¹ Under Listing Rule 4.7.3, an entity must lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of rule 4.10.3.

³ Mark whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where the entity's corporate governance statement can be found.

The Company Secretary is accountable to the Board through the Chairman on all matters to do with the proper functioning of the Board. The Board Charter confirms that all directors have direct access to the Company Secretary. The Company Secretary is responsible for:

- advising the Board on corporate governance matters;
- managing the company secretarial function;
- attending all Board and Board committee meetings; and
- taking minutes and communicating with the ASX.

2.3 Composition of the Board

The Board currently comprises six independent, non-executive directors and one executive director, who is the Managing Director. Board composition is determined in accordance with Iluka's constitution and Board Charter, which together set out the following general principles:

- the Board must comprise of a minimum three and a maximum of 10 directors;
- the Board should comprise of a majority of independent directors with a range of skills, expertise and experience from a diverse range of backgrounds; and
- the Chairman of the Board should be an independent non-executive director.

The composition of the Board accords with Principle 2 of the ASX Principles.

In determining the composition of the Board, the Board and the Nominations Committee work together to ensure that the optimal size and blend of skills, expertise and experience are represented on the Board to further ensure that effective discussion and efficient decision making takes place. The Board is satisfied that the current Board is comprised of directors representing a broad range of these attributes.

Details of the skills, experience, expertise and qualifications of each director, as well as their length of service, are set out on pages 44 and 45 of the Annual Report 2015 (**Annual Report**).

The following table summarises the skills, attributes and experience of the non-executive directors serving on the Board at 31 December 2015:

2.4 Independence of directors

The Board recognises the importance of ensuring that directors are free from interests and relationships that might, or might reasonably be perceived to, materially influence a director's capacity to bring an independent judgement to bear on issues before the Board and to act in the best interests of Iluka and its shareholders generally.

Accordingly, the Board has adopted guidelines, set out in the Board Charter, which are used to determine the independence of directors and are based on the definition of independence listed in Box 2.3 of the ASX Principles.

In accordance with these guidelines, the Board generally considers a director to be independent if he or she is not a member of management and:

- is not a substantial shareholder of Iluka or an officer of, or otherwise associated with, a substantial shareholder of Iluka;
- is not employed, or been previously employed, in an executive capacity by Iluka or another group member, or where they were previously employed in such a

capacity, there has been a period of at least three years between ceasing such employment and serving on the Board;

- within the last three years has not been a partner, director or senior employee of a provider of material professional services;
- is not in a material business relationship (e.g. as a supplier or customer) of Iluka or another group member, or an officer of or otherwise associated with someone with such a relationship;
- has no material contractual relationship with Iluka or another group member other than as a director of Iluka;
- does not have close family ties with any person who falls within any of the categories described above;
- has not served on the Board for a period that his or her independence may have been compromised; and
- is free from any interest and any business or other relationship which could, or could reasonably be perceived to, materially interfere with the director's ability to act in the best interests of Iluka.

The Board considers the materiality of a director's interests, position, association or relationship on a case by case basis. The Board also has regard to length of tenure when assessing whether a director is, or continues to be, independent. The Board is satisfied that the length of tenure of its current directors does not call into question their independence.

Directors also have an ongoing responsibility to disclose any actual or potential transactions or interests that may create a conflict of interest. They may also be required to take steps to remove any conflict of interest. If a director cannot or will not remove a conflict of interest, then the director must be absent from the room when discussion and/or voting occurs on matters to which the conflict relates.

The Board has reviewed the independence of its directors and considers that the Chairman and each non-executive director are independent.

2.5 Access to independent advice

Under the Board Charter, directors may seek independent professional advice at Iluka's expense on any matter connected with the discharge of their responsibilities with the prior written approval of the Chairman.

2.6 Access to Board materials and information

Under the Deed of Indemnity, Insurance and Access, directors have access to inspect the company's records which have been prepared during or relate to the director's tenure or discharge of duties as a director in respect of the company.

2.7 Director selection and succession planning

The Board renewal process is overseen by the Nominations Committee and involves regularly reviewing the composition of the Board to ensure that the directors have an appropriate mix of skills, expertise, experience and backgrounds relevant to the management of Iluka.

The Board Charter sets out the overarching principles regarding director selection and succession planning. The Nominations Committee Charter sets out the key nomination planning principles of the committee which is responsible for leading the process of Board appointments. The diagram below demonstrates the director selection and succession planning principles and responsibilities.

When a director candidate stands for election or re-election at a meeting of shareholders, Iluka provides shareholders with all material information in its possession regarding the director in the relevant Notice of Meeting.

2.8 Director induction and continuing education

All new directors are appointed through a written agreement with Iluka that sets out their duties, rights and responsibilities. In addition, the Nominations Committee is responsible for ensuring that new directors are provided with a comprehensive induction programme (including business briefings by management and site visits).

The Board encourages directors to continue their education and maintain the skills required to discharge their duties by providing professional development opportunities. Iluka meets all reasonable costs of continuing director education.

CORPORATE GOVERNANCE STATEMENT 2015

During the year, the directors were involved in company familiarisation activities which included a visit to Iluka's operations in the South-West of Western Australia.

2.9 Board meetings

In 2015, the Board met on 13 occasions, of which eight were scheduled meetings. In addition to these formal meetings, the Board also had a planning day dedicated primarily to strategic planning. The Chairman chaired all the meetings. In addition, the non-executive directors periodically meet independent of management to discuss relevant issues. 3 Board committees

Relevant policies and charters:

- Audit and Risk Committee Charter
- Nominations Committee Charter
- People and Performance Committee Charter

In line with a recommendation from an external review of the Board and each committee held in late 2014, the Board separated the responsibilities of the Remuneration and Nominations Committee into two separate standalone committees: the Nominations Committee; and the People and Performance Committee, both formed effective 16 February 2015, to give additional focus to their respective responsibilities.

The Board now has three committees: the Audit and Risk Committee; Nominations Committee; and People and Performance Committee, to assist with the effective discharge of its duties. Each committee operates under a specific charter approved by the Board which details their respective roles, duties and membership requirements.

The committees comprise only independent, non-executive directors. In addition, the Audit and Risk Committee and People and Performance Committee have an independent chairman who is not the Chairman of the Board.

The primary role of the committees is to make recommendations to the Board on matters set out in their respective charters. Their structure and membership are reviewed periodically.

3.1 Audit and Risk Committee

The purpose of the Audit and Risk Committee is to assist the Board to protect the interests of Iluka's shareholders and stakeholders by overseeing on behalf of the Board:

- the integrity of financial reporting;
- the adequacy of the control environment and the processes for identifying and managing risk;
- the internal and external audit functions;
- treasury and taxation practices; and
- compliance with applicable legal and regulatory requirements and internal codes of conduct, as requested by the Board.

During the year, the Audit and Risk Committee conducted reviews of the effectiveness of the Group's systems of risk management and internal controls for 2015 and up to the date of the Annual Report in accordance with the ASX Principles. These reviews

covered financial, operational, and compliance controls and risk assessment. During the year, management presented an assessment of the material business risks facing the company and the level of the effectiveness of risk management over the material business risks. The reviews were overseen by the Audit and Risk Committee, with findings and recommendations reported to the Board.

Established on 16 February 2015, the purpose of the Nominations Committee is to assist the Board in fulfilling its responsibilities in overseeing the:

- selection, performance evaluation and succession of the Board, its committees and non-executive directors; and
- the appointment and succession of the Managing Director.

The Committee will also make decisions on behalf of the Board where such authority has been expressly delegated by the Board.

During the year, the key area of focus for the Nominations Committee was ensuring the Board and each committee had the appropriate number of directors, skills and experience to ensure they fulfil their responsibilities. With Mr Osborn's planned retirement in May 2016, the committee conducted an extensive search to find a suitable

replacement. On 2 December 2015, the Board announced that Dr Xiaoling Liu would join the Board on 19 February 2016 as an independent non-executive director. The other key area of focus was to review long term capability and capacity of the Executive team against a defined executive leadership skills matrix. Specific development plans were prepared and included in annual performance management processes.

4 Performance evaluation and remuneration

Relevant policies and charters:

- Board Charter
- Nominations Committee Charter
- People and Performance Committee Charter

4.1 Performance evaluation

Each year, performance evaluations of the Board, its committees and individual directors are undertaken. The Nominations Committee assists the Board in relation to the conduct of performance evaluations and development and implementation of plans for identifying, assessing and enhancing director competencies. External facilitators

may be engaged to assist with the review of the Board, its committees and individual directors.

In 2015, the Board continued with improvement initiatives identified from the 2014 externally facilitated Board performance review, one of which was the separation of the Remuneration and Nominations Committee into two separate standalone committees.

The Board, Audit and Risk Committee and People and Performance Committee also conduct an annual self-assessment of their performance, which serves to identify strengths, weaknesses and areas for improvement. The completed assessments are taken into account by the Board and each respective committee in determining performance improvements for the following year.

In accordance with this process, the Board evaluated the performance of its directors, itself and each committee in December 2015.

The People and Performance Committee also assists the Board with evaluating the performance of the Managing Director. The People and Performance Committee provides feedback regarding the Managing Director's performance in relation to key performance measures to the Chairman of the Board, who is responsible for conducting the Managing Director's performance review.

Twice yearly, the Managing Director undertakes a review of the performance of each senior executive against individual objectives and deliverables linked to a corporate plan that were agreed at the beginning of the performance period. These personal objectives relate to key areas of performance over which the individual has accountability and influence. The process for conducting these reviews is covered on pages 31 to 34 of the Annual Report. The performance reviews of the Managing Director and senior executives were conducted in August and at the end of the performance period in accordance with this process.

4.2 Director and executive remuneration

The People and Performance Committee obtain independent remuneration benchmarking information for comparative purposes. Salary reviews and short-term incentives are determined by assessing performance against both individual performance and profitability and sustainability performance targets. Long-term incentives vest subject to Return on Equity and Total Shareholder Return performance compared with that of an industry peer group. In 2015, the People and Performance Committee conducted those reviews in accordance with disclosed processes.

All senior executives are employed by the Company under written employment contracts.

Further details about the remuneration structure, remuneration policies and remuneration paid to the directors and senior executives during the reporting period, as details of the contractual arrangements with senior executives, are set out on pages 18 to 43 of the Annual Report.

5 Risk management and internal controls

Relevant policies and charters:

- Board Charter
- Audit and Risk Committee Charter
- Risk Management Policy

5.1 Risk management

The Board recognises that the identification and management of risk is fundamental to achieving Iluka's objective: to create and deliver value for shareholders.

Iluka has a Risk Management Policy which sets out the objectives and performance expectations to managing risk in a proactive and effective manner, and supporting guidance including a Risk Management Framework that defines a 'whole of business' approach to the management of risks which allows both opportunities and threats to be identified and managed effectively.

The Board has overall responsibility for reviewing, approving and overseeing systems of risk management and internal control. This includes reviewing processes to identify the main risks associated with the company and reviewing processes and systems in place to manage these risks.

The Audit and Risk Committee assists the Board with regard to oversight of Iluka's risk management practices by:

- developing an understanding of key risk areas and the consequences of major risk events;
- gaining assurance as to the adequacy of Iluka's policies and processes for integrating risk management into its operations;
- reviewing and making recommendations to the Board in relation to any incident involving fraud or other material break down of Iluka's internal controls;
- reviewing and reporting to the Board that the Audit and Risk Committee has, at least annually, reviewed Iluka's risk management framework to satisfy itself that it continues to be sound and effectively identifies areas of material potential risk; and
- reviewing the insurance strategy and determining the extent to which it aligns with the risk appetite and tolerance of Iluka.

In line with the ASX Principles, Iluka's Risk Management Framework is reviewed annually by the Audit and Risk Committee to satisfy itself and the Board that the framework continues to be sound. The review conducted during the reporting period included a consideration of its structure, procedure for risk identification and assessment, and the current approach towards risk appetite.

A copy of the Risk Management Policy can be found in the Governance section of Iluka's website. Further information outlining Iluka's approach to the management of

risks is set out on page 39 of the Iluka Review 2015 (**Iluka Review**) and pages 3 to 5 of the Annual Report.

5.2 Internal Audit

Iluka has an internal audit function (the Business Risk Management function) that assists the Board by undertaking an objective evaluation of the Iluka's internal control framework. The Business Risk Management function is jointly accountable to the Chief Financial Officer and the Audit and Risk Committee (for internal audit matters). The Business Risk Manager attends Audit and Risk Committee meetings to present internal audit activities and also meets privately with the Audit and Risk Committee on a regular basis to ensure a degree of independence and objectivity to the role.

The Audit and Risk Committee is responsible for overseeing the internal audit function and its key roles are:

- reviewing the performance of the internal auditor and the approval of the annual internal audit plan;
- reviewing significant internal audit findings and action taken by management to address these; and
- facilitating a direct line of communication from the internal auditor which is independent of management.

When requested by the Board, the Audit and Risk Committee also reviews the processes and internal controls that management have put in place to ensure compliance with laws, regulations and Iluka's policies and internal codes of conducts.

5.3 Material Risks

Examples of Iluka's management of material risks and the systems Iluka has in place to manage these risks is included on pages 3 to 5 of the Annual Report.

5.4 Managing Director and Chief Financial Officer certifications

Prior to approving the financial statements in respect of each half and full year financial period, the Managing Director and the CFO give a declaration to the Board that:

- in their opinion, Iluka's financial records have been properly maintained and the financial reports comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of Iluka; and
- that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.

The Managing Director and the CFO gave this declaration to the Board for the half year ended 30 June 2015, and the full year ended 31 December 2015.

6.4 Dealing in shares

The Board believes it is in the best interests of shareholders for directors and employees to own shares in Iluka, subject to strict controls and guidelines on share trading.

Iluka has in place a Securities Trading Policy which applies to Iluka’s directors and employees (and their “connected persons”). The policy prohibits directors and employees from trading in Iluka’s securities if they are in possession of price-sensitive information which is not generally available to the market. It also prohibits dealings by directors and certain employees during defined “closed periods” except where clearance has been granted for exceptional circumstances or the dealing falls within an excluded category under the policy.

Closed periods under the policy include:

- the end of the financial year; and
- the end of a half financial year,

to the time when two business days have elapsed after the release of the annual or half yearly results respectively. Outside of these closed periods and prior to any proposed trade, directors and certain employees must seek approval prior to trading in Iluka's securities.

Directors and employees are also restricted from engaging in short-term trading of Iluka's securities and from hedging their securities unless those securities have fully vested and are no longer subject to restrictions. Key management personnel must not at any time enter into a transaction that involves using Iluka's securities as collateral in any financial transaction, including margin lending arrangements.
