Golden Dragon Mining Limited
Directors' report
31 December 2025

The directors present their report, together with the financial statements, on the consolidated entity (referred to hereafter as the 'consolidated entity') consisting of Golden Dragon Mining Limited (referred to hereafter as the 'company' or 'parent entity') and the entities it controlled at the end of, or during, the half-year ended 31 December 2025.

Directors

The following persons were directors of Golden Dragon Mining Limited during the whole of the financial half-year and up to the date of this report, unless otherwise stated:

Francesco Cannavo
Zhi Zheng
Simon Buswell-Smith
Rhod Grivas (appointed 31 July 2025)

Principal activities

During the half-year the principal continuing activities of the consolidated entity consisted of:

- Pursuing exploration activities in Australia; and
- Completion of the company's listing on the Australian Securities Exchange.

Review of operations

The loss for the consolidated entity after providing for income tax amounted to \$412,648 (31 December 2024: \$393,501).

Refer to separate Review of Operations that directly follows this Directors' Report.

Significant changes in the state of affairs

On 1 July 2025, the company issued a total 3,000,000 options over ordinary shares to directors as part of their remuneration which all expire on 30 June 2029. Of these options 1,000,000 have an exercise price of \$0.25, 1,000,000 have an exercise price of \$0.30 and 1,000,000 have an exercise price of \$0.40.

On 3 July 2025, WA Dept of Energy, Mines, Industry Regulation and Safety formally granted exploration licence 20/1071 to Fastfield Pty Ltd.

On 25 July 2025, the company completed the acquisition of tenements M20/455 and M20/327. The consideration was \$50,000 cash payment and 200,000 fully paid ordinary shares.

On 1 September 2025, the company issued 433,333 fully paid ordinary shares raising \$60,000, before costs.

On 27 October 2025, the company was admitted to official list of the Australian Securities Exchange (ASX), raising \$5,000,000 before costs via an initial public offering.

There were no other significant changes in the state of affairs of the consolidated entity during the financial half-year.

Matters subsequent to the end of the financial half-year

No matter or circumstance has arisen since 31 December 2025 that has significantly affected, or may significantly affect the consolidated entity's operations, the results of those operations, or the consolidated entity's state of affairs in future financial years.

Auditor's independence declaration

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out immediately after this directors' report.

Golden Dragon Mining Limited
Directors' report
31 December 2025

This report is made in accordance with a resolution of directors, pursuant to section 306(3)(a) of the Corporations Act 2001.

On behalf of the directors

A handwritten signature in black ink, appearing to be 'F. Cannavo', written in a cursive style.

Francesco Cannavo
Director

13 March 2026

Golden Dragon Mining Limited
Review of operations
31 December 2025

Prior to Golden Dragon's Initial Public Offering (IPO) the Company undertook a series of strategic acquisitions, equity raisings, and corporate initiatives designed to position it for long-term growth. The most significant milestone was the acquisition of the Cue Project, now recognised as the Company's flagship asset and the cornerstone of its future exploration strategy. On 27 October 2025, the company was admitted to official list of the Australian Securities Exchange (ASX), raising \$5,000,000 before costs via an initial public offering.

The Cue project now comprises two exploration licences under application (E20/1072 and 1073), one granted exploration licence (E20/1071) and two granted mining leases (M20/455 and M20/327) over a contiguous area of 612.8 km² (Figure.1).

Figure.1 Cue project tenements

Source: GSWA and Golden Dragon Prospectus

Exploration work to date has confirmed a strong correlation between gold mineralisation and major regional structures, including the Big Bell Anticline, Big Bell Shear Zone (BBSZ), Cuddingwarra Shear, and several north–south trends. Large areas under transported cover remain underexplored, offering significant upside. Golden Dragon completed a desktop review of the targets over the Cue project area. Figure.2 highlights the identified targets superimposed on a recent (2020) TMI image. The review highlighted that the main structures were spatially coincident with the known areas of mineralisation, as illustrated by the maximum gold value over minimum sample interval (1 – 2 m) in the historical drill holes (“Max gold”). Golden Dragon intends to undertake systematic exploration focused along the main structural corridors hosting these targets.

Figure.2 TMI magnetics and major targets in proximity to main structures

Source: GSWA and Golden Dragon Prospectus

Advanced Gold Targets

Golden Dragon has delineated several advanced-stage gold targets within the Cue Project, including Behring Bore, Behring Bore–Coodardy, Behring Bore–Piston, Behring Bore–Curtis Find, Stockyard East, Stockyard West, Big Bell North, and Jeffery Well. Many coincide with historical workings and high-grade drill intercepts.

Figure.3 Cue project regional magnetics, showing advanced targets and significant drill intercepts

Source: GSWA and Golden Dragon Prospectus

- Behring Bore:**
Gold mineralisation extends over ~900 m × 500 m, hosted in altered pyritic dolerite beneath shallow cover, with assays up to **15.0 g/t Au**. Identified as a high-priority camp-scale target by Evolution's 2021 study.
- Coodardy:**
Mineralisation defined over 400 m strike, with intercepts such as **8 m @ 7.3 g/t Au** and **8 m @ 5.8 g/t Au**, open down-dip and down-plunge.
- Piston:**
Broad low-grade gold zones up to **15 m @ 0.9 g/t Au**, warranting further testing.
- Curtis Find:**
High-grade intersections up to **3 m @ 11.2 g/t Au** (incl. 1 m @ 32.3 g/t Au), scheduled for follow-up drilling.
- Stockyard East / West:**
Mineralisation identified over 1.2 km strike with intercepts such as **8 m @ 5.8 g/t Au** and **1 m @ 17.0 g/t Au**, open along strike and at depth.
- Big Bell North:**
Along strike from the Big Bell deposit; diamond drilling intersected **3 m @ 2.28 g/t Au**. Represents a key deep exploration target.

Golden Dragon Mining Limited
Review of operations
31 December 2025

- **Jeffery Well:**
Gold anomalism (>1.0 g/t Au) across 1,000 m × 500 m, with peak intersection **1 m @ 30.2 g/t Au**, remaining open to the north.

Source: Golden Dragon Prospectus

Coodardy

The Company completed its first phase of slimline Reverse Circulation (RC) drilling at Coodardy in December 2025, successfully intersecting multiple high-grade gold zones from shallow depths within the oxide profile. Results confirm continuity of a coherent, flat-lying high-grade system over a 700m north–south strike length and materially increase geological confidence ([High Grade Gold Close to Surface at Coodardy](#)).

Key Results

- 17-hole RC program completed (1,340m)
- High-grade gold intersected in multiple holes within shallow oxide zone
- Standout intersections:
 - 8m @ 7.3 g/t Au from 20m (25CD001) within 24m @ 2.7 g/t Au
 - 4m @ 4.6 g/t Au from 16m (25CD004) within 16m @ 1.7 g/t Au
 - 4m @ 9.7 g/t Au from 24m (25CD011) within 8m @ 5.1 g/t Au
- Mineralisation defined across 700m strike length
- High-grade zone remains open north and south

Figure 4. Drill holes at Coodardy. High-grade intersections and interpreted high-grade gold trend

Source: [High Grade Gold Close to Surface at Coodardy](#).

Mineralisation remains open along strike to the north and south and is interpreted to plunge shallowly north into fresh rock, presenting strong expansion potential.

The Maiden drill program at Coodardy was regarded as highly successful and a follow program of 3600m was approved by the board in February. The intention of the program is to test north and south at Coodardy (24 holes ~1900m). Additionally drill testing the Behring Bore target (18 holes ~1600m) is also to take place.

Drilling started on the 19th of February; drilling has gone better than anticipated with all days over 220m with one day achieving 405m. First batch of 4m composites was sent to the ALS on the 24th of February.

Auditor's independence declaration

As lead auditor for the review of the financial report of Golden Dragon Mining Limited and its controlled entities for the half-year ended 31 December 2025, I declare that, to the best of my knowledge and belief, there have been no contraventions of:

- (a) the auditor independence requirements of the *Corporations Act 2001* in relation to the review; and
- (b) any applicable code of professional conduct in relation to the review.

This declaration is in relation to the Golden Dragon Mining Limited and the entities it controlled during the period.

General information

The financial statements cover Golden Dragon Mining Limited as a consolidated entity consisting of Golden Dragon Mining Limited and the entities it controlled at the end of, or during, the half-year. The financial statements are presented in Australian dollars, which is Golden Dragon Mining Limited's functional and presentation currency.

Golden Dragon Mining Limited is a listed public company limited by shares, incorporated and domiciled in Australia. Its registered office and principal place of business is:

Level 8 333 Collins Street
Melbourne VIC 3000

A description of the nature of the consolidated entity's operations and its principal activities are included in the directors' report, which is not part of the financial statements.

The financial statements were authorised for issue, in accordance with a resolution of directors, on 13 March 2026.

Golden Dragon Mining Limited
Notes to the consolidated financial statements
31 December 2025

Note 1. Material accounting policy information

These general purpose financial statements for the interim half-year reporting period ended 31 December 2025 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2025 and any public announcements made by the company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, except for the policies stated below.

Right-of-use assets

A right-of-use asset is recognised at the commencement date of a lease. The right-of-use asset is measured at cost, which comprises the initial amount of the lease liability, adjusted for, as applicable, any lease payments made at or before the commencement date net of any lease incentives received, any initial direct costs incurred, and, except where included in the cost of inventories, an estimate of costs expected to be incurred for dismantling and removing the underlying asset, and restoring the site or asset.

Right-of-use assets are depreciated on a straight-line basis over the unexpired period of the lease or the estimated useful life of the asset, whichever is the shorter. Where the Consolidated Entity expects to obtain ownership of the leased asset at the end of the lease term, the depreciation is over its estimated useful life. Right-of use assets are subject to impairment or adjusted for any remeasurement of lease liabilities.

Lease liabilities

A lease liability is recognised at the commencement date of a lease. The lease liability is initially recognised at the present value of the lease payments to be made over the term of the lease, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Consolidated Entity's incremental borrowing rate. Lease payments comprise of fixed payments less any lease incentives receivable, variable lease payments that depend on an index or a rate, amounts expected to be paid under residual value guarantees, exercise price of a purchase option when the exercise of the option is reasonably certain to occur, and any anticipated termination penalties. The variable lease payments that do not depend on an index or a rate are expensed in the period in which they are incurred.

The carrying amounts are remeasured if there is a change in the following: (a) future lease payments arising from a change in an index or a rate used; (b) residual guarantee; (c) lease term; and (d) certainty of a purchase option and termination penalties. When a lease liability is remeasured, an adjustment is made to the corresponding right-of use asset, or to profit or loss if the carrying amount of the right-of-use asset is fully written down.

New or amended Accounting Standards and Interpretations adopted

The consolidated entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Note 2. Operating segments

Identification of reportable operating segments

The consolidated entity is organised into one operating segments: being exploration activities in Australia.

Golden Dragon Mining Limited
Directors' declaration
31 December 2025

In the directors' opinion:

- the attached financial statements and notes comply with the Corporations Act 2001, Australian Accounting Standard AASB 134 'Interim Financial Reporting', the Corporations Regulations 2001 and other mandatory professional reporting requirements;
- the attached financial statements and notes give a true and fair view of the consolidated entity's financial position as at 31 December 2025 and of its performance for the financial half-year ended on that date; and
- there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of directors made pursuant to section 303(5)(a) of the Corporations Act 2001.

On behalf of the directors

Francesco Cannavo
Director

Independent Auditor's Review Report to the Members of Golden Dragon Mining Limited

Conclusion

We have reviewed the half-year financial report of Golden Dragon Mining Limited ("the company") and its controlled entities ("the consolidated entity"), which comprises the consolidated statement of financial position as at 31 December 2025, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, including material accounting policy information, and the directors' declaration, for the consolidated entity comprising the company and the entities it controlled at the half-year end or from time to time during the half-year.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the group does not comply with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2025 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Group, would be in the same terms if given to the directors as at the time of this auditor's review report.

Responsibility of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the consolidated entity's financial position as at 31 December 2025 and its performance for the half-

year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
