About Emerald Oil & Gas NL

Emerald Oil & Gas NL (ASX: EMR), listed on the ASX in June 2006, is an oil and gas exploration and production company with project interests in Kentucky and Texas in the USA and in the Canning Basin of Western Australia. Emerald's focus is on both conventional and non-conventional reservoir targets for oil and gas prospects. Its primary objective is to achieve near term production and cashflow to build shareholder value and provide funds to fuel further growth.

Statements regarding Emerald's plans with respect to its petroleum properties are forward-looking statements. There can be no assurance that Emerald's plans for development of its petroleum properties will proceed as currently expected. There can be no assurance that Emerald will be able to confirm the presence of additional petroleum deposits, that any discovery will prove to be economic or that an oil or gas field will successfully be developed on any of Emerald's petroleum properties.
