

ASX Release – Stormont Joint Venture Approval

BCD Resources NL (ASX: BCD) is pleased to announce that it has now received formal approval from Kentish Council and the Environmental Protection Authority of Tasmania (EPA Tasmania) for its 50% Joint Venture with Torque Mining Ltd and Frontier Resources Ltd (ASX: FNT) to develop the open cut Stormont gold deposit in northern Tasmania. BCD is the manager of the Joint Venture.

This project will produce approximately 12,100 ounces of gold which will be processed at BCD's processing facility at Beaconsfield. Project activities will commence immediately, with the processing of ore expected to commence in early November

For further information, please contact BCD on (03)6383 6500 or by email info@bcdresources.com.au.
