ASX Release

YUINMERY RC DRILLING PROGRAM COMMENCING

7 APRIL 2026

SUMMARY

Empire Resources Limited (ASX: ERL; "Empire" or the "Company") is pleased to advise of the commencement of a ~4,500m (44 hole) reverse circulation (RC) program at the Company's Yuinmery Copper-Gold Project immediately after Easter.

The RC drilling will test new gold prospects including Hillside, Smiths Well and Microbe Well, resource drilling at Just Desserts (Cu-Au) and follow up holes at the YT01-YT19 Cu-Au prospects.

The program is expected to take 4 weeks to complete.

This announcement is authorised for release by the Board.

ASX Announcement 02 April 2026

About Empire

Empire Resources Limited (ASX: ERL) is a gold and copper focused exploration and development company. Empire owns two highly prospective projects. The Yuinmery Copper-Gold Project 470km northeast of Perth in the Youanmi Greenstone Belt and the Penny's Gold Project 45km northeast of Kalgoorlie in the prolific Eastern Goldfields Region of Western Australia.

Empire has an experienced team of exploration, development and financial professionals who are committed to developing a sustainable and profitable mineral business. Empire seeks to extract value from direct exploration of its existing projects as well as identifying value accretive investment opportunities that complement the Company's development objectives.
