We see this commitment as fundamental to our Purpose to nurture the greatness in every child to grow, thrive and learn.

Under Listing Rule 4.10.3, G8 Education is required to provide a statement in its annual report disclosing the extent to which it has followed the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations (4th Edition) (**ASX Governance Recommendations**) in the reporting period. G8 Education confirms that it has complied with the ASX Governance Recommendations for the period commencing 1 January 2025 to 31 December 2025.

G8 Education's Corporate Governance Statement, which applies to G8 Education and its subsidiaries (**Group**), is structured with reference to the ASX Governance Recommendations as set out below.

Principle 1 ASX Governance Recommendations

Lay solid foundations for management and oversight

The Board guides and monitors the business and affairs of G8 Education on behalf of the shareholders. The Board is elected by, and is accountable to, the shareholders.

The Board is responsible to the shareholders for the performance of the Group and seeks to balance sometimes competing objectives in the best interests of the Group as a whole.

The Board's role is to ensure that:

- the business objectives of G8 Education are aligned with the expectations of shareholders and its other stakeholders, as appropriate;
- those business objectives are clearly communicated; and
- the operations of G8 Education are being managed in a manner that is focused on those business objectives, while conforming to regulatory and ethical requirements.

The key responsibilities of the Board include:

- demonstrating leadership and oversight of the effective management and control of G8 Education, including the composition, performance and remuneration of Management and ensuring Management is aligned with G8 Education's purpose, vision, values and strategic objectives
- defining G8 Education's purpose, vision and values and setting and reviewing its strategic objectives

- approval and monitoring of key budgets, business plans, financial statements and financial policies

- satisfying itself that the G8 Education's remuneration policies are aligned with G8 Education's purpose, values, strategic objectives and risk appetite

The relationship between the Board and Management is critical to the Group's long-term success. Day-to-day management of the Group's affairs and the implementation of the strategy and policy initiatives are formally delegated by the Board to the Managing Director subject to agreed authority limits and matters expressly reserved to the Board.

All Directors and Management enter into a written agreement upon commencement with G8 Education which sets out the terms of their appointment.

Chair, Managing Director and Company Secretary

The Chair is responsible for leading the Board, ensuring Directors are properly briefed in all matters relevant to their role and responsibilities, facilitating Board discussions and managing the Board's relationship with Management.

In accepting the position, the Chair has acknowledged the significant time commitment that will be required and has confirmed that other positions will not hinder their effective performance in the role of Chair. The Chair is an independent Director.

The Managing Director is responsible for executing Board approved strategy and ensuring day-to-day management and operation of the Group is in accordance with policies and procedures adopted by the Board.

The Company Secretary is accountable directly to the Board through the Chair on all matters relating to the proper functioning of the Board.

Principle 1

Lay solid foundations for management and oversight

Director Appointment and Elections

Except in the case of the Managing Director, a newly appointed Director must stand for election at the next Annual General Meeting following their appointment and must stand for re-election at the third Annual General Meeting following their election. A recommendation that the Board supports an existing Director standing for re-election is not automatic. Potential candidates for the Board, as well as Directors standing for re-election, are assessed considering a number of factors, including but not limited to:

- skills, experience, personal qualities and attributes that will best complement the skill set and characteristics of existing Directors and enhance Board effectiveness
- diversity of Board composition
- the capacity to devote the necessary time and commitment to the role
- potential conflicts of interest and independence

The Notice of Annual General Meeting each year sets out the Board’s assessment of these matters for each Director standing for re-election, as may be relevant. Appropriate checks, including relating to character, experience, criminal record and bankruptcy are also performed before any potential candidate is appointed to the Board, employed as a member of Management or recommended to shareholders as a candidate for election.

Board Performance Assessment

The Board undertakes an annual review of its collective and individual performance and the performance of the Chair and its Committees. In early 2024, a Board-appointed independent consultant completed a detailed external performance review. The Board developed an action plan based on this review and individual performance review discussions were completed with each director. The actions identified in the plan were completed in 2025. An internal Board performance review was further completed in September 2025 utilising board management software (which included external benchmarking). The Board has reviewed the findings of the review and has developed an action plan based on the results of the review and individual performance review discussions completed with each director. The Board is monitoring progress against that plan. In addition to the internal performance review, the Board has reviewed and confirmed its skills matrix during 2025. See Principle 2 for further details.

Management Performance Reviews

The Group has developed a process for annual appraisal of its Management measuring performance, including contribution to the overall success of the business.

The appraisal is designed to measure success in achieving objectives set for the past 12 months and to set objectives for the next 12 months. During the period, the Board conducted a performance review of the Chief Executive Officer in February 2025 and a half yearly review in August 2025. The Chief Executive Officer conducts a performance review in respect of Management employed at the time in December each year, reflecting on performance in the prior year and goals for the coming year.

Diversity, Inclusion & Belonging

Supported by its Diversity, Inclusion & Belonging Policy, G8 Education values diversity and inclusion, recognising the benefits it can bring to the organisation’s ability to achieve its goals. The Board is required to establish measurable objectives for achieving diversity and to annually assess both the objectives and progress in achieving them.

The Diversity, Inclusion & Belonging Policy was most recently updated in January 2026 and can be found at www.g8education.edu.au/investor-information/corporate-governance or by contacting the Registered Office.

Gender Diversity Objectives

In early 2025 the Board set measurable objectives for gender diversity for 2025, which are detailed in the table below:

	To maintain at least equal female to male representation for Non-Executive Directors on the Board.
	To maintain at least equal female to male representation in Management, excluding the Chief Executive Officer.

Principle 1

Lay solid foundations for management and oversight

Gender Diversity Progress

The diagram below shows G8 Education’s progress against its objectives.

Diversity of Age

The diagram below demonstrates the diversity of age of the Board of Directors:

Principle 2

Structure the Board to be effective and add value

The Board regularly reviews its composition, skills and succession plans to ensure it aligns with G8 Education’s Strategic Plan.

Board Composition

The Board is comprised of both Executive and Non-Executive Directors. On appointment to the Board, all Non-Executive Directors complete an induction and enter into a service agreement with G8 Education. The agreement summarises the Board policies and other relevant terms, including remuneration, applicable to the office of Director.

Non-Executive Directors bring perspective to the Board’s consideration of strategic, risk and performance matters and are best placed to exercise independent judgement, review and constructively challenge the performance of Management.

The Chair is elected by the Board and is required to meet regularly with Management. The Board establishes measurable Board diversity objectives which are assessed, including progress against the objectives, annually. G8 Education maintains a mix of Directors on the Board from different backgrounds with complementary skills and experience.

The Board is required to undertake an annual Board performance review and consider the appropriate mix of skills required by the Board to maximise its effectiveness and its contribution to the Group.

The Board seeks to ensure that:

- at any point in time, its members represent an appropriate balance between Directors with experience and knowledge of the Group and Directors with an external or fresh perspective
- the size of the Board is conducive to effective discussion and efficient decision-making.

Board Skills Matrix

The Nomination Committee maintains a Board Skills Matrix setting out the mix of skills, experience, knowledge and diversity that the Board currently has and is looking to achieve in its composition. The Nomination Committee also oversees the professional development of Directors to ensure that identified skill sets are strengthened and deepened.

The experience and skills held by the Directors on the Board are set out below. Following the most recent Board skills review conducted in November 2025, the Board identified that the main areas in which the Board could continue to benefit from external advisory services was education, digital, accounting and corporate finance skills. The Board was otherwise satisfied with the breadth of applicable skills held collectively by the Directors.

Structure the Board to be effective and add value

Board Members

Details of the members of the Board, their experience, expertise, qualifications, length of service and independence status are set out in the Directors' Report, on pages 20–23 of the 2025 Annual Report.

Directors Independence

During 2025 the Board was comprised of 7 Directors, all of whom are Non-Executive Directors, except for the Chief Executive Officer. All Non-Executive Directors (D Singh, J Cogin, A Thornton, P Trimble, M Zabel and S Heath) are considered independent under the principles set out below.

The Board has adopted specific principles in relation to Directors' independence which replicate the ASX Governance Recommendations. In particular, examples of interests, positions and relationships that might raise issues about the independence of a Director of an entity include if the Director:

- is, or has been, employed in an executive capacity by the Group and there has not been a period of at least three years between ceasing such employment and serving on the Board
- receives performance-based remuneration (including options or performance rights) from, or participates in an employee incentive scheme of the Group

- is, or has been within the last three years, in a material business relationship (e.g. as a supplier, professional adviser, consultant or customer) with the Group, or is an officer of, or otherwise associated with, someone with such a relationship
- is, represents, or is or has been within the last three years an officer or employee of, or professional adviser to, a substantial shareholder of G8 Education
- has close personal ties with any person who falls within any of the categories described above
- has been a Director of the entity for such a period that their independence from management and substantial shareholders may have been compromised.

In each case, the materiality of the interest, position or relationship is assessed by the Board to determine whether it might interfere, or might reasonably be seen to interfere, with the Director's capacity to bring an independent judgement to bear on issues before the Board and to act in the best interests of the entity as a whole rather than in the interests of an individual security holder or other party. Materiality is determined on both a quantitative and qualitative basis.

In addition, a transaction of any amount or a relationship is deemed material if knowledge of it may impact the shareholders' understanding of the Directors' performance.

Principle 2

Structure the Board to be effective and add value

Length of Service

In 2017, the Board established a policy that, the maximum term of service for a Non-Executive Director should be approximately ten years. However, this term may be extended for reasons such as being Board or Committee Chair, providing continuity or a particular capability of a Non-Executive Director.

G8 Education’s Constitution specifies that all Directors, other than a Managing Director, must retire from office no later than the third annual general meeting following their last election or 3 years following that Director’s last election or appointment. Where eligible, a Director may stand for re-election.

The diagram below shows the length of service of Non-Executive Directors on the Board:

Induction

The induction provided to new Directors enables them to actively participate in Board decision making as soon as possible. It ensures that they have a full understanding of G8 Education’s financial position, strategies, operations, culture, values and risk management policies. It also explains the respective rights, duties, responsibilities, interaction and roles of the Board and Management and G8 Education’s meeting arrangements.

Commitment

The number of meetings of G8 Education’s Board of Directors and of each Board Committee held during the year ended 31 December 2025, and the number of meetings attended by each Director is disclosed on page 25 of the 2025 Annual Report.

It has been G8 Education’s practice to allow Executive Directors to accept appointments outside G8 Education with approval of the Board. In September 2023 the Executive Director was appointed as Co-Chair of The Early Learning and Care Council of Australia (ELACCA), but otherwise had no other outside appointments.

The commitments of Non-Executive Directors are considered by the Nomination Committee prior to the Directors’ appointment to the Board of G8 Education and are reviewed each year as part of their annual performance assessment.

Prior to appointment or being submitted for re-election, each Non-Executive Director is required to specifically acknowledge that they have and will continue to have the time available to discharge their responsibilities to G8 Education.

Conflict of interests

There were no material conflicts of interests declared during the year ended 31 December 2025.

Independent professional advice

Directors and Board Committees have the right, in connection with their duties and responsibilities, to seek independent professional advice at G8 Education’s expense subject to prior consultation with the Chair of the Board.

Nomination Committee

The Board established a Nomination Committee in 2017.

Each of the Non-Executive Directors is a member of the Nomination Committee.

The number of Nomination Committee meetings attended by Directors is disclosed on page 25 of 2025 Annual Report.

The Nomination Committee Charter can be found at www.g8education.edu.au/about-us/corporate-governance or by contacting the Registered Office.

Principle 2

Structure the Board to be effective and add value

The key responsibilities of the Nomination Committee include:

- regularly reviewing and making recommendations to the Board regarding the structure, size, diversity and composition (including the balance of skills, knowledge and experience) of the Board and the effectiveness of the Board as a whole, and keeping under review the leadership needs of G8 Education, both executive and non-executive
- preparing a description of the role and capabilities required for a particular appointment
- identifying suitable candidates (executive and non-executive) to fill Board vacancies as and when they arise and nominating candidates for the approval of the Board having regard to G8 Education's diversity aspirations. This will include any subsequent decisions to extend an appointment
- undertaking appropriate checks on executive and non-executive candidates, including with respect to the person's character, experience, education, criminal record and bankruptcy history, before recommending their appointment to the Board
- ensuring that, on appointment, all Directors receive induction training, including a formal letter of appointment, setting out the time commitment and responsibility envisaged in the appointment and any responsibilities with respect to Board Committees or in acting in a capacity other than as a Director (e.g. as Chair or as a lead independent Director)
- making recommendations to the Board with respect to continuing professional development programs for Directors
- identifying the existing Directors who are due for re-election by rotation at annual general meetings, in accordance with the Constitution and the Board Charter
- in carrying out its duties in relation to any re-appointment of a non-executive Director on conclusion of their specified term of office, undertaking a process of review of the retiring non-executive Director's performance during the period in which the non-executive Director has been a member of the Board
- developing a review process and reviewing annually the performance of each Director, the Board and the Committees of the Board, including a review of the time required from a non-executive Director and whether Directors are meeting that requirement
- developing a review process and reviewing annually the performance of the Chief Executive Officer
- giving full consideration to appropriate succession planning and satisfying itself that processes and plans are in place in relation to the Board, the Chief Executive Officer and other senior executives
- reviewing disclosures, including a statement in the annual report detailing the Committee's activities and the process used for appointments
- making publicly available the Committee's Charter, explaining its role and the authority delegated to it by the Board.

Principle 3

Instill a culture of acting lawfully, ethically and responsibly

Code of Conduct

G8 Education's Code of Conduct has been approved by the Board and applies to all team members, including Directors, Management, contractors, students and volunteers.

Breaches of the Code of Conduct must be reported to a G8 Education leader, Safety Leader or relevant external oversight authority.

The Code of Conduct is supplemented by the Directors' Code of Conduct which requires Directors, amongst other things, to comply with Directors' duties and G8 Education's Securities Trading Policy. The Directors' Code of Conduct is available at: www.g8education.edu.au/investor-information/corporate-governance or by contacting the Registered Office.

This role includes responsibility for ensuring compliance with the continuous disclosure requirements in the ASX Listing Rules and overseeing and coordinating information disclosure to the ASX, analysts, brokers, shareholders, the media and the public.

Recognise and manage risk

Risk assessment and management

The Board is responsible for satisfying itself annually, or more frequently as required, that Management has developed and implemented a sound system of risk management and internal control. Detailed work on this task is delegated to the ARMC and reviewed by the Board.

The members of the ARMC are set out under Principle 4 above.

The ARMC is responsible, in conjunction with Management, for monitoring and reviewing the policies and control systems established by Management to identify and manage business risks. These risks may include, but are not limited to, operational, environmental and climate, sustainability, compliance, strategic, ethical conduct, reputation or brand, technological, cyber security, product or service quality, human capital, financial reporting and market related risks.

In providing this oversight, the ARMC:

- maintains an enterprise risk management framework and industry appropriate operational risk Management frameworks;
- reviews and makes recommendations to the Board on the Company's risk appetite and risk tolerance (as determined by the Board) on a Company wide basis with respect to relevant categories or operational risk;
- assesses, monitors, reviews and reports on risks which may impact on performance of the Company including its ability to achieve its goals and objectives;
- assesses the Company's exposure to environmental, social and governance risks and puts in place systems, practices and procedures to manage those risks, including climate change;
- reviews the Company's framework for identifying, monitoring and managing risks and makes recommendations to the Board regarding any changes required to this framework to satisfy itself that the framework:
 - is effective;
 - ensures the Company is operating within the risk appetite and risk tolerance determined by the Board; and
 - appropriately considers emerging risks such as cyber security, privacy, data breach, digital disruption, sustainability and climate change;
- reviews and assesses the effectiveness of the Company's internal control systems, recognising those matters in respect of which the Board and the Committee rely;
- monitors Management's response to review and recommendations of internal and external auditors regarding control systems and procedures;
- receives reports from Management on new and emerging sources of risk and the risk controls and mitigation measures that Management has put in place to deal with those risks; and
- reviews actions taken by Management and the Safety Committee to reduce risk exposure in the key areas of child safety, compliance with the legislation, information technology and people and culture risk.

The ARMC regularly reports to and makes appropriate recommendations to the Board.

Responsibility for risk management and internal control is delegated to the appropriate level of management within the Group, with the Managing Director having ultimate responsibility to the Board for the risk management and the internal control framework.

The Group has a Risk Management Policy and Risk Management Framework to formally document the policies and procedures already in place to manage risk. G8 Education's Risk Management Policy and Risk Management Framework is available at: www.g8education.edu.au/investor-information/corporate-governance or by contacting the Registered Office.

The ARMC and the Board last reviewed the Enterprise Risk Management Policy and Framework in November 2025. The Enterprise Risk Register is reviewed by the Board quarterly and actions for high and emerging risks are reviewed by the Board monthly.

The Board introduced a Safety Committee, commencing on 1 January 2026, to continue to improve how safety risk is managed in the Group.

Internal Audit

G8 Education appointed KPMG as its outsourced internal auditor (Internal Audit) with a reporting line to both the Chief Legal, Quality & Risk Officer and ARMC Chair in January 2025. This appointment was renewed for 12 months in November 2025. The Internal Audit function assists the Group in accomplishing its objectives by bringing a systematic, disciplined approach to evaluating and continually improving the effectiveness of its risk management and internal control processes. The ARMC reviews and endorses the Internal Audit Framework for approval by the Board and an Internal Audit report is provided to the ARMC on a quarterly basis.

The role of Internal Audit is to provide reliable, objective, and reasonable assurance and advice to the Board, ARMC and Management on the adequacy and effectiveness of the system of internal controls, the governance model, and the risk management framework in place to manage risks through:

- advising on governance, risk management and control issues
- facilitating the integration of risk management into day-to-day business activities and processes
- developing and maintaining a culture of accountability, integrity, and adherence to high ethical standards
- promoting a culture of cost consciousness and self-assessment.

Environmental and Social Risks

G8 Education is exposed to a range of strategic, operational, compliance and finance related risks associated with operating early childhood education and care businesses. A summary of G8 Education's material business risks and their mitigation plans are set out on pages 18 and 19 of the 2025 Annual Report.

Principle 8

Remunerate fairly and responsibly

People, Culture & Education Committee

The Board established a People & Culture Committee in August 2014. In 2023 the name of the People & Culture Committee was changed to the People, Culture & Education Committee (PCEC) in recognition of the expanded scope of the PCEC to oversee the establishment and operation of the Group's Education Advisory Board. The PCEC operates under a charter approved by the Board.

In 2025 the PCEC was comprised of the following members:

- J Cogan (Committee Chair)
- M Zabel
- D Singh
- S Heath

For details of the number of PCEC meetings held and each Director's attendance at meetings of the PCEC, please refer to page 25 of the 2025 Annual Report.

The PCEC Charter is available at www.g8education.edu.au/investor-information/corporate-governance or by contacting the Registered Office.

The PCEC reviews, advises and makes recommendations to the Board on people and culture strategy, remuneration strategy and incentive schemes, Management and Key Management Personnel remuneration, Chair and Non-Executive Director fees, attraction, retention and development of talent, diversity, remuneration disclosure and reporting and, in conjunction with the Safety Committee, workplace health and safety. It is also responsible for the establishment and oversight of the Group's Education Advisory Board and oversees the investigation of whistleblower disclosures from disclosers who do not wish the Company to be aware of the matter or the identity of the discloser.

Each member of Management signs a formal employment contract at the time of their appointment, covering a range of matters including their duties, rights, responsibilities and any entitlements on termination. The contract includes a specific formal job description.

G8 Education's Securities Trading Policy provides that Directors and Management must not enter into any options, derivatives or other arrangements which operate to limit the economic risk of either unvested or vested holdings in G8 Education's securities, including those held under G8 Education's executive and employee share plans.

Further information on Directors' and Management remuneration, including principles used to determine remuneration, is set out in the Directors' Report under the heading "Remuneration Report", which is on pages 28 to 46 of the 2025 Annual Report.

Non-Executive Directors do not receive options or bonus payments and are not provided with retirement benefits, other than superannuation.

The PCEC also assumes responsibility for performance management, development planning and succession management programs to attract, motivate and retain high quality people and to enable and develop appropriate skills, experience and capability to deliver on G8 Education's strategy. This includes overseeing processes in relation to meeting diversity objectives for executives and employees other than the Board.

¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.
