

ImExHS signs new distribution agreement in Panama

HIGHLIGHTS

- ImExHS signs new distribution agreement with ATX Panama
- ATX Panama has more than 18 years' experience with X-Ray equipment

Bogota — 23 January 2019 —ImExHS Limited [ASX:IME] today announces that it has signed a new non-exclusive distribution agreement with ATX Panama SA (**ATX**), a leading medical and security technology company in Panama.

This agreement continues ImExHS's market development in Central America and now offers a great opportunity to expand its presence into Panama.

ATX currently provides security services with full body X-Ray screening and offers fully maintained systems to their customers, and they are looking to partner with ImExHS as they expand into the provision of medical imaging equipment and software in Panama.

Commenting on the new partnership, Dr German Arango, ImExHS CEO, said, "with this new alliance, ImExHS continues to develop markets in Latin America and we are very excited by the prospects that ATX can bring to us."

The distribution agreement is for an initial period of 1-year and then renewable automatically each subsequent year and otherwise on standard terms. The distribution agreement can be terminated by either party giving at least 30 days' notice.

ABOUT IMEXHS

ImExHS Limited [ASX: IME] is a leading imaging Software as a Service (SaaS) and ancillary service provider in Latin America. Founded in 2012, ImExHS has become one of the leaders in the Latin American imaging services market, offering flexible and scalable imaging solutions via its Hiruko branded suite of solutions for next generation Picture Archiving and Communications System (PACS) and integrated Radiology Imaging System (RIS). The Hiruko system is completely cloud based, vendor neutral and zero footprint with no need for installed software. Enhanced features such as a fully web-based voice recognition option and a zero footprint DICOM viewer are some of its advanced features. In addition to PACS and RIS, imaging technology and management systems can be provided on a Platform as a Service (PaaS) basis. The ImExHS products are designed to save money for the users, with a scalable platform that is configured for the future, while enhancing patient outcomes. Please see www.imexhs.com

ABOUT ATX

ATX Panama SA is a private company specializing in the sales, installation and maintenance of high quality and state-of-the-art technology electronic equipment and components. They have more than 18 years of experience in the field of electronics applied to solutions in the medical, veterinary and security area.
