

Golden Cross Resources Ltd

General Meeting

30 March 2006

Kim Stanton-Cook

Managing Director

DISCLAIMER

This material contains certain forecasts and forward-looking information about possible or assumed future performance, exploration results, resources or potential growth of Golden Cross Resources Ltd, industry growth or other trend projections.

Such forecasts and information are not a guarantee of future performance and involve unknown risks and uncertainties, as well as other factors, many of which is beyond control of Golden Cross Resources Ltd.

Actual results and developments may differ materially from those expressed or implied by these forward-looking statements, depending on a variety of factors.

Nothing in this material should be construed as either an offer to sell or a solicitation of an offer to buy or sell securities.

GCR Today

- *GCR is a minerals explorer focusing on its 100%-owned Copper Hill porphyry-related copper gold deposit*
- *356 million shares issued*
- *Market Capitalisation \$30 million*
- *Cash Position \$3.9 million*
- *108 million options ex-5 cents by 30 September 2006 could raise an additional \$5.4 million*

Copper Hill

Summary ...

COPPER HILL

- *A large copper-gold porphyry system*
- *Areal dimensions comparable to Cadia Hill*
- *Potential to host multi-million ounce gold resource with plus 1 million tonnes of copper metal*
- *Copper Hill area not drilled out - new zones of higher grade mineralisation still being found by GCR*
- *Outlying RAB/RC anomalies yet to be drilled
Copper Hill North, Shades Road and Larras Lee*

Future

- Resource Estimate
- Scoping Studies
- Metallurgy
- Move to Feasibility Study
