FDV increases stake in #1 online auto site in Morocco

Frontier Digital Ventures ("FDV"), a leading operator of online classifieds businesses in frontier markets across the globe, today announced that it would increase its equity shareholding in the number 1 online automotive website in Morocco, 'moteur.ma', as foreshadowed in the recent prospectus upon listing.

FDV's current equity shareholding in moteur.ma is 32% and will increase to 49%. This will be achieved by FDV exercising its call option in moteur.ma as well as acquiring vendor shares. The Call Option funding will be deployed to further accelerate moteur.ma's leadership in Morocco. Payment for the Call Option and acquiring vendor shares will be made during the month of October.

Frontier's strategy is to partner with local entrepreneurs running market leading online classifieds businesses in frontier markets, and apply its management and operating expertise, and financial resources to accelerate the growth and leadership position of each Operating Company. As each business grows, Frontier will look to increase its equity stake as each business matures.

FDV's Chief Executive Officer, Shaun Di Gregorio said: "Our goal is to be the leading operator of online classifieds businesses in select frontier markets across the globe. We are currently partnered with 15 Operating Companies, which are growing at a rapid rate. This investment in 'moteur.ma', the number 1 automotive site in Morocco, will see us increase our equity shareholding in the business while at the same time provided 'moteur.ma' with new funding to further accelerate it's market leadership"

Di Gregorio added: "Moteur.ma is exceeding our Key Performance Indicators for growth in advertisers, increasing number of consumers visiting the website each month, and leads being generated from consumers to advertisers"

Total consideration to be paid by FDV for the Call Options and vendor shares is US\$330,000.

Operating company	Call option USD	Vendor shares USD	Total Payable USD	New holding
Moteur.ma	250,000	80,000	330,000	49%
