FLEXIROAM X PENETRATES MORE INTERNATIONAL AIRPORTS IN EUROPE, NORTH AMERICA AND SOUTH AMERICA

Flexiroam Limited is pleased to announce that its wholly owned subsidiary, Flexiroam Asia Limited ('Flexiroam') has signed a partnership agreement with Exactta Communications ('Exactta'), a pioneer in the prepaid telecommunications industry. Exactta specialises in providing customers with telephone and internet connections globally by distributing the latest telecommunications technology available in the market.

Flexiroam X will be distributed in 4 high traffic international airports, namely the Leonardo da Vinci–Fiumicino Airport in Italy, the Adolfo Suárez Madrid–Barajas Airport in Spain, the Miami International Airport in the United States as well as the Rio de Janeiro–Galeão International Airport in Brazil.

The availability of Flexiroam X in these airports provides a strong international presence and market access to as many as 128 million passengers that are international flyers travelling through these airports yearly. Exactta is committed to distributing 50,000 units of Flexiroam X in this year-long partnership.

To date, Flexiroam has formed strategic distribution partnerships with over 80 prominent travel and telecommunications industry players in more than 24 countries. Flexiroam X is now easily accessible in various international airports and physical stores in the United States, Pakistan, Dubai, Italy, Spain, Malaysia and Brazil. This widespread geographic coverage will assist Flexiroam in its push to become a household name in the international data roaming industry.

"This partnership allows us to connect the customers in our airport stores to international data roaming that is affordable and convenient. We pride ourselves on delivering the latest technology and the most competitive rates and Flexiroam fits the bill for us," said Juan Jose Pino, President of Exactta Communications.

Jef Ong, the Managing Director of Flexiroam, added "Our partnership with Exactta is highly strategic as it increases Flexiroam's visibility in Rome, Madrid, Miami and Rio, placing us in some of the busiest airports around. This partnership is in line with our goal to dominate in the \$496 billion leisure traveller industry by providing the best roaming solution. The boost in visibility to the travellers in these airports will potentially drive sales up, helping Flexiroam to evolve into the principal international data roaming SIM in the market."
