Infratil releases inaugural Sustainability Report

Infratil Limited ('Infratil') (NZX/ASX: IFT) is pleased to announce the release of its inaugural Sustainability Report.

The Sustainability Report outlines a refreshed sustainability strategy, which focuses on four pillars that incorporate Infratil's material ESG issues: Governance, Leadership, Climate & Nature, and People.

The report also covers the analysis undertaken to date to assess the resilience of Infratil's portfolio to the impacts of climate change under a range of climate scenarios, and includes disclosure of Infratil's operational and financed emissions.

A copy of the report is available [here](#).
