CORPORATE GOVERNANCE STATEMENT 2024

Green Technology Metals Limited (ACN 648 657 649)(**Company**) has adopted comprehensive systems of control and accountability as the basis for the administration of corporate governance. The Board is committed to administering the Company's policies and procedures with openness and integrity, pursuing the true spirit of corporate governance commensurate with the Company's needs.

To the extent applicable, the Company has adopted the 4th edition of the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations (**Recommendations**).

In light of the Company's size and nature, the Board considers that the current Board is a cost effective and practical method of directing and managing the Company. As the Company's activities develop in size, nature and scope, the size of the Board and the implementation of additional corporate governance policies and structures will be reviewed.

PRINCIPLE 1 – LAY SOLID FOUNDATIONS FOR MANAGEMENT AND OVERSIGHT

1.1	A listed entity should disclose: (a) the respective roles and responsibilities of its board and management; and (b) those matters expressly reserved to the board and those delegated to management.	Yes	Information about the respective roles and responsibilities of our board and management (including those matters expressly reserved to the board and those delegated to management) is found under the Board Charter in the Corporate Governance Plan.
1.2	A listed entity should: (a) undertake appropriate checks before appointing a person, or putting forward to security holders a candidate for election, as a director; and (b) provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.	Yes	The function of the Nomination Committee is carried out by the Board to identify and recommend candidates to fill vacancies and to determine the appropriateness of director nominees for election to the Board. The Board recognises the benefits arising from diversity and aims to promote an environment conducive to the appointment of well qualified Board candidates so that there is appropriate diversity to maximise the achievement of corporate goals. As required under the ASX Listing rules and the Corporations Act, election or re-election of directors is a resolution put to members at each Annual General meeting. The notice of meeting contains all material information relevant to a decision on whether or not to elect or re-elect a director.

1.3	A listed entity should have a written agreement with each director and senior executive setting out the terms of their appointment.	Yes	The Company's Nomination Committee Charter requires the Board, in the absence of a Nomination Committee, to ensure that each Director and senior executive is a party to a written agreement with the Company which sets out the terms of that Director's or senior executive's appointment. The Company has written agreements with each of its Directors and senior executives.
1.4	The company secretary of a listed entity should be accountable directly to the board, through the chair, on all matters to do with the proper functioning of the Board.	Yes	Noted in the letter of Board Charter.
1.5	A listed entity should: (a) have and disclose a diversity policy; (b) through its board or a committee of the board set measurable objectives for achieving gender diversity in the composition of its board, senior executives and workforce generally; and (c) disclose in relation to each reporting period: (1) the measurable objectives set for that period to achieve gender diversity; (2) the entity's progress towards achieving those objectives; and (3) either: (A) the respective proportions of men and women on the board, in senior executive positions and across the whole organisation (including how the entity has defined "senior executive" for these purposes); or (B) if the entity is a "relevant employer" under the Workplace Gender Equality Act, the entity's most recent "Gender Equality Indicators", as defined in and published under that Act.	Yes	The Company has implemented a diversity policy which can be viewed on its website at www.greentm.com.au. The diversity policy provides a framework for the Company to establish and achieve measurable diversity objectives, including in respect of gender diversity. The diversity policy allows the Board to set measurable gender diversity objectives, if considered appropriate, and to assess annually both the objectives (if any have been set) and the Company's progress in achieving them. Due to the current size and composition of the organisation, the Board does not consider it appropriate to provide measurable objectives in relation to gender diversity. The Company is committed to ensuring that the appropriate mix of skills, expertise, and diversity are considered when employing staff at all levels of the organisation and when making new senior executive and Board appointments and is satisfied that the composition of employees, senior executives and members of the Board is appropriate.

1.6	A listed entity should: (a) have and disclose a process for periodically evaluating the performance of the Board, its committees and individual directors; and (b) disclose, in relation to each reporting period, whether a performance evaluation was undertaken in the reporting period in accordance with that process. Yes	The Board reviews the performance of its senior executives on an annual basis. A senior executive, for these purposes, means key management personnel (as defined in the Corporations Act), other than non-executive Directors. The applicable processes for these evaluations can be found in the Company's Performance Evaluation Policy, which is available on the Company's website. No	In view of the size and resources available to the Company, it is not considered that a separate nomination committee would add any substance to this process, as such the Board as a whole will act in regards to the responsibilities of the nomination committee. Those responsibilities are outlined in the Nomination and Remuneration Committee Charter which is available on the Company's website.
2.2	A listed entity should have and disclose a board skills matrix setting out the mix of skills that the board currently has or is looking to achieve in its membership. Yes	The Company's Audit and Risk Committee Charter requires the CEO and CFO (or, if none, the person(s) fulfilling those functions) to provide a sign off on these terms. The Company intends to obtain a sign off on these terms for each of its financial statements in each financial year.
4.3	A listed entity should disclose its process to verify the integrity of any periodic corporate report it releases to the market that is not audited or reviewed by an external auditor	Yes	Any periodic corporate reports are prepared by the accountant, reviewed by the CFO and presented to the Board for sign off prior to release to the market.

¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.
