ASX and Media Announcement

Fintech Industry Veteran Victor Chow Joins Fatfish as Venture Partner

Fatfish Blockchain Limited ("**Fatfish**", "FFG" or the "Company") is pleased to announce that fintech industry veteran Victor Chow has joined the Company as a Venture Partner.

Victor Chow brings to Fatfish his extensive international expertise both in financial services and information technology. As a pioneer in the Fintech sector, Victor has almost 30 years of experience as a serial entrepreneur and senior corporate management leader in the Information Technology, Telecommunications, Financial Services and Blockchain industries.

Victor has played a pivotal role in building and managing the development of many successful international enterprises, with assignments in the US Silicon Valley, UK, Europe, Japan, Korea, China, Germany, Australia and the Philippines. He has managed country operations, sales and marketing, CXO engagements.

Victor played a key role in Huawei's international growth and success as the former global head of operations and COO of cloud computing business, before moving on to become a well-respected business mentor and advisor to startups with global reach.

His other previous corporate role include CEO of Aristagora International - a Japanese corporate finance, M&A, IPO listing, asset, portfolio and wealth management company. He was also the former founding CEO of InspirAsia Fintech Accelerator - the accelerator arm of fintech venture capital firm Life.SREDA and was head of asia operations for Life.SREDA too.

As venture partner, his role is to work closely with the Company to help investee companies to expand their business activities. As Venture Partner is not a full-time position at the Company, Victor will be remunerated with profit-sharing arrangement that will be determined on an ongoing basis for the ventures that he will be involved in.

Victor's deep understanding of both global and local markets, strong venture capital expertise and his vast global experience will be an invaluable addition to the Fatfish team.
