## COMPANY PROFILE

F.F.I. HOLDINGS LTD is a Western Australian based food processing company which was listed on the Australian Stock Exchange in 1986.

Driven by a management philosophy which focuses on efficiency, reliability and innovation as key goals, the Company has expanded steadily and its operations now cover the following areas.

### FOOD OPERATIONS

#### > **Chocolate Products of Australia**

Specialises in the manufacture of cooking chocolate, hazelnut spreads, chocolate coated confectionery, sugar confectionery and cake decorations for the retail market. Incorporates products manufactured under Supermarkets' "Own Brands" Labels and also the company's own proprietary retail brand name "**Nemar**".

#### > **Olympic Fine Foods**

Processing and packaging a wide range of fruit and nut products for the confectionery, snack foods and home cooking needs market sectors. The majority of products are distributed to the retail market under the well recognised "**Olympic**", "**Prepact**" and "**Golden Popcorn**" brand names.

#### > **Fresh Food Industries Pty Ltd - Bakery Products**

Includes the processing and manufacture of apple products, baker's fillings, chocolate, specialty chocolate compounds and cake decoration toppings for the bakery and pastrycooks industry.

#### > **Tradition Smallgoods Pty Ltd**

Specialises in the manufacture and wholesale of fresh sausages, bacon and other processed meat products.

### INVESTMENT PROPERTY

- > The Company owns approximately 67,000 square metres of prime industrial/commercial land which is held for investment purposes. The land holding adjoins the Company's existing food factories, is adjacent to the rapidly developing Cockburn Central Town Centre and is ideally suited for further subdivision and development. The Company is pursuing a number of strategies regarding the management of this asset in order to maximise returns to shareholders.

From this sound and diverse trading base the Company is well positioned to continue to expand and provide shareholders with a maximum return on shareholders funds.

## FINANCIAL SUMMARY

for year ended 30 June 2009

|                                                                   | 2009        | 2008        | 2007        | 2006       | 2005       |
|-------------------------------------------------------------------|-------------|-------------|-------------|------------|------------|

## CHAIRMAN'S REVIEW

On behalf of the Directors I am pleased to present this report to shareholders for the year ended 30th June 2009. The net profit attributable to members of \$ 4,069,245 is a record result for the Company.

There were a number of financial highlights that were achieved during the year under review –

- Record profit to members up 39% to \$ 4.1 million.
- Record revenue from operations up 14.6% to \$ 27.1 million.
- Record contribution (EBIT) from food operations up 47% to \$ 2.3 million.
- Property investment value up \$ 3.8 million to \$ 13 million.
- Net tangible assets per share up 24% to \$ 3.01 per share.
- Shareholders equity up 31% to \$ 20.8 million.
- Dividend maintained at 18 cents per share.

### Food Operations

The record result from the food business was particularly pleasing given all the improvements were achieved in the last half of the year, traditionally the least profitable period.

The Company successfully undertook a number of initiatives during the year to restore profit margins, control costs and improve operating efficiencies. These initiatives included upgrades to capital equipment and factory facilities. The full year benefit of the significant capital expenditure incurred in these areas will be reflected in next year's results.

Going forward the Company will continue to focus on increasing revenue, improving efficiency and expanding production capability with the development of new products and processes.

### Property Investment

In previous years land held for investment purposes has been valued by the directors based on the discounted present value of a proposed 22 lot subdivision development to be undertaken over a five year period.

In view of the current market conditions and the uncertainty of such a development the Directors have now obtained an independent licensed valuation of the land in its current undeveloped form.

On the basis of this valuation the carrying value of land held for investment purposes has increased by \$3.8 million to \$13 million and has boosted profits after tax by \$2.66 million.

The Directors are mindful of the need to create a cash flow from this significant asset and will continue to carefully assess all opportunities in order to maximize the long term value for shareholders.

### Dividend

The Directors have resolved to declare a final dividend of 11 cents per share. This brings the total dividend for the year to 18 cents fully franked, unchanged from the previous year.

### Outlook

The future outlook is very positive. The factors that negatively impacted on the previous year results from food operations have now been addressed and the benefits of the significant capital improvements undertaken this year are expected to continue to flow through to next year.

While profit increases from the Company's property investment will depend on further developments and /or an improvement in market conditions, the Directors are confident that this quality asset has the potential to continue to make a significant contribution to shareholder value going forward.

The Company is in a very sound financial position with low debts and quality assets. From this position the directors will continue to look for opportunities to maximise shareholder value.

**Rodney Moonen**  
Chairman

25th September 2009

## DIRECTORS' REPORT

---

Your Directors have pleasure in presenting their report on the company and its controlled entities for the financial year ended 30 June 2009.

### DIRECTORS

The names of Directors in office at any time during or since the end of the year are:

Mr Rodney G Moonen

Mr Geoffrey W Nicholson

Mr Christopher D J Langdon

Mr Ronald W Warr (retired 17th November 2008)

Directors have been in office since the start of the financial year to the date of this report unless otherwise stated.

### COMPANY SECRETARY

The following person held the position of company secretary at the end of the financial year:

Mr Rodney G Moonen. (Refer to Information on Directors for experience and qualification details).

### PRINCIPAL ACTIVITIES

The activities of the economic entity during the year were:

- the manufacture of bakers jam fillings, processed apple, stabilised fruit products and other products for the bakery and pastry cooks industries.
- the production of fresh sausages, bacon and other smallgoods.
- the manufacture of chocolate and confectionery products.
- the processing and packaging of nut, dried fruit, snack food and home cooking needs products.

There were no significant changes in the nature of the economic entity's activities during the year.

### OPERATING RESULTS

The consolidated profit of the economic entity after income tax and eliminating outside equity interests amounted to \$4,069,245 (2008: \$2,922,983).

### DIVIDENDS PAID OR RECOMMENDED

Dividends paid or recommended for payment are as follows:-

- Final ordinary dividend paid on the 14th November 2008, as recommended in last year's report - \$704,364.
- Interim ordinary dividend at 7.00 cents per share paid on the 28th April 2009 - \$467,881.
- Final ordinary dividend of 11.00 cents per share recommended by the Directors - \$745,103.

### REVIEW OF OPERATIONS

A review of the operations of the economic entity is set out in the Chairman's Review on page 3.

### FINANCIAL POSITION

A review of the financial position of the economic entity is set out in the Chairman's Review on page 3 and in the Financial Summary on page 2.

### SIGNIFICANT CHANGES IN STATE OF AFFAIRS

A review of significant changes in the state of affairs is set out in the Chairman's Review on page 3.

In addition to the items detailed in the Chairman's Review, the parent entity also issued the following shares during the year; On the 8th December 2008, the company issued 280,716 ordinary shares, being 166,800 ordinary shares issued at \$2.50 each pursuant to the company's Share Purchase Plan and 113,916 ordinary shares issued at \$2.70 each pursuant to the company's Dividend Reinvestment Plan. On the 5th May 2009 the company issued 89,641 ordinary shares at \$2.41 each pursuant to the company's Dividend Reinvestment Plan. All shares issued rank equally for dividends paid after the issue date of the shares.

### AFTER BALANCE DATE EVENTS

No matters or circumstances have arisen since the end of the financial year which significantly affected or may significantly affect the operations of the economic entity, the results of those operations, or the state of affairs of the economic entity in subsequent financial years.

### FUTURE DEVELOPMENTS, PROSPECTS AND BUSINESS STRATEGIES

Likely developments, future prospects and business strategies of the operations of the economic entity and the expected results of those operations have not been included in this report as the directors believe, on reasonable grounds, that the inclusion of such information would be likely to result in unreasonable prejudice to the economic entity.

#### Interest in Shares

Beneficial owner of 451,023 fully paid ordinary shares in the Company.

### CORPORATE GOVERNANCE REPORT

This statement sets out the main corporate governance practices that the Company had in place throughout the financial year.

It is the role of the board to govern the company. It is the role of management to manage the company in accordance with the overall directions of the board. The board is responsible for the corporate governance of the company.

The Company is committed to implementing the highest practical standard of corporate governance. In pursuit of this the Company makes reference to the ASX Corporate Governance Council's Principles of Good Corporate Governance and Best Practice Recommendations. Unless disclosed below, the Company believes it has met these Best Practice Recommendations.

The board of directors consists of three directors. There are two executive directors and one non-executive director. The two executive directors hold key management roles within the Company. The names, details and qualifications of the directors are included in this report.

The current structure of the board has been designed to provide the most effective composition, size and commitment from its members. This, we believe, ensures that the board performs its function to the optimum, and meets all corporate governance criteria relevant to the Company's current size and scope of operations.

In light of the Company's approach to board composition and function, the following Best Practice Recommendations have not been adopted;

The majority of the board are not independent directors.

The Chairman is not an independent director.

The Chairman also performs the role of Chief Executive Officer.

Given the current size of the Company, the board does not consider it appropriate to establish a nomination committee. The board as a whole effectively performs this function.

The Company adheres to all ASX and Corporate Law requirements regarding the trading by Directors and employees of shares in the Company.

The company does not have an audit committee. All external audit reports are reviewed by the whole board to ensure appropriate action is taken by management regarding any areas which are identified as a weakness in internal control. The names and qualifications of the board are included in this report.

Given the current size of the Company, the board does not consider it appropriate to establish a remuneration committee. The board as a whole effectively performs this function. Increases in directors fees are subject to shareholders approval. Individual directors have the right to seek independent professional legal advice in the furtherance of their duties as directors at the Company's expense. The chairman's prior approval of such expenditure is required. Further details on remuneration are detailed in note 5 to the accounts.

Given the current size of the Company, the board does not consider it appropriate to establish a board performance evaluation committee. Board performance is open to evaluation by shareholders at the annual general meeting. At every annual general meeting one director retires from office and is eligible to offer himself for re-election. No director may retain office for more than three years without submitting himself for re-election.

The board has opted to not establish a formal code of conduct as it believes that this would not be in the best interests of the Company. It believes that such a prescriptive code would interfere with the ability of the company's employees to best meet obligations to stakeholders.

The board is responsible for identifying areas of significant business risk, implementing procedures to manage such risk and to manage and maintain appropriate ethical standards.

Management has confirmed to the Board the effectiveness of the Company's management of its material risks and the Chief Executive Officer and the Chief Financial Officer have provided a declaration in writing to the Board that the Company's financial reports present a true and fair view, in all material respects, of the Company's financial condition and operational results and are in accordance with relevant accounting standards (refer to Directors' Declaration). The Chief Executive Officer and the Chief Financial Officer have provided a statement in writing to the Board that the declaration is founded on a sound system of risk management and internal compliance and control which implements the policies of the Board, and that the system is operating efficiently and effectively in all material respects.

The board meets on a regular basis and reviews management operational reports regarding the financial performance of the economic entity. In addition the board reviews all capital expenditure and business strategies.

## DIRECTORS' REPORT

The directors do not believe that any Best Practice Recommendations that have been disclosed above as not having been adopted, in any way disadvantages the effectiveness with which the board operates. The board remains clearly focused on the best interests of the company and its shareholders and shall willingly adopt further Corporate Governance Best Practice Recommendations as the circumstances and need of the company require them.

### ENVIRONMENTAL ISSUES

The economic entity's operations are subject to environmental regulation under the Environmental Protection Act 1986.

The economic entity complied with the requirements of all relevant environmental regulations during the year.

### REMUNERATION REPORT

This report details the remuneration arrangements for key management, directors and executives of the F.F.I. Holdings Limited Group.

#### *Remuneration Policy*

The remuneration policy of F.F.I. Holdings Limited is effectively controlled by the board of directors. The board of F.F.I. Holdings Limited believes the remuneration policy to be appropriate and effective in its ability to attract and retain the best executives and directors to run and manage the economic entity, as well as maintaining goal congruence between directors, executives and shareholders.

The remuneration structure for directors and executive officers is not directly related to the financial performance of the Group. It is based on a number of factors, including length of service, qualifications, proven management skills and the experience of the individual concerned.

Executive directors may receive a combination of a directors fee, base salary, superannuation and fringe benefits. Increases in directors fees are subject to shareholder approval. Non-executive directors may receive directors fees. Executives may receive a combination of a base salary, superannuation and fringe benefits. Directors and executives are also eligible to participate in the company's Executive Share Plan upon an invitation being made from the appropriate committee. The table below details the remuneration of directors and executives for the year ended 30 June 2009.

| <b>Directors Remuneration 2009</b> | <b>RG Moonen</b> | <b>GW Nicholson</b> | <b>RW Warr</b> | <b>CDJ Langdon</b> | <b>Total</b>   |

### MEETINGS OF DIRECTORS

During the financial year, 2 meetings of Directors were held.

Attendances were:-

|                                    | Number eligible<br>to attend | Number<br>attended |
|------------------------------------|------------------------------|--------------------|
| Rodney G Moonen                    | 2                            | 2                  |
| Geoffrey W Nicholson               | 2                            | 2                  |
| Christopher D J Langdon            | 2                            | 2                  |
| Ronald W Warr (retired 17/11/2008) | Nil                          | Nil                |

### SHARE OPTIONS

No entity in the economic entity has granted an option to any person entitling that person to take up unissued shares of the entity or of any other body corporate.

### NON-AUDIT SERVICES

The board of directors is satisfied that the provision of non-audit services during the year is compatible with the general standard of independence of auditors imposed by the Corporations Act 2001.

Details of the auditors remuneration are included in Note 6 accompanying the Financial Statements.

### DIRECTORS' BENEFITS

No Director has received or become entitled to receive, during or since the financial year, a benefit because of a contract made by the chief entity or a related body corporate with a director, a firm of which a director is a member or an entity in which a director has a substantial financial interest, other than the benefits as disclosed in note 27 in the notes to and forming part of the accounts. This statement excludes a benefit included in the aggregate amount of emoluments received or due and receivable by Directors and shown in the company's accounts, or the fixed salary of a full-time employee of the chief entity, controlled entity, or related body corporate.

### AUDITOR'S INDEPENDENCE DECLARATION

The lead auditor's independence declaration for the year ended 30 June 2009 has been received and can be found on page 47 of the annual report.

Signed in accordance with a resolution of the Board of Directors.

R G Moonen

Dated this 25th day of September, 2009.

G W Nicholson

The accompanying notes form part of these financial statements.

## NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30th June 2009

### NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

This financial report includes the consolidated financial statements and notes of F.F.I. Holdings Ltd and controlled entities ('Economic Entity'), and the separate financial statements and notes of F.F.I. Holdings Ltd as an individual parent entity ('Parent Entity').

F.F.I. Holdings Limited is a listed public company, incorporated and domiciled in Australia.

#### Basis of Preparation

The financial report is a general purpose financial report that has been prepared in accordance with Australian Accounting Standards, Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board and the *Corporations Act 2001*. All monetary amounts in the financial report are stated in Australian dollars.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in a financial report containing relevant and reliable information about transactions, events and conditions to which they apply. Compliance with Australian Accounting Standards ensures that the financial statements and notes also comply with International Financial Reporting Standards. Material accounting policies adopted in the preparation of this financial report are presented below. They have been consistently applied unless otherwise stated.

The financial report has been prepared on an accruals basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

#### Accounting Policies

##### (a) Principles of Consolidation

A controlled entity is any entity F.F.I. Holdings Limited has the power to control the financial and operating policies of so as to obtain benefits from its activities.

A list of controlled entities is contained in Note 13 to the financial statements. All controlled entities have a June financial year-end.

All inter-company balances and transactions between entities in the economic entity, including any unrealised profits or losses, have been eliminated on consolidation. Accounting policies of subsidiaries have been changed where necessary to ensure consistencies with those policies applied by the parent entity.

Where controlled entities have entered or left the economic entity during the year, their operating results have been included/excluded from the date control was obtained or until the date control ceased.

Minority equity interests in the equity and results of the entities that are controlled are shown as a separate item in the consolidated financial report.

##### Business Combinations

Business combinations occur where control over another business is obtained and results in the consolidation of its assets and liabilities. All business combinations, including those involving entities under common control, are accounted for by applying the purchase method. The purchase method requires an acquirer of the business to be identified and for the cost of the acquisition and fair values of identifiable assets, liabilities and contingent liabilities to be determined as at acquisition date, being the date that control is obtained. Cost is determined as the aggregate of fair values of assets given, equity issued and liabilities assumed in exchange for control together with costs directly attributable to the business combination. Any deferred consideration payable is discounted to present value using the entity's incremental borrowing rate.

Goodwill is recognised initially at the excess of cost over the acquirer's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities recognised. If the fair value of the acquirer's interest is greater than cost, the surplus is immediately recognised in profit or loss.

##### (b) Income Tax

The income tax expense (revenue) for the year comprises current income tax expense (income) and deferred tax expense (income).

Current income tax expense charged to the profit or loss is the tax payable on taxable income calculated using applicable income tax rates enacted, or substantially enacted, as at reporting date. Current tax liabilities (assets) are therefore measured at the amounts expected to be paid to (recovered from) the relevant taxation authority.

## NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30th June 2009

Deferred income tax expense reflects movements in deferred tax asset and deferred tax liability balances during the year as well as unused tax losses.

Current and deferred income tax expense (income) is charged or credited directly to equity instead of the profit or loss when the tax relates to items that are credited or charged directly to equity.

Deferred tax assets and liabilities are ascertained based on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets also result where amounts have been fully expensed but future tax deductions are available. No deferred income tax will be recognised from the initial recognition of an asset or liability, excluding a business combination, where there is no effect on accounting or taxable profit or loss.

Deferred tax assets and liabilities are calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates enacted or substantively enacted at reporting date. Their measurement also reflects the manner in which management expects to recover or settle the carrying amount of the related asset or liability.

Deferred tax assets relating to temporary differences and unused tax losses are recognised only to the extent that it is probable that future taxable profit will be available against which the benefits of the deferred tax asset can be utilised.

Where temporary differences exist in relation to investments in subsidiaries, branches, associates, and joint ventures, deferred tax assets and liabilities are not recognised where the timing of the reversal of the temporary difference can be controlled and it is not probable that the reversal will occur in the foreseeable future.

Current tax assets and liabilities are offset where a legally enforceable right of set-off exists and it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur. Deferred tax assets and liabilities are offset where a legally enforceable right of set-off exists, the deferred tax assets and liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities where it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur in future periods in which significant amounts of deferred tax assets or liabilities are expected to be recovered or settled.

### **(c) Inventories**

Inventories are measured at the lower of cost and net realisable value. The cost of manufactured products includes direct materials, direct labour and an appropriate portion of variable and fixed overheads. Overheads are applied on the basis of normal operating capacity. Costs are assigned on the first in first out basis.

### **(d) Property, Plant and Equipment**

Each class of property, plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation and impairment losses.

#### **Property**

Freehold land and buildings are shown at their fair value (being the amount for which an asset could be exchanged between knowledgeable willing parties in an arm's length transaction), based on periodic valuations by directors, less subsequent depreciation for buildings.

Any accumulated depreciation at the date of revaluation is eliminated against the gross carrying amount of the asset and the net amount is restated to the revalued amount of the asset.

#### **Plant and equipment**

Plant and equipment are measured on the cost basis.

The carrying amount of plant and equipment is reviewed annually by directors to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the assets employment and subsequent disposal. The expected net cash flows have been discounted to their present values in determining recoverable amounts.

## NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30th June 2009

The cost of fixed assets constructed within the economic entity includes the cost of materials, direct labour, borrowing costs and an appropriate proportion of fixed and variable overheads.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the income statement during the financial period in which they are incurred.

Increases in the carrying amount arising on revaluation of land and buildings are credited to a revaluation reserve in shareholders' equity. Decreases that offset previous increases of the same asset are charged against fair value reserves directly in equity; all other decreases are charged to the income statement. Each year the difference between depreciation based on the revalued carrying amount of the asset charged to the income statement and depreciation based on the asset's original cost is transferred from the revaluation reserve to retained earnings.

### Depreciation

The depreciable amount of all fixed assets including building and capitalised lease assets, but excluding freehold land, is depreciated on a straight-line basis over their useful lives to the economic entity commencing from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The depreciation rates used for each class of depreciable assets are:

| <i>Class of Fixed Asset</i> | <i>Depreciation Rate</i> |
|-----------------------------|--------------------------|
| Buildings                   | 2.50%                    |
| Plant and equipment         | 5 - 20%                  |

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each balance sheet date.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the income statement. When revalued assets are sold, amounts included in the revaluation reserve relating to that asset are transferred to retained earnings.

### (e) Investment Property

Investment property comprises land held for future development. Investment property is carried at fair value determined annually by directors and/or independent licensed valuers. Changes to fair value are recorded in the income statement as other income.

### (f) Leases

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not the legal ownership that are transferred to entities in the economic entity are classified as finance leases.

Finance leases are capitalised by recording an asset and a liability at the lower of the amounts equal to the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Leased assets are depreciated on a straight-line basis over their estimated useful lives.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

Lease incentives under operating leases are recognised as a liability and amortised on a straight-line basis over the life of the lease term.

### (g) Financial Instruments

#### Recognition and Initial Measurement

Financial instruments, incorporating financial assets and financial liabilities, are recognised when the entity becomes a party to the contractual provisions of the instrument. Trade date accounting is adopted for financial assets that are delivered within timeframes established by marketplace convention.

## NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30th June 2009

Financial instruments are initially measured at fair value plus transactions costs where the instrument is not classified as at fair value through profit or loss. Transaction costs related to instruments classified as at fair value through profit or loss are expensed to profit or loss immediately. Financial instruments are classified and measured as set out below.

### **Derecognition**

Financial assets are derecognised where the contractual rights to receipt of cash flows expires or the asset is transferred to another party whereby the entity is no longer has any significant continuing involvement in the risks and benefits associated with the asset. Financial liabilities are derecognised where the related obligations are either discharged, cancelled or expire. The difference between the carrying value of the financial liability extinguished or transferred to another party and the fair value of consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

### **Classification and Subsequent Measurement**

The group does not designate any interests in subsidiaries, associates or joint venture entities as being subject to the requirements of accounting standards specifically applicable to financial instruments.

### **Financial assets at fair value through profit or loss**

Financial assets are classified at fair value through profit or loss when they are held for trading for the purpose of short term profit taking, where they are derivatives not held for hedging purposes, or designated as such to avoid an accounting mismatch or to enable performance evaluation where a group of financial assets is managed by key management personnel on a fair value basis in accordance with a documented risk management or investment strategy. Realised and unrealised gains and losses arising from changes in fair value are included in profit or loss in the period in which they arise.

### **(h) Impairment of Assets**

At each reporting date, the group reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the income statement.

Impairment testing is performed annually for goodwill and intangible assets with indefinite lives.

Where it is not possible to estimate the recoverable amount of an individual asset, the group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

### **(i) Intangibles**

#### **Goodwill**

Goodwill and goodwill on consolidation are initially recorded at the amount by which the purchase price for a business or for an ownership interest in a controlled entity exceeds the fair value attributed to its net assets at date of acquisition. Goodwill on acquisitions of subsidiaries is included in intangible assets. Goodwill on acquisition of associates is included in investments in associates. Goodwill is tested annually for impairment and carried at cost less accumulated impairment losses. Gains and losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold.

### **(j) Employee Benefits**

Provision is made for the company's liability for employee benefits arising from services rendered by employees to balance date. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled, plus related on-costs. Employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits.

### **Superannuation**

Contributions are made to superannuation funds on behalf of employees and are charged as expenses when incurred.

### **(k) Provisions**

Provisions are recognised when the group has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

## NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30th June 2009

### **(l) Cash and Cash Equivalents**

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of twelve months or less, and bank overdrafts. Bank overdrafts are shown within short-term borrowings in current liabilities on the balance sheet.

### **(m) Revenue**

Revenue from the sale of goods is recognised upon the delivery of goods to customers.

Interest revenue is recognised on a proportional basis taking into account the interest rates applicable to the financial assets.

Dividend revenue is recognised when received except for dividend from controlled entities which are brought to account when they are proposed by the controlled entity.

Revenue from the rendering of a service is recognised upon the delivery of the service to the customers.

All revenue is stated net of the amount of goods and services tax (GST).

### **(n) Borrowing Costs**

Borrowing costs directly attributable to the acquisition, construction or production of assets that necessarily take a substantial period of time to prepare for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised as an expense in the period in which they are incurred.

### **(o) Goods and Services Tax (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the balance sheet are shown inclusive of GST.

Cash flows are presented in the cash flow statement on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

### **(p) Comparative Figures**

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

### **(q) Critical accounting estimates and judgments**

The directors evaluate estimates and judgments incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the group.

#### ***Key estimates — Impairment***

The group assesses impairment at each reporting date by evaluating conditions specific to the group that may lead to impairment of assets. Where an impairment trigger exists, the recoverable amount of the asset is determined. Value-in-use calculations performed in assessing recoverable amounts incorporate a number of key estimates.

#### ***Key estimates – Investment Property***

A key estimate in the financial statements was made on Investment Property. Investment properties are revalued annually by directors at each balance date. Values for the year ended 30th June 2009 are based on an open market value and a valuation performed by a licensed independent valuer (Refer to Note 15 for further information).

#### ***Key estimates – Land Held for Own Use***

A key estimate in the financial statements was made on Land Held for Own Use. A directors valuation was undertaken on 30 June 2009 on land held for own use. The valuation was based on an estimate of the properties current market value. (Refer to Note 14 for further information).

#### ***Key Judgment – Environmental Issues***

Balances disclosed in the financial statements and notes thereto are not adjusted for any pending or enacted environmental legislation, and the directors understanding thereof. At the current stage of the company's development and its current environmental impact the directors believe such treatment is reasonable and appropriate.

## NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30th June 2009

### Key Estimate – Taxation

Balances disclosed in the financial statements and the notes thereto, related to taxation, are based on the best estimates of directors. These estimates take into account both the financial performance and position of the company as they pertain to current income taxation legislation, and the directors understanding thereof. No adjustment has been made for pending or future taxation legislation. The current income tax position represents that directors' best estimate, pending an assessment by the Australian Taxation Office.

(\*) Denotes shares issued pursuant to the Company's Executive Share Plan.

(^ ) Net Change Other denotes shares purchased or sold during the financial year at current market rates.

(f) The company's policy for determining the nature and amount of emoluments of board members and senior executives of the company is as follows -

The remuneration structure for executive officers is not directly related to the financial performance of the Group. It is based on a number of factors, including length of service, qualifications, proven management skills and the experience of the individual concerned.

| Economic Entity |      | Parent Entity |      |
|-----------------|------|---------------|------|
| 2009            | 2008 | 2009          | 2008 |
| \$              | \$   | \$            | \$   |

#### Note 6: Auditors' Remuneration

Remuneration of the auditor of the parent entity for:

auditing or reviewing the financial report

|        |        |        |        |
|--------|--------|--------|--------|
| 41,000 | 30,000 | 41,000 | 30,000 |
| 41,000 | 30,000 | 41,000 | 30,000 |

#### Note 7: Dividends

Final fully franked ordinary dividend of 11.00 cents per share paid on 14th November 2008.

|         |         |         |         |
|---------|---------|---------|---------|
| 704,364 | 702,879 | 704,364 | 702,879 |
|---------|---------|---------|---------|

Interim fully franked ordinary dividend of 7.00 (2008: 7.00) cents per share franked at the tax rate of 30% (2008: 30%) paid on the 28th April 2009

|           |           |           |           |
|-----------|-----------|-----------|-----------|
| 467,881   | 448,231   | 467,881   | 448,231   |
| 1,172,245 | 1,151,110 | 1,172,245 | 1,511,110 |

(a) Proposed final fully franked ordinary dividend of 11.00 (2008: 11.00) cents per share franked at the tax rate of 30% (2008: 30%) payable on the 12th November 2009 not yet brought into account in the financial statements

|         |         |         |         |

Intangible assets, other than goodwill and trademarks have finite useful lives. The current amortisation charges in respect of intangible assets are included under depreciation and amortisation expense per the income statement. Goodwill has an infinite life.

## NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30th June 2009

### Note 16: Intangible Assets (continued)

#### Impairment Disclosures

Goodwill is allocated to cash-generating units which are based on the group's reporting segments.

| Note               | 2009<br>\$ | 2008<br>\$ |
|--------------------|------------|------------|
| Bakery segment     | 210,000    | 210,000    |
| Smallgoods segment | -          | -          |
| Total              | 210,000    | 210,000    |

The recoverable amount of each cash-generating unit above is determined based on value-in-use calculations. Value-in-use is calculated based on the present value of cash flow projections over a 10 year period with the period extending beyond 5 years extrapolated using an estimated growth rate. The cash flows are discounted using the yield of 10-year government bonds at the beginning of the budget period.

The following assumptions were used in the value-in-use calculations:

|                    | Growth Rate | Discount Rate |
|--------------------|-------------|---------------|
| Bakery segment     | 7.50%       | 5.30%         |
| Smallgoods segment | N/A         | N/A           |

Management has based the value-in-use calculations on budgets for each reporting segment. These budgets use expected future growth rates to project revenue. Costs are calculated taking into account historical gross margins as well as estimated weighted average inflation rates over the period which are consistent with inflation rates applicable to the locations in which the segments operate.

| Note        | Economic Entity |            | Parent Entity |            |
|-------------|-----------------|------------|---------------|------------|
|             | 2009<br>\$      | 2008<br>\$ | 2009<br>\$    | 2008<br>\$ |
| CURRENT     |                 |            |               |            |
| Prepayments | 40,856          | 31,742     | -             | -          |

### Note 18: Trade and Other Payables

|                       |           |           |        |        |
|-----------------------|-----------|-----------|--------|--------|
| CURRENT               |           |           |        |        |
| Unsecured liabilities | 2,756,843 | 2,391,210 | 63,429 | 66,829 |

### Note 19: Borrowings

|                       |           |           |   |   |
|-----------------------|-----------|-----------|---|---|
| CURRENT               |           |           |   |   |
| Unsecured liabilities |           |           |   |   |
| Bank overdrafts       | 274,190   | 1,591,536 | - | - |
| NON- CURRENT          |           |           |   |   |
| Secured liabilities   |           |           |   |   |
| Bank loans            | 3,000,153 | 911,253   | - | - |

The bank loan and bank overdraft have no fixed maturity dates. All bank borrowings are reviewed annually by the company's management and the company's bank and may be paid out at any time at the company's discretion.

| At reporting date                    | 6,773,664 | 6,403,307 | 6,773,664 | 6,403,307 |

On the 8th December 2008 the company issued 280,716 ordinary shares, being 166,800 ordinary shares issued at \$2.50 each pursuant to the company's Share Purchase Plan and 113,916 ordinary shares issued at \$2.70 each pursuant to the company's Dividend Reinvestment Plan. On the 5th May 2009 the company issued 89,641 ordinary shares at \$2.41 each pursuant to the company's Dividend Reinvestment Plan. All shares issued rank equally for dividends paid after the issue date of the shares.

Ordinary shares participate in dividends and the proceeds on winding up of the parent entity in proportion to the number of shares held.

At the shareholders meetings each ordinary share is entitled to one vote when a poll is called, otherwise each shareholder has one vote on a show of hands.

## NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30th June 2009

### Note 22: Issued Capital (continued)

#### (b) Capital Management

Management controls the capital of the group in order to maintain a good debt to equity ratio, provide the shareholders with adequate returns and ensure that the group can fund its operations and continue as a going concern.

The group's debt and capital includes ordinary share capital and financial liabilities, supported by financial assets.

There are no externally imposed capital requirements.

Management effectively manages the group's capital by assessing the group's financial risks and adjusting its capital structure in response to changes in these risks and in the market. These responses include the management of debt levels, distributions to shareholders and share issues.

### Note 23: Reserves

#### (a) Asset Revaluation Reserve

The asset revaluation reserve records revaluations of non-current assets. Under certain circumstances dividends can be declared from this reserve.

#### (b) General Reserve

The general reserve records funds set aside for future expansion of the economic entity.

| Total Financial Liabilities                           | 6,031,186              | 4,893,999   |                                                 |             |

### (b) Liquidity risk

The group manages liquidity risk by monitoring forecast cash flows and ensuring that adequate unutilised borrowing facilities are maintained.

### (c) Credit risk

The maximum exposure to credit risk, excluding the value of any collateral or other security, at balance date to recognised financial assets, is the carrying amount, net of any provisions for impairment of those assets, as disclosed in the balance sheet and notes to the financial statements.

### (d) Price Risk

The group is exposed to price risk through fluctuations in the price of all business input costs including food commodities. This exposure is however mitigated by the group's ability to change our selling price structure and by the very large and diverse base of customers, suppliers and products with which the group operates. These factors limit any commodity based price risk to the group.

## Sensitivity Analysis

### Interest Rate Risk

The group has performed sensitivity analysis relating to its exposure to interest rate risk at balance date. This sensitivity analysis demonstrates the effect on the current year results and equity which could result from a change in these risks.

### Interest Rate Sensitivity Analysis

At 30 June 2009, the effect on profit and equity as a result of changes in the interest rate, with all other variables remaining constant would be as follows:

|                                   | <b>Economic Entity</b> |             | <b>Parent Entity</b> |             |
|-----------------------------------|------------------------|-------------|----------------------|-------------|
|                                   | <b>2009</b>            | <b>2008</b> | <b>2009</b>          | <b>2008</b> |
|                                   | <b>\$</b>              | <b>\$</b>   | <b>\$</b>            | <b>\$</b>   |
| Change in profit                  |                        |             |                      |             |
| – Increase in interest rate by 2% | (65,486)               | (50,056)    | -                    | -           |
| – Decrease in interest rate by 2% | 65,486                 | 50,056      | -                    | -           |
| Change in Equity                  |                        |             |                      |             |
| – Increase in interest rate by 2% | (65,486)               | (50,056)    | -                    | -           |
| – Decrease in interest rate by 2% | 65,486                 | 50,056      | -                    | -           |

## NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30th June 2009

### Note 27: Related Party Transactions

Transactions between related parties are on normal commercial terms and conditions no more favourable than those available to other parties unless otherwise stated.

#### (a) Controlled Entities

F.F.I. Holdings Ltd provides factory and office space, and management services to its controlled entities.

The total of these transactions for the year were as follows;

|                                | 2009    | 2008    |
|--------------------------------|---------|---------|
| Traditional Smallgoods Pty Ltd | 87,000  | 87,000  |
| Fresh Food Industries Pty Ltd  | 460,000 | 306,000 |

#### (b) Share transactions of directors

Directors and their related entities held directly, indirectly or beneficially as at the reporting date the following equity interests in the chief entity.

|                                       | 2009      | 2008      |
|---------------------------------------|-----------|-----------|
| R G Moonen                            | 1,850,011 | 1,712,740 |
| G W Nicholson                         | 648,256   | 635,698   |
| CDJ Langdon                           | 180,000   | 180,000   |
| R W Warr (retired 17th November 2008) | 451,023   | 454,678   |

#### (c) Transactions of group companies with companies related to a director.

During the year Fresh Food Industries Pty Ltd, a subsidiary of the parent entity (F.F.I. Holdings Ltd), purchased goods and services from and sold goods to the companies detailed below which are related to Mr Christopher DJ Langdon, a director of the parent entity (F.F.I. Holdings Ltd). All such transactions were made on normal commercial terms and conditions no more favourable than those available to other parties unless otherwise stated. Details of all such transactions are as follows;

|                                                                                                                          | 2009    | 2008    |
|--------------------------------------------------------------------------------------------------------------------------|---------|---------|
| Purchase of goods from HJ Langdon and Co. Pty Ltd, a company related to Mr CDJ Langdon                                   | 163,834 | 134,777 |
| Sale of goods to Bakery Craft Pty Ltd, a subsidiary of Talmalmo Investments Pty Ltd, a company related to Mr CDJ Langdon | 24,530  | 15,784  |
| Sale of goods to HJ Langdon and Co. Pty Ltd, a company related to Mr CDJ Langdon                                         | 4,817   | -       |
| Purchase of plant and equipment from HJ Langdon and Co. Pty Ltd, a company related to Mr CDJ Langdon                     | -       | 75,000  |
| Rent paid for office space to 525 Mt Derrimut Road Unit Trust, a trust associated with Mr CDJ Langdon                    | 3,039   | 9,194   |

### Note 28: Contingent Liabilities and Contingent Assets

The Company is not aware of any significant contingent liabilities or contingent assets as at reporting date.

## NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30th June 2009

### Note 29: New Accounting Standards for Application in Future Periods

The AASB has issued new, revised and amended standards and interpretations that have mandatory application dates for future reporting periods. The Group has decided against early adoption of these standards. A discussion of those future requirements and their impact on the Group follows:

- AASB 3: Business Combinations, AASB 127: Consolidated and Separate Financial Statements, AASB 2008-3: Amendments to Australian Accounting Standards arising from AASB 3 and AASB 127 [AASBs 1,2,4,5,7,101,107, 112, 114, 116, 121, 128, 131, 132, 133, 134, 136, 137, 138 & 139 and Interpretations 9 & 107] (applicable for annual reporting periods commencing from 1 July 2009) and AASB 2008-7: Amendments to Australian Accounting Standards – Cost of an Investment in a Subsidiary, Jointly Controlled Entity or Associate [AASB 1, AASB 118, AASB 121, AASB 127 & AASB 136] (applicable for annual reporting periods commencing from 1 January 2009). These standards are applicable prospectively and so will only affect relevant transactions and consolidations occurring from the date of application. In this regard, its impact on the Group will be unable to be determined. The following changes to accounting requirements are included:
  - acquisition costs incurred in a business combination will no longer be recognised in goodwill but will be expensed unless the cost relates to issuing debt or equity securities;
  - contingent consideration will be measured at fair value at the acquisition date and may only be provisionally accounted for during a period of 12 months after acquisition;
  - a gain or loss of control will require the previous ownership interests to be remeasured to their fair value;
  - there shall be no gain or loss from transactions affecting a parent's ownership interest of a subsidiary with all transactions required to be accounted for through equity (this will not represent a change to the Group's policy);
  - dividends declared out of pre-acquisition profits will not be deducted from the cost of an investment but will be recognised as income;
  - impairment of investments in subsidiaries, joint ventures and associates shall be considered when a dividend is paid by the respective investee; and
  - where there is, in substance, no change to Group interests, parent entities inserted above existing groups shall measure the cost of its investments at the carrying amount of its share of the equity items shown in the balance sheet of the original parent at the date of reorganisation.

The Group will need to determine whether to maintain its present accounting policy of calculating goodwill acquired based on the parent entity's share of net assets acquired or change its policy so goodwill recognised also reflects that of the non-controlling interest.

- AASB 8: Operating Segments and AASB 2007-3: Amendments to Australian Accounting Standards arising from AASB 8 [AASB 5, AASB 6, AASB 102, AASB 107, AASB 119, AASB 127, AASB 134, AASB 136, AASB 1023 & AASB 1038] (applicable for annual reporting periods commencing from 1 January 2009). AASB 8 replaces AASB 114 and requires identification of operating segments on the basis of internal reports that are regularly reviewed by the Group's Board for the purposes of decision making. While the impact of this standard cannot be assessed at this stage, there is the potential for more segments to be identified. Given the lower economic levels at which segments may be defined, and the fact that cash generating units cannot be bigger than operating segments, impairment calculations may be affected. Management does not presently believe impairment will result however.
- AASB 101: Presentation of Financial Statements, AASB 2007-8: Amendments to Australian Accounting Standards arising from AASB 101, and AASB 2007-10: Further Amendments to Australian Accounting Standards arising from AASB 101 (all applicable to annual reporting periods commencing from 1 January 2009). The revised AASB 101 and amendments supersede the previous AASB 101 and redefines the composition of financial statements including the inclusion of a statement of comprehensive income. There will be no measurement or recognition impact on the Group. If an entity has made a prior period adjustment or reclassification, a third balance sheet as at the beginning of the comparative period will be required.

## NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30th June 2009

- AASB 123: Borrowing Costs and AASB 2007-6: Amendments to Australian Accounting Standards arising from AASB 123 [AASB 1, AASB 101, AASB 107, AASB 111, AASB 116 & AASB 138 and Interpretations 1 & 12] (applicable for annual reporting periods commencing from 1 January 2009). The revised AASB 123 has removed the option to expense all borrowing costs and will therefore require the capitalisation of all borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset. Management has determined that there will be no effect on the Group as a policy of capitalising qualifying borrowing costs has been maintained by the Group.
- AASB 2008-1: Amendments to Australian Accounting Standard – Share-based Payments: Vesting Conditions and Cancellations [AASB 2] (applicable for annual reporting periods commencing from 1 January 2009). This amendment to AASB 2 clarifies that vesting conditions consist of service and performance conditions only. Other elements of a share-based payment transaction should therefore be considered for the purposes of determining fair value. Cancellations are also required to be treated in the same manner whether cancelled by the entity or by another party.
- AASB 2008-2: Amendments to Australian Accounting Standards – Puttable Financial Instruments and Obligations Arising on Liquidation [AASB 7, AASB 101, AASB 132 & AASB 139 & Interpretation 2] (applicable for annual reporting periods commencing from 1 January 2009). These amendments introduce an exception to the definition of a financial liability to classify as equity instruments certain puttable financial instruments and certain other financial instruments that impose an obligation to deliver a pro-rata share of net assets only upon liquidation.
- AASB 2008-5: Amendments to Australian Accounting Standards arising from the Annual Improvements Project (July 2008) (AASB 2008-5) and AASB 2008-6: Further Amendments to Australian Accounting Standards arising from the Annual Improvements Project (July 2008) (AASB 2008-6) detail numerous non-urgent but necessary changes to accounting standards arising from the IASB's annual improvements project. No changes are expected to materially affect the Group.
- AASB 2008-8: Amendments to Australian Accounting Standards – Eligible Hedged Items [AASB 139] (applicable for annual reporting periods commencing from 1 July 2009). This amendment clarifies how the principles that determine whether a hedged risk or portion of cash flows is eligible for designation as a hedged item should be applied in particular situations and is not expected to materially affect the Group.
- AASB 2008-13: Amendments to Australian Accounting Standards arising from AASB Interpretation 17 – Distributions of Non-cash Assets to Owners [AASB 5 & AASB 110] (applicable for annual reporting periods commencing from 1 July 2009). This amendment requires that non-current assets held for distribution to owners to be measured at the lower of carrying value and fair value less costs to distribute.
- AASB Interpretation 15: Agreements for the Construction of Real Estate (applicable for annual reporting periods commencing from 1 January 2009). Under the interpretation, agreements for the construction of real estate shall be accounted for in accordance with AASB 111 where the agreement meets the definition of 'construction contract' per AASB 111 and when the significant risks and rewards of ownership of the work in progress transfer to the buyer continuously as construction progresses. Where the recognition requirements in relation to construction are satisfied but the agreement does not meet the definition of 'construction contract', revenue is to be accounted for in accordance with AASB 118. Management does not believe that this will represent a change of policy to the Group.
- AASB Interpretation 16: Hedges of a Net Investment in a Foreign Operation (applicable for annual reporting periods commencing from 1 October 2008). Interpretation 16 applies to entities that hedge foreign currency risk arising from net investments in foreign operations and that want to adopt hedge accounting. The interpretation provides clarifying guidance on several issues in accounting for the hedge of a net investment in a foreign operation and is not expected to impact the Group.
- AASB Interpretation 17: Distributions of Non-cash Assets to Owners (applicable for annual reporting periods commencing from 1 July 2009). This guidance applies prospectively only and clarifies that non-cash dividends payable should be measured at the fair value of the net assets to be distributed where the difference between the fair value and carrying value of the assets is recognised in profit or loss.

### Note 30: Company Details

The registered office of the company is:-  
17 - 23 Knock Place, Jandakot, Western Australia 6164.

The principal places of business are:-  
F.F.I. Holdings Limited and Group Companies at  
17 - 23 Knock Place Jandakot Western Australia 6164.

## DIRECTORS' DECLARATION

The directors of the company declare that:

1. the financial statements and notes, as set out on pages 11 to 45, are in accordance with the Corporations Act 2001 and:
  - (a) comply with Accounting Standards; and
  - (b) give a true and fair view of the financial position as at 30 June 2009 and of the performance for the year ended on that date of the company and economic entity;
2. the Chief Executive Officer and Chief Finance Officer have each declared that:
  - (a) the financial records of the company for the financial year have been properly maintained in accordance with section 286 of the Corporations Act 2001;
  - (b) the financial statements and notes for the financial year comply with the Accounting Standards; and
  - (c) the financial statements and notes for the financial year give a true and fair view.
3. in the directors' opinion there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Board of Directors.

R G Moonen

G W Nicholson

Dated this 25th day of September 2009

To The Board of Directors

**Auditor's Independence Declaration under Section 307C of the Corporations Act 2001**

This declaration is made in connection with our audit of the financial report of F.F.I Holdings Limited and Controlled Entities for the year ended 30 June 2009 and in accordance with the provisions of the Corporations Act 2001.

We declare that, to the best of our knowledge and belief, there have been:

- no contraventions of the auditor independence requirements of the Corporations Act 2001 in relation to the audit;
- no contraventions of the Code of Professional Conduct of the Institute of Chartered Accountants in Australia in relation to the audit.

Yours faithfully

**BENTLEYS**  
Chartered Accountants

### Directors Responsibility for the Financial Report

The directors of the company are responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Act 2001. This responsibility includes establishing and maintaining internal control relevant to the preparation and fair presentation of the financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances. In Note 1, the directors also state, in accordance with Accounting Standards AASB 101: Presentation of Financial Statements, that compliance with the Australian equivalents to International Financial Reporting Standards (IFRS) ensures that the financial report, comprising the financial statements and notes, complies with IFRS.

### Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Independence

In conducting our audit, we followed applicable independence requirements of Australian professional ethical pronouncements and the Corporations Act 2001.

**Auditor's Opinion**

In our opinion:

- a. The financial report of FFI Holdings Limited and FFI Holdings Limited and Controlled Entities (the consolidated entity), is in accordance with the Corporations Act 2001, including:
  - i. giving a true and fair view of the company's and consolidated entity's financial position as at 30 June 2009 and of its performance for the year ended on that date; and
  - ii. complying with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Regulations 2001; and
- b. The financial report also complies with International Financial Reporting Standards as disclosed in Note 1

**Report on the Remuneration Report**

We have audited the Remuneration Report included within the report of the directors for the year ended 30 June 2009. The directors of the company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the Corporations Act 2001. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.

**Auditor's Opinion**

In our opinion the Remuneration Report of FFI Holdings Limited for the year ended 30 June 2009, complies with section 300A of the Corporations Act 2001.
