NEW CONTRACT WIN

EVZ Limited (ASX: EVZ), a leading provider of innovative engineering solutions, is pleased to announce that it has been awarded a contract in the industrial sector through its wholly owned subsidiary Tank Industries Australia Pty Ltd. The total value of the contract is circa \$10M.

Bulk Process Water Tanks, Karratha, WA

Tank Industries has been awarded a package of five bulk storage tanks that will form part of the new Perdaman urea plant "Project Ceres", which upon completion will be the largest urea plant in Australia and one of the largest in the world.

Tank Industries has worked very closely with our client Saipem Clough Joint Venture to develop innovative process water storage solutions for the plant that meet their specific technical requirements.

Works are to commence immediately on the design and fabrication of the tanks with a scheduled mobilisation to site in early 2025 for anticipated works completion in the third quarter of 2025.

EVZ Limited Chief Executive Officer, Scott Farthing, said

"We are very pleased with the transition of Tank Industries since acquisition to become a premium service provider to the resources and industrial sectors. This project win places the business amongst the top innovative providers in their industry and provides a firm base from which to grow revenues and profits as the market sector focused strategic plan evolves."

This project will contribute to EVZ Limited's revenue and earnings in FY25 and FY26 as part of our diversified project portfolio.
