Corporate Governance Statement

Infini Resources Limited (**Company**)

The Board of Directors of the Company (**Board**) are committed to achieving and maintaining high standards of performance and corporate governance.

The Company supports the 4th Edition of the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations (**Recommendations**).

The Company's practices are largely consistent with the Recommendations. The Board considers that the implementation of a small number of Recommendations is not appropriate, for the reasons set out below in relation to the items concerned. The Board uses its best endeavours to ensure that exceptions to the Recommendations do not have a negative impact on the Company and the best interests of shareholders as a whole.

The directors of the Company (**Directors**, being either Non-Executive Directors or Executive Directors) are responsible to the shareholders for the performance of the Company in both the short and the longer term and seek to balance sometimes competing objectives in the best interests of the Company as a whole. Their focus is to enhance the interests of shareholders and other key stakeholders and to ensure the Company is properly managed.

As required by the ASX Listing Rules, the Company's main corporate governance policies and practices are summarised below, having regard to the Recommendations. Details of the Company's corporate governance plan and related documents are available online at <https://www.infiniresources.com.au/>.

This corporate governance statement is current as at 30 November 2023 and has been approved by the Board.

Principle 1 - Lay solid foundations for management and oversight		
Recommendation 1.1 A listed entity should have and disclose a board charter setting out: (a) the respective roles and responsibilities of its board and management; and (b) those matters expressly reserved to the board and those delegated to management.	Yes	The Board has adopted a formal charter that details the functions and responsibilities of the Board and management (Board Charter) and includes a description of those matters expressly reserved to the Board and those delegated to management. As provided for in the Board Charter, the Board is responsible for all matters relating to the running of the Company, and more specifically, all matters relating to the policies, practices, management and operations of the Company. The detail of some board functions will be handled through Board Committees as and when the size and scale of operations requires such Committees. However, the Board as a whole is responsible for determining the extent of the powers residing in each Committee and is ultimately responsible for accepting, modifying or rejecting Committee recommendations. The Managing Director or Chief Executive Officer (as applicable) (as a delegate of the Board) is responsible for the effective leadership and day-to-day operations and administration of the Company. The responsibilities of the Board as a whole, the Chair, individual Directors and the functions delegated to senior management are set out in more detail in Part A of the Company's Board Charter, which is available on the Corporate Governance page of the Company's website www.infiniresources.com.au.

Yes	The Board will consider nominations for appointment or election of Directors that may arise from time to time, having regard to the skills and experience required by the Company and procedures outlined in the Company's constitution and the <i>Corporations Act 2001</i> (Cth). The Company undertakes appropriate checks before appointing a person, or putting forward to shareholders a candidate for election, as a Director. The Non-Executive Directors of the Company have not been appointed for a fixed term. Each Non-Executive Director has signed a letter of appointment. The Executive Director has signed an executive services agreement setting out his respective duties, obligations and remuneration. The Company Secretary has entered into a letter of appointment and/or consultancy agreement with the Company, setting out the Company Secretary's role, responsibilities and remuneration.

Given the current size of the Board and

ASX Corporate Governance Principle/Recommendation	Comply	Particulars of Compliance and If Not Why Not
		small number of employees, the Company has not set measurable objectives for the current reporting period. It is the Company's intention to continue to monitor this matter as the Company matures.
Recommendation 1.6 A listed entity should: (a) have and disclose a process for periodically evaluating the performance of the board, its committees and individual directors; and (b) disclose for each reporting period whether a performance evaluation has been undertaken in accordance with that process during or in respect of that period.	Partially	The Charters of the Company's Board and Remuneration and Nomination Committee, which is currently a function of the Board, outlines the processes to be used for evaluating the performance of, and the development and improvement of, the Board, its committees, and its individual Directors. These reviews will be carried out in accordance with the Company's Performance Evaluation Policy, which is available on the Company's website. The Board has assessed the current and future needs of the Company, and has set expectations for itself, its committees and its Directors. The Remuneration and Nomination Committee (which is currently a function of the Board) will conduct the Board and Committee performance reviews against these expectations. Based upon the reviews, individuals and groups will be provided with feedback on their performance and the results will provide a key input into the future expectations set by the Board. The Performance Evaluation Policy has been newly adopted and therefore no performance evaluation has been undertaken in accordance with those processes contained within the policy during the current reporting period.
Recommendation 1.7 A listed entity should: (a) have and disclose a process for evaluating the performance of its senior executives at least once every reporting period; and (b) disclose for each reporting period whether a performance evaluation has been undertaken in	Partially	The Board reviews the performance of its senior executives on an annual basis. Yes	Due to the size of the Board, the Company does not have a separate nomination committee. The roles and responsibilities of a nomination committee are currently undertaken by the Board. The duties of the full Board in its capacity as a nomination committee are set out in the Company's Remuneration and Nomination Committee Charter. When the Board meets as a remuneration and nomination committee it carries out those functions which are delegated to it in the Company's Remuneration and Nomination Committee Charter. Items that are usually required to be discussed by a Remuneration and Nomination Committee are marked as separate agenda items at Board meetings when required. The Board has adopted a Remuneration and Nomination Committee Charter which describes the role, composition, functions and responsibilities of a Nomination Committee. The Board as a whole reviews the size, structure and composition of the Board including competencies and diversity, in addition to reviewing Board succession plans and continuing development. At present, the Board considers that no efficiencies or other benefits would be gained by establishing a separate nomination committee.
Recommendation 2.2 A listed entity should have and disclose a board skills matrix setting out the mix of skills and diversity that the board currently has or is looking to achieve in its membership.	Partially	The Board is structured to facilitate the effective discharge of its duties and to add value through its deliberations. 		relation to various corporate and personal behaviour including safety, discrimination, respecting the law, anti-corruption, interpersonal conduct and conflict of interest. While the Code of Conduct seeks to prescribe standards of behaviour for all Company personnel to observe, it does not, and understandably cannot, identify every ethical issue that an individual might face. The Code of Conduct's objective is to provide a framework for decisions and actions in relation to ethical conduct in employment, to safeguard the Company's reputation and to make clear the consequences of breaching the Code of Conduct. Any material breaches of the Code of Conduct will be reported by the Company Secretary to the Board. A copy of the Company's Code of Conduct is available on the Company's website.
Recommendation 3.3 A listed entity should: (a) have and disclose a whistleblower policy; and (b) ensure that the Board or a committee of the Board is informed of any material incidents reported under that policy.	Yes	The Board has adopted a whistleblower protection policy to ensure concerns regarding unacceptable conduct including breaches of the Company's code of conduct can be raised on a confidential basis, without fear of reprisal, dismissal or discriminatory treatment. The purpose of this policy is to promote responsible whistle blowing about issues where the interests of others, including the public, or of the organisation itself are at risk. The Board or its delegated committee will be informed of any material incidents reported under the whistleblower protection policy. A copy of the Company's Whistleblower Policy is available on the Company's website.

Yes	As a consequence of the size and composition of the Board (comprising the Executive Director and Non-Executive Directors) the Board does not have a stand-alone audit committee. The Board as a whole has responsibilities typically assumed by an audit committee, including but not limited to: (a) verifying and safeguarding the integrity of the Company's stakeholder reporting; (b) reviewing and approving the audited annual and reviewed half-yearly financial reports; (c) reviewing the appointment of the external auditor, their independence and performance, the audit fee, any questions of their resignation or dismissal and assessing the scope and adequacy of the external audit; and (d) a risk management function. The Board meets on a regular basis and discusses matters normally captured under the terms of reference of an audit committee, being Company risk, controls and general and specific financial matters, as detailed in Risk Management and Compliance and Control on the Company's website. Information on the Company's procedures for the selection and appointment of the external auditor and the rotation of external audit partners is set out in the Policy on Selection, Appointment and Rotation of External Auditors, which is available on the Company's website.

Recommendation 8.3 A listed entity which has an equity-based remuneration scheme should: (a) have a policy on whether participants are permitted to enter into transactions (whether through the use of derivatives or otherwise) which limit the economic risk of participating in the scheme; and (b) disclose that policy or a summary of it.	Yes	The Company prohibits the use of Derivatives in relation to unvested equity instruments, including performance share rights, and vested Company Securities that are subject to disposal restrictions (such as a 'Holding Lock'). This is in line with the requirements of the <i>Corporations Amendment (Improving Accountability on Director and Executive Remuneration) Act 2011</i> (Cth), and is intended to prevent transactions which could have the effect of distorting the proper functioning of performance hurdles or reducing the intended alignment between management's and shareholders' interests. Derivatives may however be used in relation to vested positions which are not subject to disposal restrictions subject to compliance with the law and the other provisions of the Company's Trading Policy The Trading Policy is available on the Company's website.
