Chairman's Review of 2015

The Year - Our Strategy - Action taken

While the ASX All Ordinaries Index rose 12% in 2013-14, helped by a chase for yield and high dividend payouts from the banks, the situation in 2014-15 was flat year-on-year with a rise of only 1.3% from 5,380 to 5,450 and a major drop since. There was, however, a spurt in March and April 2015 to 5,963 – up 11%. Worldwide market volatility is a feature of these times and last week the index moved 4% between 5,030 and 5,240!

But our investment focus is different. We have spent time on a number of special opportunities for our company and also on candidates for the managed portfolio of London City Equities. London City now owns 5.1% of the well managed Fiducian Group and this investment has been particularly successful. Again the Penrice Soda Holdings Limited collapse has attracted our attention. This includes examining the litigation funding situation and a role we may be able to play in that aspect. As shareholders know, Penrice was placed in liquidation in July 2014.

We continue to be encouraged by the current stock market and by poor corporate management to establish a new Australian Activist Investment Fund, one where an aggressive, but supportive, stance can be taken in undervalued companies by Imperial Pacific and known seasoned industry executives. The aim is to take sizeable equity positions and introduce positive management. Firstly we need a suitable target investment. Then we can raise supporting funds. We have two possible candidates on the list today.

Financials - Results and Dividend of 5.0 cents

Imperial Pacific reports another loss (\$162,000) for 2015, impacted adversely from a lower profit contribution from 30% owned London City Equities. Revenues have remained at low levels because of London City's net asset reduction that came from the terrible Penrice performance. Costs have been reduced slightly. Relatively high liquidity and solid franking credits have encouraged us to again pay a fully franked dividend of 5.0 cents in October.

Net Tangible Assets – close to 82 Cents per share today

Net tangible assets at 30 June stood at \$2.0 million, or 68 cents, after paying a 5.0 cent fully franked dividend last year. However, London City's portfolio has appreciated since balance date and this, together with an expected uplift in Mainstream's IPO value should lift Imperial Pacific's net asset position to around 82 cents a share today.

Investment

London City Equities Limited, 30.1% owned, reported a modest profit of \$59,000 in 2015, down from \$419,000 in 2014. Just as important is London City's increase in portfolio values since June and its enhanced potential to pay fully franked dividends. The tasks pursued for London City on Penrice and possible recovery of funds continues with external advisors. We have noted the moves by **MainstreamBPO Limited** (1.5% owned) to list on the ASX and we await the results of its prospectus equity raising. We intend to exit this investment as part of the IPO and we expect both the ongoing shareholders and the Lead Manager to conclude these arrangements.

In the resources sector our subsidiary, **Imperial Pacific Resources Pty Limited**, has acquired 0.5% of **Tasmania Mines Limited** and keeps in touch with fellow minority shareholders. Tasmania Mines Limited is Australia's leading magnetite supplier to the coal industry, is profitable and pays modest dividends. .

Outlook

We will continue our cautious attitude to investment. We will spend serious time on the Activist Investment opportunity and on the London City / Penrice Soda litigation funding situation. We will keep you informed.

Statutory Directors' Report for the Year to 30 June 2015

Your Directors present their report on the Company and its controlled entities for the year ended 30 June 2015.

Strategic Positioning

Imperial Pacific's key objective is to create and maintain a group of entities that provide productive services to the financial sector. In addition to participating in equity ownership, Imperial Pacific offers traditional and innovative management and financial assistance to those entities in which it has an interest, such as London City Equities (30.1% owned). Imperial Pacific undertakes specific and short term financial services focus, rather than operate as a longer term strategic equity holder in the broader investment sector such as London City Equities Limited. Imperial Pacific is risk averse. It can be assertive when required.

Imperial Pacific seeks to provide shareholders with attractive investment returns over the medium to longer terms by enhancing capital growth and paying dividends that over time grow faster than the rate of inflation.

Directors and Officers

The Directors and officers of the Company in office at any time during of the year are as follows:

Peter E.J. Murray - Chairman of Directors.

Chartered Accountant, Senior Associate Financial Services Industry of Australia, Member Turnaround Management Association of Australia.

Mr Murray has spent over 35 years involved in company management, corporate finance and ASX listed company matters. He has been a senior executive in merchant banking and stockbroking at Director level. Experienced in corporate financial advice, mergers, fund raisings and general corporate management. Chairman of Imperial Pacific Limited since 1980. Past Chairman of Directors of Camelot Resources NL and CCI Holdings Limited. Director and Chief Operating Officer of London City Equities Limited. Director of Delany Foundation Limited. [Director of Imperial Pacific Limited since 1981]

Robin Chenery – Independent Non Executive Director.

Special Responsibility: Member of Audit, Compliance and Risk Management Committee and Member of Remuneration Committee

Bachelor of Science (Honours), Master of Business Administration

Mr Chenery's initial background was in manufacturing management. He has in excess of 35 years extensive Australian and international experience in the steel and coal industries. He has also held a significant number of Board positions throughout his career. Past Director of CCI Holdings Limited and currently a Director of London City Equities Limited. [Director of Imperial Pacific Limited since 2007]

David Sutherland – Independent Non Executive Director

Special Responsibility: Chairman of Audit, Compliance and Risk Management Committee and Chairman of Remuneration Committee

Bachelor of Science (Agriculture)

Mr. Sutherland's background has been in the securities markets for over thirty years. He has held senior positions in the sector within merchant banks, stockbrokers and investment houses over this period. In recent times he held the executive position of Investment Manager at HGL Limited for seven years where he had particular experience with corporate equity investments. [Director of Imperial Pacific Limited since 2012.]

In accordance with the Constitution, Mr. Sutherland retires from the Board at the forthcoming Annual General Meeting and, being eligible, offers himself for re-election. Mr Chenery has advised his intention to retire after the Annual General Meeting.

Remuneration Report

The company has a Remuneration Committee which is responsible for remuneration policies and monitors the remuneration of Directors and officeholders with market conditions. A summary of the policies is set out later in this Annual Report. Details of the emoluments of the Directors are set out in Note 18 of the financial statements and are also shown below:

	Fees	Super Contributions	Total
Mr P.E.J.Murray	\$121,200	-	\$121,200
Mr R Chenery	\$25,000	-	\$25,000
Mr.D.A.Sutherland	\$25,000	\$2,375	\$27,457

Principal Activities

The principal activities of the economic entity in the course of the financial year were in strategic equity investment in financial services and the portfolio management of London City Equities Limited, this latter role carried out through the Australian Financial Services Licence held by subsidiary, Imperial Pacific Asset Management Pty Limited. London City participated in a further IMB Limited share buy-back and expanded its portfolio with an increased investment in Fiducian Group Limited (now 5% owned). Efforts were also directed at resolving London City's adverse involvement in Penrice Soda Holdings Limited, a company now in liquidation.

Trading Results and Dividend Status

Imperial Pacific reports a loss for the year of \$161,952 (loss \$51,095 in 2014). The Directors have declared the payment of a dividend of 5.0 cents per share, fully franked, for 2015.

Statutory Directors Report (Cont'd)

Objectives, Achievements and Review of Operations

The Board's prime objective during the year was the longer term enhancement of group assets. This necessitated attention on the London City associate, especially with its adverse investment in Penrice Soda. One objective is to determine whether action may be taken against the directors and associated parties of Penrice to recover major losses on this investment.

Imperial Pacific continues to have a debt free Balance Sheet and its key investment, London City Equities, reflects the same conservatism.

Significant changes in the state of affairs

There have been no significant changes in the state of affairs.

Matters subsequent to the end of the financial year

Directors have declared the payment of a fully franked dividend of 5.0 cents per share for 2015. Directors also note that the share portfolio of 30% owned London City Equities Limited has appreciated by \$450,000 since balance date.

Likely developments and expected results of operations

Directors intend to focus on enhancing the values of Imperial Pacific's assets, particularly its AFS licensed operator Imperial Pacific Asset Management Pty Limited. In this regard Imperial Pacific has been working to establish a moderately aggressive Activist Investment Fund to locate targets and convert performance with Imperial Pacific and known seasoned industry executives.

In the opinion of the Directors likely developments in the operations of the company known at the date of this report have been covered generally within the Annual Report.

Environmental regulation

The Company is not subject to significant environmental regulations under any Commonwealth, State or Territory Law.

Proceedings in relation to the company

At the date of this report no person has applied to the Court under Section 237 of the Corporations Act 2001 for leave to bring proceedings on behalf of the company.

Directors and auditors indemnification

The company has not, during or since the end of the financial year in respect of any person who is or has been an officer or auditor of the company or a related body corporate indemnified or made any relevant agreement for indemnifying against a liability incurred by an officer, including costs and expenses in successfully defending legal proceedings; or paid or agreed to pay a premium in respect of a contract insuring against a liability incurred as an officer for the costs or expenses to defend legal proceedings. There is at present no formal insurance policy in existence, a matter being reviewed.

Risk and Compliance Control

The Board of Directors has in place an Audit, Compliance and Risk Management Committee to assist its deliberations in respect of these issues. The ACRM Committee meets regularly and considers, amongst other things, internal control processes of the company. All Board meetings consider issues raised by the ACRM Committee and formal management reports on the compliance by the company with its key obligations. The Board also notes the regulatory compliance obligations of its portfolio management subsidiary, Imperial Pacific Asset Management Pty Limited.

The Directors have received and considered the Section 295A certification from the senior officeholder responsible for meeting the company's financial, operational and compliance requirements.

Statutory Directors Report (Cont'd)

Auditor

The auditor continues in office in accordance with Section 327 of the Corporations Act 2001.

Non-audit Services.

Details of the non-audit services provided by the auditor are set out at Note 19 of the financial statements. The Directors are satisfied that the provision of non-audit services is compatible with the general standard of independence for auditors imposed by the Corporations Act 2001. The nature and scope of each type of non-audit service provided means the auditor independence was not compromised.

Auditor's Independence Declaration

A copy of the auditor's declaration under Section 307C in relation to the audit for the financial year is provided later in this report. .

Signed in accordance with a resolution of the Directors. Dated at Sydney this 15th day of September, 2015.

On behalf of the Board,

P. E. J. MURRAY

Corporate Governance Statement – 30 June 2015

Imperial Pacific has noted the updated “principles and recommendations” of the ASX Corporate Governance Council effective from 1 July 2014. The Board of Imperial Pacific believes it carries out the broad thrust of the guidelines in a proper and pragmatic way for a small company in the strategic financial services investment business. In some cases it has not adopted recommendations. The corporate governance policies of the company and the departures from the recommendations are discussed below. This Corporate Governance Report has been approved by the Board and is current at 14 September 2015.

Principle 1 Lay solid foundations for management and oversight

Imperial Pacific has a Board Charter which establishes the functions reserved to the Board and to senior management. Imperial Pacific operates its business through its Board of Directors and management. The Board sets and monitors strategic business plans and shorter term operating challenges. The Board meets at least once a quarter. Imperial Pacific has a formal policy in relation to Core Business Processes as well as formal policies on investment processes and approvals. Written agreements are in place with ongoing Directors. The company secretary is directly accountable to the Board. The operations of the company and delegation of duties are inherent in a public listed organisation with investments that may impact on other companies. A copy of the Board Charter is set out in the rear pages of this Annual Report.

Imperial Pacific supports the principle of diversity of skills, background and gender in relation to board membership, management composure and commercial activity. It has incorporated into its Board Charter a policy in this regard. While such diversity is considered when the opportunity arises, the Board recognises that a company of the size of Imperial Pacific, conducting investment activities with three directors and with no formal employees, has limited scope for making major changes. The Board considers numerical statistics are not meaningful in such a company.

Principle 2 Structure the Board to add value

The Board of Directors is structured to add long term value to Imperial Pacific. The Directors hold a variety of professional, securities market and corporate skills, operating in a climate where cost effectiveness is a key issue and shareholding interests encourage active participation. There are three Directors, of whom two are regarded for corporate governance purposes as independent. Directors believe it is not practicable, nor cost-effective, for Imperial Pacific to have an “independent” (as defined by the governance principles) Chairman. Indeed the Directors believe it is positive that major shareholdings are held by Directors. Imperial Pacific does not have a position entitled Chief Executive Officer. Imperial Pacific’s policy allows Directors, subject to Board approval, to take independent professional advice at its expense. Directors also point out that they regard a formal Board nomination committee as not being appropriate for a company like Imperial Pacific. This is undertaken by the Board as a whole as and when circumstances dictate. The criteria set for membership of the Board is to ensure that there exists a sufficient mix of skills and experience for a company of the nature of Imperial Pacific to add value and enhance shareholders’ wealth.

The Directors also believe they are very open and transparent in disclosing their plans, aspirations and financial results to the shareholders. They believe the annual shareholder meetings provide a good opportunity for shareholders to evaluate their performance. Directors are subject to re-election every three years. The Board has a policy of operating a tight structure, but appoints external parties experienced in specific sectors from time to time to provide the Board with expert advice and undertake special projects.

Principle 3 Act ethically and responsibly

The Board is committed to ensuring that the group’s affairs are conducted in a judicious and ethical manner above and beyond legal and regulatory obligations. To meet these objectives Imperial Pacific has in place a formal Code of Conduct Policy. It also has a Securities Trading Policy in place to cater for dealing in the company’s securities in addition to complying with legislative and regulatory obligations. Directors and officeholders are prohibited from dealing in Imperial Pacific between the end of accounting periods and the release of results without the written consent of the Chair. Investments on the Embargo List are prohibited without the approval of the Board. A copy of the Securities Trading Policy is on the ASX Announcements platform – dated 29 December 2010.

Imperial Pacific Limited

ABN 65 000 144 561

Corporate Governance (Continued)

A summary of terms of the Code of Conduct follows:

Imperial Pacific and its shareholders expect that each Director, member of staff and / or related personnel should pursue exemplary conduct in respect of ethics, roles and responsibilities of their office. The Group's directors and employees should conform with high community standards of corporate and individual behaviour, in particular:

PERSONAL BEHAVIOUR AND ACCOUNTABILITY

- a. Role and statutory responsibilities as an officer of the corporation
- b. Awareness of social responsibilities
- c. Obligations to all corporate stakeholders
- d. Honesty and fairness in dealings
- e. Pursuit of the best interests of the corporation
- f. Adherence to Group policies and practices
- g. Continuing assessment of corporate opportunity and risk
- h. Undertaking training and being informed on current commercial and business matters.

SECURITY AND CONFIDENTIALITY

- a. Boardroom confidentiality
- b. Security of corporate information
- c. Misuse of corporate information

MANAGEMENT OF PRIVATE INTERESTS

- a. Declaration of private interests including any interest in Group contracts
- b. Gratuities, gifts, and other benefits related to corporate office
- c. Potential and real conflicts of interest

COSTS TO THE CORPORATION

- a. Expenses incurred on corporation business
- b. Fringe benefits and allowances including leave and retirement allowances
- c. Sundry claimable expenses

Failure to observe high standards in relation to the foregoing will constitute grounds on which the Board of Imperial Pacific may by resolution of the directors institute such disciplinary or remedial action as it deems appropriate and necessary. This may include dismissal and/or reporting to relevant authorities.

Principle 4 Safeguard integrity in corporate reporting

The Board has in place an Audit, Compliance and Risk Management Committee which comprises two non-executive Directors, (Mr Sutherland as Chairman and Mr Chenery as the other party). Of these, both members are regarded as independent. Their attendance at committee meetings during the year is set out elsewhere in this Annual Report. With a Board incorporating only three personnel Imperial Pacific believes two members, rather than three, are appropriate for an entity of its nature. Imperial Pacific has further assurances in regard to financial reporting integrity because of the involvement of external auditors. Its subsidiary, Imperial Pacific Asset Management, has extensive ASIC obligations. Operating office-holders are professionally qualified in financial reporting matters. The Board has received positive written Section 295A opinions from the Chief Operating Officer and Chief Financial Officer equivalents and that such has been formed on an effective sound system of risk management and internal control in accord with the company. In relation to audit partner rotation of the company's external auditors, the Board monitors the situation in conjunction with the audit firm. The Audit, Compliance and Risk Management Committee has a formal charter. A summary is set out in the rear pages of this Annual Report.

Principle 5 Make timely and balanced disclosure

The Board aims to ensure timely, balanced and continuous disclosure to the market of all material matters concerning Imperial Pacific in accordance with the ASX continuous disclosure regime and appropriate corporate transparency. To carry out this obligation effectively the Board is both sensitive to the requirements of an informed market and it has in place a Communications Policy which encompasses a continuous disclosure policy. It seeks to keep its shareholders informed through reports to the Australian Securities Exchange, half and full-year profit disclosures, annual reports and material shareholder information announcements. While the Board is ultimately responsible for this task, the Chairman carries the immediate administrative obligation for meeting communications obligations and shareholder transparency. A summary of the Communications Policy follows:

Imperial Pacific Limited

ABN 65 000 144 561

Corporate Governance (Continued)

The Board of Imperial Pacific firmly believes in providing quality communications to its shareholders and other stakeholders. This includes meeting the company's obligations to the Australian Securities Exchange ("ASX") in relation to Continuous Disclosure Obligations. Imperial Pacific aspires to over-deliver, rather than under-deliver information to its stakeholders. In view of this approach, Imperial Pacific meets the ASX Corporate Governance Principle No 5.

Imperial Pacific seeks to provide to its stakeholders the highest levels of communication standards by adopting the following focus:

- Shareholders are the owners of the company and are entitled to the maximum of information.
- The company will provide all regulatory documentation such as Annual Reports and other letters of advice on a consistent and timely basis
- Imperial Pacific will maintain a web site that provides information on its activities for external consumption.
- Communications will be set out in a clear way, be honest, be factual and endeavour to answer all likely queries that may arise.
- Imperial Pacific will not employ financial "spin doctors" or embellish a story.
- Annual Reports will be explanatory and will be mailed as soon as possible and sent to shareholders in a hard copy.
- Shareholders are encouraged to telephone management to discuss issues and subject to confidentiality issues, full explanations will be forthcoming.
- Imperial Pacific will announce all important and material items as soon as practicable. Where announcements may impact on other organisations, Imperial Pacific may advise that organisation on a confidential basis beforehand..

The Board of Imperial Pacific is primarily responsible for communicating matters to stakeholders. Management personnel will provide the support for the preparation and distribution of announcements. Mr Peter EJ Murray is the senior executive responsible for Imperial Pacific meeting its Continuous Disclosure obligations to the Australian Securities Exchange and any ASIC required communications.

Principle 6 Respect the rights of security holders

Imperial Pacific, as reported earlier, has a communications policy in place. This recognises the importance of effective communications with shareholders and other parties. Imperial Pacific has an informative web-site that assists shareholders in making decisions on their rights and contacting the company electronically. Furthermore, the shareholders have other formal and informal rights provided by the company's Constitution, regulatory bodies and proper public company behaviour. These rights include their entitlement to financial statements, attendance at shareholder meetings, participation by voting on the election of directors at the Annual General Meeting and on other important issues. The auditor is invited to attend the Annual General Meeting, however the board notes that auditor is professionally restricted from providing detailed financial information and limited to discussing audit process. Shareholder meetings are conducted in an open forum with wide discussion encouraged by the Chairman.

Principle 7 Recognise and manage risk

Imperial Pacific has established policies for the recognition, oversight and management of material business risks. It does not consider it has material exposure to economic, environmental and social sustainability issues. Given the volatility of equity markets and economic conditions, especially in recent times, Imperial Pacific regards risk management as a very important issue. It does not have a formal internal audit function but has in place an Audit, Compliance and Risk Management Committee comprising two non-executive and independent directors. Risk recognition, oversight and management issues are carried out by senior personnel in conjunction with the Board, the Committee and in some cases, external professionals. The Audit, Compliance and Risk Management Committee's framework was reviewed in September prior to the completion of the Annual Report.

While the company's internal policies are considerable, the Board points out that, as a strategic holding company in financial services investing in other companies' equity, it can be difficult to monitor the behaviour of those entities, especially when weak regulatory bodies fail to examine and enforce corporate law. The Board has received positive written Section 295A assurances from the Chief Operating Officer and Chief Financial Officer equivalents. A summary of Imperial Pacific's policies on risk recognition, oversight and management follows:

Imperial Pacific Limited

ABN 65 000 144 561

Corporate Governance (Continued)

Imperial Pacific believes in competent risk recognition, oversight and management. It recognises that as a strategic investment group in financial services there is some danger where the investee organisations do not provide proper business or financial reporting disclosures or does not meet competent risk management practices. For these reasons Imperial Pacific must continue to be vigilant in these procedures.

Imperial Pacific seeks, as far as practicable for an organisation in strategic investment in other companies, to undertake competent levels of risk management. These relate to its internal and external matters:

Internal Matters (Own resources)

- Imperial Pacific seeks to have a comfortable asset base in which it has no formal gearing.
- Investments must be selected carefully and generally monitored for some time before any shares are purchased.
- Imperial Pacific notes its key investee, London City, concentrates on investment opportunities where it can acquire a reasonably significant equity stake (eg 10%-20%) in a company that can be understood, has a leading position in its market, has good management and represents good investment value with attractive IRRs.
- Imperial Pacific must be available to work in with investee companies.
- Imperial Pacific must remain cost conscious.
- Surplus monies must be placed only with its trading bankers,
- Monies on Deposit and investments must take account of external advice when necessary.
- Good internal controls to be maintained, disaster recovery assessed and regulatory compliance pursued.

Other Matters (External Factors)

- Imperial Pacific must monitor economic, stock-market, industrial sector conditions and maintain close contact with existing investee companies
- Imperial Pacific must have the potential (where events prove unsatisfactory) to become active supporters of the investee company either through direct Board representation or by arms-length support.
- Imperial Pacific must maintain close contacts in various industries of interest. .
- London City may seek Board representation with certain investee entities.

The Board of Imperial Pacific is primarily responsible for risk recognition, oversight and management. The Board of Imperial Pacific is assisted in its deliberations by the Audit, Compliance and Risk Management Committee (ACRM). Both the Board and the ACRM Committee are assisted by the management of Imperial Pacific. Risk Management issues must be discussed regularly. All Board meetings must be provided with full details of current investments, targeted investments and funds on deposit

Principle 8 Remunerate fairly and responsibly

Imperial Pacific has a Remuneration Committee in place. The Remuneration Committee is responsible for assessing appropriate remuneration and payment for Directors as well as for other office holders and the portfolio management service provider. The Remuneration Committee comprises two experienced non-executive directors, Mr Sutherland (Chairman) and Mr Chenery. Both are regarded as independent under the ASX definition. Details of their attendance at committee meetings are set out elsewhere in this Annual Report. Ultimately shareholders approve directors' fees and in 2007 a maximum payout of \$125,000 per annum was approved. Current fees are significantly below this level and reflect the nature and size of the company.

Except for compulsory legislative obligations Imperial Pacific has no scheme for retirement benefits for non-executive directors. Furthermore, Imperial Pacific has no equity based remuneration scheme and has no requirement for policies in this regard. A summary of the Remuneration Committee Charter is set out in the rear pages of this Annual Report.

IMPERIAL PACIFIC LIMITED

Notes to the financial statements - 30 June 2015

Note 1: Summary of significant accounting policies

The financial report is a general purpose financial report that has been prepared in accordance with Accounting Standards, including Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board and the Corporations Act 2001. International Financial Reporting Standards ("IFRS") form the basis of Australian Accounting Standards ("AASBs") adopted by the AASB. The financial report has been prepared in accordance with AIFRS (Australian Equivalents to International Financial Reporting Standards).

In this report "Group" refers to the consolidated entity and "Company" refers to the parent entity, Imperial Pacific Limited. This financial report consists of financial statements for the consolidated entity which consists of Imperial Pacific Limited and its respective subsidiaries and its equity accounted associate London City Equities Limited.

The Group has early adopted AASB 9 - Financial Instruments. The Company has voluntarily adopted this standard as it is considered to result in a presentation that better reflects the performance and operations of the Company. A feature of AASB 9 is that unrealised gains or losses to fair value of the Investment Portfolio are not treated as "impairment" charges in the Income Statement but are reflected in the unrealised reserve account.

The Group has tried to adopt "plain English" where possible to assist in information transparency.

The following is a summary of the significant accounting policies adopted by the economic entity in the preparation of the financial report. The accounting policies have been consistently applied, unless stated otherwise.

(a) Basis of Accounting

Imperial Pacific Limited is a listed public company incorporated and domiciled in Australia. It has subsidiary companies also incorporated and domiciled in Australia. The financial statements are prepared using the valuation methods described below for holdings of securities. All other items have been treated in accordance with historical cost convention.

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities. Actual results may differ from these estimates. Estimates and assumptions are reviewed on an ongoing basis. Revisions to accounting policies are recognised in the period in which the estimate is revised.

(b) Principles of Consolidation

A controlled entity is any entity controlled by Imperial Pacific Limited. Control exists where Imperial Pacific Limited has the capacity to dominate the decision-making in relation to the financial and operating policies of another entity so that the other entity operates with Imperial Pacific Limited to achieve the objectives of Imperial Pacific Limited. A list of controlled entities is contained in Note 26 to the financial statements. All inter-company balances and transactions between entities in the economic entity, including any unrealised profits or losses have been eliminated on consolidation.

Where controlled entities have entered or left the economic entity during the year, their operating results have been included from the date control was obtained or until the date control ceased.

The accounts of 30.1% owned London City Equities Limited are included by adopting the equity method of accounting (equity accounted as a 30.1% owned entity in 2014).

(c) Investments: Controlled Entities & Associates

The investments in subsidiary companies are carried at their cost of acquisition less any provision for impairment. Dividends are brought to account in the profit and loss account when they are credited or paid by the controlled entity.

London City Equities Limited is not recognised as a controlled entity because it is a company over which the group is not able to exercise control despite its 30.1% equity ownership, as one other shareholder controls over 48.0%. It is an associated company.

Investments in associated companies are recognised in the financial statements by applying the equity method of accounting.

IMPERIAL PACIFIC LIMITED

Notes to the financial statements - 30 June 2015

(d) Income Tax Expense

The income tax expense or credit for the period is the tax payable on the current period's taxable income adjusted by changes in deferred tax assets and liabilities attributable to temporary differences between the asset bases of assets and liabilities and their carrying amounts in the financial statements and to unused tax losses. Deferred tax assets and liabilities are offset as all current and deferred taxes relate to the Australian Taxation Office and can legally be settled on a net basis.

A tax provision is made for the unrealised gain or loss on Trading Portfolio securities valued at market value through the Income Statement.

Where non-current Investment Portfolio securities are adjusted for unrealised gains or losses at balance date in the Unrealised Revaluation Reserve an assessed deferred tax liability or asset is created to reflect the applicable tax, even though there may be no intention to dispose of those holdings. The tax sum is applied to the Unrealised Revaluation Reserve on one hand and the deferred tax liability or asset on the other.

Where the company might dispose of such securities, tax is calculated on gains made according to the particular parcels allocated to the sale for tax purposes offset against any capital losses carried forward.

Imperial Pacific Limited and its wholly-owned subsidiaries have formed an income tax consolidation group under the Tax Consolidation Regime. Imperial Pacific Limited is responsible for recognising the current and deferred tax assets and liabilities for the tax consolidated group. The tax consolidated group has entered a tax sharing agreement whereby each company in the group contributes to the income tax payable in proportion to their contribution to the net profit before tax of the consolidated group.

(e) Investments

The Company has two discrete types of investments. They are Trading Portfolio Financial Assets (Current Assets) and Investment Portfolio Financial Assets (Non-Current Assets).

All investments are initially recognised at the fair value of the consideration paid. After initial recognition, investments (classified as either Trading or Investment Portfolio) are measured at their fair value. Fair value of listed securities is determined by reference to the last sale price at the close of business at balance date. Gains on Trading Portfolio investments are recognised in the Income Statement. In the case of the unlisted equity investment in Mainstream BPO Pty Limited fair value takes into account both the strategic nature of the investment and its perceived future potential.

Gains on Investment Portfolio securities are recognised as a separate component of equity until the investment is sold, collected or otherwise disposed of.

Dividend income is only taken to account when the right to receive a dividend is established, interest revenue being recognised on a proportional basis taking into account interest rates applicable to the financial assets.

(f) Non-Current Assets

The carrying amounts of all non-current assets other than investments are reviewed at least annually to determine whether they are in excess of their recoverable amount. If the carrying amount of a non-current asset exceeds the recoverable amount, the asset is written down to the lower value. In assessing recoverable amounts, the relevant cash flow have been discounted to their present value.

(g) Derivatives

The economic entity is from time to time exposed to fluctuations in interest rates from its activities. It is not the policy of the economic entity to use derivative financial instruments. The economic entity does not hedge its exposure to interest rate fluctuations. It has no foreign exchange exposure.

(h) Employee Entitlements

The company has no employees.

(i) Cash and cash equivalents

For cash flow statement presentation purposes, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(j) Financial Risk issues

The economic entity has in place risk management controls supervised by the Board and the Audit, Compliance and Risk Management Committee. Risk issues are explained further in Note 17 of the financial statements.

IMPERIAL PACIFIC LIMITED

Notes to the financial statements - 30 June 2015

(k) Goods and Services Tax

Revenues, expenses and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the Australian Taxation Office (ATO). In this case it is recognised as part of the cost of the acquisition of the asset or as part of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable where invoiced. The net amount of GST recoverable from, or payable to the ATO is included with other payables in the balance sheet. Cash Flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to the ATO, are reported as operating cash flow.

(l) Revenue

Interest revenue is recognised on a proportional basis taking into account the interest rates applicable to the financial assets.

Dividend revenue is recognised when the right to receive a dividend has been established. Revenues from the rendering of a service is recognised upon delivery of the service.

Management revenue is recognised on an accruals basis.

(m) New Standards and interpretations not yet adopted.

A number of new standards, amendments to standards and interpretations are effective for annual periods beginning after 1 July 2015, and, except for ASSB 9 which has been early adopted, have not been applied in preparing these consolidated financial statements. None of these is expected to have a significant effect on the consolidated financial statements of the Group.

(n) Financial Statements Approval

The financial statements were authorised for issue by the Board of Directors on 20 August 2015.B538

On a show of hands every holder of ordinary shares present at a meeting in person or by proxy, is entitled to one vote, and upon a poll is entitled to one vote.

Note 14. Capital Management

The Company's objective in managing capital is to continue to provide shareholders with attractive investment returns over the medium to longer term through access to investment management fee income, a steady stream of fully-franked dividends, minimum gearing and enhancement of capital invested. These goals include paying dividends that will, over time, grow faster than the rate of inflation. The company recognises that its capital will fluctuate in accordance with market conditions and the performance of its underlying investments. It may adjust the dividends paid, issue new shares from time to time or buy-back its shares or sell assets to minimise debt.

Note 17. Financial instruments and risk

A. Financial instruments - fair value of financial assets and liabilities

Accounting Standards require the disclosure of fair value measurements by level of the following fair value measurement hierarchy:

Level 1 - Quoted prices in active markets for identical assets or liabilities

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and

Level 3 - Inputs for the asset or liabilities that are not based on observable market data (unobservable inputs).

Note 17. Financial instruments and risk (Cont'd)

B. Risk Considerations - Main factors

The Group's activities expose it to various financial risks, mainly market risk, credit risk and liquidity risk. Risk management is carried out by senior management under policies and strategies approved by the Board and the Audit, Compliance and Risk Management Committee. The Group is not directly exposed to currency risk.

(a) Market Risk

This is the risk that the fair value of future cash flows of financial instruments may fluctuate because of changes in market prices that depend on many factors, including economic conditions, corporate profitability and management competence. The group seeks to reduce market risk by adhering to the prudent investment guidelines of its board, including guidelines in respect of industry status, investee position in the industry, performance outlook, management skills and level of strategic shareholding acquired. Price and Interest Rate risk issues are shown below.

(a) (i) Price Risk

The Group is exposed to price risk in relation to equities securities and convertible loan notes. These arise from:

- Investments held by the Group and classified on the balance sheet as either Trading or Portfolio; and
- Exposure to adverse movements in equity prices which may have negative flow-on effects to the revenue derived from the management of clients' investment portfolios.

The Group is not directly exposed to commodity price risk or derivative securities risk.

Price Risk Sensitivity Analysis:

The table below summarises the pre-tax impact of both a general fall and general increase in stock-market prices on listed equity securities by 10%. The analysis is based on the assumption that the movements are spread equally over all assets in the investment and trading portfolios. It assumes no performance fees payable from managed funds.

IMPERIAL PACIFIC LIMITED

Notes to the financial statements - 30 June 2015

Note 17. Financial instruments and risk (Cont'd)

(a) (ii) Interest Rate Risk

This is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. At balance date the Group had money on deposit with its bankers. As such, the Group's revenues and assets are subject to interest rate risk to the extent that the cash rate might fall over any given period. Given that the Group does not have any interest bearing liabilities at balance date, however, the Board and management do not consider it necessary to hedge the group's exposure to interest rate risk.

Interest Rate Risk Sensitivity Analysis:

The table below summarises the pre-tax impact of both a decrease and an increase in interest rates by 100 basis points (1.00%). The analysis is based on the assumption that the change is based on the amounts of cash at bank and cash at year end.

Impact on profit (pre-tax)	4,159	(4,159)	7,887	(7,887)

(b) Credit Risk

The credit risk on the financial assets of the entity is the risk that one party to a financial instrument may cause a financial loss for the other party by failing to discharge an obligation. This credit risk for Imperial Pacific is minimised by its policy of placing surplus funds with the company's bankers.

(b) (i) Cash and Cash Equivalents

The credit risk of the Group in relation to cash and cash equivalents is the carrying amount and any accrued unpaid interest. The average weighted maturity of the cash portfolio at any time is no greater than 90 days. The credit quality of cash deposits and equivalents can be assessed by reference to external credit ratings.

		2015	2014
		\$	\$
Cash at bank and short-term bank deposits			
- Credit Rating (Short)	A-1+	415,917	788,668

(b) (ii) Trade and sundry receivables

The credit risk of the Group in relation to trade and sundry receivables is their carrying amounts. The sums are minor and relate mainly to accrued unpaid interest and prepayments. The risk is mitigated by internal monitoring.

(c) Liquidity Risk

This risk is that experienced by an entity when it has difficulties meeting its financial obligations. The Imperial Pacific consolidated entity has no external borrowings. It manages liquidity carefully, maintaining appropriate maturity balances of short term deposits and marketable securities. The Group's management and its Board actively review the liquidity position on a regular basis to ensure that the Group can always meet its commitments, including investment programmes.

(c) (i) Maturities of financial assets

The following table details the Group's maturity periods of its financial assets. This table has been prepared based on the fair values of financial assets as at 30 June and according to the committed deposit maturing dates. Estimates are continually evaluated and are based on historical experience and expectations which are considered reasonable.

(d) Remuneration Practices

The company's policy for determining the nature and amount of emoluments of board members and senior executives of the company is as follows:

1. The remuneration arrangements for directors are determined by the shareholders in general meeting. From time to time the Board may submit proposals to increase the fees, which are presently have a maximum of \$125,000. The company has scope to remunerate Directors for special duties that may be requested on occasion. Mr Murray does not receive Directors Fees from the Company.
2. The company has no formal executives. In the case of Mr Murray his remuneration is based on an assessment of his experience, performance and tasks undertaken through the year where, in the main, an hourly fee of \$80 is payable, plus a share of corporate advisory fee income.
3. The company has a Remuneration Committee in operation.

Note: Imperial Pacific Limited's Audit, Compliance and Risk Management Committee oversees the audit relationship, including reviewing with the Board the scope of the audit and the proposed fee.

Note 20. Contingent Liabilities

In support of past and future financing needs the parent company and its subsidiary Imperial Pacific Asset Management Pty Ltd have in place historical cross-guarantees to a bank. Neither company presently has any bank loan facilities or arrangements.

Note 21. Contingent Assets

On 28 January 2011 shareholders of Imperial Pacific approved the sale of the company's interest in convertible loan notes in MainstreamBPO Pty Limited. It was a condition of that contract that Imperial Pacific will accrue a profit share of 15% of the realised gain achieved by the purchaser if the investment is sold within five years. There is insufficient information at the date of this report to estimate any future benefit that may arise.

On 17 June and on 25 July 2011 associated company London City Equities Limited was granted judgment in its favour by the Federal Court of Australia to access certain records and documents of Penrice Soda Holdings Limited ("Penrice"). This followed legal action by London City to assess the conduct of the directors of Penrice and the provision of information in 2008 and 2009 when London City made investments in Penrice. Penrice was placed into liquidation on 31 July 2014. The investigatory process may ultimately lead to legal action being taken against the Directors of Penrice or parties associated that company for the recovery of substantial investment losses. There is insufficient information at the date of this report to estimate any future benefit that may arise.

Note 22. Capital and Leasing commitments

(a) Capital Expenditure Commitments

There are no material capital commitments outstanding at year end.

Note 28. Economic dependency

The major business activities of the group during the year 2014/15 were the portfolio management of London City Equities Limited, the depositing of funds and an investment in MainstreamBPO Pty Ltd. The 30.1% owned London City Equities at 30 June 2015 owns interests in companies in the financial services sector. Together with that indirect interest Imperial Pacific has its own interests in the same sector. Accordingly the group has some dependency on the financial services sector.

Note 29. Events occurring after balance date

The Directors have declared a fully franked dividend of 5.0 cents per share for 2015. This is not shown in the accounts. The underlying value of the investment portfolio has improved. In addition, MainstreamBPO Pty Limited has advised it is taking steps to list on the ASX via an Initial Public Offering. The status of this matter is presently unknown.

Independent Audit Report to the Members of

IMPERIAL PACIFIC LIMITED AND CONTROLLED ENTITIES

ABN 65 000 144 561

Report on the Financial Report

We have audited the accompanying financial report of Imperial Pacific Limited (the company) Imperial Pacific Limited and Controlled Entities (the consolidated entity), which comprises the statement of financial position as at 30 June 2015, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year ended on that date, a summary of significant accounting policies, other explanatory notes and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the year's end or from time to time during the financial year.

Directors' Responsibility for the Financial Report

The directors of Imperial Pacific Limited are responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards (including Australian Accounting Interpretations) and the Corporations Act 2001. This responsibility includes establishing and maintaining internal control relevant to the preparation and fair presentation of the financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances. In Note 1, the Directors also state, in accordance with Accounting Standard AASB101: Presentation of Financial Statements, that compliance with Australian equivalents to International Financial Reporting Standards (IFRS) ensures that the financial report, comprising the financial statements and notes, complies with IFRS.

The directors also are responsible for preparation and presentation of the remuneration disclosures contained in the directors' report in accordance with the Corporations Regulations 2001.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement and that the remuneration disclosures in the directors' report comply with Accounting Standard AASB 124.

Independent Audit Report to the Members (cont'd)

Auditor's Responsibility (cont'd)

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement on the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting estimates made by the directors', as well as evaluating the overall presentation of the financial report and the remuneration disclosures in the directors' report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we have complied with the independence requirements of the Corporations Act 2001. We confirm that the independence declaration required by the Corporations Act 2001, provided to the directors of Imperial Pacific Limited (the company) Imperial Pacific Limited and Controlled Entities (the consolidated entity), would be in the same terms if provided to the directors as at the date of this auditor's report.

Auditor's Opinion

In our opinion:

- a) the financial report of Imperial Pacific Limited and Controlled Entities is in accordance with the Corporations Act 2001, including:
 - i) giving a true and fair view of the company's and the consolidated entity's financial position as at 30 June 2015 and their performance for the year ended on that date; and
 - ii) complying with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Regulations 2001.
- b) the financial report also complies with International Financial Reporting Standards as disclosed in Note 1.

Corporate Governance Charters - 2015

A – The Board Charter of Imperial Pacific Limited

The Board of Imperial Pacific Limited (“Imperial Pacific”) recognises that formal and informal responsibilities and tasks are established in the company’s Constitution, in legislation and in regulatory requirements.

The purpose of this Charter is to provide a structural framework to give the Board of Imperial Pacific direction and authority over non contractual, legislative or regulatory responsibilities and duties.

Terms of Reference

Complementary to contractual, legislative or regulatory responsibilities, the Board’s responsibilities shall include the following:

- Recognising that Imperial Pacific is foremost a business entity.
- Considering and approving corporate strategies and policies, reviewing and approving business plans and major items of expenditure and reviewing and approving financial statements and their presentation to shareholders
- Monitoring and utilising bodies such as the Audit, Compliance and Risk Management Committee and the Remuneration Committee, ensuring that the company has in place a reporting system which enables it to address the compliance and risk management responsibilities of the business carried out by Imperial Pacific.
- Assessing management, including the appointment of executives to the organisation, including the Company Secretary and examining corporate and executive performance.
- Considering Board appointments
- Reviewing from time to time the compliance undertaken by the company’s portfolio manager subsidiary, Imperial Pacific Asset Management Pty Limited.

Membership

The membership of the Board is determined by the Constitution and “shall be not less than 3 or more than 5”. One-third of (non-executive) Directors must retire from office each year. They may seek re-election. From time to time the Board may consider it appropriate to appoint a new member (or members) to the Board. Personnel considered for selection shall be chosen in the first place on the basis of their requisite business, financial and communications skills. Assessments will then be made as to their suitability for the role in the light of other characteristics including diversity of skills and background, diversity of gender, potential conflicts of interest, personality, costs, availability and the ability to conform to a small company operation such as that of Imperial Pacific. (Independence (as defined by ASX Corporate Governance statements) is not considered an important characteristic for Imperial Pacific. Induction of new Board members is to incorporate detailed explanations of operational matters and assurances as to meeting competent business practices.

Imperial Pacific supports the principle of diversity of skills, background and gender in relation to board membership, management composure and commercial activity. Directors should pursue relevant research and investment presentations to enhance professional development. It will adopt as far as practicable for a company of the size and business activity of Imperial Pacific such a policy in these matters.

Meetings

The Board proposes to meet a minimum of four times each year. Additional meetings may be initiated by a Director or through requests from senior management.

External Reporting

The Board recognises its legislative and regulatory obligations to report financial and other events to its owners, the shareholders, on a continuous disclosure basis and to comply with other regulatory obligations such as those of ASIC and ATO and to undertake scrutiny and re-election at Shareholder Meetings.

Other Duties and Responsibilities

In addition to its formal legislative and regulatory obligations, the Board’s responsibilities include the following:

Planning and Decision making

- Considering and approving corporate strategies and policies;
- Reviewing and approving business plans and major items of expenditure
- Assessing and deciding upon Investment opportunities.
- Assessing and deciding upon capital adequacy, gearing ratios and conservative placement of surplus monies on deposit.

Board Charter (Cont'd)

Monitoring

- Meeting regularly, formally and informally
- Monitoring the company's performance and its capital and funding adequacy.
- Creating, monitoring and utilising the Audit, Compliance and Risk Management Committee;
- Ensuring that the company has in place a reporting system which enables it to address the reporting, compliance and risk management responsibilities of the business carried out by Imperial Pacific.
- Reviewing from time to time the compliance undertaken by the company's portfolio manager subsidiary, Imperial Pacific Asset Management Pty Limited.

Reporting

- Ensuring that the company has in place a reporting system which enables it to produce effective, accurate and responsible financial reporting to the shareholders and other parties, including ASIC, ASX and ATO.
- Assessing Section 295A declarations by the CEO and the CFO.
- Reviewing and approving final financial statements and their presentation to shareholders.
- Maintaining open dialogue with all shareholders, especially at the Shareholder Meetings.

Management

- Assessing the need for additional or amended management personnel.
- Examining corporate and executive performance.
- Selecting and appointing executives to the organisation.
- Delegating the task of managing the corporation to executive management, namely:
 - o Creating structure of command and responsibilities
 - o Day-to-day management of resources
 - o Payments of accounts and receipt of monies
 - o Recording of transactions
 - o Preparation and presentation of investment proposals, updates on existing and potential investments to the Board and via Imperial Pacific Asset Management Pty Limited to portfolio clients
 - o Preparation and presentation of various Board reports, agenda and minutes.
- Creating, monitoring and utilising the Remuneration Committee;

Liaison with Management

- The Board is ultimately responsible for the success of the entity and although it undertakes top level strategic planning and decision making for the entity, any Director is entitled to examine and if necessary, audit, any aspect of the company's operations or its management.

Codes of Conduct, Securities Dealings

- Considering and establishing codes of conduct about Director and personnel behaviour.
- Considering and establishing principles in relation to dealing in securities by Directors and company personnel, including Embargo Lists

Other

Any Director has the right, with Board approval, to seek independent professional advice where this is reasonably required for fulfilment of the responsibilities set out in this Charter.

B – The Audit, Compliance and Risk Management Committee Charter (Summary)

The Audit, Compliance and Risk Management ("ACRM") Committee's activities are directed towards satisfaction of Principles 4 and 7 of the ASX Corporate Governance Principles..

Terms of Reference

The primary function of the ACRM Committee is to assist the Board of Imperial Pacific Limited ("Imperial Pacific") in fulfilling its governance responsibilities in the following areas of Audit, Compliance and Risk Management:

A. Audit

- a. Articulation of the guiding principles to be adopted by the external auditors;
- b. Consideration of operating functions that will ensure adequate internal controls and financial reporting systems are in place.

B. Compliance

- c. Consideration of operating functions that will provide adequate compliance with all relevant statutory and regulatory requirements and community obligations.

ACRM Charter (Summary) (Cont'd)

C. Risk Management

- d. Appropriate consideration of operating functions that will provide adequate protection of the company's tangible and intangible assets by acceptable management of risk;

Membership

The membership of the ACRM Committee will be determined from time to time by the Board and comprise at least two non-executive members of the Board appointed by the Board on the basis of requisite business, financial and communications skills. The Board appoints the Chairman of the Committee. The Chairman presides over the meetings of the Committee and reports, as necessary, its actions and recommendations to the Board. The company's personnel may be invited to attend meetings. The Chairman may call special meetings of the Committee in addition to those regularly scheduled and may request the attendance of staff and / or external auditors. A Secretary of the Committee may be appointed to facilitate administrative functions including the preparation and circulation of notices of meetings and agendas, and the recording of minutes.

Meetings

The ACRM Committee shall meet a minimum of two times during each year. Additional meetings are held at the discretion of the Committee Chairman or by direction of the Board. Agendas and minutes shall be prepared in relation to the meetings.

Reporting to the Board

The outcomes of the Committee's deliberations are to be reported to the Board as soon as possible after each meeting of the Committee. The minutes of these meetings are to be circulated to the Board.

Specific Duties and Responsibilities

The Committee is given responsibility for considering and advising Board on the following six areas:

One - Internal Controls and Procedures

- Ensuring through regular reviews that adequate procedures are in place to safeguard the company's assets provide informative financial statements and reports.
- Reviewing internal audit reports.
- Seeking to ensure that a system is in place to monitor legislative changes and current developments in accounting standards that might impact on the company.
- Assessing Section 295A declarations by the CEO and the CFO.

Two - External Audit

- Discussing with the external auditors the scope and extent of the half yearly and full year financial audits

C – The Remuneration Committee Charter (Summary)

The Remuneration Committee's activities are directed towards satisfaction of Principle 1 of the ASX Corporate Governance Principles. The primary function of the Remuneration Committee is to assist the Board of Imperial Pacific Equities Limited ("Imperial Pacific") in fulfilling its governance responsibilities in the following area:

Establishing the guiding principles and the actual approval process to be adopted in the payment of sums of remuneration (or applicable financial arrangements) for any Director, or employee of the organisation or related party such as a portfolio management service provider.

The membership of the Remuneration Committee will be determined from time to time by the Board and comprise two non-executive members of the Board appointed by the Board on the basis of requisite business, financial and communications skills. The Board appoints the Chairman of the Committee. The Chairman presides over the meetings of the Committee and reports, as necessary, its actions and recommendations to the Board. The company's personnel may be invited to attend meetings.

The Chairman may call special meetings of the Committee in addition to those regularly scheduled and may request the attendance of staff. A Secretary of the Committee may be appointed to facilitate administrative functions including the preparation and circulation of notices of meetings and agendas, and the recording of minutes.

The Remuneration Committee shall meet as required, expected to be not less than twice per year. Additional meetings are held at the discretion of the Committee Chairman or by direction of the Board. Agendas and minutes shall be prepared in relation to the meetings. The outcomes of the Committee's deliberations are to be reported to the Board as soon as possible after each meeting of the Committee. The minutes of these meetings are to be circulated to the Board.

The Committee is given responsibility for considering and advising Board on the following three areas:

One - The Board - Establishing the guiding principles and the actual approval process to be adopted in the payment of sums of remuneration (or applicable financial arrangements) for members of the Board, predominantly directors fees, examining comparative sums payable in the marketplace for similar services and ensuring proper compliance is undertaken for shareholder approval.

Two – Management - Establishing the guiding principles and the actual approval process to be adopted in the payment of sums of remuneration (or applicable financial arrangements) for executive management and examining comparative sums payable in the marketplace for similar services.

Three - Service Provider – Assessing and monitoring the payment of administration and management fees to service provider, Moorgate Pacific Corporate Services (associated with Mr PEJ Murray).

The Remuneration Committee has the right at all times to obtain from management such information as is necessary to fulfil the responsibilities set out in this Charter
