Dear Shareholder

ANNUAL GENERAL MEETING OF SHAREHOLDERS

I have pleasure in attaching the Notice of Meeting in respect of the 2007 Annual General Meeting scheduled for Monday, 29th October 2007 at 10am and look forward to your attendance.

I am pleased with the progress made by the Company in the last 12 months and look forward to your support in respect of each of the Resolutions proposed.

With respect to the Resolutions dealing with incentive options, the Board considers them necessary to retain our experienced and talented executives and staff during the current "boom" conditions in the resources industry. On 10th April this year shareholders supported incentive options being issued at 26 cents [which represented a +80% premium to the average trading price for Helix shares over the preceding 3 months] due to the departure of all Executive Directors in July 2006 and resultant challenges to the Board and Management. Significant progress has been made and the Helix market capitalisation has increased from ±\$8million to ±\$23million, hence the reason for proposing the grant of additional Incentive Options. The Board considers it to be beneficial and worth continuing. The proposals are being put to this meeting as no other shareholder meetings are planned until November 2008.

The incentive Option exercise price is the greater of 30 cents per share or 125% of the volume weighted average price at which the Company's ordinary shares are traded on ASX in the 10 consecutive trading days immediately prior to grant. This ensures value accrues to the option recipients only after shareholders have received significant value.

Should the Options be paid up in the future, it will introduce a further \$1.42 million to assist with the Company's working capital requirements which is considered important.

Should the members not be supportive of the proposed option plan, the Board will be forced to consider other alternatives to achieve the objectives detailed above.

I refer you to the attached Notice and Explanatory Statement and look forward to your support.

Yours sincerely,

G J Wheeler
Executive Chairman

EXPLANATORY STATEMENT

1. INTRODUCTION

This Explanatory Statement has been prepared for the information of members of Helix Resources Limited ("Helix") in connection with the business to be conducted at a general meeting of members to be held at the Celtic Club, 48 Ord Street, West Perth, WA on Monday, 29th October 2007 at 10.00am.

This Explanatory Statement forms part of and should be read in conjunction with the accompanying Notice of General Meeting.

Shareholders should note that all the directors approved the proposal to put the resolutions to shareholders as outlined in the Notice of General Meeting and to prepare this Explanatory Statement.

Resolution 1 – Election of Director

In accordance with ASX Listing Rule 14.4 and Clause 13.2 of the Company's Constitution one third of the directors for the time being must retire from office at every Annual General Meeting and are eligible for re-election.

Mr den Dryver is eligible for re-election and this resolution is placed before Shareholders seeking his election.

Resolution 2 – Election of Director

Clause 13.3 of the Company's Constitution provides that directors may at any time appoint a person to be a director, either to fill a casual vacancy or as an addition to the existing directors, but so that the total number of directors does not at any time exceed the maximum number specified by the Constitution. Any director so appointed holds office only until the next following General Meeting and is then eligible for re-election.

Mr Wilson was appointed a director of the Company on 1st June 2007 and retires at the next Annual General Meeting. Mr Wilson is eligible for re-election and this resolution is placed before Shareholders seeking his election.

Resolution 3 – Adoption of Remuneration Report

The Remuneration Report is set out in the Annual Report.

The Remuneration Report sets out the Company's remuneration arrangements for the directors and senior management of the Company.

A reasonable opportunity will be provided for discussion of the Remuneration Report at the meeting.

The Corporations Act requires that a resolution to adopt the Remuneration Report be put to the vote of the Company. However, Shareholders should note that the vote on Resolution 3 is advisory only and not binding on the Company or its directors.

2. ISSUE OF INCENTIVE OPTIONS

The Directors believe the success of the Company will depend in large measure on the skills and motivation of the people engaged in and overseeing the management of the Company's operations. It is therefore important that the Company is able to attract and retain people of the highest caliber, especially in the current environment where the resource industry is experiencing significant growth and experienced people are difficult to find and the cost of replacing them significant.

The issue of Options as part of the remuneration packages of directors, senior executives and key consultants is a well established practice of public listed companies and, in the case of the Company, has the benefit of conserving cash whilst properly rewarding directors, executives and consultants.

ASX Listing Rule Requirements

For the purpose of Resolutions 4, 5, 6 and 7, ASX Listing Rule 10.11 relevantly provides that prior approval of shareholders is required for the issue of equity securities to a related party. ASX Listing Rule 10.13 sets out the information to be provided to shareholders in the notice of meeting.

For the purpose of Resolution 8, ASX Listing Rule 7.1 relevantly provides that prior approval of shareholders is required for the issue of equity securities. ASX Listing Rule 7.3 sets out the information to be provided to shareholders in the notice of meeting.

Corporations Act 2001 Requirements

Under the Corporations Act, the provision of any financial benefit requires shareholder approval pursuant to the related party provisions (Part 2E).

Messrs G J Wheeler, M H Wilson, J denDryver and G Dunbar (the parties to which Resolutions 4, 5, 6 and 7 relate) are considered "related parties" under section 228, whilst the issue of Incentive Options to them constitutes a "financial benefit" for this purpose.

Accordingly, the purpose of this notice is to seek the requisite shareholder approvals for the grant of the Incentive Options to Messrs Greg J Wheeler, Michael H Wilson, John denDryver and Gordon Dunbar.

Sections 219 and 221 set out the information to be provided to shareholders in the notice of meeting and accompanying explanatory statement.

3. ISSUE OF INCENTIVE OPTIONS TO DIRECTORS - (Resolutions 4, 5, 6 and 7)

For the purposes of sections 217 to 227 of the Corporations Act, and ASX Listing Rule 10.13, the following information is provided to shareholders to allow them to assess whether or not it is in the Company's interests to pass Resolutions 4, 5, 6 and 7.

1. Mr G J Wheeler, Mr Michael H Wilson, Mr John denDryver and Mr Gordon Dunbar are the related parties to whom the proposed resolution would permit a financial benefit to be given. They are each a related party to the Company by virtue of section 228 of the Corporations Act and ASX Listing Rule 19.12.
2. The maximum number of Incentive Options (being the nature of the financial benefit being provided) to be granted are as follows:

Name	Position	Incentive Options
Mr G J Wheeler	Chairman of Directors, Chief Executive Officer, Chief Financial Officer and joint Company Secretary	2,000,000
Mr M H Wilson	Technical Director	1,250,000
Mr J denDryver	Non Executive Director	250,000
Mr G Dunbar	Non Executive Director	250,000

3. The Options referred to in Resolutions 4, 5, 6 and 7 will be granted for nil consideration, accordingly no funds will be raised from the grant of the Incentive Options, and no loan will be provided by the Company to any of Mr Wheeler, Mr Wilson, Mr denDryver or Mr Dunbar.
4. The Incentive Options will be granted to the specified parties not later than one month after the date of the Meeting (or such later date as permitted by any ASX waiver or modification of the Listing Rules) and it is anticipated that the Incentive Options will be issued on one date.
5. The exercise price of the Incentive Options to be granted to Mr Wheeler, Mr Wilson, Mr denDryver or Mr Dunbar is the greater of 30 cents per share or 125% of the volume weighted average price at which the Company's ordinary shares are traded on ASX in the 10 consecutive trading days immediately prior to grant. The other terms and conditions of the Incentive Options are set out in Annexure "A" to this Explanatory Statement.
6. The purpose of the grant of the 2,000,000 Incentive Options to Mr Wheeler is to remunerate him appropriately and to provide an incentive for future performance by Mr Wheeler in the roles he is carrying out. The Board considered the extensive experience and reputation of Mr Wheeler and the market price of securities in the Company and current market practices when determining the number and exercise price of the Incentive Options to be issued to Mr Wheeler.
7. Mr Wheeler currently receives an annual salary of \$225,000 for acting as Chairman of Directors, CEO, CFO and joint Company Secretary which is considered at the lower end of the commercial range for a person of his experience and the positions he assumes. Mr Wheeler is not entitled to receive any other emoluments from the Company, and has not received any other emoluments from the Company in the past other than when acting as Non Executive Director when he was paid \$30,000 per annum. Mr Wheeler also received 2,000,000 incentive options, exercisable at 26 cents by 30 November 2008, pursuant to approval by shareholders in April 2007.
8. The purpose of the grant of the 1,250,000 Incentive Options to Mr Wilson is to remunerate him appropriately and to

provide an incentive for future performance by Mr Wilson in the role he is carrying out. The Board considered the experience and reputation of Mr Wilson and the market price of securities in the Company and current market practices when determining the number and exercise price of the Incentive Options to be issued to Mr Wilson.

9. Mr Wilson currently receives an annual salary of \$160,000 for acting as Technical Director which is considered at the lower end of the commercial range for a person of his experience and the positions he assumes. Mr Wilson is not entitled to receive any other emoluments from the Company, and has not received (in his role as a director) any other emoluments from the Company in the past other than 1,325,000 incentive options, exercisable at 26 cents by 30 November 2008, were approved by shareholders in April 2007.
10. The issue of 250,000 Incentive Options to Mr denDryver is to remunerate him appropriately whilst saving the Company cash, and to provide an incentive for Mr denDryver's future performance and commitment to the Company. The Board considered the experience and reputation of Mr denDryver, the market price of securities in the Company and the current market practices when determining the number and exercise price of the Incentive Options to be issued to Mr denDryver.
11. Mr denDryver currently receives director's fees of \$40,000 per annum. Mr denDryver has not received any other emoluments from the Company in the past other than 400,000 incentive options, exercisable at 26 cents by 30 November 2008, were approved by shareholders in April 2007.
12. The issue of 250,000 Incentive Options to Mr Dunbar is to remunerate him appropriately whilst saving the Company cash and to provide an incentive for Mr Dunbar's future performance and commitment to the Company. The Board considered the experience and reputation of Mr Dunbar, the market price of securities in the Company and the current market practices when determining the number and exercise price of the Incentive Options to be issued to Mr Dunbar.
13. Mr Dunbar currently receives director's fees of \$40,000 per annum. Mr Dunbar has not received any other emoluments from the Company in the past other than 400,000 incentive options, exercisable at 26 cents by 30 November 2008, were approved by shareholders in April 2007.
14. The Company acknowledges that the grant of Incentive Options to Mr denDryver and Mr Dunbar is contrary to recommendation 9.3 of the ASX Good Corporate Governance and Best Practices Recommendations. However, the Directors consider the grant of the Incentive Options to Messrs denDryver and Dunbar reasonable in the circumstances, given the necessity to attract and retain the highest caliber of professionals to the Company, whilst maintaining the Company's cash reserves.
15. Excluding any securities proposed to be allotted to the related parties pursuant to Resolutions 4, 5, 6 and 7, Messrs Wheeler, Wilson denDryver and Dunbar have a relevant interest in the securities set out below:

Name	Shares	Options at 26 cents Exercise price and Expiring 30 November 2008
Mr G J Wheeler	3,958,702	2,000,000
Mr M H Wilson ¹	15,000	1,325,000
Mr denDryver	Nil	400,000
Mr Dunbar	200,000	400,000

¹Mr Wilson also has options expiring 31/3/09 as follows: 70,000 ex at \$0.42; 70,000 ex at \$0.46; 70,000 ex at \$0.50; issued in 2003

16. The price of the Company's shares over the preceding 12 months has ranged from a low of 6 cents on 21 September 2006 to a high of 29.5 cents on 24 July 2007. The latest available price of the Company's shares quoted on the ASX, prior to the date of this Explanatory Statement, on 7th September 2007 was 24 cents.
17. The Directors provide an indicative theoretical valuation of the Incentive Options proposed to be granted to the related parties under Resolutions 4, 5, 6 and 7, using the Black & Scholes pricing model and based on the following assumptions:
 - a. the Incentive Options expire on 30 June 2009 and are exercisable at \$0.30 each;
 - b. a current price per Share of \$0.19;

- c. a volatility factor of 75%;
- d. an interest rate of 6.4% (being the risk free interest rate on five year government bonds);
- e. a discount factor of 50% has been applied due to the lack of marketability of the Options;
- f. the valuations ascribed to the Incentive Options may not necessarily represent the market price of the Incentive Options at the date of the valuation; and
- g. the valuation date for the Incentive Options was 3rd September 2007.

Based on the above, the Incentive Options for Messrs Wheeler, Wilson, denDryver and Dunbar have a theoretical value of 2.5 cents each.

18. Messrs Wheeler, Wilson, denDryver and Dunbar have an interest in the outcome of Resolutions 4, 5, 6 and 7 respectively and therefore do not consider themselves justified in making a recommendation in respect of those Resolutions. There is no other information known to the Directors or the Company that is reasonably required by shareholders to make a decision whether or not it is in the Company's interests to pass Resolutions 4, 5, 6 and 7, other than as set out throughout this Explanatory Statement (including the current entitlements of the Directors to securities in the Company).
19. If the Incentive Options granted to Messrs Wheeler, Wilson, denDryver and Dunbar pursuant to Resolutions 4, 5, 6 and 7 are paid up, a total of 3,750,000 Shares would be allotted and issued. Assuming that no other options are exercised and no other Shares are issued, this will increase the number of Shares on issue from 114,101,589 Shares to 117,851,589 Shares with the effect that there will be a dilution of the issued share capital of approximately 3.3% with no dilution in cash backing per share as the price to be paid is higher than the current market price.
20. The Directors do not consider that there are any opportunity costs to the Company or benefits foregone by the Company in respect of the proposed issue of Incentive Options other than, if the Incentive Options are exercised at a time when the market price of the Company's shares is greater than the exercise price of the Incentive Options, there may be a perceived cost to the Company insofar as the Company will issue Shares at a price lower than it might otherwise have been able to, with the result that less funds will be raised.

4. ISSUE OF INCENTIVE OPTIONS TO EMPLOYEES (Resolution – 8)

21. Resolution 8 of the Notice of General Meeting proposes the grant of up to 975,000 Incentive Options to employees of Helix. The purpose of the allotment of the shares is to provide a performance incentive to employees. The Options to be allotted will not be quoted on the ASX and are non-transferable. The Incentive Options must be exercised on or before 30 June 2009 and will be issued for nil consideration. No directors or their associates will participate in the allotment of Incentive Options approved under Resolution 8.
22. In compliance with the information requirements of ASX Listing Rule 7.3 members are advised of the following particulars in relation to the proposed issue of Options:

Maximum number of Options to be issued	975,000
Date by which the Company will issue Options	No later than three months after the date of the meeting
Exercise price of the Options to be issued	The greater of 30 cents per share or 125% of the volume weighted average price at which the Company's ordinary shares are traded on ASX in the 10 consecutive trading days immediately prior to grant
Exercise date	On or before 30 June 2009
Names of the allottees	The names of the allottees are still to be determined, but will be all employees of Helix
Terms of issue	Will be issued on the terms and conditions as outlined in Appendix "A"

Intended use of funds raised

No funds will be raised from the grant of the Incentive Options as the grant is an incentive for work to be performed for the Company. Any funds raised from the exercise of the Incentive Options will be applied to working capital.

Dates of allotment

Allotment will occur progressively
