

ASX Announcement

4 May 2023

Placement to Advance Drummond Basin Exploration

- **Well supported Placement has raised \$1.5 million (before costs) priced at \$0.027 per share, underpinned by cornerstone investment from Colins Street Asset Management (CSAM).**
- **Strong endorsement of the upcoming exploration programs at GBM's 100% owned Drummond Basin Gold projects.**

The Directors of GBM Resources Limited (ASX:GBZ) ("**GBM**" or the "**Company**") are pleased to announce the Company has received firm commitments for a placement to raise approximately \$1.5 million (before costs), priced at \$0.027 per share (the "**Placement**").

Commenting on the Placement, GBM Managing Director Peter Rohner said:

"The Placement will allow us to continue to advance exploration at Twin Hills on the compelling targets we recently outlined to the market in our announcement on 28 April 2023".

Commenting on the Placement, CSAM co-founder and chief investment officer Vas Piperoglou said: "We are proud to continue to support GBM, by participating in/leading this placement via our new high conviction global gold and precious metals fund (Collins St Special Situation Fund No.2) . Our team remains extremely excited to help GBM add and grow shareholder wealth via continued value add initiatives."

The Company has received firm commitments from sophisticated, professional, and experienced investors for approximately 55.6 million shares at \$0.027 a share. Upon completion, the Placement will raise a total of approximately \$1.5 million (before costs) and the Company will be well funded to accelerate exploration activities.

The funds raised will primarily be used to advance exploration at GBM's extensive 100% owned Drummond Basin Gold Project and to provide working capital.

In addition, GBM shareholders have significant leverage to multiple, well-funded, partner exploration programs via farm-in agreements with Newcrest and JX Nippon at Mt Coolon and the Cloncurry Project.

Placement

The Placement to unrelated parties will be completed pursuant to the Company's placement capacity under ASX Listing Rule 7.1A (51,881,485 ordinary fully paid shares).

In addition to the Placement, Directors of GBM have made commitments to subscribe for \$100,000 (3,703,704 new shares) at an issue price of \$0.027 (the same price as investors in the Placement) ("**Director Placement**"). The Director Placement is subject to shareholder approval, which is intended to be sought at a General Meeting to be held in June 2023.

Henslow Pty Ltd acted as Lead Manager to the Placement.

An Appendix 3B reflecting the new shares to be issued follows this announcement.

About GBM Resources

GBM Resources Limited (ASX: GBZ) is a well-funded Queensland based mineral exploration and development company focused on the discovery of world-class gold and copper deposits in Eastern Australia. The company has a high calibre project portfolio, hosting district scale mineral systems, located in several premier metallogenic terrains.

GBM's flagship project in the Drummond Basin (QLD) holds ~1.84 Moz of gold in JORC resources (Mt Coolon, Yandan and Twin Hills). Some tenements in the Basin have recently become the subject of a A\$25m farm-in with Newcrest.

Separately GBM also holds tenements in the Mt Morgan district, in the Mt Isa Inlier in Queensland (JV with Nippon Mining Australia - 55%) and also holds a 100% interest in the White Dam Gold-Copper Project in South Australia. Divestment of these non-core assets is in progress.

Competent Person Statement

The Company confirms that it is not aware of any new information or data that materially affects the information in the original reports, and that the form and context in which the Competent Person's findings are presented have not been materially modified from the original reports.

Where the Company refers to the exploration results and Mineral Resources in this report (referencing previous releases made to the ASX), it confirms that it is not aware of any new information or data that materially affects the information included in that announcement and all material assumptions and technical parameters underpinning the Mineral Resource estimates with that announcement continue to apply and have not materially changed.
