

18 March 2014

ASX Announcement.

Half yearly report and accounts ending 31 December 2013 - CORRECTION

We received the following request from ASX for lodgement of a correction in relation to our recent announcement as above.

We note that the announcement titled "Half yearly report and accounts ending 31 December 2013" lodged with ASX on 13 March 2014 contains reference to Exploration Target on page 3 while the Competent Person statement on page 4 does not refer to the Exploration Targets.

Clause 17 of Appendix 5A of the JORC Code refers to "a public report that includes an Exploration Target must be accompanied by a Competent Person statement taking responsibility for the form and context in which the Exploration Target appears". To rectify the issue, could you please release an announcement including the Competent Person statement with reference to the Exploration Target referred to in the half yearly report.

The published Competent Person Statement on page 4 read:

The information in this report that relates to Exploration Results and Resources is based on information compiled by Q.S. Hill, who is a Member of the Australian Institute of Geoscientists and has had sufficient experience which is relevant to the style of mineralisation and type of deposit under consideration and to the activity which he is undertaking to qualify as a Competent Person as defined in the 2012 Edition of the 'Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves'. Q.S. Hill is an employee of Carpentaria and consents to the inclusion in the report of the matters based on his information in the form and context in which it appears.

The Competent Person statement should have read:

The information in this report that relates to Exploration Targets, Exploration Results and Resources is based on information compiled by Q.S. Hill, who is a Member of the Australian Institute of Geoscientists and has had sufficient experience which is relevant to the style of mineralisation and type of deposit under consideration and to the activity which he is undertaking to qualify as a Competent Person as defined in the 2012 Edition of the 'Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves'. Q.S. Hill is an employee of Carpentaria and consents to the inclusion in the report of the matters based on his information in the form and context in which it appears.

It now has Exploration Targets included, please accept our apology for this error.

Yours sincerely,

Chris Powell
COMPANY SECRETARY
