hummm retailer update

- **Australia's original Buy Now Pay Later provider launches newest offer**
- **Myer, IKEA, JB Hifi New Zealand, Solomon's Carpets, Strandbags, National Hearing, National Dental Plan and City Fertility join the hummm platform**
- **Continued business momentum as new partners take total hummm retailers to over 13,000**

FlexiGroup Limited (ASX: FXL) ("**flexigroup**") today announces that a number of new high profile retail partners have joined the **hummm** platform. The addition of these tier one retailers in the fashion retail, health and home improvement categories represents continued momentum across **hummm**'s target verticals.

flexigroup, the inventor of Buy Now Pay Later ("**BNPL**") in Australia has successfully consolidated two legacy platforms - Certegy EziPay and OxiPay - into an innovative and differentiated customer offer which enables shoppers to spend from \$1 up to \$30,000 completely interest free. **hummm** accounts for 17% market share of the BNPL transaction volume in Australia (and 40% of receivables) with over 1 million customers shopping at more than 13,000 seller locations and e-commerce platforms. In New Zealand **flexigroup** has over 160,000 BNPL customers who can shop at over 1,700 seller locations.

Commenting on the announcement, Rebecca James, Chief Executive Officer at **flexigroup** said:

*"We have a proud history of financing Australian and New Zealand lifestyles for over twenty years and have a strong reputation for innovating to meet changing consumer demand. Consumers are demanding to have greater control over their finances, and **hummm** gives them the ability to finance the little things and the big things in a way that helps with affordability and managing their household budget.*

*"We're delighted with the response we've received from our retailers and it's clear that there is strong demand for our differentiated proposition. These retailers have seen how the **hummm** platform supports customers in financing their lifestyles when it comes to health, family, home, fashion and more. The range of merchants added reflects this appetite for more flexible Buy Now Pay Later solutions that can service a wider breadth of transactions and offer greater repayment terms to the retailers' customers. With **hummm**, customers can handle the 'little things' worth up to \$2,000, repaid over 2.5 or 5 months and the 'big things' worth over \$2,000, repaid over 6-60 months, quickly and easily, from the same app – an Australian first.*

*"The addition of these leading brands across our target verticals reinforces the strength of **hummm**'s offering – bringing new growth opportunities to retailers and delivering a unique and compelling user experience direct to consumers."*
