Felix snapshot

Leading procurement management and Vendor Marketplace platform

- Established procurement platform linking Contractors and Vendors, digitising and automating complex supply chains
- Trusted by Tier 1 Contractors to manage risk, increase productivity and minimise spend leakage across the procurement cycle
- Rapidly growing Vendor Marketplace for Contractors and Vendors to find, manage and engage each other, accelerated by network effects as Felix scales
- Strategic partnership with InEight, a global leader in construction management technology, providing capital-light entry into targeted international markets
- Structural tailwinds including government infrastructure spending, tightening legislative & compliance environment and ESG requirements supports long-term growth

Construction industry is ripe for disruption

Felix is capitalising on a significant digital disruption opportunity across the construction industry

Supply chain complexity and compliance

- Significant reliance by Contractors on third-party Vendors
- Current systems increasingly inadequate for managing complex projects
- Compliance burden and sustainability targets increasing administrative requirements

Transparency and oversight

- Lack of visibility over previous Vendor interactions, risk profile and performance history
- Limited audit capability increasing exposure to compliance risk and disputes

Siloed critical information

- Lack of access to aggregated project data or centralised documentation
- Information siloed within business units and limited abilities to share information throughout organisations

Manual processes

- Paper-based workflows and excel processes are time consuming and prone to error
- No efficient way to prequalify Vendors and compare like-for-like quotes
- Inaccurate, out of date or incomplete compliance and insurance documents creating significant risks for Contractors

Innovative platform connecting Contractors and Vendors

Felix connects Contractors and Vendors, digitising and automating critical procurement processes

Contractors

(e.g. CIMIC) engage a supply chain of third-party Vendors to deliver capital projects

Vendors

(e.g. Boral) are contracted to deliver specific works or supply materials

Subcontractors

Suppliers

Consultants

Integration

Felix seamlessly integrates with other business applications

ERP
Platforms

Document
Management

Compliance
Tools

Established platform connecting industry players

Contractor modules

Vendor Management

Seamlessly manages all tiers of Contractors’ supply chain of third party Vendors

Sourcing

Enables project teams to manage sourcing activities with centralised documentation

Procurement Schedule

Streamlines planning, execution and auditing of sourcing activities providing Contractors accurate visibility and control over procurement activities

Contracts

Stores all contracts and contract summaries in a centralised, secure and easily searchable repository

Core Focus

Licence fee based on number of modules, user accounts and Vendors

Felix enables Contractors and Vendors to efficiently find, manage and engage each other

Vendor modules

Vendor Marketplace

Enables Contractors to discover new Vendors outside of their existing supply chain

Vendor Wallet & Passport

Streamlines and validates the prequalification process for Vendors

Planned development

Freemium model for Vendors

Highly strategic leading Contractors

Tier 1 and leading Contractors trust Felix to automate and digitise high risk procurement supply chains

H1 FY23 highlights

H1 FY23

Standout sales momentum and record number of expansion deals signed

\$4.9^m

Group ARR
+16% on H1 FY22

\$3.2^m

Contractor Contracted ARR¹
+34% on H1 FY22

\$255^k

Contractor MRR²
+49% on Jun-22

43

Tier 1 and leading Contractors
+8% on FY22

5

New Contractors signed
in H1 FY23

8

Expansion deals signed
in H1 FY23

79.3^k

Vendors in the Marketplace
+34% on H1 FY22

\$5.6^m

In cash and cash equivalents as at 31
December 2022

¹ Contracted Contractor ARR is the sum of contracted annualised recurring revenue for all Felix Contractor customers, which includes contracts yet to be implemented
² Contractor MRR represents the monthly recurring revenue as at December 2022

Group ARR

Focused on driving Contractor ARR as priority:

- ✔ Contractor license fees represent high margin opportunity relative to current Vendor ARR
- ✔ High strategic value placed on Contractors given onboarding of their respective third-party Vendors at no acquisition cost to Felix
- ✔ High Contractor net revenue retention of 98.8% highlights stickiness, Felix’s attractive proposition and module expansion opportunities
- ✔ Contractor uptake facilitates Felix to be deeply embedded in mission critical procurement processes, driving long-term engagement
- ✔ Adoption by new Contractors reinforces and accelerates network effect, attracting more Vendors to the marketplace to bid for opportunitites

Contractor-led strategy significantly enhances the strategic and financial value of the Vendor Marketplace ahead of transition to new Vendor monetisation model

Group ARR breakdown

Monthly recurring revenue momentum

Contractor MRR growth providing further platform validation

Contractor MRR¹ (\$'000)

6.1% CMGR² (Jun-19 to Dec-22)

¹Contractor MRR represents the monthly recurring revenue as at month-end
²Compound monthly growth rate

Platform engagement metrics

Engagement across key platform metrics reflects Felix becoming entrenched in Contractor operations

Rapid penetration of platform across Contractor projects

Reflects growing usage of Vendor Management module, providing significant opportunity to automate document workflows

Demonstrates growing use by Contractors to source quotes from Vendors, incentivising Vendors to join the Marketplace to access new projects

Driven by expanding usage across Contractors internal workstreams and new Contractors

Summary H1 FY23 financials

	H1 FY23 (\$000)	H1 FY22 (\$000)	Change (%)
REVENUE			
1 Contractor revenue	1,453	920	58%
2 Vendor revenue	920	948	(3%)
Other income	96	70	38%
TOTAL REVENUE	2,469	1,937	27%
OPERATING EXPENSES			
Employee benefits	(3,776)	(3,364)	(12%)
3 Advertising and marketing	(100)	(137)	27%
4 Share based payments	(88)	(454)	81%
5 Other operating expenses	(1,671)	(1,263)	(32%)
TOTAL OPERATING EXPENSES	(5,635)	(5,217)	(8%)
6 EBITDA	(3,166)	(3,280)	3%
Depreciation & amortisation	(146)	(390)	62%
Finance costs	(6)	(5)	(39%)
LOSS BEFORE INCOME TAX	(3,319)	(3,675)	10%

- 1 Strong growth in Contractor revenue driven by five new contract wins and a record eight expansion deals signed during H1 FY23. Note this figure excludes the BMD Group and Laing O’Rourke enterprise contracts signed subsequent to period end, which will contribute \$154k and \$249k in Contractor ARR respectively
- 2 Small decline in Vendor revenue in line with deliberate strategic shift towards scaling Contractor revenue
- 3 Focus on advertising and marketing efficiencies throughout H1 FY23 in line with financial discipline and cost optimisation objectives
- 4 Reduction in share-based payments largely driven by no payments associated with employee salary sacrifice options due in H1 FY23
- 5 Other operating costs include increased subscription costs driven by data hosting expenses, increased project costs associated with configuring new customers, partially offset by a reduction in professional fees
- 6 Slight improvement in EBITDA despite challenging business environment, with this expected to improve in H2 FY23 in line with FY23 budget, implementation of new contracts signed in early H2 FY23 and a robust pipeline

Growth Strategy

- Large Contractor pipeline and expansion into adjacent sectors
- Capitalise on expansion opportunities within existing customers
- Focus on targeted international expansion
- Unlock the value of Felix's Vendor Marketplace
- Strategic platform development

● Large Contractor Pipeline

Growth potential underpinned by validated platform and significant Contractor pipeline, further supported by InEight partnership

Conversion approach and focus:

- Build on strong sales and expansion momentum from H1 FY23 to continue driving adoption of Felix in both target and adjacent sectors
- Execute on active joint-bid opportunities with InEight for major blue-chip Contractors, who operate in Felix's target international markets
- Leverage recent Tier 1 contract wins to highlight value of Felix's platform to other Contractors working on significant infrastructure projects such as the North East Link project

¹ H1 FY23 does not include BMD Group contract win which was won subsequent to period end

² Number of advanced and qualified prospective Contractors as at 25/2/2023

³ Based on management estimates

● Penetration of new high value sectors

➤ Continued focus on and traction across initial target sectors

Government & Infrastructure

December 2022

Engineering & Construction

January 2023

Energy & Utilities

November 2021

Diversified Real Estate

January 2022

Commercial Construction

June 2022

Resources, Oil & Gas

December 2022

Strong track-record in existing high value sectors, supported by industry tailwinds, fueling growth opportunity

➤ Cornerstone customer wins and early traction in adjacent sectors highlight broad applicability of Felix

● Land and expand opportunity

Compelling module suite unlocks further high margin / low CAC revenue opportunity within existing customers

○

Land

Expand

Scale

Single module, project or small number of user accounts

Multiple projects, additional models, expanded user accounts or new regions

Enterprise agreement, licensing all relevant modules across multiple teams and regions

~50%

Of existing customers licence 2 of Felix’s 4 modules

Potential expansion revenue opportunity across all existing customers¹

¹ Management estimates including potential opportunities to move upstream into parent entities of existing customers.

● International expansion

Opportunity in target international markets

- Near-term focus on growing ANZ Contractor base, while partnering in key international markets to expand Felix's global market opportunity
- Flexible platform and common Contractor processes across regions makes Felix easily deployable to international markets
- Referral opportunities being explored from existing Australasian customers introducing Felix to offshore markets through international projects – compounding Vendor Marketplace engagement as well

InEight partnership

- Enables capital-light expansion into international markets, with an initial focus on North America and Europe, leveraging InEight's sales force, relationships and established infrastructure
- Commercial framework for go-to-market strategy with InEight agreed, with active discussions ongoing with joint-bid Contractor prospects
- Completed first native integration with InEight, ensuring thousands of documents exchanged throughout the procurement phase remain synchronised and controlled across both platforms

Platform internationalisation

- Development of integrations with InEight and Felix platform updates to further expand international opportunity

For further details see ASX releases, InEight International Strategic Partnership, 8 February 2022 and Capital raising investor presentation, 4 May 2022

Targeted and capital-light expansion strategy

● Vendor Marketplace monetisation

- Contractor-led strategy is accelerating the scale of the Vendor Marketplace as new Contractors mandate usage of Felix and onboard their entire third-party supply chains of Vendors onto the platform
- Each new Contractor effectively builds the Vendor Marketplace at no direct acquisition cost to Felix
- Staged approach to growth focuses on enhancing the scale and value of the Vendor Marketplace ahead of monetisation in the medium-term:
 - 🔄 Increase the number of Contractors on the platform to grow the number of Vendors and request for quotes submitted by Contractors on the platform
 - 🔄 Develop new functionality for Vendors including AI-powered Vendor compliance document automation to significantly streamline qualification process for projects
 - Release new modules to significantly enhance the value proposition and drive Vendor conversion and retention
 - Transition to new subscription revenue model, once Marketplace has reached sufficient scale

Long-term growth underpinned by significant opportunity to unlock the value of the Vendor Marketplace

Vendors in the Vendor Marketplace

● Strategic platform development

Investment to expand markets, unlock the value of the InEight partnership and enhance platform value

Current Focus

- 🕒 Architecture updates to facilitate local hosting in new regions to support Felix's growing number of existing Contractors with international operations
- 🕒 Data compliance certifications for US and Europe
- 🕒 Development of AI-powered document information extraction and validation to provide significant operational and strategic benefits for Vendors and Contractors

12 months

- Integrated ecosystem including an expanded InEight Connected Solution along with fraud detection and risk monitoring partnerships
- Core module enhancements to that provide expanded supply chain coverage and increased capability of Sourcing module
- Ongoing security investment for Vendors and Contractors

12 months +

- Vendor modules, including Compliance Passport with a long-term view towards significant Vendor monetisation opportunity
- Project compliance benchmarking and reporting functionality
- Additional partner integrations for an expanded integration ecosystem
- Expanded Contract Management capability

Outlook

2023 Priorities

Scale Contractor revenue

Focus on near-term high value Contractor opportunities in the pipeline and leverage existing customer relationships to expand accounts

Secure first international customer

Deliver first Contractor win in targeted international markets

Unlock value of InEight partnership

Convert ~3 significant opportunities through InEight partnership and expand new Contractor prospects leveraging joint go-to-market strategy

Execute on planned platform development

Investment to expand markets, unlock the value of the InEight partnership and enhance platform value

Focus on capital efficiency

Execute on FY23 budget focused on prioritised strategic investments, optimised costs and progress towards cash flow break even

Compliance

Increasing legislative requirements, like the Modern Slavery Act 2019, and supply chain complexity create significant risk for Contractors

ESG & CSR

Contractors are pursuing initiatives to improve ESG performance including sustainable materials sourcing, raising female participation and supporting Indigenous engagement requiring firms to source and engage appropriate Vendors

Digitisation

Errors, delays, disputes and rework – caused by ineffective supply chain management – have significant impacts on overall project costs, loss of reputation and penalties driving Contractors to adopt technology to ensure accurate, real-time and comprehensive data flows.

Infrastructure spending

Government initiatives to stimulate economies post-COVID-19 include prioritised spending on a range of infrastructure-led construction projects. For example, the Australian Government’s A\$110bn land transport infrastructure program¹.

Research Coverage

CCZ Equities

Board and Management

Michael Bushby
Chairman

- 30 years’ experience in Government including former Chief Executive of Roads & Traffic Authority in NSW
- Senior experience in the transport infrastructure sector
- Previous Chairman of transport technology company EROAD Ltd (NZX:ERD) and Board member and President of Roads Australia

Joycelyn Morton
Non-Executive Director

- Extensive corporate experience in Australia and internationally across a variety of industries
- Currently serves as a non-executive director of Argo Global Listed Infrastructure (ASX:ALI), Argo Investments (ASX:ARG), and Beach Energy (ASX:BPT).

Michael Trusler
Non-Executive Director & Co-Founder

- Co-Founder of Felix
- Over 5 years’ of experience as a civil engineer with MCG Group, Leighton and Inten Constructions
- Holds a Bachelors’ degree in Engineering

Mike Davis
CEO, Managing Director & Co-Founder

- Co-Founder of Felix
- Over 15 years’ experience in running technology companies, including founding and leading global e-commerce business Canvas & Canvas

Rob Phillpot
Non-Executive Director

- Global Construction Tech leader with over 20 years' experience
- Co-founded global leading collaboration platform Aconex (ASX:ACX), which was acquired by Oracle in the largest tech acquisition in Australian history at the time

James Frayne
Chief Financial Officer

- Former Senior Accountant at Grant Thornton in the privately held business and taxation divisions
- Holds a Bachelor’s Degree in Business and an MBA from QUT
- Member of the Institute of Chartered Accountants Australia and New Zealand

George Rolleston
Non-Executive Director

- Over 15 years’ transactional and advisory experience across a range of industries
- Sits on a number of boards in industries ranging from tourism, finance, software and medical technology, including MHM Automation Ltd (NZX:MHM)

Steve O'Keeffe
Chief Technical Officer

- 15 years’ experience working with enterprise software systems in mining, construction and services sectors
- Extensive experience in the configuration and implementation of third-party ERP software platforms, before moving to roles overseeing development and commercialisation of software
