If you complete a proxy form that authorises the Chair of the Meeting to vote on your behalf as proxy, and you do not mark any of the boxes so as to give him directions about how your vote should be cast, then you will be taken to have expressly authorised the Chair to exercise your proxy on Resolution 1. Chair's available proxies	The Chair of the Meeting intends to vote all available proxies in favour of this Resolution 1.

3. RE-ELECTION OF DIRECTORS

Resolutions 2 to 4	Re-election of Directors
Explanation	Article 6.3(j) of the Company's constitution requires that any Director appointed by the Board as a Director of the Company pursuant to article 6.2(b) of the constitution must retire from their office as a Director at the next annual general meeting of the Company (unless the Director retired at an extraordinary general meeting held prior to the annual general meeting, pursuant to article 6.3(i) of the constitution). Article 6.3(j) further provides that a Director retiring at an annual general meeting pursuant to article 6.3(j) is eligible for re-election at that meeting. Messrs Kim Heng Lim and Chin Niap Mah were both appointed as Non-Executive Directors of the Company pursuant to article 6.2(b) of the constitution on 31 May 2016, and accordingly Messrs Lim and Mah are retiring at the 2016 Annual General Meeting and offering themselves for re-election pursuant to article 6.3(j) of the constitution. Article 6.3(c) of the Company's constitution requires one third of the Directors (rounded down to the nearest whole number), other than the Managing Director, to retire at each annual general meeting of the Company. Under article 6.3(e) of the constitution, the Directors to retire under article 6.3(c) are those who have held office as Director for the longest period of time since their last election to office, or in the event that two or more Directors have held office for the same period of time, those Directors determined by lot. Mr Deric Wee, who has held office as Director for the longest period of time since his last election to office on 26 November 2015, retires as a Director at the 2016 Annual General Meeting in accordance with articles 6.3(c) and 6.3(e) of the Company's constitution. Mr Wee, being eligible under article 6.3(f) of the constitution, offers himself for re-election as Director.
About Mr Kim Heng Lim	Mr Lim was appointed to the Board on 31 May 2016 as a Non-Executive Director. Due to Mr Lim's substantial shareholding in the Company, the Board does not consider Mr Lim to be an independent Director. Mr Lim has an MBA from Southern California University and is the founder and managing director of Senheng Electric (KL) Sdn Bhd (Senheng Electric), a large retail outlet chain in Malaysia, which was established in 1989 and has more than 130 stores retailing electronics. Mr Lim has won several awards, including Franchise of the Year, Entrepreneur of the Year, and Best Employer of Choice. Mr Lim has not held any directorships of other ASX listed companies in the last three years. He currently has a relevant interest in 88,784,597 fully paid ordinary shares in the Company.

About Mr Chin Niap Mah	Mr Mah was appointed to the Board on 31 May 2016 as a Non-Executive Director. The Board considers Mr Mah to be an independent Director on the basis that he is free from any interest, position, association or relationship that might influence, or reasonably be perceived to influence the independent exercise of his judgement. Mr Mah obtained the Chartered Certified Accountant qualification from the Association of Chartered Certified Accountants (ACCA) in 2004 and is currently a Fellow member of ACCA and the Malaysian Institute of Accountants. Mr Mah possesses more than 25 years of finance and accounting experience, having held positions in various companies from a diverse range of industries. He also holds an MBA from Golden State University. Mr Mah has served as the Chief Financial Officer of Senheng Electric since September 2008. Mr Mah has not held any directorships of other ASX listed companies in the last three years. He currently has a relevant interest in 16,764,706 fully paid ordinary shares in the Company.
About Mr Deric Wee	Mr Wee was appointed to the Board on 16 January 2013 as an independent Non-Executive Director. Mr Wee also served as Director of the Company from 11 December 2009 to 26 November 2012. Prior to joining the Board in December 2009, Mr Wee had been involved in the financial services industry since 1989 as a stockbroker and investment banker. Mr Wee worked within well-established financial services companies which are part of financial and banking conglomerates in Malaysia. Mr Wee acquired extensive experience and competence in key areas including sales, marketing, share and stock trading, and co-ordinated a number of corporate strategies such as initial public offerings, mergers and acquisitions, restructurings, placements and advisory services relating to securities listed on Bursa Malaysia and the ASX. Mr Wee has not held any directorships of other ASX listed companies in the last three years. Mr Wee currently has a relevant interest in 1,860,000 fully paid ordinary shares in the Company.
Board Recommendation	The Board, with Messrs Lim, Mah and Wee abstaining from making recommendations on Resolutions 2, 3 and 4 respectively, recommends that shareholders vote in favour of Resolutions 2 to 4.
Chairman's available proxies	The Chairman of the Meeting intends to vote all available proxies in favour of Resolutions 2 to 4.

4. APPROVAL OF 10% PLACEMENT CAPACITY

Resolution 5	Approval of 10% Placement Capacity
General	Under ASX Listing Rule 7.1, every listed entity has the ability to issue 15% of its issued capital without shareholder approval in a 12 month period. ASX Listing Rule 7.1A permits eligible small and mid-cap ASX-listed entities, subject to shareholder approval, to issue Equity Securities of up to an additional 10% of its issued capital by way of placements over a 12 month period, in addition to its ability to issue securities under Listing Rule 7.1 (10% Placement Capacity). The Company seeks shareholder approval under ASX Listing Rule 7.1A for the 10% Placement Capacity. The effect of this resolution will be to allow the Directors, subject to the conditions set out below, to issue Equity Securities under the 10% Placement Capacity without using the Company's 15% placement capacity under ASX Listing Rule 7.1. Resolution 5 is a special resolution. Accordingly, at least 75% of votes cast by shareholders present and eligible to vote (in person or by proxy) at the meeting must be in favour of this resolution for it to be passed.
Eligibility	ASX-listed entities which have a market capitalisation of \$300 million or less, and which are not included in the S&P/ASX 300 Index will be considered eligible to seek shareholder approval under Listing Rule 7.1A. As at 3 October 2016, the Company's indicative market capitalisation is \$13,869,799 (based on a closing share price of \$0.03 on 3 October 2016). As Genesis' market capitalisation is less than \$300 million, and Genesis is not included in the S&P/ASX 300 Index, the Company is considered eligible to seek shareholder approval under ASX Listing Rule 7.1A.
Formula	The exact number of additional Equity Securities that the Company may issue under the 10% Placement Capacity will be determined by a formula set out ASX Listing Rule 7.1A.2 as follows: $(A \times D) - E$ Where: A is the number of shares on issue 12 months before the date of issue or agreement: - plus the number of fully paid shares issued in the previous 12 months under an exception in ASX Listing Rule 7.2; - plus the number of partly paid shares that became fully paid in the previous 12 months (there are presently no partly paid shares on issue in the Company); - plus the number of shares issued in the previous 12 months with approval of shareholders under ASX Listing Rules 7.1 and 7.4. This does not include an issue of fully paid shares under the Company's 15% placement capacity without shareholder approval; and - less the number of shares cancelled in the previous 12 months. <i>'A' has the same meaning in ASX Listing Rule 7.1 when calculating an entity's 15% placement capacity</i> D is 10%. E is the number of Equity Securities issued or agreed to be issued under ASX Listing Rule 7.1A.2 in the 12 months before the date of issue or agreement to issue that are not issued with the approval of shareholders under ASX Listing Rule 7.1 or 7.4.

Conditions of issue under the 10% Placement Capacity	There are a number of conditions applicable to the issue of Equity Securities under Listing Rule 7.1A, including a limitation on the discount to prevailing market price at which they may be issued, and additional disclosure requirements. A summary of these conditions is as follows: (a) Equity Securities issued under the 10% Placement Capacity can only be in a class of securities already quoted. At the date of this Notice, the Company only has one class of securities which are quoted, being ordinary shares. (b) The issue price of each Equity Security issued under the 10% Placement Capacity must be no less than 75% of the volume weighted average market price (VWAP) for Equity Securities in that class, calculated over the 15 trading days on which trades in that class were recorded immediately before either: i. the date on which the price at which the Equity Securities are to be issued is agreed; or ii. if the Equity Securities are not issued within 5 trading days of the date in paragraph (i), the date on which the securities are issued.
Period of validity of shareholder approval	In the event that the Company obtains shareholder approval of Resolution 5, such approval will cease to be valid upon the earlier of: (a) 12 months after the date of this Annual General Meeting, being 11 November 2017; (b) if applicable, the date on which the Company's shareholders approve a change to the nature or scale of the Company's activities under Listing Rule 11.1.2, or the disposal of the Company's main undertaking under Listing Rule 11.2; or (c) such longer period if allowed by ASX. (Placement Period)
INFORMATION TO BE PROVIDED TO SHAREHOLDERS UNDER ASX LISTING RULE 7.3A	
Minimum issue price	The issue price of each Equity Security issued under the 10% Placement Capacity must be no less than 75% of the VWAP for Equity Securities in that class, calculated over the 15 trading days on which trades in that class were recorded immediately before either: i. the date on which the price at which the Equity Securities are to be issued is agreed; or ii. if the Equity Securities are not issued within 5 trading days of the date in paragraph (i), the date on which the securities are issued.
Risk of dilution to shareholders	If Resolution 5 is approved by shareholders, any issue of Equity Securities under the 10% Placement Capacity may present a risk of economic and voting dilution of existing shareholders, including the risk that: ▪ the market price of the Company's Equity Securities may be significantly lower on the relevant issue date than on the date of this Annual General Meeting; and ▪ the Equity Securities may be issued at a price that is at a discount to the market price for the Company's Equity Securities on the issue date. The table below shows the potential dilution of existing shareholders under various scenarios on the basis of: ▪ an issue price of \$0.03 per share which was the closing price of the Company's shares on the ASX on 3 October 2016; and

- the variable 'A' being calculated as the number of fully paid ordinary shares on issue 12 months before the date of this Notice:
 - plus the number of fully paid ordinary shares issued in the 12 months under an exception in ASX Listing Rule 7.2,
 - plus the number of partly paid ordinary shares that became fully paid in the 12 months,
 - plus the number of fully paid ordinary shares issued in the 12 months with approval of holders of ordinary shares under ASX Listing Rules 7.1 and 7.4,
 - less the number of fully paid ordinary shares cancelled in the 12 months;
 being 450,435,472 fully paid ordinary shares.

The table also shows:

- (a) two examples where variable 'A' has increased by 50% and 100%. The number of shares on issue in the Company may increase as a result of the issue of shares that do not require approval of shareholders (for example, pro-rata entitlement issues or scrip issues under takeover offers) or future placements of shares under Listing Rule 7.1 of up to 15% of issued capital that are approved at future general meetings of shareholders; and
- (b) two examples of where the issue price of shares has decreased by 50% and increased by 100%.

VARIABLE 'A'		Dilution		
		50% decrease in issue price \$0.015	Issue price \$0.03	100% increase in issue price \$0.06
Current Variable 'A' 450,435,472 shares	10% voting dilution	45,043,547 shares	45,043,547 shares	45,043,547 shares
	Funds raised	\$675,653.21	\$1,351,306.42	\$2,702,612.83
50% increase in current Variable 'A' 675,653,208 shares	10% voting dilution	67,565,321 shares	67,565,321 shares	67,565,321 shares
	Funds raised	\$1,013,479.81	\$2,026,959.62	\$4,053,919.25
100% increase in current Variable 'A' 900,870,944 shares	10% voting dilution	90,087,094 shares	90,087,094 shares	90,087,094 shares
	Funds raised	\$1,351,306.42	\$2,702,612.83	\$5,405,225.66

The table has been prepared on the following assumptions:

- (a) the Company issues the maximum number of shares available under the 10% Placement Capacity;
- (b) no options to acquire shares on issue in the Company (if any) are exercised;
- (c) the 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue;
- (d) the table does not show an example of dilution that may be caused to a particular shareholder as a result of placements under the 10% Placement Capacity based on that shareholder's holding at the date of the Annual General Meeting.

	(e) the table shows only the effect of issues of Equity Securities under the 10% Placement Capacity in accordance with Listing Rule 7.1A and not under the 15% placement capacity under Listing Rule 7.1. (f) the issue of Equity Securities under the 10% Placement Capacity consists only of shares. (g) the issue price is \$0.03, being the closing price of the Company's shares on the ASX on 3 October 2016.
Period of validity	The Company will only issue and allot the Equity Securities during the Placement Period. The approval under Resolution 5 for the issue of the Equity Securities will cease to be valid in the event that shareholders approve a transaction under ASX Listing Rule 11.1.2 (a significant change to the nature or scale of activities) or ASX Listing Rule 11.2 (disposal of main undertaking).
Reason for issue of shares under 10% Placement Capacity	The Company may seek to issue the Equity Securities for the following purposes: (a) non-cash consideration for the acquisition of the new resources, assets and investments, in which event the Company will provide a valuation of the non-cash consideration as required by ASX Listing Rule 7.1A.3; or (b) cash consideration, the proceeds of which will be applied to fund the Company's existing and future exploration activities both locally and in Macedonia, appraisal of corporate and exploration opportunities, investment in new ventures (if any), the costs incurred in undertaking placement(s) of shares under ASX Listing Rule 7.1.A and for general working capital. The Company will comply with the disclosure obligations under ASX Listing Rules 7.1A.4 and 3.10.5A upon issue of any Equity Securities.
Allocation policy	The Company may not issue any or all the Equity Securities for which approval is given and may issue the Equity Securities progressively as the Company places the Equity Securities with investors. The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 10% Placement Capacity. The identity of the allottees of Equity Securities will be determined on a case-by-case basis having regard to factors such as: 1. fund raising options (and their viability) available to the Company at the relevant time; 2. the effect of the issue of the Equity Securities on the control of the Company; 3. the financial situation of the Company and the urgency of the requirement for funds; and 4. advice from the Company's corporate, financial, legal and broking advisers. The allottees under the 10% Placement Capacity have not been determined as at the date of this Notice. It is intended that the allottees will be suitable professional and sophisticated investors, and other investors not requiring a disclosure document under section 708 of the Corporations Act, that are known to the Company and/or introduced by third parties. The allottees may include existing substantial shareholders and/or new shareholders, but it is not intended that the allottees will be related parties or associates of a related party of the Company. In the event that the shares under the 10% Placement Capacity are issued as consideration for the acquisition of resources, assets or investments, it is likely that the allottees will be the vendors of such resources, assets or investments.

Previous approval	The Company previously obtained approval under ASX Listing Rule 7.1A on 26 November 2015. In accordance with ASX Listing Rule 7.3A.6, which contains requirements as to the contents of a notice sent to shareholders for the purposes of ASX Listing Rule 7.1A, the following information is provided to shareholders:
