ABOUT [KEYBRIDGE CAPITAL LIMITED](#) (ASX: [KBC](#))

KBC is an investment and financial services group with a diversified portfolio of listed and unlisted investments/loan assets including in the solar (Spain), private equity (US), life insurance (New Zealand), property and funds management sectors and strategic holdings in HHY Fund (ASX: [HHY](#)), Molopo Energy Limited (ASX: [MPO](#)), Metgasco Limited (ASX: [MEL](#)) and Yowie Group Ltd (ASX: [YOW](#)). KBC is also the Investment Manager of HHY.

NOTES:

- (1) Net Asset Backing per share is based on Keybridge's total listed shares on issue and excludes unlisted shares issued under the Company's Executive Share Plan (for further details, refer KBC's [Notice of AGM](#) released on ASX on 30 October 2014 and KBC's ASX announcement dated 19 December 2014: [Appendix 3B and Further Detail Regarding Issuance of Loan Funded Shares](#)).

On [5 December 2017](#), Keybridge announced its intention to undertake an on-market buy-back of up to 14,227,238 shares (being ~ 9% of 158,080,432 total shares on issue) on or before 30 November 2018.

During the month, Keybridge bought back nil shares (28 February 2018: nil).

- (2) **Investment in Associated entity:** Keybridge's investment in HHY Fund (ASX: [HHY](#)), an Associated Entity (i.e. an entity in which the Company has a [greater than 20% interest](#) and is considered to have 'significant influence' over), is accounted for under the equity method in the consolidated financial statements. Under the equity method, the carrying amount of such investment is cost plus a share of the Associate Entity's net profit or loss (after tax) as provided to the Company by such Associated Entity (refer Note 20 (Investment in Associate entity) on page 65 of the Company's [2017 Annual Report](#)). The Board has determined that where HHY's net tangible asset (NTA) backing is lower than the value calculated under the equity method as at month end, the lower NTA backing value will be adopted as the carrying value instead (based on the Directors' judgement).

As at month end, Keybridge's 25,146,973 units (30.89% interest) (28 February 2018: 25,146,973 units; 30.89%) in HHY have a carrying value of \$0.0995 per unit (\$2.502m) based on the equity method (28 February 2018: \$0.1061 per unit (\$2.668m) based on the equity method); this compares with HHY's last bid price on ASX of \$0.08 per unit (\$2.012m) (28 February 2018: \$0.091 per unit (\$2.288m)) and HHY's NTA backing of \$0.1005 per unit (\$2.519m) (28 February 2018: \$0.1068 per unit (\$2.686m)), as at month end.

- (3) **Loan Receivables - Private Equity:** Keybridge holds a US\$4.3m a limited recourse promissory note (**Note**) issued by RPE I Investor LLC (**RPE Investor**) (a subsidiary of Republic Financial Corporation (**RPC**), a US private investment company) secured (via collateral pledged) over RPE Investor's ~50% (Limited Partners') (contributed capital) interest in the Republic Private Equity I Limited Liability Partnership, a private equity fund (managed by a related party to RPC) with investments in US based manufacturing/distribution businesses (**RPE Fund**). The principal and accrued interest (at 14.5% pa) under the note has not been repaid on maturity on 29 December 2017 (the parties

are in discussions in relation to a mutually acceptable resolution of this matter). The Note arose out of a restructure in April 2013 where, as part of arrangements to exit legacy aviation investments (made whilst Keybridge was known as Mariner Bridge Investments Limited in 2006/2007) for US\$29.7 million cash, Keybridge sold its interest in the RPE Fund for US\$4.3 million fully funded by a Keybridge loan with recourse only to that asset sold (i.e. the Note).¹

On 24 August 2017, Keybridge received the RPE Fund's 30 June 2017 Quarterly Report (unaudited) (**June 2017 RPE Accounts**) which disclosed a significant reduction in the RPE Fund's gross asset position as well as notice from an RPC Executive (**Republic**) advising that it was 'highly unlikely that the Note will be satisfied on or before its scheduled maturity' (on 29 December 2017) and proposing a 3-year extension of the Note term or a 'buy-out' (retirement) of the Note for US\$0.394 million.

In light of these matters, the Board reduced the carrying value of the Note (receivable) to US\$0.394 million (A\$0.511 million) as at 30 June 2017, which also resulted in Keybridge recognising a US\$4.611 million (A\$5.996 million) provision for impairment expense for the financial year ending 30 June 2017.

This was advised in KBC's ASX announcement dated [25 August 2017: Update – Private Equity Loan Receivable](#), which contains further details concerning the June 2017 RPE Accounts and Republic's correspondence.

Since August 2017, Keybridge has also received alternative proposals from Republic to settle the Note liability. As at the date of this announcement, Keybridge has not accepted Republic's proposals and the parties are in ongoing discussions in relation to a mutually acceptable resolution of this matter. Additionally, Keybridge is also reviewing its rights under the Note to call upon the collateral pledged as security (ie. RPE Investor's interest in the RPE Fund).

As at month end, the loan was carried (based on the Directors' judgement) at a valuation (net of impairments) of US\$0.394m (A\$0.514m) (28 February 2018: US\$0.394m (A\$0. 505m)).

- (4) **Loan Receivables – Infrastructure:** In 2007/2008, Keybridge financed the development and construction of the Totana 1.05MWp Solar Photovoltaic Park in the Murcia region in southern Spain. Under Spanish Royal Decree, Spanish energy supplier, Iberdrola, (which has a 25 year (plus two 5 year extensions) purchase off-take arrangement) is required to purchase all electricity produced by Totana at Government mandated feed-in tariff prices plus (since July 2013 under Royal Decree) additional compensation payments (which are intended to provide a reasonable return on operations and capital invested for

renewable energy sources and is subject to review every 3 years). The loan (which currently accrues interest) is repayable on maturity on or about December 2038.

During the financial year to month end, Keybridge has received cash loan repayments totalling €0.648m (A\$0.992m).

As at month end, the loan was carried (based on the Directors' judgement) at a valuation (net of impairments) of €3.950m (A\$6.353m) (28 February 2018: €4.282m (A\$6.719m)).

- (5) **Loan Receivables – Insurance:** In [September 2014](#), Keybridge invested NZ\$3.8m (A\$3.4m) (via NZ\$0.109m (10.13%) equity and NZ\$3.691m notes) into Foundation Life, to finance Foundation's acquisition of Tower Limited's life insurance business in New Zealand in 2014. Interest of 9% pa is payable under the note, which is redeemable by noteholders in 50 years (May 2064) (recently amended from 10 years) or by Foundation (from time to time).

As at month end, the loan balance is NZ\$3.563m (A\$3.347m) (28 February 2018: NZ\$3.536m and A\$3.281m) and Keybridge retains its 10.13% equity interest in Foundation Life valued at cost of NZ\$0.109m (A\$0.102m) (28 February 2018: NZ\$0.109m and A\$0.1m).

- (6) **Loan Receivables – Property:** In September 2014, Keybridge took direct control of loans that were held in a fund (where Keybridge was the remaining sole lender) which invested in first ranking mortgage loans over commercial properties. Keybridge has registered mortgages over strata title lots comprising Conference Facilities at a Hotel located in Manly, Sydney as security for loans, which are owed by private companies (which are in liquidation).

As at month end, the loan was carried (based on the Directors' judgement) at a valuation of A\$0.885m (28 February 2018: A\$0.885m) – this was based on an independent valuation received in respect of the lots in May 2016.

- (7) **Loan Receivables – Other:** Includes \$0.336m (28 February 2018: \$0.336m) accrued interest receivable in respect of Executive Share Plan (ESP) loans attributable to a former Director² - refer also Note 10(e) (Loans and Receivables) on page 53 and Note 15 (Share-based payments) on pages 61 and 62 of the Company's [2017 Annual Report](#).

- (8) **Molopo Energy Limited (ASX:MPO):** On 7 July 2017, 3,666,285 shares in MPO (out of Keybridge's total holding of 49,683,828 shares) were vested in the Commonwealth (on trust for Keybridge) under the declaration and orders of the Takeovers Panel in the matter of Molopo Energy Limited 03R, 04R & 05R.³ These shares will be sold by ASIC (via an appointed investment bank or stock broker within 6 months from their engagement) with the proceeds of sale accounted to Keybridge (net of the costs, fees and expenses of the sale and any costs, fees and expenses incurred by ASIC and the Commonwealth (if any)). Keybridge remains the second largest shareholder in MPO with 46,017,543 shares (18.478%)⁴.

As these vested 3.67 million MPO shares are held on trust for Keybridge pending sale by ASIC, Keybridge continues to recognise the shares as company assets at the same carrying value per share as its holding of 46 million MPO shares, less an estimate (provisionally 2.5%) in respect of selling costs.

On 11 September 2017, Aurora Funds Management Limited (AFML) (as Responsible Entity of the Aurora Absolute Return Fund (ASX:ABW), Aurora Global Income Trust (ASX:AIB) and unlisted Aurora Fortitude Absolute Return Fund (AFARF)) announced that it had applied to the Federal Court for judicial review of the Takeovers Panel decision in the matter⁵.

- (9) **Convertible Redeemable Promissory Notes:** (ASX: KBCPA): Keybridge issued 4,956,936 listed Convertible Redeemable Promissory Notes on [30 June 2015](#). The notes have a face value of \$1.00, pays interest at 7% pa and matures on 31 July 2020 (unless redeemed or bought-back by Keybridge earlier). Interest distributions are generally payable quarterly and have a franking credit component under Australian taxation law. Further details are contained in the [Prospectus dated 17 June 2015](#).
