

Investor Update Product Roadmap

30 Nov 2020

Disclaimer

Not an offer

The material contained in this presentation is for information purposes only and is intended to be general background information on FirstWave Cloud Technology Limited (**FCT**) and its activities and is dated 30 November 2020. It is not, and should not be considered to be, an invitation, offer or recommendation to acquire shares or any other financial products.

Summary information

The information in this presentation is supplied in summary form, is of a general background nature and does not purport to be complete or to provide all information that an investor should consider when making an investment decision. It should be read in conjunction with FCT's periodic and continuous disclosure announcements filed with the Australian Securities Exchange, and in particular, FCT's audited full year results for the financial year ended 30 June 2019.

Not financial product advice

This presentation is for information purposes only and it is not financial product nor investment advice (nor tax, accounting or legal advice) nor a recommendation to acquire shares and has been prepared without taking into account the objectives, financial situation or needs of recipients of this presentation. It is not intended that it be relied upon as advice to investors or potential investors, who should make their own enquiries and investigations regarding an investment in FCT and in relation to all information in this presentation (including but not limited to the assumptions, uncertainties and contingencies which may affect the future operations of FCT and the value and the impact that different future outcomes may have on FCT) and who, before making any investment decisions, should consider the appropriateness of the information having regard to their specific investment objectives, financial situation or particular needs and should seek independent professional advice appropriate to their jurisdiction before making an investment decision. Neither this presentation nor anything contained in it forms the basis of any contract or commitment and no agreement to subscribe for securities will be entered into on the basis of this presentation. FCT is not licensed to provide, and this presentation does not constitute the provision of, investment or financial product advice in respect of FCT's shares. Cooling off rights do not apply to the acquisition of FCT's shares. An investment in FCT shares is subject to investment and other known and unknown risks, some of which are beyond the control of FCT. FCT does not guarantee any particular rate of return or the performance of FCT, nor does it guarantee the repayment of capital from FCT or any particular tax treatment.

Financial data

All amounts are in Australian Dollars (\$) or AUD unless otherwise indicated. Any figures, amounts, percentages, estimates, calculations of value and fractions in this presentation are subject to change. Accordingly, the actual calculation of any figures may differ from the figures set out in this presentation.

Investors should also be aware that certain financial data included in this presentation may contain information that is "non-IFRS financial information" under ASX Regulatory Guide 230 (Disclosing non-IFRS financial information). The non-IFRS financial information measures do not have a standardised meaning prescribed by Australian International Financial Reporting Standards (**AIFRS**) and, therefore, may not be comparable to similarly titled measures presented by other companies, nor should they be construed as an alternative to other financial measures determined in accordance with AIFRS. Investors are cautioned, therefore, not to place undue reliance on any non-IFRS financial measures included in this presentation.

Future performance

Forward-looking statements are statements about matters that are not historical facts. Forward-looking statements may appear in a number of places in this presentation and include statements regarding FCT's intent, belief or current expectations with respect to business and operations, market conditions, results of operations and financial condition, including, without limitation, forecasted economic indicators, performance metric outcomes and the potential impact and duration of the COVID-19 pandemic. This presentation contains words such as 'will', 'may', 'expect', 'indicative', 'intend', 'seek', 'would', 'should', 'could', 'continue', 'plan', 'probability', 'risk', 'forecast', 'likely', 'estimate', 'anticipate', 'believe', or similar words to identify forward-looking statements. Indications of, and guidance or outlook on, future earnings or financial position or performance are also forward-looking statements. These forward-looking statements reflect FCT's current views with respect to future events and are subject to change, certain risks, uncertainties and assumptions which are, in many instances, beyond the control of FCT, and have been made based upon FCT's expectations and beliefs concerning future developments and their potential effect on FCT. There can be no assurance that future developments will be in accordance with FCT's expectations. A number of important factors could cause FCT's actual results to differ materially from the plans, objectives, expectations, estimates and intentions expressed in such forward-looking statements, including but not limited to, general economic conditions in Australia; exchange rates; competition in the markets in which FCT will operate, the inherent regulatory risks in the businesses of FCT and the duration of the COVID-19 pandemic. Assumptions on which forward-looking statements in this presentation are based may or may not prove to be correct and there can be no assurance that actual outcomes will not differ materially from these statements. None of the Associated Persons nor any other person referred to in this presentation makes any representation as to the accuracy or likelihood of fulfilment of the forward-looking statements or any of the assumptions upon which they are based. When relying on forward-looking statements to make decisions with respect to FCT, investors and others should carefully consider such factors and other uncertainties and events. FCT is under no obligation to update any forward-looking statements contained in this presentation, as a result of new information, future events or otherwise, after the date of this presentation. As such, undue reliance should not be placed on any forward-looking statement.

Past performance information (including past share price performance of FCT) given in this presentation is given for illustrative purposes only and is not necessarily a guide to future performance and no representation or warranty is made by any person as to the likelihood or achievement or reasonableness of any forward-looking statements, forecast financial information, future share price performance or their forecast. Nothing contained in this presentation nor any information made available to you is, or shall be relied upon as, a promise, representation, warranty, or guarantee as to the past, present or the future performance of FCT.

Disclaimer

No representation or warranty, express or implied, is made as to the accuracy, completeness, reliability or fairness of the information, opinions and conclusions contained in this presentation. Any information in this presentation is made only at the date of this presentation, and opinions expressed reflect FCT's position at the date of this presentation, and are subject to change. FCT is under no obligation to update this presentation. Neither FCT, its related bodies corporate, shareholders or affiliates, nor any of their officers, directors, employees, affiliates, agents, contractors, advisers or any other associated persons (collectively, "**Associated Persons**") represents or warrants in any way, express or implied, that the information, opinions, conclusions or other information contained in this presentation, any of which may change without notice, is fair, accurate, complete, reliable, up to date or correct. FCT does not represent or warrant that this presentation is complete or that it contains all material information about FCT or which a prospective investor or purchaser may require in evaluating a possible investment in FCT or an acquisition or other dealing in FCT shares. To the maximum extent permitted by law, FCT and its Associated Persons each expressly disclaims and excludes all direct, indirect, consequential or contingent loss, damage or liability (including, without limitation, any liability arising from fault or negligence) that may arise from, or is connected to, this presentation, or the use of this presentation, or any other written or oral information provided by or on behalf of FCT.

What is going to change?

What is *not* going to change?

- **Digitisation (operations)**
- **Business risk**
- **Complexity**
- **Cloud, mobile, IoT**
- **Skills shortage**

The image displays a comprehensive grid of cybersecurity vendors, organized into the following categories:

- Network & Infrastructure Security:** Advanced Threat Protection, NAC, SDN, DDoS Protection, DNS Security, Network Firewall, Deception, Network Analysis & Forensics.
- Web Security:** Web Security.
- Endpoint Security:** Endpoint Prevention, Endpoint Detection & Response.
- Application Security:** WAF & Application Security, Application Security Testing.
- MSSP:** Traditional MSSP, Advanced MSS & MDR.
- Data Security:** Encryption, DLP.
- Risk & Compliance:** Risk Assessment & Visibility, Risk Quantification, Pen Testing & Breach Simulation, GRC, Security Awareness.
- Security Ops & Incident Response:** Security Ops & Incident Response.
- Mobile Security:** Mobile Security.
- Identity & Access Management:** Authentication, IDaaS, Privileged Management, Identity Governance, Consumer Identity.
- Security Analytics:** Security Analytics.
- Digital Risk Management:** Digital Risk Management.
- Blockchain:** Blockchain.
- Security Consulting & Services:** Security Consulting & Services.
- Fraud & Transaction Security:** Fraud & Transaction Security.
- Cloud Security:** Container, Infrastructure, CASB.
- IoT:** IoT Devices, Connected Home.
- Messaging Security:** Messaging Security.

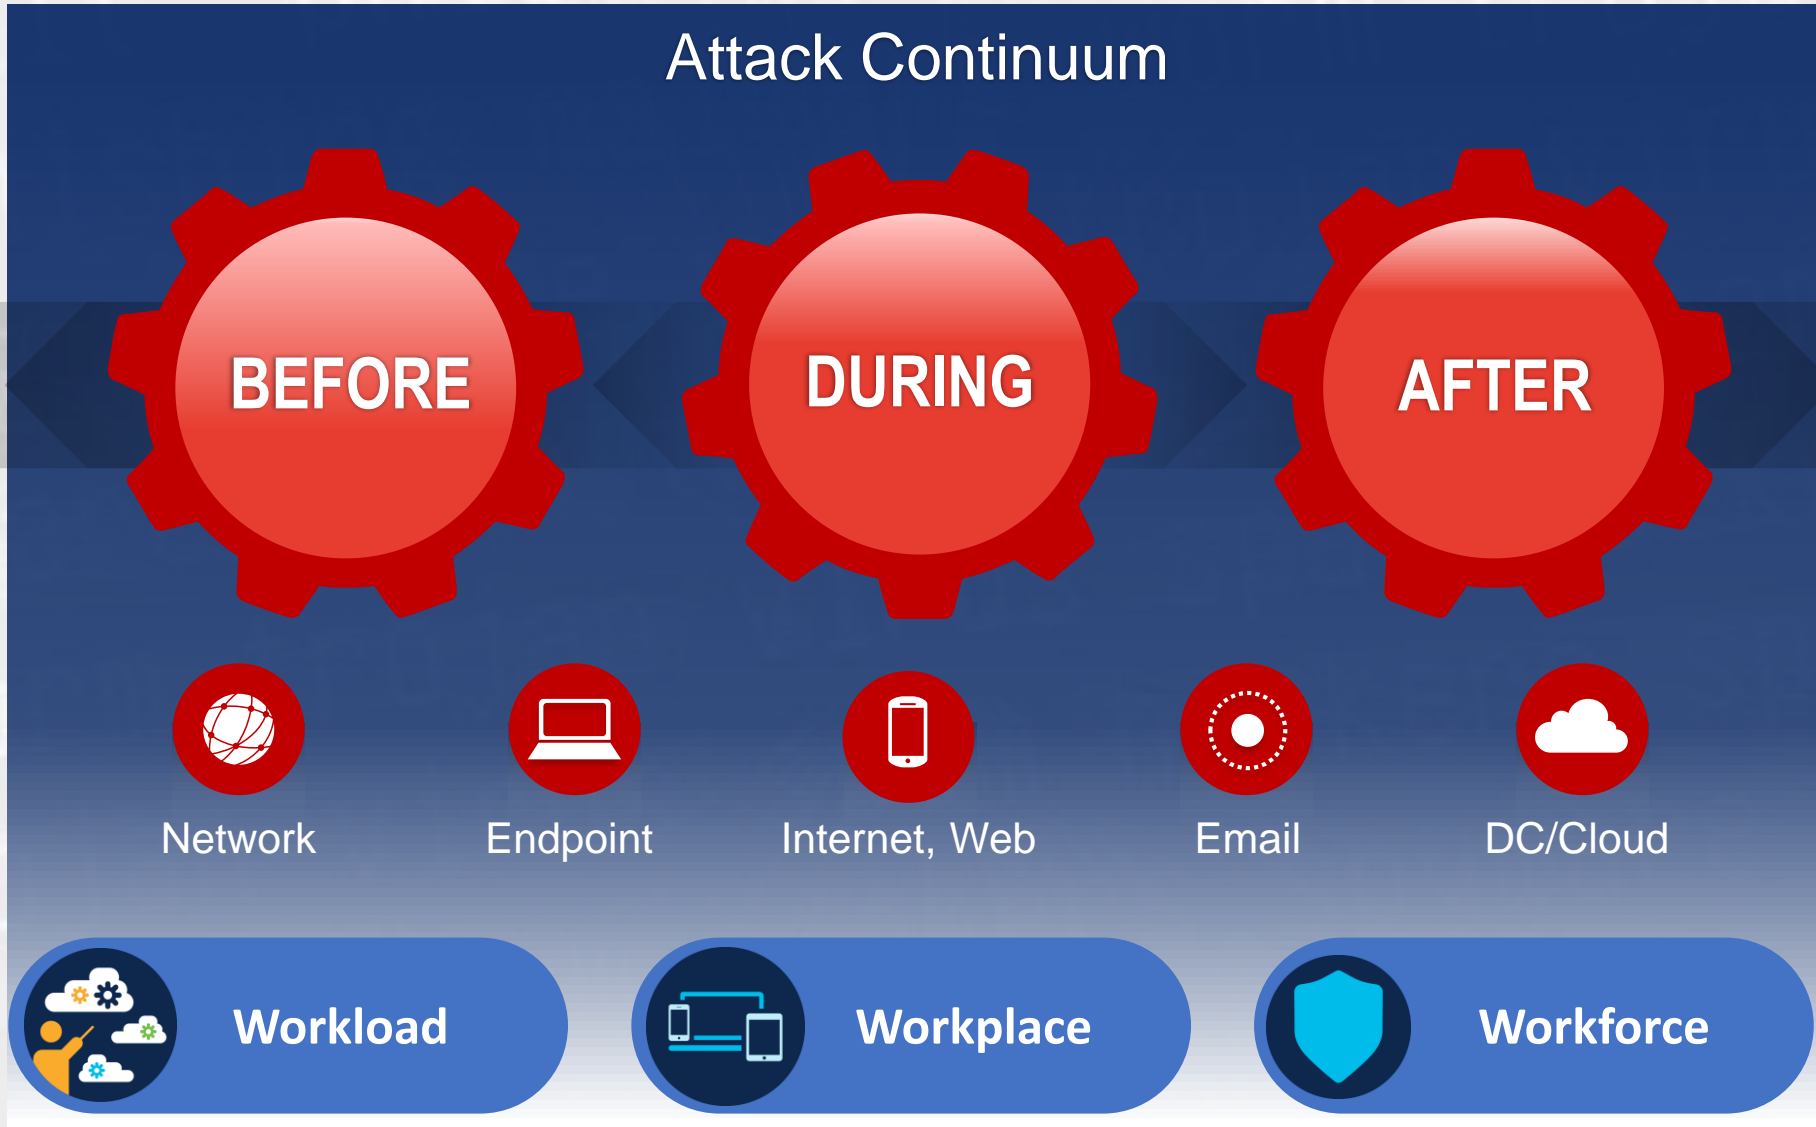

A large white diagonal banner with the word **Complex** is overlaid across the center of the grid.
