For immediate release

Takeover offer to be made for Far East Gold Ltd

Xingye Gold (Hong Kong) Mining Company Limited (**Bidder**), a company wholly owned by Inner Mongolia Xingye Silver & Tin Mining Co Ltd (**Xingye**), is pleased to announce an off-market takeover offer to acquire all the fully paid ordinary shares (**Shares**) in Far East Gold Ltd (ACN 639 887 219) (ASX:FEG) (**FEG**) it does not already own (the **Offer**).

Attached to this announcement is the Bidder's Statement which includes the full terms of the Offer (**Bidder's Statement**). Unless otherwise defined, capitalised terms in this announcement have the same meaning as in the Bidder's Statement.

Offer background

The Bidder currently holds 19.99% of all FEG Shares on issue, having acquired its shareholding through a \$14.67 million investment in FEG that was completed in early 2025.

Offer terms

Under the Offer, FEG shareholders will receive an attractive all-cash consideration of 13 cents for every FEG Share they own (**Offer Price**).

The Offer is subject to the conditions set out in Section 10.3 of the Bidder's Statement, including the Bidder obtaining relevant interests in more than 50% of FEG Shares (on a fully-diluted basis).

Reasons why you should accept the Offer

The compelling reasons why FEG Shareholders should accept the Offer are set out in Section 3 of the Bidder's Statement and include the following:

1 The Offer provides you with a significant premium to the rapidly declining and now historically low trading prices of FEG Shares

As at 26 May 2026, the last Trading Day before the date of the Bidder's Statement, the Offer Price of \$0.13 per FEG Share represents a:

- (a) 34.02% premium to the Last Close Price of \$0.097 per share.
- (b) 19.45% premium to the 1-month VWAP of \$0.109 per share.
- (c) 5.20% premium to the 3-month VWAP of \$0.124 per share.

2 By accepting the Offer, you will no longer be exposed to FEG's stalled and stagnant Projects

Despite raising approximately \$32.12 million through various placements and share purchase plans since its listing on ASX on 27 March 2022, including \$14.67 million from Xingye, FEG's Projects have not progressed into the development phase or have been halted. In particular:

- (a) **The Wonogiri Mining Licence was revoked on 5 April 2022 (nine days after FEG's listing on the ASX) and the revocation has delayed drilling activities at the Wonogiri Copper Gold Project.¹**

¹ Further details of the revocation are contained in Section 9.1 of the Bidder's Statement.

- (b) **The Woyla CSPA expired on 31 December 2024.²**
- (c) **No drilling activities have been undertaken at the Blue Hill Creek Gold Project or the Trenggalek Copper Gold Project.**
- (d) **No assay results have been reported from the drilling activities that have occurred at the Mount Clark West Copper Gold Project since 6 November 2025.**
- (e) **Stage One Completion has not yet occurred under the Idenburg CSPA.**

3 By accepting the Offer, you will no longer be exposed to the risks arising from FEG's rapidly declining cash balance

FEG's cash balance is declining, and its latest quarterly activities report for the quarter ended 31 March 2026 disclosed that its cash and cash equivalents were estimated to be fully depleted by 23 July 2026.

It follows that FEG's ability to continue as a going concern and to progress the Projects towards the development phase is completely dependent on its ability to secure additional debt or equity funding (or a combination of both) in the future, neither of which can be assured.

Although FEG indicated in its financial report for the half year ended 31 December 2025 that it intended to raise \$10 million (net of costs) under a placement, FEG has not:

- (a) made any subsequent announcement on ASX concerning the capital raising; nor
- (b) been willing to engage with Xingye in relation to that capital raising.

Consequently, Xingye considers that FEG is not taking timely and adequate steps to secure funding required for FEG's ongoing operations.

4 The market price of FEG Shares has rapidly declined recently and if you do not accept the Offer you may not have another opportunity to sell all Your FEG Shares for the Offer Price

The market price of FEG Shares has rapidly declined recently, notably:

- (a) the Last Close Price of \$0.097 per FEG Share is:
 - (i) 30.71% below the closing price of \$0.14 per FEG Share on 15 July 2024, being the date on which Justin Werner was appointed as the Chair of FEG;
 - (ii) 51.50% below the price of \$0.20 per FEG Share at which Xingye acquired FEG Shares in 2024 and 2025 under the Placement Agreement; and
 - (iii) 41.21% below highest price for FEG Shares in the three months before the date of the Bidder's Statement of \$0.165 per FEG Share; and
- (b) during the week before the date of the Bidder's Statement, FEG Shares traded at their lowest level since FEG's initial public offering in 2022, at a VWAP of \$0.094 per share.³

Considering the stalled and stagnant Projects, the rapidly declining cash position of FEG and the rapidly declining market price of FEG Shares, if you do not accept the Offer before it lapses, you may not have another opportunity to sell all Your FEG Shares for the Offer Price, because:

- (c) as at the date of the Bidder's Statement, the Offer is the only offer available to acquire all Your FEG Shares;

² Further details of the expiry are contained in Section 3.2 of the Bidder's Statement.

³ As at the date of the Bidder's Statement.

- (d) the market price of FEG Shares may return to levels below the Offer Price (although this is difficult to predict with any degree of certainty); and
- (e) there may be insufficient liquidity for you to be able to sell a material portion of Your FEG Shares on market (particularly given how FEG Shares have historically been thinly traded).

Considering the reasons why you should accept the Offer above and the additional reasons set out in Section 3 of the Bidder's Statement, Xingye believes the Offer provides a tremendous opportunity for FEG Shareholders to exit their investment now by selling their FEG Shares to the Bidder at a certain value of \$0.13 cash per FEG Share.

1 Letter from Xingye

27 May 2026

Dear FEG Shareholder,

Offer to acquire Your FEG Shares for \$0.13 cash per share

On behalf of Xingye, I am pleased to provide an offer from Xingye Gold (Hong Kong) Mining Company Limited (the **Bidder**) to acquire all of Your FEG Shares at an Offer Price of \$0.13 per FEG Share (**Offer**).

The Bidder is the largest shareholder of FEG. At the date of this Bidder's Statement, the Bidder holds 19.99% of FEG Shares, having acquired this shareholding through a \$14.67 million investment in FEG that was completed in early 2025.

Further details about Xingye and the Xingye Group are set out in Section 4 of this Bidder's Statement.

Reasons why you should accept the Offer

The compelling reasons why FEG Shareholders should accept the Offer are set out in Section 3 of this Bidder's Statement and include the following:

1 The Offer provides you with a significant premium to the rapidly declining and now historically low trading prices of FEG Shares

As at 26 May 2026, the last Trading Day before the date of this Bidder's Statement, the Offer Price of \$0.13 per FEG Share represents a:

- (c) **No drilling activities have been undertaken at the Blue Hill Creek Gold Project or the Trenggalek Copper Gold Project.**

¹ Further details of the revocation are contained in Section 9.1 of this Bidder's Statement.

² Further details of the expiry are contained in Section 3.2 of this Bidder's Statement.

- (d) **No assay results have been reported from the drilling activities that have occurred at the Mount Clark West Copper Gold Project since 6 November 2025.**
- (e) **Stage One Completion has not yet occurred under the Idenburg CSPA.**

3 By accepting the Offer, you will no longer be exposed to the risks arising from FEG's rapidly declining cash balance

FEG's cash balance is declining, and its latest quarterly activities report for the quarter ended 31 March 2026 disclosed that its cash and cash equivalents were estimated to be fully depleted by 23 July 2026.

3 Why you should accept the Offer

The Bidder is offering to acquire some or all of Your FEG Shares for an all-cash consideration of \$0.13 per FEG Share.

Reasons for accepting the Offer are set out below.

3.1 The Offer provides you with a significant premium to the rapidly declining and now historically low trading prices of FEG Shares

As at 26 May 2026, the last Trading Day before the date of this Bidder's Statement, the Offer Price of \$0.13 per FEG Share represents a:

- (a) 34.02% premium to the Last Close Price of \$0.097 per share.
- (b) 19.45% premium to the 1-month VWAP of \$0.109 per share.
- (c) 5.20% premium to the 3-month VWAP of \$0.124 per share.

3.2 By accepting the Offer, you will no longer be exposed to FEG's stalled and stagnant Projects

Despite raising approximately \$32.12 million through various placements and share purchase plans since its listing on ASX on 27 March 2022, FEG has not been able to advance any of its Projects past exploration and into the development phase. In particular, in respect of:

- (a) The Wonogiri Copper Gold Project, the Wonogiri Mining Licence was revoked on 5 April 2022 (nine days after FEG's listing on the ASX). The revocation has delayed drilling activities at that project.⁴
- (b) The Woyla Copper Gold Project:
 - (i) FEG announced to ASX on 7 April 2026 that it has not commenced a feasibility study and would not undertake further exploration activities in respect of the Woyla Copper Gold Project, with the result that it will not increase its 51% interest in that project. However, FEG did not disclose that the pre-conditions under the Woyla CSPA to increase its interest had not been satisfied by 31 December 2024 and that, consequently, the Woyla CSPA had been terminated on that date.
 - (ii) FEG has not been able to renew the period for exploration activities under the Woyla CoW, which expired on 14 October 2024.
- (c) The Blue Hill Creek Gold Project and Trenggalek Copper Gold Project, no drilling activities have been undertaken on those projects.
- (d) The Mount Clark West Copper Gold Project, no assay results have been reported from the drilling activities that have occurred at the Mount Clark West Copper Gold Project since 6 November 2025.

⁴ Further details of the revocation are set out in Section 9.1 of this Bidder's Statement.

- (e) The Idenburg Gold Project, Stage One Completion under the Idenburg CSPA has not yet occurred.

There is no certainty as to when each Project will be progressed to the development phase or whether they will be developed at all.

Unless and until a Project is successfully developed, FEG will continue to incur ongoing expenses (e.g. exploration costs, administrative expenses and expenses incurred in maintaining its public listing on ASX) without generating any positive cash flow from that Project.

If a Project progresses to the development phase, FEG will require a substantial amount of additional capital, which is expected to be raised through additional equity or debt funding (or both). There is no certainty that FEG will be able to raise the required equity or debt funding when required, or at all, on acceptable terms.

3.3 *By accepting the Offer, you will no longer be exposed to the risks arising from FEG's rapidly declining cash balance*

FEG stated in its latest quarterly activities report for the quarter ended 31 March 2026 that:

- (a) FEG had a relatively low cash and cash equivalent level of \$3,556,000 (which represents a significant decline from \$6,455,000 as at 31 December 2025); and
- (b) FEG's cash and cash equivalents were estimated to be fully depleted by 23 July 2026.

In light of FEG's declining cash balance, the ability of FEG to continue as a going concern is completely dependent on its ability to secure additional debt or equity funding (or both).

In addition:

- (c) Any additional debt funding may be subject to covenants, high-interest rates or other unfavourable terms for FEG. Such terms may limit FEG's operating activities and have an adverse impact on returns for FEG Shareholders.
- (d) If some or all of the funding requirements are sought through equity raisings and FEG Shareholders do not accept the Offer, those FEG Shareholders will need to contribute to these equity raises in proportion to their existing shareholdings to avoid dilution of their respective shareholdings. Further details of the dilution risks for FEG Shareholders are set out in Section 3.5(a) below.

Although FEG indicated in its financial report for the half year ended 31 December 2025 that it intended to raise \$10 million (net of costs) under a placement, FEG has not:

- (e) made any subsequent announcement on ASX concerning the capital raising; nor
- (f) been willing to engage with Xingye in relation to that capital raising.

Consequently, Xingye considers that FEG is not taking timely and adequate steps to secure the funding required for FEG's ongoing operations.

3.4 The market price of FEG Shares has rapidly declined recently and if you do not accept the Offer you may not have another opportunity to sell all Your FEG Shares for the Offer Price

The market price of FEG Shares has rapidly declined recently, notably:

- (a) the Last Close Price of \$0.097 per FEG Share is:
 - (i) 30.71% below the closing price of \$0.14 per FEG Share on 15 July 2024, being the date on which Justin Werner was appointed as the Chair of FEG;
 - (ii) 51.50% below the price of \$0.20 per FEG Share at which Xingye acquired FEG Shares in 2024 and 2025 under the Placement Agreement; and
 - (iii) 41.21% below the highest price for FEG Shares in the three months before the date of this Bidder's Statement of \$0.165 per FEG Share; and
- (b) during the week before the date of this Bidder's Statement, FEG Shares traded at their lowest level since FEG's initial public offering in 2022, being at a VWAP of \$0.094 per share.⁵

Considering the stalled and stagnant Projects, the rapidly declining cash balance of FEG and the rapidly declining market price of FEG Shares, if you do not accept the Offer before it lapses, you may not have another opportunity to sell all Your FEG Shares for the Offer Price, because:

- (c) as at the date of this Bidder's Statement, the Offer is the only offer available to acquire all Your FEG Shares;
- (d) the market price of FEG Shares may return to levels below the Offer Price (although this is difficult to predict with any degree of certainty); and
- (e) there may be insufficient liquidity for you to be able to sell a material portion of Your FEG Shares on market (particularly given how FEG Shares have historically been thinly traded).

3.5 You will no longer be exposed to other risks associated with FEG and holding FEG Shares

By accepting the Offer, you remove your exposure to other company-specific and external risks to which FEG and the Projects are subject and that could affect the value of Your FEG Shares.

If you do not accept the Offer, you may remain exposed to those risks, including those discussed below.

(a) Dilution of FEG Shareholders arising from future issuances of FEG Shares

FEG may issue additional FEG Shares in the future including:

- (i) to raise capital for near-term capital requirements discussed in Section 3.3;

⁵ As at the date of this Bidder's Statement.

- (ii) to raise capital to progress a Project towards the development phase;
- (iii) if and when Projects progress to the development phase, to raise capital for development costs; and
- (iv) under the Idenburg CSPA as follows:
 - (A) by no later than 6 July 2026, up to 50,000,000 FEG Shares to the Idenburg Vendors in connection with the Stage One Completion for the acquisition by FEG of a 51% interest in the Idenburg Gold Project;⁶
 - (B) by no later than 6 July 2029, 13,000,000 FEG Shares to the Idenburg Vendors following an announcement on the ASX that the Idenburg Gold Project contains 1,000,000 ounces of gold to a JORC Code mineral resource estimate standard with a minimum average gold grade of 0.5 grams per tonne;⁷ and
 - (C) if elected by certain Idenburg Vendors, US\$8 million worth of FEG Shares based on the 30-day VWAP, in connection with the stage two acquisition by FEG taking it to a 100% interest in the Idenburg Gold Project.

In relation to the FEG Share issuances discussed in subparagraphs (i), (ii) and (iii) above, under the Placement Agreement, the Bidder must be provided an opportunity to participate in such equity raisings on the same terms and conditions as any other equity investors.

If FEG Shareholders do not accept the Offer and the Offer becomes unconditional, those FEG Shareholders:

- (v) other than the Idenburg Vendors, will have their shareholdings significantly diluted by issuances of FEG Shares under the Idenburg CSPA; and
- (vi) will also be diluted by any future equity raising if they are not issued FEG Shares in proportion to their existing shareholdings (including if FEG seeks additional funds from institutional investors under future placement agreements).

The consequential increase in the number of FEG Shares on issue or potential sale of these shares (or both) may also have the effect of placing downward pressure on the market price of FEG Shares and may adversely affect the value of FEG Shares.

(b) **Receipt, maintenance and renewal of various tenements, licences, permits or other approvals in relation to the Projects**

⁶ FEG obtained a waiver to Listing Rule 7.3.4 from ASX permitting the issuance to be made by 9 October 2026. Refer to Notice of Extraordinary General Meeting announced on the ASX on 29 October 2024.

⁷ FEG obtained a waiver to Listing Rule 7.3.4 from ASX permitting the issuance to be made by 9 October 2029. Refer to Notice of Extraordinary General Meeting announced on the ASX on 29 October 2024.

The Projects are or will be subject to various Project Approvals issued by Regulatory Authorities. The FEG Group will be required to comply with any conditions of such Project Approvals in order to operate the Projects.

No assurance can be given that the FEG Group will be successful in receiving, maintaining or renewing any or all of the various Project Approvals in full force and effect without modification or revocation from the relevant Regulatory Authority.

To the extent any Project Approvals are required and not received, maintained or renewed, FEG may be hindered or prohibited from continuing or proceeding with the exploration and development of the relevant Projects.

(c) **Development and operational challenges in relation to the Projects**

Given each Project is of a relatively small scale, any cashflows that might be generated from each Project are highly sensitive to unanticipated development and operational challenges including technical difficulties, mechanical failure or plant breakdown, industrial and environmental accidents, adverse weather conditions, changing government regulations and other factors beyond FEG's control.

(d) **Gold and copper price volatility**

The market price for gold and copper can fluctuate widely. These fluctuations are caused by numerous factors beyond FEG's control including global gold production levels, global copper production levels, global GDP growth, global or regional economic events and speculative positions taken by investors. There is no assurance that gold or copper prices will remain at current levels.

A decline in the market price of gold or copper for a sustained period would have an adverse impact on the relevant Projects and on the value of FEG Shares.

(e) **Foreign exchange rate volatility**

The international price of gold and copper is quoted in United States Dollars, while FEG's income and expenditure are and will be denominated in Australian Dollars and Indonesian Rupiah. Without adequate currency hedging arrangements, this exposes FEG to potential fluctuations and volatility in the exchange rates between the United States Dollar and the Australian Dollar, the United States Dollar and Indonesian Rupiah and the Australian Dollar and Indonesian Rupiah, as determined in international markets.

(f) **Pursuing Projects outside of Australia, including the Idenburg Gold Project**

In pursuing Projects outside of Australia, FEG may operate within a fiscal, monetary and regulatory environment that is less established and less predictable than in Australia.

Possible sovereign-related risks associated with operating outside of Australia may include:

- (i) changes to mining legislation, regulations, ordinances, codes or other rules;
- (ii) changes in foreign ownership requirements;
- (iii) failure to receive, maintain or renew Project Approvals;
- (iv) expropriation of assets by a Regulatory Authority;
- (v) changes to royalty arrangements;
- (vi) changes to taxation rates and concessions; and
- (vii) ability to enforce legal rights.

Any of the above risks may affect FEG and its ability to produce gold or copper and generate cashflows from any of the Projects outside of Australia, including the Idenburg Gold Project.

3.6 *FEG Shares are thinly traded, and the Offer enables you to sell your entire shareholding*

In the six months prior to the date of this Bidder's Statement, an average of 189,570 FEG Shares were traded daily on the ASX. This represents an average daily traded value of only \$28,072.

Given the historical limited trading volumes of FEG Shares, FEG Shareholders have had few opportunities to sell their FEG Shares in full.

The Offer is attractive because it provides you with the opportunity to sell your entire shareholding and no longer be subject to these limited trading opportunities.

3.7 *The Offer provides cash certainty for Your FEG Shares*

The Offer provides you with an opportunity to receive certain cash for all of Your FEG Shares so you will no longer remain exposed to the risks associated with FEG and holding FEG Shares (including those set out in Sections 3.2 to 3.5).

If you accept the Offer and the Offer becomes unconditional, you will be paid \$0.13 in cash for each FEG Share by the earlier of:

- (a) 21 days after the end of the Offer Period; and
- (b) within one month after the date the Offer becomes or is declared unconditional or the date you accept the Offer if at that time the Offer is unconditional.

3.8 *No brokerage fees or stamp duty payable for Issuer Sponsored Holdings accepted into the Offer*

If Your FEG Shares are registered in an Issuer Sponsored Holding in your name and you accept the Offer, you will not incur any brokerage or stamp duty in connection with your acceptance of the Offer.

If Your FEG Shares are registered in a CHESS Holding, or if you are a beneficial owner whose FEG Shares are registered in the name of a broker, bank, custodian, or other nominee, you should ask your Controlling Participant (usually your Broker) or that nominee whether it will charge any transaction fees or service charges in connection with acceptance of the Offer.

3.9 If you do not accept the Offer and if the Bidder and its Associates obtain an interest in more than 50% of FEG, you may be subject to increased minority shareholder risks and uncertainties

If you do not accept the Offer and if the Bidder and its Associates acquire more than 50% but less than 90% Relevant Interests in FEG Shares, you may be exposed to increased minority shareholder risks and uncertainties.

The Bidder's resultant shareholding in FEG may further affect the already limited liquidity of FEG Shares, thereby exposing remaining FEG Shareholders to even greater price volatility.

Subject to meeting the eligibility requirements of the Listing Rules, the Bidder may also seek to have FEG removed from the official list of the ASX. Should this occur, remaining as a minority shareholder in an unlisted public company presents you with additional risks in the future, including increased difficulty with selling Your FEG Shares.

3.10 If the Offer is unsuccessful, Xingye may reconsider its investment in FEG, which may lead to the discontinuation of support for FEG and its Projects

Despite Xingye's \$14.67 million investment into FEG in the last two years (representing approximately 45.68% of the equity raisings completed by FEG since its listing on ASX on 27 March 2022), FEG will require substantially more capital in order to fund both near-term capital requirements and any future development costs of the Projects. In addition to these requirements and costs, if the Offer fails to proceed to Compulsory Acquisition or FEG is otherwise not removed from the ASX, FEG will continue to incur significant recurring expenses required to maintain FEG as a company listed on ASX.

Should the Offer be unsuccessful, Xingye may reconsider its investment in FEG which may lead to one or more of the following:

- (a) the resignation of Monique Tang from the FEG Board;
- (b) Xingye not taking up its entitlement to participate in future equity raisings by FEG for near-term capital requirements and any future development costs of the Projects, including under the Placement Agreement; and
- (c) Xingye potentially divesting its interest in FEG Shares through a market sell-down process.

Without Xingye's financial support and another source of funding, FEG may face uncertainty as to its ability to continue as a going concern and may be unable to progress the development of the Projects. Any sell-down process by Xingye would likely place downward pressure on the market price of FEG Shares and may adversely affect the value of FEG Shares.

6 The Bidder's intentions

6.1 Introduction

This Section 6 sets out the Bidder's intentions in relation to the following:

- the continued operation of the business of FEG;
- any major changes to be made to the business of FEG;
- the future employment of the present employees of FEG;
- changes to the FEG Board; and
- the Compulsory Acquisition of FEG Shares and the removal of FEG from the official list of the ASX.

The intentions, knowledge, views, understandings and beliefs set out in this Section 6 are the same as those of the Xingye Group, so generally references to the Bidder should be read as including the Xingye Group.

6.2 Qualifications and disclaimers

This Section 6 contains the current intentions of the Bidder as at the date of this Bidder's Statement formed on the basis of facts and information concerning FEG and its business, and the general business environment, which are known to the Bidder at the time of preparing this Bidder's Statement from publicly available information and certain non-public information obtained from FEG as part of the Xingye Group's limited due diligence investigations into FEG.

The Bidder does not currently have full knowledge of all material information and circumstances that are necessary to assess the operational, commercial, tax and financial implications of its current intentions. Final decisions regarding these matters will only be made by the Bidder in light of material information and circumstances at the relevant time. Accordingly, the statements set out in this Section 6 are statements of current intent only, which may change as new information becomes available to the Bidder or as circumstances change. Any changes in the Bidder's intentions will be disclosed to the extent and in the manner required by law.

The implementation of the Bidder's intentions in the event that the Bidder and its Associates hold less than 100% of FEG Shares will be subject to the shareholding the Bidder has in FEG and the Corporations Act (including, without limitation, those provisions intended for the protection of minority shareholders), the Listing Rules, FEG's constitution and the statutory and fiduciary obligations of the FEG Board at that time to act in the best interests of FEG (**Shareholder Protections**).

6.3 Intentions upon acquiring 90% or more of FEG Shares

This Section 6.3 describes the Bidder's intentions if the Bidder and its Associates acquire Relevant Interests in at least 90% (by number) of the FEG Shares on issue and, as a result, the Bidder becomes entitled to proceed with the

Compulsory Acquisition of outstanding FEG Shares pursuant to Part 6A.1 of the Corporations Act.

(a) **Compulsory Acquisition of FEG Shares and removal from official list**

The Bidder will give a notice pursuant to Part 6A.1 of the Corporations Act in respect of the Compulsory Acquisition of all outstanding FEG Shares, even if FEG Shares to which those notices relate are issued:

- after the Offer closes but before notices are given (pursuant to section 661A(4)(b) of the Corporations Act); or
- on exercise of FEG Options and FEG Performance Rights, up to six weeks after the notices are given (pursuant to section 661A(4)(c) of the Corporations Act).

ASX will automatically suspend quotation of FEG Shares five Business Days after it receives notice of Compulsory Acquisition and will delist FEG at a date determined by ASX.

In addition, if the Bidder becomes entitled to compulsorily acquire any:

- FEG Options (that are not exercised and remain outstanding) pursuant to Part 6A.2 of the Corporations Act; and
- FEG Performance Rights (that are not exercised and remain outstanding) pursuant to relief sought by the Bidder, and granted by ASIC,

the Bidder may exercise its rights to compulsorily acquire those FEG Options and FEG Performance Rights (although it reserves the right not to do so).

(b) **FEG Board**

The Bidder intends for Monique Tang to remain as an FEG Director but will replace some or all of the other members of the FEG Board (and the board of any company on which FEG has nominee directors) with the Xingye Group's nominee directors. Replacement directors have not yet been identified by the Xingye Group, and their identity will depend on the circumstances at the relevant time.

(c) **General strategic and operational review**

The Bidder (together with the reconstituted FEG Board) intends to conduct a general strategic and operational review of FEG's structure, assets, business, operations, personnel (including employees) and Projects.

Following the general strategic and operational review, the Bidder may:

- allocate more resources (including mining equipment) to advance certain Projects towards development phases, including commencing or resuming drilling activities; and
- engage in discussions with relevant Regulatory Authorities in relation to the Projects and Project Approvals.

(d) **Employees**

As part of the operational review of FEG's business described in Section 6.3(c), the Bidder intends to evaluate the capabilities and fit of the existing FEG employees. If there are any employment related actions to be taken as a result of the operational review, applicable employment laws will be complied with.

6.4 Intentions upon acquiring more than 50% of FEG Shares

This Section 6.4 describes the Bidder's intentions if it and its Associates were to acquire Relevant Interests in more than 50%, but less than 90%, of FEG Shares on issue.

The ability of the Bidder to implement the intentions set out in this Section 6.4 will be subject to the legal obligations of the FEG Directors (including any nominees of the Bidder) to have regard to the interests of FEG and the Shareholder Protections. This may limit or modify the implementation of the intentions outlined below, and the approval of minority FEG Shareholders may be required for the implementation of some of the intentions outlined below.

(a) **FEG Board**

Subject to the Corporations Act and FEG's constitution, the Bidder intends to seek to replace some of the members of the FEG Board so that the Bidder nominees constitute at least a majority of the members of the FEG Board. Other than Monique Tang remaining as an FEG Director, no decision has been made at this stage about the identity of the proposed nominees to the FEG Board or which current FEG Directors would be removed.

The Bidder will seek, to the extent possible through its nominees on the FEG Board, to implement the intentions detailed in Section 6.3 where they are consistent with FEG being a controlled entity of (but not wholly-owned by) the Bidder and are considered to be in the interests of FEG Shareholders as a whole.

The Bidder would consider (but not necessarily comply with) the recommendations in ASX Corporate Governance Principles and Recommendations when determining the composition of the FEG Board.

(b) **General operational review**

After the Offer Period, the Bidder will, to the extent permitted, undertake the general strategic and operational review and steps outlined in Sections 6.3(c) and 6.3(d).

(c) **Removal of ASX listing**

The Bidder intends, subject to satisfying the relevant preconditions, to remove FEG from the official list of the ASX.

ASX guidance indicates that the usual conditions that the ASX would expect to be satisfied in order for it to approve the removal of FEG from the official list of the ASX in the context of a successful takeover bid include:

- at the end of the Offer Period, the Bidder and its Related Bodies Corporate own or control at least 75% of the FEG Shares and the Offer has remained open for at least two weeks after the Bidder and its Related Bodies Corporate attained ownership or control of at least 75% of the FEG Shares; and
- the number of FEG Shareholders (other than the Bidder and its Related Bodies Corporate) having holdings with a value of at least \$500 is fewer than 150,

and in such case, the ASX will not usually require the Bidder to obtain FEG Shareholder approval for FEG's removal from the official list of the ASX.

In addition, the ASX may approve an application for FEG to be removed from the official list of the ASX with shareholder approval and, where such removal is sought later than one month after the close of the Offer, the Bidder would be entitled to vote on the resolution approving the removal.

If FEG is removed from the official list of the ASX, there may be risks related to remaining as a minority shareholder in FEG. These include reduced or non-existent liquidity if shareholders wish to sell their FEG Shares.

(d) **Further acquisition of FEG Shares**

The Bidder may, at some later time, acquire further FEG Shares in a manner consistent with the Corporations Act and any other applicable laws.

(e) **Subsequent compulsory acquisition of FEG**

Should the Bidder not be entitled to proceed with the Compulsory Acquisition of minority shareholdings after the end of the Offer Period under Part 6A.1 of the Corporations Act, it (and its Related Bodies Corporate) may subsequently acquire beneficial interests in at least 90% (by number) of FEG Shares and become entitled to proceed with general Compulsory Acquisition under Part 6A.2 of the Corporations Act. For example, the Bidder may acquire beneficial interests in FEG Shares as a result of further acquisitions of FEG Shares in reliance on the "3% creep" exception in item 9 of section 611 of the Corporations Act. If the Bidder becomes entitled to proceed with such general Compulsory Acquisition, it intends to exercise its rights to do so.

6.5 Intentions if the Bidder does not acquire more than 50% of FEG

The Offer is conditional on, amongst other Conditions, the Bidder and its Associates having Relevant Interests in more than 50% (by number) of the FEG Shares on a fully diluted basis at the end of the Offer Period. The Bidder reserves its right to declare the Offer free of that Condition (or any other Condition).

If the Offer is not successful, the Bidder will undertake a review of its investment in FEG, the outcome of which may be one or more of the following:

- (i) the resignation of Monique Tang from the FEG Board;

- (ii) the Bidder or its Related Bodies Corporate (or both) not taking up its entitlements in future equity raises by FEG for near-term capital requirements and any future development costs of the Projects including under the Placement Agreement; or
- (iii) the Bidder or its Related Bodies Corporate (or both) potentially divesting their interest in FEG Shares through a market sell-down process.

6.6 Limitations on intentions

The intentions set out in this Section 6 are subject to:

- (a) the law (including the Corporations Act) and the Listing Rules, including in particular the requirements of the Corporations Act and the Listing Rules in relation to conflicts of interest and 'related party' transactions. (If the Bidder obtains control of FEG but does not acquire all of the FEG Shares, it will be treated as a related party of FEG);
- (b) the legal obligation of the FEG Board at the time, including any nominees of the Bidder, to act in good faith and in the best interests of FEG for proper purposes and to have regard to the interests of all FEG Shareholders;
- (c) the constitution of FEG;
- (d) necessary consents and approvals from Regulatory Authorities or other third parties that are required; and
- (e) the outcome of the strategic or operational reviews referred to in this Section 6.

7 Funding

7.1 *Provision of consideration*

On the basis of the arrangements described in this Section 7, the Bidder is of the opinion that it has a reasonable basis for forming the view, and holds the view, that it will be able to:

- (a) provide 100% of the cash consideration required for the acquisition of the FEG Shares pursuant to the Offer as and when it falls due for payment; and
- (b) satisfy its obligations under the Offer and will also be able to meet the costs associated with the Offer.

7.2 *Cash consideration*

As at the close of the last Trading Day before the date of this Bidder's Statement, based on publicly available information, there were 367,027,453 FEG Shares, 16,000,000 FEG Options and 9,000,000 FEG Performance Rights on issue.¹¹

In the event that all FEG Shares on issue as at the date of this Bidder's Statement (other than those FEG Shares which the Bidder already holds, being 73,368,788 FEG Shares) are accepted into the Offer, the aggregate amount of cash consideration that the Bidder would be required to pay is approximately \$38.18 million.¹²

If all FEG Options and FEG Performance Rights are exercised and the resulting FEG Shares are accepted into the Offer, approximately \$3.25 million¹³ additional cash consideration will be payable.

If all 50,000,000 FEG Shares are issued to the Idenburg Vendors in connection with the Stage One Completion under the Idenburg CSPA and those FEG Shares are accepted into the Offer, approximately \$6.50 million additional cash consideration will be payable.¹⁴

Accordingly, the maximum amount that the Bidder is required to pay under the Offer is approximately \$47.93 million (**Offer Consideration**).

7.3 *Sources to fund the Offer Consideration*

The funds required by the Bidder to satisfy its obligation to pay the Offer Consideration will be made available to the Bidder by Xingye.

Xingye will fund the Offer Consideration, together with transaction costs arising in connection with the Offer, from existing cash reserves held by Xingye which are in excess of the Offer Consideration and associated transaction costs.

As of the date of this Bidder's Statement, Xingye is not aware of any significant cash disbursements or expenditures which may affect its ability to fund the Offer Consideration plus any associated transaction costs.

¹¹ Based on FEG's annual report.

¹² Based on 293,658,665 FEG Shares in which the Bidder and its Associates do not have Relevant Interests.

¹³ Based on 16,000,000 FEG Options and 9,000,000 FEG Performance Rights outstanding.

¹⁴ ¹⁴The Bidder does not consider it likely that there will be any additional FEG Share issuances under the Idenburg CSPA. Refer to Section 3.5(a)(iv) for further details on share issuances under the Idenburg CSPA.

Xingye may, and reserves the right to, obtain the funds necessary for it to pay the Offer Consideration from other or additional sources. If Xingye seeks other funds or additional sources of funding, no restriction or delay will be imposed on the performance of the Bidder's obligations under the Offer.

Having regard to the matters set out in this Section 7.3, the Bidder has a reasonable basis for forming the view, and it holds the view, that it will be able to satisfy its payment obligations under the Offer.

8 Australian Taxation Considerations

8.1 Introduction

The following is a general description of the Australian income tax, GST and stamp duty consequences for FEG Shareholders of disposing of FEG Shares under the Offer or having their FEG Shares compulsorily acquired.

This summary only applies to FEG Shareholders who hold their FEG Shares on capital account for Australian income tax purposes. In particular, it does not apply to FEG Shareholders who buy and sell shares in the ordinary course of business or who otherwise hold their FEG Shares on revenue account or as trading stock for Australian tax purposes.

In addition, this summary does not apply to:

- (a) FEG Shareholders who acquired their FEG Shares under an employee share or option scheme;
- (b) FEG Shareholders who are subject to special taxation rules (for example, insurance companies and tax exempt organisations);
- (c) FEG Shareholders whose FEG Shares are subject to the "taxation of financial arrangements" rules in Division 230 of the *Income Tax Assessment Act 1997* (Cth) (**ITAA 1997**); and
- (d) non-Australian resident FEG Shareholders who have held their FEG Shares at any time in carrying on a business at or through a permanent establishment in Australia.

This summary also does not address FEG Shareholders that are partnerships, persons that are partners of such partnerships or persons that are beneficiaries of a trust that is an FEG Shareholder. If a partnership or a trust is an FEG Shareholder, the partners of such partnership or the beneficiaries of such trust should consult their own tax advisers with respect to the Australian taxation consequences to them of the partnership or the trust (as applicable) before accepting the Offer.

The information in this description is based upon Australian taxation law and practice in effect at the date of this Bidder's Statement. It is not intended to be an authoritative or comprehensive analysis of the taxation laws of Australia. This summary does not constitute advice, particularly as it does not take into account the specific facts or circumstances that may apply to particular FEG Shareholders.

It is recommended that you seek independent professional advice regarding the Australian tax consequences of disposing of Your FEG Shares according to your particular circumstances.

8.2 FEG Shareholders who are Australian residents for tax purposes

- (a) *CGT consequences of accepting the Offer or having FEG Shares acquired through Compulsory Acquisition.*

This Section applies to FEG Shareholders who are residents of Australia for Australian income tax purposes and hold their FEG Shares on capital account.

If you are an Australian resident for Australian income tax purposes, the disposal of Your FEG Shares pursuant to the Offer will constitute CGT event A1 happening.

The time of CGT event A1 happening is:

- if you accept the Offer to dispose of Your FEG Shares in accordance with Section 10.5 – when the contract to sell Your FEG Shares comes into existence. However, if you do not ultimately dispose of Your FEG Shares then CGT event A1 should not happen to you in respect of the disposal of Your FEG Shares.
- if the Bidder becomes entitled to compulsorily acquire any outstanding FEG Shares under the Corporations Act (see Section 6.3(a) above) and Your FEG Shares are compulsorily acquired – you will be taken to have disposed of Your FEG Shares on the date that you cease to be the owner.

The disposal of Your FEG Shares will give rise to:

- (i) a capital gain if the capital proceeds received for the disposal of Your FEG Shares (i.e. the cash received under the Offer) exceeds the cost base of Your FEG Shares (which would generally include the amount paid to acquire the FEG Shares plus any non-deductible incidental costs of acquisition, e.g. brokerage fees);
- (ii) a capital loss if the capital proceeds received for the disposal of Your FEG Shares are less than the reduced cost base of Your FEG Shares; or
- (iii) no capital gain or capital loss if your capital proceeds are less than your cost base and more than your reduced cost base.

Each FEG Share constitutes a separate asset for CGT purposes. You will need to separately consider the consequences of the disposal of Your FEG Shares for each FEG Share.

Your net capital gain for the income year is included in your assessable income for the income year. Broadly, your net capital gain for an income year is equal to:

- the total of all of the capital gains made during the income year;
- less capital losses made in that income year;
- less any available net capital losses carried forward from previous income years.

In addition, that amount may be reduced further by other concessions, particularly under the discount capital gains tax rules discussed below.

If you make a capital loss from the disposal of Your FEG Shares, the capital loss may be used to offset capital gains made in the same or subsequent years of income (subject to satisfying any applicable carry

forward loss conditions), but cannot be offset against ordinary income, nor carried back to offset net capital gains arising in earlier income years.

(b) *Discount capital gains*

If you are an individual, or you hold Your FEG Shares as trustee of a trust or a complying superannuation fund, and have held Your FEG Shares for at least 12 months before disposal, the discount capital gain provisions may apply.

If you are:

- (i) **an individual** – after applying any capital losses, you may reduce any remaining capital gain by 50%;
- (ii) **a trustee of a trust** (other than a complying superannuation fund) – after applying any capital losses, the trust may reduce any remaining capital gain by 50%. Beneficiaries may then need to include their share of the trust's net capital gain in their own tax calculations. The rules for trusts are complex and you should seek advice from your professional tax adviser on this issue; or
- (iii) **a complying superannuation fund** – after applying any capital losses, you may reduce any remaining capital gain by 33⅓%.

The discount capital gain provisions do not apply to companies.

8.3 ***FEG Shareholders who are not Australian residents for tax purposes***

This Section 8.3 applies to FEG Shareholders who:

- (a) are not Australian residents for tax purposes and hold their FEG Shares on capital account; and
- (b) do not hold their FEG Shares at any time in carrying on a business at or through a permanent establishment in Australia.

If you are not a resident of Australia for Australian income tax purposes, you will generally not be subject to CGT on the disposal of Your FEG Shares unless Your FEG Shares are an “indirect Australian real property interest” at the time that you dispose of Your FEG Shares for CGT purposes.

Broadly, Your FEG Shares should not be an indirect Australian real property interest as at that time unless the following conditions are satisfied:

- (c) you and your associates (as defined for tax purposes) together have held 10% or more of the issued shares in FEG at the time that you dispose of Your FEG Shares for CGT purposes or for at least 12 months during the 24 months before you disposed of Your FEG Shares for CGT purposes; and
- (d) at the time of the disposal of Your FEG Shares for CGT purposes, the aggregate market value of FEG's assets that are taxable Australian real property (**TARP**) (being direct and indirect interests in real property, including leases of land, situated in Australia and mining, quarrying or prospecting rights in respect of materials situated in Australia) exceeds

the aggregate market value of FEG's assets that are not TARP
(**Principal Asset Test**).

FEG Shareholders should note that FEG holds direct or indirect interests in mining tenements and exploration permits in Australia (including the Blue Hill Creek Gold Project and the Mount Clark West Copper Gold Project). These interests may constitute TARP for the purposes of the Principal Asset Test. If those mining tenements and exploration permits are TARP, whether the Principal Asset Test is satisfied will depend on whether the aggregate market value of FEG's TARP exceeds the aggregate market value of FEG's assets that are not TARP (e.g., FEG's interests in mines outside Australia) at the time that you disposed of Your FEG Shares for CGT purposes.

The Australian Government recently released draft legislation on the *Strengthening the foreign resident capital gains tax regime* which:

- (e) expands the definition of TARP to include assets with a close economic connection to the land. This includes (among other things):
 - (i) mining, quarrying and prospecting information;
 - (ii) water entitlements in relation to a water resource situated in Australia; and
 - (iii) an option or right to acquire a CGT asset that is TARP; and
- (f) changes the point-in-time Principal Asset Test described in paragraph (d) above to a 365-day test, under which the Principal Asset Test would be satisfied if it is satisfied *at any time* during the 365-day period preceding the date that you dispose of Your FEG Shares for CGT purposes.

If you are a non-resident of Australia for tax purposes and hold, or have held (either alone or together with associates) 10% or more of the total number of FEG Shares on issue, you should seek professional advice with respect to the CGT consequences of disposing of Your FEG Shares, including in respect of the impact of any proposed or enacted changes to the foreign resident CGT regime.

8.4 CGT non-resident withholding tax

The CGT non-resident withholding tax regime (**CGT NRWT**) applies to off-market transactions entered into on or after 1 July 2016. Very broadly, under this regime, buyers of (relevantly) securities in certain companies and trusts from foreign residents who are subject to CGT are generally required to pay a non-final withholding tax equal to 15% of the purchase price to the ATO.

Where the provisions are enlivened a selling shareholder can apply to the ATO in advance to have the rate of withholding varied down (including down to zero).

The amount of CGT NRWT is required to be paid by the buyer to the ATO on or before completion of the transaction. The seller gets a credit against its Australian tax for the amount paid by the buyer to the ATO.

Where the Bidder considers that the provisions may be enlivened in respect of you, the Bidder will use reasonable endeavours to contact you so that you have the opportunity to provide a declaration to the Bidder that:

- (a) you are a resident of Australia; or

(b) Your FEG Shares are not indirect Australian real property interests.

If you do not provide such declaration or the Bidder knows it to be false, the Bidder will withhold 15% of the consideration offered by it and remit that to the ATO. The amount withheld should be credited against any Australian income tax liability you have in respect of the disposal of Your FEG Shares.

8.5 GST

The disposal of Your FEG Shares in return for cash under the Offer will not attract GST. To the extent that you incur GST on acquisitions that you make in connection with the Offer (such as adviser fees), you may not be entitled to an input tax credit or only be entitled to a reduced input tax credit for that GST, depending on your particular circumstances.

8.6 Stamp duty

You will not be liable for any stamp duty on the disposal of Your FEG Shares in return for cash under the Offer. Any stamp duty payable on the disposal of FEG Shares pursuant to the Offer will be paid by the Bidder.

9 Other material information

9.1 Wonogiri Copper Gold Project

Based on publicly available information about the suspension and subsequent revocation of the Wonogiri Mining Licence as at the date of this Bidder's Statement, there is some uncertainty about the current status of the Wonogiri Mining Licence and the development of the Wonogiri Copper Gold Project.¹⁵ Specifically:

- (a) FEG's 2021 prospectus disclosed that the Wonogiri Mining Licence was placed into involuntary suspension on 10 January 2017, and that the period of the suspension was extended several times, with the most recent period of suspension expiring on 9 January 2022.
- (b) Publicly available information from the Jakarta Administrative Court indicates that:
 - (i) the Indonesian Ministry of Investment and Downstream Investment (**BKPM**) revoked the Wonogiri Mining Licence on 5 April 2022; and
 - (ii) PTAPM has since filed two unsuccessful petitions against BKPM seeking to cancel the revocation of the Wonogiri Mining Licence on 5 April 2022.
- (c) FEG has stated in all quarterly reports announced on the ASX after the quarter ended 31 March 2025 that it has been engaging with the Indonesian Ministry of Energy and Mineral Resources to extend the Wonogiri Mining Licence by a further 12 months.¹⁶

The basis on which FEG is seeking extensions to the Wonogiri Mining Licence (as discussed in paragraph (c)) is unclear, given the licence's prior periods of suspension (as discussed in paragraph (a)) and its subsequent revocation (as discussed in paragraph (b)), particularly in circumstances where FEG has not made any ASX announcements regarding those suspensions or the revocation.

9.2 Placement Agreement

On 4 September 2024, the Bidder and FEG entered into the Placement Agreement under which FEG issued 73,368,788 FEG Shares to the Bidder, consisting of:

- (a) 31,958,348 FEG Shares issued on 11 November 2024;
- (b) 17,493,192 FEG Shares issued on 12 December 2024; and
- (c) 23,917,248 FEG Shares issued on 19 February 2025.

Under the terms of the Placement Agreement:

¹⁵ FEG holds 100% of the shares in Wonogiri Pty Ltd, which is the company that holds a 64% interest in Woyla Aceh Ltd, which is the company that holds an 80% economic interest in PTAPM, which is the company that held the Wonogiri Mining Licence.

¹⁶ Refer to announcements on the ASX about FEG's quarterly activities on 29 April 2025, 30 July 2025, 30 October 2025, 29 January 2026 and 30 April 2026.

- (d) if at any time the Bidder holds at least 30% of FEG Shares on issue, it may appoint a second nominee to the FEG Board (with a first nominee, Monique Tang, having previously been appointed); and
- (e) other than in limited circumstances, FEG cannot announce or proceed with a future equity raising without first providing a reasonable opportunity for the Bidder to participate in such equity raising on the same terms and conditions as the other equity investors.

A full copy of the Placement Agreement is contained in the Bidder's Form 603 ("*Notice of initial substantial holder*") lodged on the ASX on 13 November 2024.

9.3 FEG Options and FEG Performance Rights

16,000,000 FEG Options and 9,000,000 FEG Performance Rights have been issued under FEG's Incentive Entitlements Plan.

Under the plan, the FEG Board may invite certain persons to apply for FEG Options and FEG Performance Rights which may be subject to:

- (a) a number of vesting conditions based on performance, service or other criteria;
- (b) restrictions on the disposal of FEG Options or FEG Performance Rights (and resulting FEG Shares upon exercise of those FEG Options or FEG Performance Rights) held by that person; and
- (c) price payable on the granting or exercise of those FEG Options or FEG Performance Rights.

In the event of a change of control of FEG, any unvested FEG Options and FEG Performance Rights will immediately vest and become exercisable by the holder.

Further details of the terms of FEG's Incentive Entitlements Plan are contained in FEG's Notice of Annual General Meeting lodged with the ASX on 29 October 2024.

9.4 Regulatory approvals

(a) Australian approvals

The Bidder is a foreign person, and a foreign government investor, under the *Foreign Acquisitions and Takeovers Act 1975* (Cth) (**FATA**).

The Bidder has received written notification from the Treasurer of the Commonwealth of Australia under FATA that the Commonwealth has no objection to the acquisition by the Bidder of up to 100% of FEG Shares.

(b) Chinese approvals

Xingye requires approvals from various Chinese Regulatory Authorities in connection with the Offer, being:

- (i) NDRC and MOFCOM in order for the Bidder to acquire the FEG Shares that are the subject of the Offer; and
- (ii) SAFE in order to transfer funds from the PRC to Australia to satisfy the payment of the consideration payable to FEG Shareholders under the Offer,

all of which are required to satisfy the Condition set out in Section 10.3(b).

At the date of this Bidder's Statement, Xingye is not aware of any circumstances that will prevent, restrict or delay it from obtaining the approvals required from the above Chinese Regulatory Authorities in satisfaction of the Condition set out in Section 10.3(b).

9.5 Relevant Interests in FEG Shares and voting power

As at the date of this Bidder's Statement and as at the date of the Offer, the Bidder and its Associates have:

- (a) Relevant Interests in 73,368,788 FEG Shares, which were acquired by the Bidder under the Placement Agreement; and
- (b) 19.99% voting power in FEG.

Neither the Bidder nor any of its Associates has provided, or agreed to provide, consideration for an FEG Share under a purchase or agreement to purchase during the four months before the date of this Bidder's Statement.

9.6 No collateral benefits

During the period commencing four months before the date of this Bidder's Statement, and during the period from the date of this Bidder's Statement to the date before the date of the Offer, neither the Bidder nor any of its Associates gave, or offered to give, or agreed to give a benefit to another person which was likely to induce the other person, or an Associate of the other person, to:

- (a) accept the Offer; or
- (b) dispose of FEG Shares,

and which is not offered to all FEG Shareholders under the Offer.

9.7 No escalation agreements

Neither the Bidder nor any Associate of the Bidder has entered into any escalation agreement in respect of FEG Shares that is prohibited by section 622 of the Corporations Act.

9.8 ASIC modifications

ASIC has published various "Class Order" instruments providing for modifications and exemptions that generally apply to all persons including the Bidder, in relation to the operation of Chapter 6 of the Corporations Act.

Amongst others, the Bidder has relied on the modification to section 636(3) of the Corporations Act set out in section 6(e) of *ASIC Corporations (Takeover Bids) Instrument 2023/683* to include references to certain statements by persons in this Bidder's Statement without obtaining the consent of those persons. The relevant statements were taken from certain documents lodged with ASIC or the ASX. The Bidder will make available a copy of these documents (or relevant extracts from these documents), free of charge, to FEG Shareholders who request them during the Offer Period. To obtain a copy of these documents (or the relevant extracts), you may call Boardroom on 1300 737 760 (for calls made within Australia) or +61 2 9290 9600 (for calls made from outside Australia) from Monday to Friday between 9.00am and 5.00pm (Sydney time).

9.9 **Dates for determining holders of FEG Shares**

For the purposes of section 633(2) of the Corporations Act, the date for determining the persons to whom information is to be sent in items 6 and 12 of section 633(1) of the Corporations Act is the Register Date.

9.10 **Consents**

This Bidder's Statement contains statements made by, or statements based on, statements made by the Bidder or Xingye. The Bidder and Xingye have each given and have not, before lodgement of this Bidder's Statement with ASIC, withdrawn their consent to the inclusion of:

- (a) references to its name;
- (b) each statement it has made; and
- (c) each statement which is based on a statement it has made,

in this Bidder's Statement in the form and context in which those statements appear and to the maximum extent permitted by law expressly disclaims and takes no responsibility for any part of this Bidder's Statement other than any statement which has been included in this Bidder's Statement with the consent of that party.

The following persons have given, and have not at the date of this Bidder's Statement withdrawn, their written consent to being named in this Bidder's Statement:

Name of person	Named as
Johnson Winter Slattery	Legal adviser in respect of the Offer

None of these persons have caused or authorised the issue of this Bidder's Statement.

Each of the above persons:

- (a) does not make, or purport to make, any statement in this Bidder's Statement, or any statement on which a statement in this Bidder's Statement is based, other than a reference to its name or a statement included in this Bidder's Statement with the consent of that person; and
- (b) to the maximum extent permitted by law, expressly disclaims and takes no responsibility for any part of this Bidder's Statement, other than a reference to its name or a statement included in this Bidder's Statement with the consent of that person.

9.11 **Bidder's power of attorney**

Your acceptance of the Offer appoints the Bidder and each of its directors, secretaries and officers as your attorney, with power to (among other things) attend and vote your FEG Shares at any meeting of FEG Shareholders, even while the Offer remains subject to the Conditions. Further details are set out in Section 10.9(a)(viii).

9.12 No other material information

There is no other information that:

(a) is material to the making of the decision by a holder of FEG Shares whether or not to accept the Offer; and

(b) which is known to the Bidder,

other than:

(c) as set out or referred to elsewhere in this Bidder's Statement; or

(d) information which would be unreasonable to require the Bidder to disclose because the information has previously been disclosed to holders of FEG Shares.

To validly accept the Offer for each parcel, you must comply with the procedure in section 653B(3) of the Corporations Act. If, for the purposes of complying with that procedure, you require additional copies of this Bidder's Statement or the Acceptance Form (or both), please call Boardroom on 1300 737 760 (for calls made within Australia) or +61 2 9290 9600 (for calls made from outside Australia) between 9.00am and 5.00pm (Sydney time) Monday to Friday, to request additional copies of the relevant documents.

- (ii) non-fulfilment of a Condition at the end of the Offer Period will have the consequences set out in this Section 10.11.

(d) *Condition applies to multiple events*

Where an event occurs that would mean at the time the event occurs the Condition to which this Offer or the contract resulting from your acceptance of this Offer is then subject would not be fulfilled, each of the occurrences outlined in the Condition affected by that event will become two separate Conditions on identical terms except that:

- (i) one of them relates solely to that event; and

(e) *Notice declaring Offers free of the Conditions*

The Bidder may declare this Offer and any contract resulting from acceptance of this Offer free from the Conditions (or only part of them) by giving written notice to FEG declaring this Offer to be free from the Condition in accordance with section 650F of the Corporations Act. The Bidder may require you to provide all documents necessary to vest title to those Rights in the Bidder, or otherwise to give the Bidder the benefits or value of those Rights. If you do not give those documents to the Bidder, or if you have received the benefit of those Rights, the Bidder will deduct from the consideration otherwise due to you the amount (or value, as reasonably assessed by the Bidder) of those Rights.
- (e) Payment of any cash amount to which you are entitled under the Offer will be made in the following manner:
