Company Comment

Indiana's Executive Chairman Bronwyn Barnes said: *"I am pleased to see shareholders commencing to exercise their options and convert to shares. With drilling planned for November in South Australia, we are keen to use the existing funds to support exploration activity across our land package in the Gawler Craton. There are no plans to undertake a placement as the Board remains focused on minimising dilution to shareholders at a time when we can see a real opportunity for value creation through exploration activity. If all options are exercised prior to their expiry date of 5th August 2021, the Company will receive more than \$4.9 million in funds. This will allow us to commence with our current planned exploration activity and have sufficient funds to follow up results as they are delivered."*

The Company has also resolved to issue 3,500,000 unlisted Options exercisable at \$0.06 on or before 1 December 2023, to Delta Resources Management Pty Ltd (or its nominee) pursuant to the corporate and technical services provided to the Company and relating to GIS, mapping, computing and support personnel services, management of the database of information, including historical data relating to the assets of the Company.

Accompanying this announcement are Appendix 2A and Notice under Section 708A to reflect the conversion of the Listed Options and Appendix 3G to reflect the issue and allotment of 3,500,000 unlisted Options.

Annexure A

Terms of 3,500,000 Unlisted Options exercisable at \$0.06 on or before 1 December 2023

- Each option entitles the holder, on exercise, to one ordinary fully paid share in the Company.
- Shares issued on exercise of options will rank equally with other ordinary shares of the Company.
- Options are freely transferable. Quotation of options on ASX will not be sought. However, the Company will apply to ASX for official quotation of Shares issued on the exercise of options.
- An option may only be exercised after that option has vested and any other conditions imposed by the Board on exercise satisfied. The options will vest immediately once shareholder approval has been obtained.
- If, in the opinion of the Board any of the following has occurred or is likely to occur, the Company entering into a scheme of arrangement, the commencement of a takeover bid for the Company's Shares, or a party acquiring a sufficient interest in the Company to enable them to replace the Board, the Board may declare an option to be free of any conditions of exercise. Options which are so declared may be exercised at any time on or before their expiry date and in any number.
- There are no participating rights or entitlements inherent in the options and option holders will not be entitled to participate in new issues of capital offered to Shareholders during the currency of the options. However, the Company will ensure that the record date for determining entitlements to any such issue will be at least 9 Business Days after the issue is announced. Option holders shall be afforded the opportunity to exercise all options which they are entitled to exercise pursuant to the Plan prior to the date for determining entitlements to participate in any such issue.
- If the Company makes an issue of Shares to Shareholders by way of capitalisation of profits or reserves ("Bonus Issue"), each option holder holding any options which have not expired at the time of the record date for determining entitlements to the Bonus Issue shall be entitled to have issued to him upon exercise of any of those options the number of Shares which would have been issued under the Bonus Issue ("Bonus Shares") to a person registered as holding the same number of Shares as that number of Shares to which the option holder may subscribe pursuant to the exercise of those options immediately before the record date determining entitlements under the Bonus Issue (in addition to the Shares which he or she is otherwise entitled to have issued to him or her upon such exercise). The Bonus Shares will be paid by the Company out of profits or reserves (as the case may be) in the same manner as was applied in relation to the Bonus Issue and upon issue rank pari passu in all respects with the other Shares issued upon exercise of the options.
- In the event of any reconstruction (including a consolidation, subdivision, reduction or return) of the issued capital of the Company prior to the expiry of any options, the number of options to which each option holder is entitled or the exercise price of his or her options or both or any other terms will be reconstructed in a manner determined by the Board which complies with the provisions of the Listing Rules.
