordinary securities on issue may increase as a result of issues of ordinary securities that do not require Shareholder approval (for example, a pro rata entitlements issue or scrip issued under a takeover offer) or specific placements under Listing Rule 7.1 that are approved at a future Shareholders' meeting; and
- Two examples of where the issue price of ordinary securities has decreased by 50% and increased by 100% as against the current market price.

The table has been prepared on the following assumptions

- The Company issues the maximum number of Equity Securities available under the 7.1A 10% Capacity.
- The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
- The table does not show an example of dilution that may be caused to a particular shareholder by reason of placements under the 7.1A 10% Capacity, based on that Shareholder's holding at the date of the Meeting.
- The table shows only the effect of issues of Equity Securities under Listing Rule 7.1A and not under the 15% placement capacity under Listing Rule 7.1.
- The issue price is \$0.033 being the closing price of the Shares on ASX on 6 October 2014.

The Company will only issue and allot the Equity Securities during 12 months following the approval of Item 11. The approval under Item 11 for the issue of the Equity Securities will cease to be valid in the event that Shareholders approve a transaction under Listing Rule 11.1.2 (a significant change to the nature or scale of activities or Listing Rule 11.2 (disposal of main undertaking)).

The Company may seek to issue the Equity Securities for the following purposes:

Non-cash consideration

- For all or part of the cost of acquisition of new resources assets and investments (including expenses associated with such acquisition); and/or
- Continued exploration and feasibility study expenditure on any of the Company's current assets; and/or
- For the payment of any creditors of any kind who may agree with the Company to accept Equity Securities in lieu of cash.

In all of the foregoing circumstances the Company will provide a valuation of the non-cash consideration as required by Listing Rule 7.1A.3;

Cash consideration

- For all or part of the cost of acquisition of new resources assets and investments (including expenses associated with such acquisition); and/or
- Continued exploration and feasibility study expenditure on any of the Company's current assets; and/or
- General working capital.

The Company will comply with the disclosure obligations under Listing Rules 7.1A (4) and 3.10.5A upon issue of any Equity Securities.

The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 7.1A 10% Capacity. The identity of the allottees of Equity Securities will be determined on a case-by-case basis having regard to the factors including but not limited to the following:

- The methods of raising funds that are available to the Company, including but not limited to, rights issues or other issues in which existing securities holders can participate;
- The effect of the issue of the Equity Securities on the control of the Company;
- The financial situation and solvency of the Company; and
- Advice from corporate, financial and broking advisers (if applicable).

The allottees under the 7.1A 10% Capacity have not been determined as at the date of this Notice but may include existing substantial shareholders and/or new shareholders who are not related parties or associates of a related party of the Company. Further, if the Company is successful in acquiring new resources assets or investments, it is likely that the allottees under the 7.1A 10% Capacity will be the vendors of the new resources assets or investments.

The following table shows details of all issues of Equity Securities in the 12 months preceding this Annual General Meeting and other information required under Listing Rule 7.3A. On 19 November 2013 the Company had on issue 117,870,484 ordinary shares and 8,400,000 options making a total of 126,270,484 Equity Securities. During the 12 months prior to this Annual General Meeting the Company issued 29,830,146 ordinary shares and 1,000,000 options making a total of 30,830,146 Equity Securities or 26.2% of the total on issue at 19 November 2013. The Company previously obtained Shareholder approval under Listing Rule 7.1A on 26 November 2013.

A voting exclusion statement is included in this Notice of Meeting. At the date of this Notice, the Company has not approached any particular existing Shareholder or security holder or an identifiable class of existing security holders to participate in the issue of the Equity Securities. No existing Shareholder's votes will therefore be excluded under the voting exclusion in the Notice.

ANNEXURE A

Terms of Options – Item 10

- (a) Each Option entitles the holder to one Share in the capital of the Company.
- (b) The Options are to be exercised by completing an Option exercise form and providing payment for the number of Shares in respect of which the Options are exercised, to the registered office of the Company.
- (c) The exercise price of the Options is the volume weighted average price of EFE shares traded during the 30 business days prior to issue plus a 50% premium and the Options expire 19 November 2017 (**Expiry Date**).
- (d) The Options are not transferable.
- (e) All Shares issued upon exercise of Options will rank pari passu in any respects with the Company's then issued Shares. The Company will apply for Official Quotation by the ASX of all Shares issued upon exercise of Options.
- (f) There are no participating rights and entitlements inherent in the Options and holders will not be entitled to participate in new issues of capital offered to Shareholders during the currency of the Options without exercising their Options. However, the Company will ensure that option holders will be allowed ten business days' notice to convert their Options to Shares to participate in an entitlement issue on the same basis as Shareholders.
- (g) If any takeover bid (including by way of scheme of arrangement or otherwise) is publicly announced in respect of the Company, then the following provisions apply in relation to the takeover bid:
- (i) the Company must promptly give written notice of the takeover bid to the option holder whereupon all Options (which have not lapsed or expired), notwithstanding anything to the contrary, must be exercised at any time prior to the expiry of the later of:
- A. 60 days after receiving such notice; and
- B. the date that a takeover bid (which is recommended for acceptance by the Board) becomes unconditional,
- ("Takeover Exercise Period") or, if applicable, within the further seven day period referred to in (iv) below.
- (ii) The dates referred to in paragraph (g)(i)(A) and (B) above only apply where they occur before the Expiry Date. For the avoidance of doubt, where the Expiry Date occurs before a date referred to in (g)(i)(A) or (B), the Options must be exercised on or before the Expiry Date.
- (iii) If, during the Takeover Exercise Period, the person making the takeover bid ("bidder") offers to grant options in the capital of the bidder ("Replacement Options") to the option holder (and, for the avoidance of doubt, this does not obligate the Company in any way to procure such an offer from the bidder) in consideration for the cancellation or acquisition of the Options, the option holder may, in their discretion, accept such Replacement Options instead of exercising their Options.
- (iv) If no offer of Replacement Options is made during the Takeover Exercise Period and accepted, the option holder has (other than in the case of a scheme of arrangement) a further seven days' grace after the expiry of the Takeover Exercise Period within which to exercise their Options (Grace Period), whereupon unexercised Options will lapse. For the avoidance of doubt, where the Expiry Date occurs before the end of the Grace Period, the Options must be exercised on or before the Expiry Date. In the case of a scheme of arrangement, the Options will lapse at the end of the Takeover Exercise Period.
- (v) If the takeover bid lapses or is withdrawn or closes without being recommended for acceptance by the Board, whether the bid is conditional or unconditional, then the provisions of all the paragraphs hereof will revive in respect of any unexercised Options which Options will remain on foot.
- (h) In the event of any reconstruction (including consolidation, sub-division, reduction or return) of the issued capital of the Company prior to the Expiry Date of the Options, the number of Options or the exercise price of the Options, or both, shall be reconstructed in accordance with the Listing Rules.
- (i) Adjustment for bonus issues
- If the Company makes a bonus issue of Shares or other securities to existing Shareholders (other than an issue in lieu of, or in satisfaction of, dividends or by way of dividend reinvestment):
- (i) the number of Shares which must be issued on the exercise of an Option will be increased by the number of Shares which the option holder would have received if the option holder had exercised the Option before the record date for the bonus issue; and
- (ii) no change will be made to the exercise price of the Options.

(j) Adjustment for pro rata issue

If the Company makes a pro rata issue of Shares or other securities to existing Shareholders (other than a bonus issue or an issue in lieu of in satisfaction of dividends or by way of dividend reinvestment) the exercise price of an Option will be reduced according to the following formula:

$$\text{New exercise price} = \frac{O - E [P - (S + D)]}{N + 1}$$

O = the old Exercise Price of the Option.

E = the number of underlying Shares into which one Option is exercisable.

P = average market price per Share weighted by reference to volume of the underlying Shares during the five trading days ending on the day before the ex-rights date or ex entitlements date.

S = the subscription price of a Share under the pro rata issue.

D = the dividend due but not yet paid on the existing underlying Shares (except those to be issued under the pro rata issue).

N = the number of Shares with rights or entitlements that must be held to receive a right to one new share.
