## SPIRIT TELECOM ANNOUNCES COMPLETION OF ACQUISITION OF ARINDA IT

Spirit Telecom Limited ("Spirit" ASX:STI) is pleased to announce that it has completed the acquisition of Arinda IT. The acquisition of Arinda is expected to be highly earnings accretive. Arinda was established in 2002 primarily to provide the hospitality industry with in-room internet billing systems and internet kiosks. It has since expanded into fully managed IT services including data security and protection, Microsoft Office 365 management, Business Wi-Fi solutions, network implementation and disaster recovery services.

As described in an earlier announcement, Arinda is a long-term partner of Spirit's having worked together on mutual customers including several Quest apartments and PuntHill apartments.

With 14 staff across Melbourne, Sydney, Perth, Tweed Heads and Byron Bay, this acquisition will enhance Spirit's existing product and service offering to its current SME customer base, as well as providing Spirit with greater access and focus to attractive vertical markets in hospitality and healthcare.
