DIRECTORS' REPORT FOR THE YEAR ENDED 30 JUNE 2006

(d) Directors' Meetings

The following table sets out the number of Directors' meetings (including meetings of committees of Directors) held during the financial year and the number of meetings attended by each Director (while they were a Director or committee member). During the financial year, seven Board meetings, three Audit and Compliance Committee and two Remuneration Committee meetings were held.

	Board of Directors		Audit and Compliance Committee		Remuneration Committee	
	Held	Attended	Held	Attended	Held	Attended
I F Burston	7	6	3	2	2	2
B W Ridgeway	7	7	-	-	-	-
H H Al-Merry	7	-	-	-	-	-
R W Kelly	7	7	3	3	2	2
K A Dundo	7	7	3	3	2	2
I R Freeman	6	5	-	-	-	-

(e) Directors' Shareholdings

At the date of this report the Directors held the following interests in shares and options of the Company:

Directors	Shares Held Directly	Shares Held Indirectly	Options Held Directly
I F Burston	-	200,000	-
B W Ridgeway	-	5,000,000	2,000,000
H H Al-Merry	755,000	-	-
R W Kelly	200,000	65,000	-
K A Dundo	300,000	-	-
I R Freeman	-	16,059,002	-
J P O'Neil – alternate Director to Mr I R Freeman	-	12,847,202	-

At the date of this report, the options on issue by the Company are disclosed at (g) below and in Note 31.

(f) Remuneration Report

Remuneration policy for Directors and Executives

The Board seeks the approval of Shareholders in relation to the aggregate of Non Executive Directors' remuneration and any options that may be granted to Directors. The remuneration for Non Executive Directors is reviewed from time to time, with due regard to current market rates. The remuneration for Non Executive Directors is not linked to the Company's performance. Other than statutory superannuation, no Non Executive Director is entitled to any additional benefits on retirement from the Company.

The Managing Director's remuneration is determined by the Remuneration Committee with due regard to current market rates. The Managing Director has a short term incentive bonus amounting to 20% of his cash remuneration package that is linked to the EBIT performance of the Company. The balance of his remuneration package is not linked to the Company's performance.

All specified Executives, and all staff of the Company, are subject to formal annual reviews of their performance. The remuneration of specified Executives comprises a fixed monetary total, not linked to the performance of the Company, although bonuses related to the performance of the Company may be agreed between that Executive and the Company from time to time. Refer table on page 4 for further details.

* - C S Munyard was paid a bonus of \$54,950 during the current year for work done in relation to the development of the Ace Core Tool, not in his capacity as Manager of Surtron.

INDEX LIMITED

and its controlled entities

DIRECTORS' REPORT FOR THE YEAR ENDED 30 JUNE 2006

Elements of remuneration related to performance

- (i) **Managing Director:** Of the cash remuneration package of the Managing Director, 20% is linked to the performance of the Company by way of short term cash incentives. In addition options have been the method by which Index has sought to reward key executives in a manner linked to the performance of the Company. Any such options to the Managing Director, or any Director, require the approval by Shareholders in General Meeting.
- (ii) **Non Executive Directors:** The remuneration of Non Executive Directors is not linked to the performance of the Company. The maximum total remuneration payable to Non Executive Directors was approved by Shareholders at the 2003 Annual General Meeting and is currently \$300,000. In the current year remuneration to Non Executive Directors totalled \$235,163, including statutory superannuation. The Board determines the apportionment of directors' fees between each Director.
- (iii) **Group Executives:** The remuneration of specified Executives generally comprises a fixed monetary total that is not linked to the performance of the Company. Bonuses related to the performance of the Company may, however, be agreed between that Executive and the Company from time to time. In addition, subject to a qualifying period, Group Executives may be issued options in the Staff Option Plan at the discretion of the Board. The percentage of the value of remuneration that consisted of options for each Executive is set out below.

Value of options issued to Directors and Executives

The following table discloses the value of options granted, exercised or lapsed during the year:

	Options Granted(i)	Options Exercised	Options Lapsed	Total value of options granted, exercised and lapsed	Value of options included in remuneration during the year(ii)	Percentage of remuneration for the year that consisted of options
	Value at grant date	Value at exercise date	Value at time of lapse			
	\$	\$	\$	\$	\$	%
B W Ridgeway	25,760	-	-	25,760	25,760	7.5%
S J Lyons	3,600	-	-	3,600	3,600	2.5%
D L Kinley	2,400	-	-	2,400	2,400	1.7%
G E Weston	24,000	-	-	24,000	24,000	7.6%
C S Munyard	1,800	6,167	-	7,967	1,800	0.8%

- (i) The total value of options granted during the year is calculated based on the fair value of the option at grant date multiplied by the number of options issued during the year;
- (ii) The total value of options included in remuneration for the year is calculated in accordance with Accounting Standard AASB 1046 "Director and Executive Disclosures by Disclosing Entities", as amended by Accounting Standard AASB 1046A. As the options immediately vest the full value of the option is recognised in remuneration in the current year.

(g) Share options

- (i) Share options granted to Directors and Executives

During or since the end of the financial year an aggregate of 3,325,000 options were granted to the following directors and executives of the Group. No options were granted during or since the end of the financial year to Non-Executive Directors.

INDEX LIMITED

and its controlled entities

DIRECTORS' REPORT FOR THE YEAR ENDED 30 JUNE 2006

Name	Number of options granted	Issuing entity	Number of ordinary shares under option

Imdex Limited	Managing Director Options	Ordinary	30 cents	15 Sep 2005	14 Sep 2010	(ee)	2,000,000

(aa) exercisable one year after the date of issue, in one-third lots each year thereafter;

(bb) exercisable at any point prior to expiry;

(cc) exercisable at any point prior to expiry. The condition that Imdex shares trade at 30 cents for 5 consecutive trading days has now been achieved;

(dd) exercisable at any point prior to expiry; and

(ee) exercisable at any point from 2 years after date of issue until expiry.

(iii) Share options exercised during the year

C S Munyard exercised 25,000 options during the year and received 25,000 ordinary shares. The exercise price was 20c per option. No unpaid amounts remain on these shares.

(h) Principal Activities

The Consolidated Entity's principal continuing activities during the course of the financial year were the manufacturing and sale of a range of drilling products and services.

INDEX LIMITED

and its controlled entities

DIRECTORS' REPORT FOR THE YEAR ENDED 30 JUNE 2006

(i) Review of Operations

A review of the operations for the financial year together with future prospects is contained in the Chairman's Report, the Managing Director's Review and the Financial Report.

(j) Dividends

A fully franked interim dividend of 1 cent per ordinary share was paid on 30 March 2006 to shareholders registered on 23 March 2006. In the prior year no dividends were declared or paid. Since 30 June 2006 the Directors have declared a fully franked final dividend of 1 cent per ordinary share, the financial effect of which has not been reflected in the Financial Report.

(k) Changes in State Of Affairs

During the financial year, there were no significant changes in the state of affairs of the Consolidated Entity other than referred to in the Financial Statements or notes thereto.

(l) Subsequent Events

Effective 1 August 2006 the Company acquired 100% of the shares of the Swedish-based Reflex Group (Reflex) and the United Kingdom-based Chardec Consultants Limited (Chardec).

The purchase price for Reflex is \$25.4 million to be settled \$15 million in cash at settlement and the issue of a convertible note with a face value of \$10.4 million. The convertible note carries the right to convert into 20.8 million Index shares at a price of 50 cents per share at any time until 30 June 2008. The coupon rate will be 8% per annum. Under the terms of the agreement, conversion will be triggered automatically by the Index share price reaching \$1 per share. Any Index shares issued under this note prior to 30 June 2008 will be held in voluntary escrow until 30 June 2008.

The purchase price for Chardec is GBP6.8 million (approximately \$17 million) to be satisfied through the payment of GBP2.5 million in cash at settlement and a further GBP4.3 million over three years from date of settlement.

Apart from these matters, no other matter or circumstance has arisen since the end of the financial year that has significantly affected or may significantly affect the operation of the Consolidated Entity, the results of those operations, the financial position or the state of affairs of the Consolidated Entity in future financial years.

Additional disclosures with respect to these acquisitions are impracticable at this stage as the fair value at acquisition balance sheet and other matters relating to the acquisitions are still being finalised.

Subsequent to year end the Directors declared a 1 cent per share fully franked dividend with a record date of 10 October 2006 and a payment date of 13 October 2006. The effect of this dividend has not been reflected in this financial report.

(m) Future Developments

Disclosure of information regarding likely developments in the operations of the Consolidated Entity in future financial years and the expected results of those operations is likely to result in unreasonable prejudice to the Consolidated Entity. Accordingly, this information has not been disclosed in this report.

(n) Environmental Regulations

In prior years the Company, through Index Minerals, was subject to onerous environmental regulations. As described in this Financial Report, Index Minerals was sold on 1 July 2005.

(o) Non-audit services

The Directors are satisfied that the provision of non-audit services, during the year, by the auditor (or by another person or firm on the auditor's behalf) is compatible with the general standard of independence for auditors imposed by the Corporations Act 2001.

Details of amounts paid or payable to the auditor for non-audit services provided during the year by the auditor are outlined in Note 4 to the Financial Report.

(p) Auditor's Independence Declaration

The auditor's independence declaration is included on page 12 of the Financial Report.

INDEX LIMITED

and its controlled entities

DIRECTORS' REPORT FOR THE YEAR ENDED 30 JUNE 2006

(q) Indemnification of Officers and Auditors

During the financial year, the Company paid a premium in respect of a contract insuring the Directors of the Company, the Company Secretary, and all Executive Officers of the Company and of any related body corporate against a liability incurred as such a Director, Secretary or Executive Officer to the extent permitted by the Corporations Act 2001. The contract of insurance prohibits disclosure of the nature of the liability and the amount of the premium.

The Company has not otherwise, during or since the end of the financial year, indemnified or agreed to indemnify an officer or auditor of the Company or of any related body corporate against a liability incurred as such an officer or auditor.

(r) Rounding Off of Amounts

The Company is a Company of the kind referred to in ASIC Class Order 98/0100, dated 10 July 1998, and in accordance with that Class Order amounts in the Directors' report and the financial report are rounded off to the nearest thousand dollars.

Signed in accordance with a resolution of the Directors made pursuant to S.298(2) of the Corporations Act 2001.

On behalf of the Directors

A handwritten signature in black ink, appearing to read 'Ian Burston'.

Mr Ian Burston

Chairman

PERTH, Western Australia, 25 August 2006.

Independent audit report to the members of Imdex Ltd

Scope

The financial report and directors' responsibility

The financial report comprises the balance sheet, income statement, cash flow statement, statement of changes in equity, a summary of significant accounting policies and other explanatory notes and the directors' declaration for both Imdex Ltd (the company) and the consolidated entity, for the financial year ended 30 June 2006 as set out on page 11 and pages 18 to 64. The consolidated entity comprises the company and the entities it controlled at the year's end or from time to time during the financial year.

The directors of the company are responsible for the preparation and true and fair presentation of the financial report in accordance with Accounting Standards in Australia and the Corporations Act 2001. This includes responsibility for the maintenance of adequate financial records and internal controls that are designed to prevent and detect fraud and error, and for the accounting policies and accounting estimates inherent in the financial report.

Audit approach

We have conducted an independent audit of the financial report in order to express an opinion on it to the members of the company. Our audit has been conducted in accordance with Australian Auditing Standards to provide reasonable assurance whether the financial report is free of material misstatement. The nature of an audit is influenced by factors such as the use of professional judgement, selective testing, the inherent limitations of internal controls, and the availability of persuasive rather than conclusive evidence. Therefore, an audit cannot guarantee that all material misstatements have been detected.

We performed procedures to form an opinion whether, in all material respects, the financial report is presented fairly in accordance with Accounting Standards in Australia and the Corporations Act 2001 so as to present a view which is consistent with our understanding of the company's and the consolidated entity's financial position, and performance as represented by the results of their operations, their changes in equity and their cash flows.

Our procedures included examination, on a test basis, of evidence supporting the amounts and other disclosures in the financial report, and the evaluation of accounting policies and significant accounting estimates made by the directors.

While we considered the effectiveness of management's internal controls over financial reporting when determining the nature and extent of our procedures, our audit was not designed to provide assurance on internal controls.

Deloitte.

The audit opinion expressed in this report has been formed on the above basis.

Audit Opinion

In our opinion, the financial report of Index Ltd is in accordance with the Corporations Act 2001, including:

- (a) giving a true and fair view of the company's and consolidated entity's financial position as at 30 June 2006 and of their performance for the year ended on that date; and
- (b) complying with Accounting Standards in Australia and the Corporations Regulations 2001.

DIRECTORS' DECLARATION

The Directors declare that:

- (a) in the Directors' opinion, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable;
- (b) in the Directors' opinion, the attached Financial Report and notes thereto are in accordance with the Corporations Act 2001, including compliance with accounting standards and giving a true and fair view of the financial position and performance of the Consolidated Entity; and
- (c) the Directors have been given the declarations required by s.295A of the Corporations Act 2001.

At the date of this declaration, the Company is within the class of companies affected by ASIC Class Order 98/1418. The nature of the deed of cross guarantee is such that each company which is party to the deed guarantees to each creditor payment in full of any debt in accordance with the deed of cross guarantee.

In the Directors' opinion, there are reasonable grounds to believe that the Company and the companies to which the ASIC Class Order applies, as detailed in note 23 to the Financial Report will, as a group, be able to meet any obligations or liabilities to which they are, or may become, subject by virtue of the deed of cross guarantee.

Signed in accordance with a resolution of the Directors made pursuant to s. 303(5) for the Corporations Act 2001.

Dated at Perth, 25 August 2006.

Ian F Burston
Chairman

The Board of Directors
Index Ltd
Level 3 Redgum House
18 Richardson Street
WEST PERTH WA 6005

25 August 2006

Dear Board Members

Index Limited

In accordance with section 307C of the Corporations Act 2001, I am pleased to provide the following declaration of independence to the directors of Index Limited.

As lead audit partner for the audit of the financial statements of Index Limited for the financial year ended 30 June 2006, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- (i) the auditor independence requirements of the Corporations Act 2001 in relation to the audit; and
- (ii) any applicable code of professional conduct in relation to the audit.

Yours sincerely

DELOITTE TOUCHE TOHMATSU

CORPORATE GOVERNANCE STATEMENT

(a) ASX Governance Principles and ASX Recommendations

The Australian Stock Exchange Corporate Governance Council sets out best practice recommendations, including corporate governance practices and suggested disclosures. ASX Listing Rule 4.10.3 requires companies to disclose the extent to which they have complied with the ASX recommendations and to give reasons for not following them.

Unless otherwise indicated the best practice recommendations of the ASX corporate Governance Council, including corporate governance practices and suggested disclosures, have been adopted by the Company for the full year ended 30 June 2006. In addition, the Company has a Corporate Governance section on its website: www.index.com.au (under the "Investor" heading) which includes the relevant documentation suggested by the ASX Recommendations.

The extent to which Index has complied with the ASX Recommendations during the year ended 30 June 2006, and the main corporate governance practices in place are set out below.

(b) Principle 1: Lay solid foundation for management and oversight

The Board has implemented a Board Charter that formalises the functions and responsibilities of the Board. The Charter is published on the Company's website.

(c) Principle 2: Structure the Board to add value

Index's Board structure is consistent with the ASX Recommendations on Principle 2, with the exception that it does not have a separate nomination committee for the reasons detailed below.

In addition, excluding Mr J P O'Neil who is an alternate Director for Mr I R Freeman, the Board currently has six Directors, three of whom are considered independent. Despite not having a "majority" of independent Non Executive Directors, the structure of the Board is considered appropriate and adequate at the current time, for the Company's operations.

(i) Board Structure

The Board consists of a Non Executive Chairman, four Non Executive Directors and one Executive Director.

In accordance with the Company's Constitution the minimum number of Directors is three. There is no maximum number, although it would be expected that the optimal number of Directors would be five or six.

The names of the Directors of the Company in office at the date of this Statement are set out in the Directors' Report and further details concerning the skills, experience, expertise and term of office of each Director is set out in the Director's Profiles in the first section of the Annual Report.

(ii) Board Independence

Directors are expected to bring independent judgement to bear in the decision making of the Board. To facilitate this, each Director has the right to seek independent legal advice at the Consolidated Entity's expense with the prior approval of the Chairman, which may not be unreasonably withheld.

In assessing Director independence, materiality has been determined from both a quantitative and qualitative perspective. An amount of over 5% of turnover is considered material. Similarly, a transaction of any amount, or a relationship, is deemed material if knowledge of it impacts, or may impact, the Shareholders' understanding of the Director's performance. The Board has conducted a review of each Director's independence and reports as follows:

INDEX LIMITED

and its controlled entities

CORPORATE GOVERNANCE STATEMENT

Director	Assessment	Existence of any matters contained in ASX Recommendation 2.1 affecting Independence
Mr I F Burston, Non Executive Chairman	Independent	Nil
Mr B W Ridgeway, Managing Director	Not Independent	Managing Director
Mr H H Al-Merry, Non Executive Director	Not Independent	Mr Al-Merry is the principal of Rashid Trading Establishment which was involved as a Joint Venture partner with the Company in the Middle East.
Mr R W Kelly, Non Executive Director	Independent	Nil
Mr K A Dundo, Non Executive Director	Independent	Nil
Mr I R Freeman, Non Executive Director	Not Independent	Mr Freeman is a major shareholder, having an indirect interest in 16,059,002 shares of the Company.
Mr J P O'Neil, Alternate Director to Mr I R Freeman	Not Independent	Mr O'Neil is a major shareholder, having an indirect interest in 12,847,202 shares of the Company.

(iii) Board Nomination

The Board does not have a separate nomination committee and, given the Company's size, does not intend to form such a committee. However, the composition of the Board is determined using the following principles:

- The Board should comprise a majority of independent, Non Executive Directors with a broad range of experience, skills and expertise;
- The Chairman of the Board should be an independent, Non Executive Director; and
- The roles of the Chairman and the Managing Director should not be exercised by the same individual.

(iv) Procedure for the selection and appointment of new Directors to the Board

The Company has published on its website, procedures for the selection and appointment of new Directors to the Board. The Company also has terms and conditions which govern the appointment of Non Executive Directors. These are subject to the Company's Constitution and the Corporations Act 2001, and cover: appointment, retirement, Corporate Governance, remuneration, Board meetings, and Board Committees.

The Board does not impose on Directors an arbitrary time limit on their tenure. Under the Company's Constitution and the ASX Listing Rules however, each Director must retire by rotation within a three year period following their appointment. In such cases, the Director's nomination for re-election should be based on performance and the needs of the Company.

(d) Principle 3: Promote ethical and responsible decision-making

(i) Code of Conduct

The Company has developed a Code of Conduct that applies to all employees, officers and Directors of the Company. The Code addresses matters relevant to the Company's legal and other obligations to its Shareholders and covers: the way in which we must discharge our duties; compliance with laws; conflicts of interest; confidentiality; insider trading; the use of the Company's resources and the environment, health and safety.

The Code is published on the Company's website.

(ii) Share Trading Policy

The Board has developed a Share Trading Policy that restricts Directors and Senior Management to trading in the Company's shares during the one month periods following the annual and half yearly results announcements and the Annual General Meeting.

At all other times the Chairman must be approached, prior to trading, to determine whether trading at that particular time is appropriate.

The Policy also reminds other staff of the laws applying to insider trading and stipulates that employees must not engage in short term trading of Index's shares.

INDEX LIMITED

and its controlled entities

CORPORATE GOVERNANCE STATEMENT

Each of the Directors has signed an agreement requiring them to provide immediate notification to the Company of any changes in securities held, or controlled, by the Director. The Company makes an immediate notification to the ASX providing details of any changes in a Director's shareholding.

The Policy is published on the Company's website.

(e) Principle 4: Safeguard integrity in financial reporting

(i) Statement by the Managing Director and Group Financial Controller

The Managing Director and the Group Financial Controller have signed a declaration to the Board attesting to the fact that the 2006 Annual Financial Report presents a true and fair view, in all material respects, of the Company's financial condition and operational results and are in accordance with relevant accounting standards.

(ii) The Audit and Compliance Committee

The Audit and Compliance Committee consists of three independent Non Executive Directors and operates under a formal charter approved by the Board. The Charter is published on the Company's website.

The Committee is chaired by an independent Chairperson who is not the Chairman of the Board of Directors.

The role of the Committee is to advise on the establishment and maintenance of a framework of internal control, risk management protocols and appropriate ethical standards for the management of the Company. It also gives the Board assurance regarding the quality and reliability of financial information prepared for use by the Board in determining policies for inclusion in Financial Statements.

The members of the Audit Committee during the year and at the date of this Statement were:

Mr K A Dundo (Chairman);
Mr I F Burston; and,
Mr R W Kelly.

The experience and qualifications of each committee member is set out in the Directors' Profiles in the first section of the Annual Report. The Company Secretary acts as secretary of this Committee.

The external auditors, the Managing Director and the Group Financial Controller are invited to Audit Committee meetings at the discretion of the Committee. The Audit Committee met three times during the year as set out in the Directors' Report.

(iii) External Auditors

The Board reviews the performance, skills, cost and other matters when assessing the appointment of external auditors. This review is generally undertaken at the completion of the preparation of the Annual Financial Report and involves discussions with the auditors and the Consolidated Entity's senior management. Information concerning the selection and appointment of external auditors is published on the Company's website.

The external auditors are invited to attend the Annual General Meeting of the Company and to be available to answer questions from Shareholders.

(f) Principle 5: Make timely and balanced disclosure

(i) Continuous disclosure policies and procedures

The Company has developed procedures to ensure that it complies with the disclosure requirements of the ASX Listing Rules. The procedures are published on the Company's website.

The procedures set out who is responsible for determining whether information is of a type or nature that requires disclosure, the Board's role in reviewing the information disclosed to ASX and the procedures for ensuring that the information is released to ASX.

All information disclosed to the ASX is published on the Company's website as soon as practicable.

(g) Principle 6: Respect the rights of Shareholders

Shareholders Communications Strategy: The Board aims to ensure that Shareholders are informed of all major developments affecting the Consolidated Entity's state of affairs. Information is communicated to Shareholders through:

INDEX LIMITED

and its controlled entities

CORPORATE GOVERNANCE STATEMENT

(i) the Annual Report distributed to all Shareholders (unless a Shareholder has specifically requested not to receive the Report). The Board ensures that the Annual Report includes relevant information about the operations of the Consolidated Entity during the year, changes in the state of affairs of the Consolidated Entity and details of future developments, in addition to the other disclosures required by the Corporations Act 2001;

(ii) the Half-Yearly Report which contains summarised financial information and a review of the operations of the Consolidated Entity during the period. Half-Year Financial Report prepared in accordance with the requirements of Accounting Standards and the Corporations Act 2001 are lodged with the Australian Securities & Investments Commission and the Australian Stock Exchange. The Half-Year Financial Report is sent to any Shareholder who requests them;

(iii) regular reports released through the ASX and the media;

(iv) proposed major changes in the Consolidated Entity, which may impact on share ownership rights are submitted to a vote of Shareholders; and

(v) the Board encourages full participation by Shareholders at the Annual General Meeting to ensure a high level of accountability and identification with the Consolidated Entity's strategy and goals. Important issues are presented to the Shareholders as single resolutions. The Shareholders are responsible for voting on the re-appointment of Non Executive Directors.

Further information concerning the Company and the full text of the various announcements and reports referred to above are available on the Company's website: www.imdex.com.au. Further information can also be obtained by emailing the Company at: imdex@imdex.com.au and Shareholders may register on the Company's website to receive automatic notification of ASX announcements.

The auditor is also invited to the Company's Annual General Meetings and is available to answer Shareholders questions concerning the conduct of the audit.

The Company's Shareholder Communications Strategy is published on the Company's website.

(h) Principle 7: Recognise and manage risk

(i) Risk oversight and management policies

The Board has sought to minimise the business' risks by focusing on the Company's core business, making changes as outlined in the Chairman's Report and the Managing Director's Report. The Board is responsible for ensuring that the Company's risk management systems are adequate and operating effectively.

The Company does not have a separate internal audit function and, given the Company's size, the Board does not intend to implement such a function.

The Board believes that through the Board itself, the Audit Committee and the external auditors there is adequate oversight of the Company's risk management and internal controls.

The risk management policy is published on the Company's website.

(ii) Statement by the Managing Director and Group Financial Controller

The Managing Director and the Group Financial Controller have signed a declaration to the Board attesting to the fact that the integrity of Financial Reports are founded on a sound system of risk management and internal compliance and control which implements the policies adopted by the Board, and that the system is operating efficiently and effectively in all material respects.

(i) Principle 8: Encourage enhanced performance

(i) Performance evaluation of the Board, its Committees, individual Directors and key executives

There is an informal process in place to enable the Chairman to discuss and evaluate with each Director their contribution to the Board and to enable that Director to comment on all facets of the operation of the Board. A formal performance evaluation of the Board was not conducted during the year.

Given the Company's size, the Board considers that this process is adequate and does not envisage forming a Nomination Committee to perform this function or to formalise the performance evaluation process.

INDEX LIMITED

and its controlled entities

CORPORATE GOVERNANCE STATEMENT

All other Executives, and all staff of the Company, are subject to formal annual reviews of their performance as set out in the Directors' Report.

The description of the process for performance evaluation is published on the Company's website.

(j) Principle 9: Remunerate fairly and responsibly

(i) Company's remuneration policies

Details on the remuneration of Directors and Executives are set out in Note 30. The Company's remuneration policies are set out in the Remuneration Report contained in the Directors Report.

(ii) Remuneration Committee

The Remuneration Committee consists of three Non Executive Directors and assists the Board in determining executive remuneration policy, determining the remuneration of Executive Directors and reviewing and approving the remuneration of senior management.

The members of the Committee during the year and at the date of this Statement were:

Mr K A Dundo (Chairman);
Mr I F Burston; and,
Mr R W Kelly.

The experience and qualifications of each committee member is set out in the Directors' Profiles in the first section of the Annual Report.

The Remuneration Committee Charter is published on the Company's website.

(iii) Non Executive Director's remuneration

The terms and conditions governing the remuneration of Non Executive Director's are set out in their appointment letter.

All Non Executive Directors are remunerated by way of fixed cash fees. Non Executive Directors are not provided with retirement benefits other than statutory superannuation. The maximum total remuneration payable to Non Executive Directors was approved by Shareholders at the 2003 Annual General Meeting and is currently \$300,000.

No Non Executive Director received options in the Company during the year.

(k) Principle 10: Recognise the legitimate interests of stakeholders

(i) Code of Conduct

As set out in Principle 3 above, the Company has developed and published to its website a Code of Conduct.

NOTES TO THE FINANCIAL REPORT

1 Summary of Significant Accounting Policies

The financial report is a general purpose financial report which has been prepared in accordance with the Corporations Act 2001, Accounting Standards and Urgent Issues Group Interpretations, and complies with other requirements of the law. Accounting Standards include Australian equivalents to International Financial Reporting Standards ('A-IFRS').

Compliance with the A-IFRS ensures that the consolidated financial statements and notes of the Consolidated Entity comply with International Financial Reporting Standards ('IFRS'). The parent entity financial statements and notes also comply with IFRS except for the disclosure requirements in IAS 32 'Financial Instruments: Disclosure and Presentation' as the Australian equivalent Accounting Standard, AASB 132 'Financial Instruments: Disclosure and Presentation' does not require such disclosures to be presented by the parent entity where its separate financial statements are presented together with the consolidated financial statements of the Consolidated Entity.

The financial statements were authorised for issue by the directors on 25 August 2006.

(a) Basis of preparation

The Financial Report has been prepared on the basis of historical cost except for the revaluation of certain non-current assets and financial instruments. Cost is based on the fair values of the consideration given in exchange for assets.

In the application of A-IFRS management is required to make judgments, estimates and assumptions about carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstance, the results of which form the basis of making the judgments. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Judgments made by management in the application of A-IFRS that have significant effects on the financial statements and estimates with a significant risk of material adjustments in the next year are disclosed, where applicable, in the relevant notes to the financial statements.

Accounting policies are selected and applied in a manner which ensures that the resulting financial information satisfies the concepts of relevance and reliability, thereby ensuring that the substance of the underlying transactions or other events is reported.

The Consolidated Entity changed its accounting policies on 1 July 2005 to comply with A-IFRS. The transition to A-IFRS is accounted for in accordance with Accounting Standard AASB 1 'First-time Adoption of Australian Equivalents to International Financial Reporting Standards', with 1 July 2004 as the date of transition. An explanation of how the transition from superseded policies to A-IFRS has affected the Company's and Consolidated Entity's financial position, financial performance and cash flows is discussed in note 33.

The Directors have also elected under s.334(5) of the Corporations Act 2001 to apply Accounting Standard AASB 119 'Employee Benefits' (December 2004), even though the Standard is not required to be applied until annual reporting periods beginning on or after 1 January 2006.

The accounting policies set out below have been applied in preparing the financial statements for the year ended 30 June 2006, the comparative information presented in these financial statements for the year ended 30 June 2005, and in the preparation of the opening A-IFRS balance sheet at 1 July 2004 (as disclosed in note 33), the Consolidated Entity's date of transition, except for the accounting policies in respect of financial instruments. The Consolidated Entity has not restated comparative information for financial instruments, including derivatives, as permitted under the first-time adoption transitional provisions. Refer note 1 (x) and (y).

The following significant accounting policies have been adopted in the preparation and presentation of the Financial Report:

(b) Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, cash in banks and investments in money market instruments, net of outstanding bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

(c) Goods and services tax

Revenues, expenses and assets are recognised net of the amount of goods and services tax (GST), except:

- (i) where the amount of GST incurred is not recoverable from the taxation authority, it is recognised as part of the cost of acquisition of an asset or as part of an item of expense; or
- (ii) for receivables and payables which are recognised inclusive of GST.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables. Cash flows are included in the cash flow statement on a gross basis. The GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the taxation authority is classified as operating cash flows.

INDEX LIMITED

and its controlled entities

NOTES TO THE FINANCIAL REPORT

(d) Goodwill

Goodwill, representing the excess of the cost of acquisition over the fair value of the identifiable assets, liabilities and contingent liabilities acquired, is recognised as an asset and not amortised, but tested for impairment annually and whenever there is an indication that the goodwill may be impaired. Any impairment is recognised immediately in profit or loss and is not subsequently reversed. Refer to note 1 (v).

(e) Non-current assets held for sale

Non-current assets (and disposal groups) classified as held for sale are measured at the lower of carrying amount and fair value less costs to sell. Non-current assets and disposal groups are classified as held for sale if their carrying amount will be recovered through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable, the asset (or disposal group) is available for immediate sale in its present condition and the sale of the asset (or disposal group) is expected to be completed within one year from the date of classification.

(f) Inventories

Inventories are valued at the lower of cost and net realisable value. Costs, including an appropriate portion of fixed and variable overhead expenses, are assigned to inventory on hand by the method most appropriate to each particular class of inventory, with the majority being valued on a first in first out basis. Net realisable value represents the estimated selling price less all estimated costs of completion and costs to be incurred in marketing, selling and distribution.

(g) Payables

Trade payables and other accounts payable are recognised when the Consolidated Entity becomes obliged to make future payments resulting from the purchase of goods and services.

(h) Borrowings

Borrowings are recorded initially at fair value, net of transaction costs.

Subsequent to initial recognition, borrowings are measured at amortised cost with any difference between the initial recognised amount and the redemption value being recognised in profit and loss over the period of the borrowing using the effective interest rate method.

(i) Property, plant and equipment

Land and buildings are stated at cost less accumulated depreciation and impairment. Cost includes expenditure that is directly attributable to the acquisition of the item. In the event that settlement of all or part of the purchase consideration is deferred, cost is determined by discounting the amounts payable in the future to their present value as at the date of acquisition.

Plant and equipment, leasehold improvements and equipment under finance lease are stated at cost less accumulated depreciation and impairment. Cost includes expenditure that is directly attributable to the acquisition of the item. In the event that settlement of all or part of the purchase consideration is deferred, cost is determined by discounting the amounts payable in the future to their present value as at the date of acquisition.

Depreciation is provided on property, plant and equipment. Depreciation is calculated on a straight line basis so as to write off the net cost or other revalued amount of each asset over its expected useful life to its estimated residual value. Leasehold improvements are depreciated over the period of the lease or estimated useful life, whichever is the shorter, using the straight line method. The estimated useful lives, residual values and depreciation method is reviewed at the end of each annual reporting period.

The annual depreciation rates used for each class of assets are as follows:

Freehold land:	nil
Freehold buildings:	5%
Plant and equipment:	10% to 40%
Equipment rented to third parties:	10% to 40%
Equipment under finance lease:	13% to 22.5%

(j) Share-based payments

Equity-settled share-based payments granted after 7 November 2002 that were unvested as of 1 January 2005, are measured at fair value at the date of grant. Fair value is measured by use of the Black-Scholes Model. The expected life used in the model has been adjusted, based on management's best estimate, for the effects of non-transferability, exercise restrictions, and behavioural considerations. The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Consolidated Entity's estimate of shares that will eventually vest.

INDEX LIMITED

and its controlled entities

NOTES TO THE FINANCIAL REPORT

(k) Principles of consolidation

The consolidated Financial Report is prepared by combining the financial statements of all the entities that comprise the Consolidated Entity, being the company (the parent entity) and its subsidiaries as defined in Accounting Standard AASB 127 'Consolidated and Separate Financial Statements'. Consistent accounting policies are employed in the preparation and presentation of the consolidated financial statements.

On acquisition, the assets, liabilities and contingent liabilities of a subsidiary are measured at their fair values at the date of acquisition. Any excess of the cost of acquisition over the fair values of the identifiable net assets acquired is recognised as goodwill. If, after reassessment, the fair values of the identifiable net assets acquired exceeds the cost of acquisition, the deficiency is credited to profit and loss in the period of acquisition. The interest of minority shareholders is stated at the minority's proportion of the fair values of the assets and liabilities recognised. The consolidated Financial Report includes the information and results of each subsidiary from the date on which the company obtains control and until such time as the company ceases to control such entity. In preparing the consolidated Financial Report, all intercompany balances and transactions, and unrealised profits arising within the Consolidated Entity are eliminated in full.

(l) Borrowing costs

Borrowing costs are expensed as incurred.

(m) Foreign currency

(i) Foreign currency transactions

All foreign currency transactions during the financial year are brought to account using the exchange rate in effect at the date of the transaction. Foreign currency monetary items at reporting date are translated at the exchange rate existing at reporting date. Non-monetary assets and liabilities carried at fair value that are denominated in foreign currencies are translated at the rates prevailing at the date when the fair value was determined. Exchange differences are recognised in profit or loss in the period in which they arise except that: exchange differences on monetary items receivable from or payable to a foreign operation for which settlement is neither planned or likely to occur, which form part of the net investment in a foreign operation, are recognised in the consolidated financial statements in the foreign currency translation reserve and recognised in profit or loss on disposal of the net investment.

(ii) Foreign operations

On consolidation, the assets and liabilities of the Consolidated Entity's overseas operations are translated at exchange rates prevailing at the reporting date. Income and expense items are translated at the average exchange rates for the period unless exchange rates fluctuate significantly. Exchange differences arising, if any, are recognised in the foreign currency translation reserve, and recognised in profit or loss on disposal of the foreign operation. The financial statements of foreign subsidiaries, associates and jointly controlled entities that report in the currency of a hyperinflationary economy are restated in terms of the measuring unit current at the reporting date before they are translated into Australian dollars. Goodwill and fair value adjustments arising on the acquisition of a foreign entity on or after the date of transition to A-IFRS are treated as assets and liabilities of the foreign entity and translated at exchange rates prevailing at the reporting date.

(n) Financial assets

Investments are recognised and derecognised on trade date where purchase or sale of an investment is under a contract whose terms require delivery of the investment within the timeframe established by the market concerned, and are initially measured at fair value, net of transaction costs.

Subsequent to initial recognition, investments in subsidiaries are measured at cost. Subsequent to initial recognition, investments in associates are accounted for under the equity method in the consolidated financial statements and the cost method in the Company financial statements.

Other financial assets are classified into the following specified categories: financial assets 'at fair value through profit or loss', 'held-to-maturity' investments, 'available-for-sale' financial assets, and 'loans and receivables'. The classification depends on the nature and purpose of the financial assets and is determined at the time of initial recognition.

(i) Financial assets at fair value through profit or loss

Financial assets held for trading purposes are classified as current assets and are stated at fair value, with any resultant gain or loss recognised in profit or loss.

(ii) Held-to-maturity investments

Bills of exchange and debentures are recorded at amortised cost using the effective interest method less impairment, with revenue recognised on an effective yield basis. The effective interest method is a method of calculating the amortised cost of a financial asset and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset, or, where appropriate, a shorter period.

INDEX LIMITED

and its controlled entities

NOTES TO THE FINANCIAL REPORT

(iii) Available-for-sale financial assets

Certain shares held by the Consolidated Entity are classified as being available-for-sale and are stated at fair value less impairment. Gains and losses arising from changes in fair value are recognised directly in the available-for-sale revaluation reserve, until the investment is disposed of or is determined to be impaired, at which time the cumulative gain or loss previously recognised in the available-for-sale revaluation reserve is included in profit or loss for the period.

(iv) Loans and receivables

Trade receivables, loans, and other receivables are recorded at amortised cost less impairment.

(o) Financial instruments issued by the company

(i) Debt and equity instruments

Debt and equity instruments are classified as either liabilities or as equity in accordance with the substance of the contractual arrangement.

(ii) Transaction costs on the issue of equity instruments

Transaction costs arising on the issue of equity instruments are recognised directly in equity as a reduction of the proceeds of the equity instruments to which the costs relate. Transaction costs are the costs that are incurred directly in connection with the issue of those equity instruments and which would not have been incurred had those instruments not been issued.

(iii) Interest and dividends

Interest and dividends are classified as expenses or as distributions of profit consistent with the balance sheet classification of the related debt or equity instruments or component parts of compound instruments.

(p) Intangible assets

(i) Patents

Patents are recorded at cost less accumulated amortisation and impairment. Amortisation is charged on a straight line basis over their estimated useful lives of 20 years. The estimated useful life and amortisation method is reviewed at the end of each annual reporting period.

(ii) Intangible assets acquired in a business combination

All potential intangible assets acquired in a business combination are identified and recognised separately from goodwill where they satisfy the definition of an intangible asset and their fair value can be measured reliably.

(q) Taxation

(i) Current tax

Current tax is calculated by reference to the amount of income taxes payable or recoverable in respect of the taxable profit or tax loss for the period. It is calculated using tax rates and tax laws that have been enacted or substantively enacted by reporting date. Current tax for current and prior periods is recognised as a liability (or asset) to the extent that it is unpaid (or refundable).

(ii) Deferred tax

Deferred tax is accounted for using the comprehensive balance sheet liability method in respect of temporary differences arising from differences between the carrying amount of assets and liabilities in the Financial Report and the corresponding tax base of those items.

In principle, deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised to the extent that it is probable that sufficient taxable amounts will be available against which deductible temporary differences or unused tax losses and tax offsets can be utilised. However, deferred tax assets and liabilities are not recognised if the temporary differences giving rise to them arise from the initial recognition of assets and liabilities (other than as a result of a business combination) that affects neither taxable income nor accounting profit. Furthermore, a deferred tax liability is not recognised in relation to taxable temporary differences arising from goodwill.

Deferred tax liabilities are recognised for taxable temporary differences arising on investments in subsidiaries, branches, associates and joint ventures except where the Consolidated Entity is able to control the reversal of the temporary differences and it is probable that the temporary differences will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with these investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period(s) when the asset and liability giving rise to them are realised or settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by reporting date. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Consolidated Entity expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the Company/Consolidated Entity intends to settle its current tax assets and liabilities on a net basis.

INDEX LIMITED

and its controlled entities

NOTES TO THE FINANCIAL REPORT

(iii) Current and deferred tax for the period.

Current and deferred tax is recognised as an expense or income in the income statement, except when it relates to items credited or debited directly to equity, in which case the deferred tax is also recognised directly in equity, or where it arises from the initial accounting for a business combination, in which case it is taken into account in the determination of goodwill or excess.

(iv) Tax consolidation

The Company and all its wholly-owned Australian resident entities are part of a tax consolidated group under Australian taxation law. Imdex Limited is the head entity in the tax-consolidated group. Tax expense/income, deferred tax liabilities and deferred tax assets arising from temporary differences of the members of the tax consolidated group are recognised in the separate financial statements of the members of the tax-consolidated group using the 'separate taxpayer within group' approach. Current tax liabilities and assets and deferred tax assets arising from unused tax losses and tax credits of the members of the tax-consolidated group are recognised by the Company (as head entity in the tax-consolidated group).

(r) Leased assets

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

(i) Consolidated Entity as Lessor

Amounts due from lessees under finance leases are recorded as receivables. Finance lease receivables are initially recognised at amounts equal to the present value of the minimum lease payments receivable plus the present value of any unguaranteed residual value expected to accrue at the end of the lease term. Finance lease payments are allocated between interest revenue and reduction of the lease receivable over the term of the lease in order to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

Rental income from operating leases is recognised on a straight line basis over the term of the relevant lease.

(ii) Consolidated Entity as Lessee

Assets held under finance leases are initially recognised at their fair value or, if lower, at amounts equal to the present value of the minimum lease payments, each determined at the inception of the lease. The corresponding liability to the lessor is included in the balance sheet as a finance lease obligation.

Lease payments are apportioned between finance charges and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are charged directly against income, unless they are directly attributable to qualifying assets, in which case they are capitalised in accordance with the Consolidated Entity's general policy on borrowing costs.

Finance leased assets are amortised on a straight line basis over the estimated useful life of the asset.

Operating lease payments are recognised as an expense on a straight-line basis over the lease term, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

In the event that lease incentives are received to enter into operating leases, such incentives are recognised as a liability. The aggregate benefits of incentives are recognised as a reduction of rental expense on a straight-line basis, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

(s) Revenue

(i) Sale of goods

Revenue from the sale of goods is recognised when the Consolidated Entity has transferred to the buyer the significant risks and rewards of ownership of the goods.

(ii) Rendering of services

Revenue from a contract to provide services is recognised by reference to the stage of completion of the contract.

(iii) Royalties

Royalty revenue is recognised on an accrual basis in accordance with the substance of the relevant agreement.

(iv) Dividend and interest revenue

Dividend revenue is recognised on a receivable basis. Interest revenue is recognised on a time proportionate basis that takes into account the effective yield on the financial asset.

INDEX LIMITED

and its controlled entities

NOTES TO THE FINANCIAL REPORT

(t) Employee benefits

(i) Provisions

Provision is made for benefits accruing to employees in respect of wages and salaries, annual leave, long service leave, and sick leave when it is probable that settlement will be required and they are capable of being measured reliably.

Provisions made in respect of employee benefits expected to be settled within 12 months, are measured at their nominal values using the remuneration rate expected to apply at the time of settlement.

Provisions made in respect of employee benefits which are not expected to be settled within 12 months are measured as the present value of the estimated future cash outflows to be made by the Consolidated Entity in respect of services provided by employees up to reporting date.

(ii) Defined contribution plans

Contributions to defined contribution superannuation plans are expensed when incurred.

(u) Government grants

Government grants are assistance by the government in the form of transfers of resources to the Consolidated Entity in return for past compliance with certain conditions relating to the operating activities of the entity. Government grants include government assistance where there are no conditions specifically relating to the operating activities of the Consolidated Entity other than the requirement to operate in certain regions or industry sectors.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Consolidated Entity with no future related costs are recognised as income of the period in which it becomes receivable.

(v) Impairment of assets

At each reporting date, the Consolidated Entity reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where the asset does not generate cash flows that are independent from other assets, the Consolidated Entity estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Goodwill, intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment annually and whenever there is an indication that the asset may be impaired. An impairment of goodwill is not subsequently reversed.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted. If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (cash-generating unit) is reduced to its recoverable amount.

An impairment loss is recognised in profit or loss immediately, unless the relevant asset is carried at fair value, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset (cash-generating unit) is increased to the revised estimate of its recoverable amount, but only to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (cash-generating unit) in prior years. A reversal of an impairment loss is recognised in profit or loss immediately, unless the relevant asset is carried at fair value, in which case the reversal of the impairment loss is treated as a revaluation increase.

(w) Provisions

Provisions are recognised when the Consolidated Entity has a present obligation, the future sacrifice of economic benefits is probable, and the amount of the provision can be measured reliably.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at reporting date, taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cashflows estimated to settle the present obligation, its carrying amount is the present value of those cashflows.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset if it is virtually certain that recovery will be received and the amount of the receivable can be measured reliably.

INDEX LIMITED

and its controlled entities

NOTES TO THE FINANCIAL REPORT

(x) Comparative information – financial instruments

The consolidated entity has elected not to restate comparative information for financial instruments within the scope of Accounting Standards AASB 132 'Financial Instruments: Disclosure and Presentation' and AASB 139 'Financial Instruments: Recognition and Measurement', as permitted on the first-time adoption of A-IFRS.

The accounting policies applied to accounting for financial instruments in the current financial year are detailed in notes 1(a) to (w). The following accounting policies were applied to accounting for financial instruments in the comparative financial year:

(i) Accounts payable

Trade payables and other accounts payable are recognised when the Consolidated Entity becomes obliged to make future payments resulting from the purchase of goods and services.

(ii) Financial instruments issued by the company

Debt and equity instruments

Debt and equity instruments are classified as either liabilities or as equity in accordance with the substance of the contractual arrangement.

Transaction costs on the issue of equity instruments

Transaction costs arising on the issue of equity instruments are recognised directly in equity as a reduction of the proceeds of the equity instruments to which the costs relate. Transaction costs are the costs that are incurred directly in connection with the issue of those equity instruments and which would not have been incurred had those instruments not been issued.

Interest and dividends

Interest and dividends are classified as expenses or as distributions of profit consistent with the balance sheet classification of the related debt or equity instruments or component parts of compound instruments.

(iii) Borrowings

Debentures, bank loans and other loans are recorded at an amount equal to the net proceeds received. Interest expense is recognised on an accrual basis.

Ancillary costs incurred in connection with the arrangement of borrowings are deferred and amortised over the period of the borrowing.

(iv) Investments

Investments other than investments in subsidiaries, associates and joint venture entities are recorded at cost.

Dividend revenue is recognised on a receivable basis. Interest revenue is recognised on a time proportionate basis that takes into account the effective yield on the financial asset.

(v) Receivables

Trade receivables and other receivables are recorded at amounts due less any allowance for doubtful debts.

(y) Effect of changing the accounting policies for financial instruments

The effect of changes in the accounting policies for financial instruments on the balance sheet as at 1 January 2005 as detailed in note 1(x) is nil.

	2006	2005	2006	2005
	\$'000	\$'000	\$'000	\$'000
The prima facie income tax expense on pre-tax accounting profit from operations reconciles to the income tax expense in the financial statements as follows:				
Profit from continuing operations	11,864	5,005	2,507	976
Profit from discontinued operations	-	42	-	42
Profit from operations	11,864	5,047	2,507	1,018
Income tax expense calculated at 30%	3,559	1,514	752	305
Tax benefit of losses transferred to a controlled entity	-	-	-	389
Non-deductible expenses and capital proceeds relating to the investment in the RTE/Imdex Joint Venture	9	-	9	379
Impairment of investment in RTE/Imdex Joint Venture	420	-	776	-
Intercompany dividends received	-	-	(103)	(206)
Bad debts	263	(876)	263	(876)
Recoverable amount adjustment - property, plant and equipment	-	379	-	-
Deductible share raising costs	-	(13)	-	(13)
Non-deductible expenses	20	58	20	43
Temporary differences not previously brought to account	-	24	-	24
Tax rate differential arising from foreign entities	(6)	-	-	-
(Over) / under provision of prior year income tax	(385)	(211)	(388)	16
	3,880	875	1,329	61

The tax rate used in the above reconciliation is the corporate tax rate of 30% payable by Australian corporate entities on taxable profits under Australian law. There has been no change in the corporate tax rate when compared with the previous reporting period.

(b) Income tax recognised directly in equity

The following current and deferred amounts were charged directly to equity during the period:

Current tax: Share issue expenses	48	-	48	-
Deferred tax: Translation of foreign operations	212	-	-	-
	260	-	48	-

(c) Current tax assets and liabilities

Current tax payable	2,058	530	1,973	531
---------------------	-------	-----	-------	-----

(d) Deferred tax balances

Deferred tax assets comprise:				
Provisions	455	460	153	71
Property, plant and equipment	-	-	-	119
Accruals	262	99	90	34
Foreign currency translation reserves	212	-	-	-
Share issue expenses	38	-	38	-
	967	559	281	224

	(1,425)	(44)	(1,319)	-
Net deferred tax balances	(458)	515	(1,038)	224

There are no unrecognised deferred tax balances.

Tax Consolidation

Relevance of tax consolidation to the consolidated entity

Legislation to allow groups, comprising a parent entity and its Australian resident wholly-owned entities, to elect to consolidate and be treated as a single entity for income tax purposes was substantively enacted on 21 October 2002. The Company and its wholly-owned Australian resident entities are eligible to consolidate for tax purposes under this legislation and have elected to be taxed as a single entity from 1 July 2003. The head entity in the tax consolidated group for the purposes of the tax consolidation system is Imdex Limited.

Nature of tax funding arrangements and tax sharing agreements

Entities within the tax-consolidated group have entered into a tax-sharing agreement with the head entity. Under the terms of this agreement, Imdex Limited and each of the entities in the tax consolidated group has agreed to pay a tax equivalent payment to or from the head entity, based on the net accounting profit or loss of the entity and the current tax rate. Such amounts are reflected in amounts receivable from or payable to other entities in the tax consolidated group.

		<u>4,512</u>	<u>18</u>	<u>4,504</u>	<u>3</u>

(i) The Consolidated Entity holds an investment of 15 million shares (2005: nil) in Sino Gas & Energy Limited, an energy company operating in China. The difference between the previous carrying value (consolidated: nil under the equity method; company: \$301k) and fair value (consolidated and company: \$4.5million) at year end has been recognised as a change in fair value on the face of the income statement. These shares are classified as held for trading as it is the intention of the Company to dispose of this investment as soon as it is practicable.

The fair value of this non-listed investment has been determined using the Directors' best estimate. The Directors have estimated the fair market value by having regard to share placements previously made by Sino Gas and Energy Limited, the results of exploration activity to date, discussions with potential investors and having regard to the fact that Sino is an unlisted entity and the shares held in Sino can not be readily traded on any share market.

8 Other Non-Current Financial Assets

	Notes	Consolidated		Company	
		2006 \$'000	2005 \$'000	2006 \$'000	2005 \$'000
At amortised cost (2005: cost)					
Investments in Controlled Entities		-	-	2,172	324
Investment in other entities - RTE / Imdex Joint Venture	(i)	-	1,400	-	2,585
Deferred acquisition costs		124	75	124	75
		<u>124</u>	<u>1,475</u>	<u>2,296</u>	<u>2,984</u>

(i) At the Annual General Meeting on 8 November 2004, Shareholders approved the re-structure of the investment in Imdex Arabia and the RTE / Imdex Joint Venture. The main outcomes of the re-structure were:

- The cancellation of 10,000,000 shares in Imdex Limited held by Mr H H Al-Merry on 23 November 2004. Refer Note 15;
- That RTE pay to Imdex Limited, \$US 1.5 million net; and
- That, on the completion of the re-structure, the Company's interest in Imdex Arabia and the RTE / Imdex Joint Venture would be reduced from 49% to 20%.

In relation to the US\$1.5 million due from Rashid Trading Establishment (RTE), in February 2005, a further binding agreement, including a promissory note and personal guarantee from Mr H H Al-Merry (the principal of RTE and a Director of Imdex) was reached with RTE which required RTE to pay US\$100,000 per month to Imdex with the entire amount to be paid by 31 December 2005. As at 30 June 2006, RTE has paid US\$850,000 of the total of US\$1.5million due to Imdex. Accordingly, the amount due from RTE at 30 June 2006 is US\$650,000 (AUD\$875,654).

The Directors have determined that due to ongoing recovery difficulties, the balance of the receivable (consolidated and company: \$875k) and the investment in the Joint Venture (consolidated: \$1.4million; company: \$2.585million) have become impaired. The impairment adjustment is shown on the face of the income statement. Refer also note 2.

NOTES TO THE FINANCIAL REPORT

9 Property, Plant and Equipment (continued)

(i) Land and buildings located at 7-15 Spencer Street, Jandakot, Western Australia and 1 Tichbourne Street, Jandakot, Western Australia, were independently valued in January 2005 by T D Anderson FAPI (Certified Practising Valuer – Reg No.471), of Jones Lang LaSalle, on the basis of existing use at \$3,900,000. Land and buildings were sold on 1 July 2005. Refer note 26.

	Consolidated		Company	
	2006 \$'000	2005 \$'000	2006 \$'000	2005 \$'000

At the beginning of the financial year	-	-	-	-
At the end of the financial year	<u>1,906</u>	<u>-</u>	<u>-</u>	<u>-</u>

(i) Goodwill arose during the year on the acquisition by Samchem Drilling Fluids & Chemicals (Pty) Ltd, a wholly owned subsidiary of Index Limited, of the business of SA Mud Services (Pty) Ltd and a range of clay and cement chemical additive inventory items effective 1 August 2005. Refer note 24.

Samchem Drilling Fluids & Chemicals (Pty) Ltd is considered to be a separate cash generating unit since it operates independently from other Index operations in a separate geographical area.

The recoverable amount of this goodwill has been determined based on a value in use calculation which uses a 5 year discounted cash flow projection based on the 2007 budget. The projection assumes no additional growth in the business. A discount rate of 8.25% has been used. Management believe that any reasonably possible change in the key assumptions on which recoverable amount is based would not cause the carrying amount to exceed its recoverable amount.

At the beginning of the financial year	12	-	12	-
At the end of the financial year	1,313	12	-	12

(i) Intellectual Property arose during the year on the acquisition by Samchem Drilling Fluids & Chemicals (Pty) Ltd, a wholly owned subsidiary of Index Limited, of the business of SA Mud Services (Pty) Ltd and a range of clay and cement chemical additive inventory items effective 1 August 2005. Refer note 24.

Intellectual Property has an indefinite life due to the uniqueness of the manufacturing processes and products, high cost barriers to entry and the dominant market share held. Intellectual Property is therefore subjected to annual impairment testing.

The recoverable amount has been determined based on a value in use calculation which uses a 5 year discounted cash flow projection based on the 2007 budget. The projection assumes no additional growth in the business. A discount rate of 8.25% has been used. Management believe that any reasonably possible change in the key assumptions on which recoverable amount is based would not cause the carrying amount to exceed its recoverable amount.

20 Commitments for Expenditure

(a) Capital expenditure commitments

At 30 June 2006 capital expenditure commitments were nil (2005: nil).

(b) Lease commitments

Hire purchase liabilities and non-cancellable operating lease commitments are disclosed in note 22.

(c) Superannuation commitments

The Company and its Controlled Entities contribute to various defined contribution employee superannuation funds in accordance with the requirements of the Superannuation Guarantee Administration Act 1992. The contributions are based on a percentage of employee gross salaries. All employees are entitled to benefit on retirement, disability or death. The Company and its Controlled Entities are under no legal obligation to make up any shortfall in the funds assets to meet payments due to employees.

(b) Operating Leases

Operating leasing arrangements

Operating leases relate to premises and the lease of motor vehicles used by the Consolidated Entity in its operations, generally with terms between 2 and 5 years. Some of the operating leases contain options to extend for further periods and an adjustment to bring the lease payments into line with market rates prevailing at that time. The leases do not contain an option to purchase the leased property.

NOTES TO THE FINANCIAL REPORT

24 Acquisition of Businesses

With effect from 1 August 2005, Samchem Drilling Fluids & Chemicals (Pty) Ltd ("Samchem"), Imdex's 100% owned South African subsidiary, acquired the business of SA Mud Services (Pty) Ltd and a range of clay and cement chemical additive inventory items. SA Mud Services (Pty) Ltd was the largest supplier of drilling fluids and chemicals to the mining industry in Africa. Samchem operates a manufacturing facility in Johannesburg, South Africa from which it manufactures and markets a wide range of chemicals primarily for the drilling industry. At the General Meeting held on 5 August 2005, the shareholders of Imdex Limited approved this acquisition and the associated share issue.

Details of the assets and liabilities and goodwill are as follows:

	Notes	Book value \$'000	Fair value adjustments \$'000	Fair value on acquisition \$'000
Trade and other receivables		1,735	-	1,735
Inventory		1,507	-	1,507
Property, plant and equipment		373	43	416
Intellectual property associated with clay chemical and mud brick manufacture	(i)	-	1,437	1,437
Trade and other payables		(523)	-	(523)
Provision for employee entitlements		(44)	-	(44)
Deferred tax liabilities		-	(417)	(417)
Fair value of net identifiable assets acquired		3,048	1,063	4,111
Goodwill on acquisition	(i)			2,492
Total purchase consideration				6,603

Total purchase consideration

Consideration in cash and cash equivalents	(iv)			2,901
Less cash and cash equivalents acquired				-
Direct costs relating to the acquisition	(iv)			110
Shares issued: 16,059,002 ordinary shares of Imdex Limited	(ii) 15			3,592
				6,603

Results since acquisition \$'000

Operating results of the business of Samchem included in the Consolidated Income Statement of Imdex Limited from acquisition on 1 August 2005:

Revenue from the sale of goods				10,391
Total expenses				(9,969)
Profit for the period	(iii)			422

(i) Imdex acquired the business of Samchem, and paid the premium (goodwill) over identifiable assets, due to the fact that Samchem is expected to complement the business of the Australian Mud Company (AMC) (Imdex's wholly owned drilling fluids subsidiary). There were no acquisition provisions created, nor were there any contingent liabilities assumed in the acquisition. The balances of goodwill and intellectual property, noted above, do not tie to the Balance Sheet at 30 June 2006. As set out in Note 1(m)(ii), this is due to the fact that these balances are translated at the exchange rates prevailing at the reporting date, rather than the acquisition date as above.

In determining the value attributed to identifiable intangibles and goodwill, the following additional possible intangible assets were identified: customer relationships, brands and unpatented technology. In all cases these intangibles did not meet the "identifiability" criteria and therefore were not recognised.

The intellectual property associated with the clay chemical and mud brick manufacture has been assessed as having an indefinite useful life and therefore has not been amortised. This estimated useful life of these assets will be reviewed annually.

(ii) The fair value of the ordinary shares issued were 22.37 cents each which was based on the weighted average share price of Imdex's ordinary shares in the 10 trading days prior to the completion of the acquisition.

(iii) Had the acquisition of Samchem been effected on 1 July 2005, the beginning of the current year, the Groups revenue would be approximately \$67,737k and the profit would be approximately \$8,022k. The results of Samchem are included in the Drilling Fluids & Chemicals segment in Note 25.

(iv) The Consolidated Cash Flow Statement for the year ended 30 June 2006 records the payment for the acquisition of the business of Samchem as \$3,011k.

INDEX LIMITED

and its controlled entities

NOTES TO THE FINANCIAL REPORT

25 Segment Information

Segment results, assets and liabilities include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items mainly comprise income earning assets and revenue, interest bearing loans, borrowings and expenses, and corporate assets and expenses. Segment capital expenditure is the total cost incurred during the period to acquire segment assets that are expected to be used for more than one period.

Business Segments

The Consolidated Entity comprises the following main business segments, based on the Consolidated Entity's management reporting system:

- (i) Drilling products and services: Down hole surveying, geophysical logging and directional drilling; down hole motors, cameras and drilling products;
- (ii) Minerals Processing: Milling and processing of industrial minerals; and
- (iii) Drilling fluids and chemicals: Manufacture and supply of drilling fluids and chemicals to the mining, mineral exploration, oil and gas and water well drilling industries.

Geographical Segments

In presenting information on the basis of geographical segments, segment revenue is based on geographical location of customers. Segment assets are based on the geographical location of the assets.

The Consolidated Entity's business segments operate geographically as follows:

- (i) Australia: Drilling services; milling and processing of industrial minerals; manufacture and supply of drilling fluids and chemicals; down hole motors, cameras and drilling products;
- (ii) Saudi Arabia: Supply of drilling fluids and chemicals to the oil and gas industry;
- (iii) Africa: Drilling services, supply of drilling fluids and chemicals;
- (iv) South East Asia: Manufacture and supply of drilling fluids and chemicals to the mining and mineral exploration industries.

NOTES TO THE FINANCIAL REPORT

26 Discontinued Operations

On 1 February 2005, Index Limited initiated an active program to dispose of the Index Minerals Division, its industrial minerals processing business. The sale was one part of the Company's strategy to focus on its core business as a global provider of "drilling products and services".

As announced to the Australian Stock Exchange on 9 June 2005, Index Limited entered into a definitive agreement for the sale of the Index Minerals Division with the sale being completed on 1 July 2005.

Financial information relating to the discontinued operation for the period to the date of disposal is set out below.

Notes	Consolidated	
	2006 \$'000	2005 \$'000

(i) As part of the sale agreement, Index Limited is entitled to a further cash payment of \$1.5million, subject to the future profitability of certain agricultural products which, at the time of sale, were still in the early stages of development and commercialisation. This has not been recognised in the consideration received and the gain on sale of Index Minerals as the probability of receiving the deferred consideration cannot be accurately predicted at this stage. If this consideration is recognised in a future period it will increase the gain on the sale of Index Minerals.

The options granted to key management personnel during the financial year were made in accordance with the Staff Option Plan, as further described in Note 31. Each share option converts into 1 ordinary share of Index Limited. No amounts were paid, or are payable, by the recipient on receipt of the option. The options are exercisable in one third lots at the end of each of the first three years during their life.

(d) Other transactions with key management personnel (and their related parties) of Index Limited

(i) Lot 1598 Willis Street, Newman was rented by Surtron Technologies Pty Ltd from Mr G E Weston on normal commercial terms and conditions for the period 1 July 2005 to 16 January 2006.

(ii) An amount of R2,364,160 (A\$443,516) is owed to Samchem Drilling Fluids & Chemicals (Pty) Ltd, a wholly owned Index Limited subsidiary, by Quadripart Investment Holdings (Pty) Ltd, a company in which Mr I R Freeman has an interest. This loan does not carry interest and has no specific terms and conditions. Refer Note 5.

(iii) The premises on which the administration and factory buildings of Samchem Drilling Fluids & Chemicals (Pty) Ltd are located in Alrode, Alberton, South Africa are leased on normal commercial terms and conditions from PTS Investments (Pty) Ltd and Basalt Properties (Pty) Ltd, companies in which Mr I R Freeman has an interest.

(iv) Mr K A Dundo is a Partner of the legal firm QLegal, that provided legal services to the Index Group on normal commercial terms and conditions.

(v) As described in these financial statements, Index Limited was involved in a Joint Venture with Rashid Trading Establishment (RTE), a Company in which Mr H H Al-Merry is the President and Owner. RTE also acts as the agent of the Joint Venture in some circumstances. There were no amounts recognised during the year relating to transactions between the Company and RTE as agent. During the current year the investment balance in the Joint Venture of \$1.4 million and the receivable balance due from RTE of \$875k were considered to be fully impaired. The impairment adjustment is shown on the face of the income statement. During the prior year, and as approved by Shareholders at the 2004 Annual General Meeting, 10,000,000 shares held by Mr H H Al-Merry, in connection with the RTE/Index Saudi Arabian Joint Venture, were cancelled.

INDEX LIMITED

and its controlled entities

NOTES TO THE FINANCIAL REPORT

27 Related Party Disclosures (continued)

(e) Transactions with other related parties

(i) Transactions within the wholly-owned Group

Details of dividend revenue received by the ultimate parent entity is disclosed in Note 2. Amounts receivable from, and payable to entities in the wholly-owned Group are disclosed in Note 5 and Note 13. During the financial year Index Limited provided management services to entities in the wholly-owned Group as disclosed in Note 2.

During the prior year, the Directors elected for wholly-owned Australian entities within the Group to be taxed as a single entity from 1 July 2003. Entities within the tax-consolidated group have entered into a tax-sharing agreement with the head entity. Under the terms of this agreement, Index Limited and each of the entities in the tax consolidated group has agreed to pay a tax equivalent payment to or from the head entity, based on the net accounting profit or loss of the entity and the current tax rate. Such amounts are reflected in amounts receivable from or payable to other entities in the tax consolidated Group.

(f) Parent entity

The ultimate parent entity in the Consolidated Entity is Index Limited, a Company incorporated in Western Australia.

28 Notes to the Cash Flow Statement

(a) Reconciliation of cash and cash equivalents

For the purposes of the Statement of Cash Flows, cash and cash equivalents includes cash on hand and in banks and investment in money market instruments, net of outstanding bank overdrafts. Cash and cash equivalents at the end of the year as shown in the Cash Flow Statement is reconciled to the related items in the balance sheet as follows:

	Consolidated		Company	
	2006 \$'000	2005 \$'000	2006 \$'000	2005 \$'000
Cash and cash equivalents	6,421	103	2,003	96
Bank overdraft	-	(467)	-	(1,809)
	6,421	(364)	2,003	(1,713)

Cash at bank and in hand earns interest at floating rates based on daily bank deposit rates. The fair value of cash and cash equivalents is \$6,420,802 (2005: \$364,000 negative)

(b) Non cash financing and investing activities

During the year the Consolidated Entity converted \$300k of funds advanced to an investee into an investment in that entity. This is not reflected in the cash flow statement.

29 Financial Instruments

(a) Financial risk management objectives

The Consolidated Entity's head office encompasses a treasury function that provides services to the business, coordinates access to domestic and international financial markets, and manages the financial risks relating to the operations of the Consolidated Entity. The Consolidated Entity does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes. The Consolidated Entity's activities expose it primarily to the financial risks of changes in interest rates.

(b) Significant accounting policies

Details of the significant accounting policies and methods adopted, including the criteria for recognition, the basis of measurement and the basis on which income and expenses are recognised, in respect of each class of financial asset, financial liability and equity instrument are disclosed in note 1 to the financial statements.

INDEX LIMITED

and its controlled entities

NOTES TO THE FINANCIAL REPORT

29 Financial Instruments (continued)

(c) Foreign currency risk management

The group undertakes certain transactions denominated in foreign currencies, hence exposures to exchange rate fluctuations arise. Exchange rate exposures are managed within approved policy parameters and are not material to the financial statements. Refer note 2 for quantum of exchange differences arising.

(d) Interest rate risk management

The Consolidated Entity is exposed to interest rate risk as it borrows funds at both fixed and floating interest rates. The risk is managed by maintaining an appropriate mix between fixed and floating rate borrowings. The following table details the Consolidated Entity's exposure to interest rate risk.

Notes	Weighted average interest rate	Floating interest rate	Fixed interest maturing in:				Non-interest bearing	Total
			Less than 1 year	1 to 5 years	More than 5 years			
	%	\$'000	\$'000	\$'000	\$'000	\$'000	\$'000	\$'000
2006								
Financial Assets								
Cash and cash equivalents	28	4.10%	6,421	-	-	-	-	6,421

			6,421	-	-	-	23,422	29,843
Financial Liabilities								
Payables	12	-	-	-	-	-	13,629	13,629
Hire purchase liabilities	13	7.58%	-	1,391	1,503	-	-	2,894
Employee entitlements	(i) 14	5.97%	-	-	-	-	1,056	1,056
			-	1,391	1,503	-	14,685	17,579
2005								
Financial Assets								
Cash	28	0.50%	95	-	-	-	8	103
Receivables	5	-	-	-	-	-	13,920	13,920
Other	8	-	-	-	-	-	1,475	1,475
			95	-	-	-	15,403	15,498
Financial Liabilities								
Payables	12	-	-	-	-	-	7,972	7,972
Bank overdraft	13	8.95%	467	-	-	-	-	467
Bank loans	13	7.12%	2,625	1,000	-	-	-	3,625
Hire purchase liabilities	13	7.56%	-	1,080	1,758	-	-	2,838
Employee entitlements	(i) 14	5.97%	-	-	-	-	962	962
			3,092	2,080	1,758	-	8,934	15,864

(i) Employee entitlements to be settled in cash fall under the definition of financial liabilities. The weighted average interest rate is the discount rate used to calculate Long Service Leave Liability.

(e) Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Consolidated Entity. The Consolidated Entity has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral where appropriate, as a means of mitigating the risk of financial loss from defaults. The Consolidated Entity measures credit risk on a fair value basis.

Trade accounts receivable consist of a large number of customers, spread across diverse industries and geographical areas. Ongoing credit evaluation is performed on the financial condition of accounts receivable and, where appropriate, credit guarantee insurance cover is purchased. The Consolidated Entity does not have any significant credit risk exposure to any single counterparty or any group of counterparties having similar characteristics.

The carrying amount of financial assets recorded in the financial statements, net of any allowances for losses, represents the Consolidated Entity's maximum exposure to credit risk without taking account of the value of any collateral obtained.

INDEX LIMITED

and its controlled entities

NOTES TO THE FINANCIAL REPORT

29 Financial Instruments (continued)

(f) Fair value of financial instruments

The Directors consider that the carrying amount of financial assets and financial liabilities recorded in the financial statements approximates their fair values (2005: net fair value). The determination of fair value is outlined in note 7.

(g) Liquidity risk management

The Consolidated Entity manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

30 Key Management Personnel Compensation

(a) Details of key management personnel

The key management personnel of Index Limited during the year were:

Mr I F Burston (Independent, Non Executive Chairman)
Mr B W Ridgeway (Managing Director)
Mr H H Al-Merry (Non Executive Director), office vacated 18 August 2006
Mr R W Kelly (Independent, Non Executive Director)
Mr K A Dundo (Independent, Non Executive Director)
Mr I R Freeman (Non Executive Director), appointed 23 August 2005
Mr J P O'Neil (Non Executive Director - Alternate to Mr I R Freeman), appointed 23 August 2005
Mr S J Lyons (Company Secretary, Index Limited)
Mr D L Kinley (Group Financial Controller, Index Limited)
Mr G E Weston (General Manager: Australian Mud Company Pty Ltd, Surtron Technologies Pty Ltd and Ace Drilling Supplies)
Mr C S Munyard (Manager: Surtron Technologies Pty Ltd)

(b) Key management personnel compensation policy

All key management personnel, and all staff of the Company, are subject to formal annual reviews of their performance. The compensation of key management personnel generally comprises a fixed monetary total, although bonuses related to the performance of the Company may be agreed between the individual and the Company from time to time.

The Board seeks the approval of Shareholders, where required, in relation to the aggregate of Non Executive Director compensation and any options that may be granted to Directors.

Compensation packages are reviewed and determined with due regard to current market rates.

The Managing Director's compensation is determined by the Remuneration Committee with due regard to current market rates. The Managing Director has a short term incentive bonus amounting to 20% of his cash compensation package that is linked to the EBIT performance of the Company. The balance of his compensation package is not linked to the Company's performance.

Key management personnel compensation

The aggregate compensation of the key management personnel of the Consolidated Entity and the Company is set out below:

	Consolidated		Company	
	2006	2005	2006	2005
Short-term employee benefits	1,348,800	1,102,654	903,391	621,044
Post-employment benefits	99,192	84,235	61,682	42,951
Other long-term benefits	28,075	24,621	4,789	13,372
Termination benefits	-	-	-	-
Share-based payments	57,560	26,700	31,760	1,800
	<u>1,533,627</u>	<u>1,238,210</u>	<u>1,001,622</u>	<u>679,167</u>

The compensation of each member of the key management personnel of the Consolidated Entity is set out on the following page:

NOTES TO THE FINANCIAL REPORT

30 Key Management Personnel Remuneration (continued)

(i) The Managing Director, Mr B W Ridgeway does not, currently, have a service contract with the Company. The Managing Director's compensation is reviewed and determined by the Remuneration Committee.

The Managing Director has a short term incentive bonus amounting to 20% of his cash compensation package that is linked to the EBIT performance of the Company. The balance of his compensation package is not linked to the Company's performance.

In the current year, following approval by members in General Meeting, Mr Ridgeway was granted 2,000,000 options. The options carry no rights to dividends and no voting rights. They expire on their expiry date or three calendar months after ceasing to be a Director, and may be exercised after 2 years and at any time to their expiry date. The percentage of the value of compensation that consisted of options was 7.5%.

(ii) Mr H H Al-Merry is the President and owner of Rashid Trading Establishment (RTE), which was involved in a Joint Venture with Index Limited in the Middle East. Mr Al-Merry is remunerated directly by the RTE/Index Joint Venture.

(iii) Mr S J Lyons was party to a consulting agreement with Index Limited until 31 December 2005. This agreement was set out on a fixed fee basis and prescribed other general terms and conditions. The consulting agreement was terminated and from 1 January 2006 onwards Mr Lyons is party to a service contract with Index Limited, which sets out a fixed compensation package, reviewable annually. The service contract specifies a two month notice period in the event that the contract is terminated. There are no termination benefits specified in this contract. Additional performance incentives may be agreed between Mr Lyons and the Company from time to time.

In the current year, Mr Lyons was granted 150,000 options, along with other staff of the Group, under the Staff Option Scheme as set out in Note 31. The percentage of the value of compensation that consisted of options was 2.5%.

(iv) Mr D L Kinley is a party to a service contract with Index Limited, which sets out a fixed compensation package, reviewable annually. The service contract specifies a one month notice period in the event that the contract is terminated. There are no termination benefits specified in this contract. Additional performance incentives may be agreed between Mr Kinley and the Company from time to time.

In the current year, Mr Kinley was granted 100,000 options, along with other staff of the Group, under the Staff Option Scheme as set out in Note 31. The percentage of the value of compensation that consisted of options was 1.7%.

(v) Mr G E Weston is party to a service contract with the Australian Mud Company Pty Ltd, which sets out a fixed compensation package, reviewable annually. The service contract stipulates a 12 month notice period in the event that the contract is terminated. There are no termination benefits specified in this contract. Performance incentives may be agreed between Mr Weston and the Australian Mud Company Pty Ltd from time to time. Additionally, Mr Weston is party to a deed with Index Limited, in respect of which Mr Weston has a right of first refusal in the event that Index receives an offer to purchase 100% of the shares held by Index in the Australian Mud Company Pty Ltd. This 'right' lapses automatically should Mr Weston no longer be employed by the Australian Mud Company Pty Ltd.

In the current year, Mr Weston was granted 1,000,000 options, along with other staff of the Group, under the Staff Option Scheme as set out in Note 31. The percentage of the value of compensation that consisted of options was 7.6%.

(vi) Mr C S Munyard is a party to a service contract with Surtron Technologies Pty Ltd, which sets out a fixed compensation package reviewable annually. The service contract specifies a one month notice period in the event that the contract is terminated. There are no termination benefits specified in this contract. Additional performance incentives may be agreed between Mr Munyard and Surtron Technologies Pty Ltd from time to time.

In the current year, Mr Munyard was granted 75,000 options, along with other staff of the Group, under the Staff Option Scheme as set out in Note 31. The percentage of the value of compensation that consisted of options was 0.8%.

(vii) Mr I Tan is party to a service contract with Index Limited, which sets out a fixed compensation package, reviewable annually. The service contract specifies a one month notice period in the event that the contract is terminated. There are no termination benefits specified in this contract.

Mr Tan was not granted any options during the prior year due to his limited tenure at the time the Staff options were issued.

NOTES TO THE FINANCIAL REPORT

31 Staff Option Plan

(a) Share Based Payment Arrangements

Staff Option Plan

The Consolidated Entity has in place a Staff Option Scheme (Scheme) to reward employees (including Key Management Personnel) for their past services as well as provide an incentive for future efforts. The terms and conditions of the Scheme are set out in the Scheme Rules with the Board of Directors responsible for the administration of the Scheme. The options carry no rights to dividends and no voting rights. The options expire on their expiry date. The number of options granted to staff is generally based on an assessment of the performance of that staff member as determined by the Board of Directors. Staff are only eligible to receive options when they have been with the Company in excess of 12 months. Generally the options will also be taken to have expired when the option holder ceases to be employed by the Consolidated Entity. As at 30 June 2006 all of the options had vested.

Non-Executive Directors' Options

In accordance with ASX Principles of Good Corporate Governance, Non-Executive Directors do not receive options.

Managing Directors' Options

The options issued to the Managing Director have been approved by members in General Meeting. The options carry no rights to dividends and no voting rights. The options expire on their expiry date or three calendar months after ceasing to be a Director, and may be exercised after 2 years at any time to their expiry date. As at 30 June 2006 all of the options had vested.

Corporate Advisors Options

During the prior year options were issued to Corporate Advisors of the Company as a performance incentive. The options carry no rights to dividends and no voting rights. As at 30 June 2006 all of the options had vested.

(b) The following share based payment arrangements were in existence during the period:

NOTES TO THE FINANCIAL REPORT

31 Staff Option Plan (continued)

(c) Fair value of options granted during the financial year

The weighted average fair value of the share options granted during the financial year is \$0.02 (2005: \$0.02). Options were priced using a Black-Scholes option pricing model. Where relevant, the expected life used in the model has been adjusted based on management's best estimate for the effects of non-transferability, exercise restrictions (including the probability of meeting market conditions attached to the option), and behavioural considerations. Expected volatility is based on the historical share price volatility for the preceding 12 months.

2006	Managing Directors Options Tranche 1	Staff Options Tranche 2			
Inputs into the model					
Grant date share price (\$)	0.29	0.20			
Exercise price (\$)	0.35	0.30

Dividend yield	0.00%	0.00%	0.00%	0.00%	

(d) Exercised during the financial year

The following options under the Staff Option Plan were exercised during the financial year:

Option Series	Number Exercised	Exercise Date	Share Price at Exercise Date
Staff Options Tranche 1	16,667	15-Nov-05	0.30
Staff Options Tranche 1	25,000	1-Feb-06	0.41
Staff Options Tranche 1	10,000	29-Jun-06	0.58
	<u>51,667</u>		

32 Subsequent Events

Effective 1 August 2006 the Company acquired 100% of the shares of the Swedish-based Reflex Group (Reflex) and the United Kingdom-based Chardec Consultants Limited (Chardec).

The purchase price for Reflex is \$25.4 million to be settled \$15 million in cash at settlement and the issue of a convertible note with a face value of \$10.4 million. The convertible note carries the right to convert into 20.8 million Index shares at a price of 50 cents per share at any time until 30 June 2008. The coupon rate will be 8% per annum. Under the terms of the agreement, conversion will be triggered automatically by the Index share price reaching \$1 per share. Any Index shares issued under this note prior to 30 June 2008 will be held in voluntary escrow until 30 June 2008.

The purchase price for Chardec is GBP6.8 million (approximately \$17 million) to be satisfied through the payment of GBP2.5 million in cash at settlement and a further GBP4.3 million over three years from date of settlement.

Additional disclosures with respect to these acquisitions are impracticable at this stage as the acquisition accounting is still being finalised.

Subsequent to year end the Directors declared a 1 cent per share fully franked dividend with an entitlement date of 10 October 2006 and a payment date of 13 October 2006. The effect of this dividend has not been reflected in this financial report.

NOTES TO THE FINANCIAL REPORT

33 Impacts of the Adoption of Australian Equivalents to International Financial Reporting Standards

The Consolidated Entity changed its accounting policies on 1 July 2005 to comply with Australian equivalents to International Financial Reporting Standards ('A-IFRS'). The transition to A-IFRS is accounted for in accordance with Accounting Standard AASB 1 'First time Adoption of Australian Equivalents to International Financial Reporting Standards', with 1 July 2004 as the date of transition, except for financial instruments, including derivatives, where the date of transition is 1 July 2005 (refer note 1(a)). An explanation of how the transition from superseded policies to A-IFRS has affected the company and Consolidated Entity's financial position, financial performance and cash flows is set out in the following tables and the notes that accompany the tables.

(a) Effect of A-IFRS on the balance sheet as at 1 July 2004

NOTES TO THE FINANCIAL REPORT

33 Impacts of the Adoption of Australian Equivalents to International Financial Reporting Standards (continued)

The table above sets out the adjustments that arise from the impairment write down and the classification of the Index Minerals business as held for sale. With reference to the table:

(aa) Non Current Assets Held for Sale

Under A-IFRS, when the carrying amount of a group of assets is expected to be recovered principally through a sales transaction, rather than continuing use, such assets must be classified as held for sale. Assets held for sale are shown separately on the balance sheet and their results (after tax) as a single amount on the Income Statement. In addition, depreciation for such assets ceases from this point.

The business of Index Minerals met the definition of held for sale from 1 February 2005 and accordingly depreciation has ceased from this date. This has resulted in a reduction in depreciation expense of \$183k in the year ended 30 June 2005.

The profit from discontinued operations for the years ended 30 June 2005, reflect the transfer of Minerals' revenue, expenses and income tax into a single amount on the Income Statement.

(bb) Impairment of Assets

Under AGAAP assets are written down to recoverable amount when the asset's carrying value exceeds its recoverable amount. Under A-IFRS, both current and non current assets are tested annually for impairment. In addition, A-IFRS has a more prescriptive impairment test, and requires, for instance, discounted cash flows to be used where value in use is used to assess recoverable amount.

Under A-IFRS, based on a review of discounted cash flows of the Micaceous Iron Oxide business, which is a separate 'cash generating unit' of the business of Index Minerals, a write down of \$1,000k for plant and equipment and \$641k for exploration, evaluation and development expenditure carried forward is required at 30 June 2004. Under AGAAP at 30 June 2004, the business of Index Minerals was assessed for recoverability, however as the business was assessed as a whole and not at the 'cash generating unit' level as required under A-IFRS no write down was indicated at that time.

As set out in the 2005 Annual Report, the carrying value of Index Minerals was written down under AGAAP by \$1.37million at 30 June 2005. Due to the A-IFRS impairment required at 30 June 2004, this write down has been reversed through the income statement for the year ended 30 June 2005.

The decrease in the carrying value of property, plant and equipment and the carry forward exploration, evaluation and development expenditure has resulted in a reduction in depreciation and amortisation expense of \$303k in the year ended 30 June 2005.

(ii) Non Current Employee Benefits

Under AGAAP, provision for Annual Leave (short-term employee benefit) was measured at nominal amounts and classified as a current liability.

Under AASB119 "Employee Benefits" liabilities for short-term employee benefits continue to be measured at their nominal amounts, however employee benefits not expected to be settled within 12 months are measured at their present value.

(iii) Share Based Payments

For the year ended 30 June 2005, share based payments of \$48k to employees and consultants were not recognised under AGAAP.

Corresponding entries have been made to shareholders equity at 30 June 2005. There is no tax effect of these payments.

(iv) Income Tax

Under AGAAP, the Consolidated Entity adopted tax effect accounting principles whereby the income tax expense was calculated on pre-tax accounting profits after adjusting for permanent differences. The tax effect of timing differences, which occur when items were included or allowed for income tax purposes in a period different to that for accounting were recognised at current taxation rates as deferred tax assets and deferred tax liabilities, as applicable.

Under A-IFRS, deferred tax is determined using the balance sheet liability method in respect of temporary differences arising from differences between the carrying amount of assets and liabilities in the Financial Report and their corresponding tax bases.

NOTES TO THE FINANCIAL REPORT

33 Impacts of the Adoption of Australian Equivalents to International Financial Reporting Standards (continued)

	Consolidated and Company	
	30 June 2004 \$'000	30 June 2005 \$'000
Effect of A-IFRS adjustments on deferred tax balances		
Deferred tax adjustments resulting from the adjustments required under A-IFRS	387	(105)
Net increase/(decrease) to deferred tax balances	<u>387</u>	<u>(105)</u>
	Consolidated and Company	
	Year ending 30	
	June 2005	
	\$'000	
Effect of A-IFRS adjustments on income tax expense		
Adjustment required to income tax expense		(575)
Net increase/(decrease) in income tax expense		<u>(575)</u>

(v) Revenue

Under AGAAP, the proceeds on sale of non current assets were included in revenue with the cost of sale recorded in expenses. Under A-IFRS, the net gain or loss from the sale of non current assets is recognised as Other Income in the Income Statement.

Similarly, income from Grants and other non operating income has been recognised in Other Income, rather than included as part of Other Revenue.

There is no net impact on the profit for the period as a result of these adjustments.

(vi) Retained profits

The effect on retained profits of the adjustments described above is set out below.

		Consolidated and Company	
	Notes	30 June 2004 \$'000	30 June 2005 \$'000
Retained earnings			
Impairment of the business of Index Minerals	(i)	(1,641)	(1,641)
Adjustment to depreciation and amortisation expense for the business of Index Minerals due to its impairment and classification as held for sale	(i)	-	303
Reversal of the write down of Index Minerals to its recoverable amount	(i)	-	1,370
Expensing share based payments	(iii)	-	(48)
Other		-	(32)
Adjustments to tax balances	(iv)	387	(105)
Total adjustment to retained earnings		<u>(1,254)</u>	<u>(153)</u>
