Kentor believes that its Offer provides Jinka Security Holders with a number of significant benefits:

- an attractive price;
- Jinka's major shareholder, Intermin , has confirmed by executing the Pre Bid Deed that it intends to accept the Offer in the absence of a Superior Proposal;
- an opportunity to realise cash consideration for your Jinka Securities; and
- the Offer provides liquidity for Jinka Securities.

SUMMARY OF THE OFFER

The summary below provides a brief overview of the Offer by Kentor for your Jinka Securities. You should read it in conjunction with the entire Bidder's Statement. The information in this section is only a summary of the Offer and should not be read in substitution for the detailed information set out in this Bidder's Statement. You should read this Bidder's Statement in full before deciding whether to accept or reject the Offer.

Who is the bidder?	The bidder is Kentor Gold Ltd ACN 082 658 080 (Kentor). Further details about Kentor are set out in Section 1.
What is the Offer?	The Offer is an offer, by Kentor (the bidder), to acquire all of your Jinka Securities on and subject to the Offer Terms. The Offer is comprised of three separate offers: (a) an offer to acquire Jinka Shares; (b) an offer to acquire Jinka 2011 Options; and (c) an offer to acquire Jinka 2013 Options. You may only accept the Offer in respect of all of the Jinka Securities that you hold. The Offer encapsulates any Jinka Shares which are issued during the Offer Period pursuant to the exercise of a Jinka Option.
What is the Offer Price?	Kentor is offering: (a) \$0.195 for each share in respect of each Jinka Share; (b) \$0.039 for each option in respect of each Jinka 2011 Option; and (c) \$0.096 for each option in respect of each Jinka 2013 Option.
What are the Offer Terms?	The Offer Terms are set out in full in Section 5.7.
How do I accept the Offer?	To accept the Offer you must complete, sign and return the Acceptance Form in accordance with the instructions set out in this Bidder's Statement and as set out on the Acceptance Form. Your Acceptance Form must be received by Kentor before the end of the Offer Period. More information in relation to accepting the Offer is set out in Section 5.3.

When will I be paid if I accept the Offer?	If you validly accept the Offer, you will receive the Offer Price for your Jinka Securities within 1 month after the later of receipt of your Acceptance Form and the date on which the Offer becomes unconditional (and in any event, on or before 21 days after the end of the Offer Period).
Is the Offer subject to any conditions?	The Offer is subject to the Offer Conditions which are set out in full in Section 5.7(d).
Will Kentor compulsorily acquire the remaining Jinka Shares if it gains control of over 90% of the Jinka Securities?	Kentor intends to compulsorily acquire all of the remaining Jinka Securities if it acquires a Relevant Interest in at least 90% of each class of Jinka Securities.
What happens if I do not accept the Offer?	If Kentor is not required to compulsorily acquire your Jinka Securities, you will remain a security holder in Jinka. As Jinka Securities are not quoted on a securities exchange, it is unlikely that there will be a liquid market for your Jinka Securities and, therefore, it may be difficult for you to sell your Jinka Securities at a later time. If you choose not to accept this Offer, you should consult your broker or your legal, financial or other professional adviser to ascertain the impact that any of the above outcomes may have on you and on the value of your Jinka Securities.
What are the tax consequences of the Offer?	Section 6.3 describes in general terms the major tax implications of accepting this Offer for Jinka Security Holders who are resident in Australia for tax purposes. However, your own personal circumstances will have a bearing on your specific taxation position. Accordingly, you should read Section 6.3 carefully taking into account your personal situation and, if necessary, seek professional advice.
When do I need to accept by?	The closing date is 6 May 2011, unless the Offer Period is extended by Kentor or by operation of the Corporations Act. Any such extension of the Offer Period will be announced in accordance with the Corporations Act. Your Acceptance Form must be received by Kentor before the end of the Offer Period.

Section 1 WHY YOU SHOULD ACCEPT THE OFFER

1. SUMMARY

- ✓ Recommended unanimously by the Jinka Directors
- ✓ Attractive Offer price
- ✓ The major Jinka Security Holder intends to accept the Offer
- ✓ Cash offer for your Jinka Securities
- ✓ The Offer provides liquidity for Jinka Security Holders
- ✓ The consequences of not accepting are that you will continue to be exposed to risks associated with investment in a resource company being:
 - Commodity risk
 - Exploration risk
 - Funding risk

2. RECOMMENDATION BY THE JINKA DIRECTORS

The Jinka Directors have welcomed the Offer and by Jinka's execution of the Takeover Implementation Agreement, the Jinka Directors unanimously recommend the Offer in the absence of a Superior Proposal.

3. ATTRACTIVE OFFER PRICE

The Offer of:

- (a) \$0.195 for each Jinka Share;
- (b) \$0.039 for each Jinka 2011 Option; and
- (c) \$0.096 for each Jinka 2013 Option,

equates to approximately \$7.8 million and represents an attractive price for the assets of Jinka. As set out in the annual report for Jinka as at 30 June 2010, the book value of the net assets of Jinka was \$4.1 million. Therefore the Offer represents a premium of \$3.7 million or approximately 90% over the value of the net assets of Jinka as at 30 June 2010.

Having regard to the future expenditure required on Jinka tenement and the inherently high risk associated with development of resource projects, Kentor believes the Offer represents full value for the Jinka Securities.

4. A MAJOR JINKA SECURITY HOLDERS INTENDS TO ACCEPT THE OFFER

The major Jinka Security Holder, Intermin, has entered into the Pre Bid Deed with Kentor in respect of 19.9% of Jinka Shares confirming that, in the absence of a Superior Proposal,

Intermin supports and accepts the Offer and recognises the value it brings to Jinka Security Holders.

5. CASH OFFER

The Offer provides you with 100% cash consideration for your Jinka Securities. By accepting the Offer you will receive:

- (a) \$0.195 for each Jinka Share;
- (b) \$0.039 for each Jinka 2011 Option; and
- (c) \$0.096 for each Jinka 2013 Option.

6. THE OFFER PROVIDES LIQUIDITY

Being an unlisted public company, Jinka Security Holders have limited ability to realise the value of their Jinka Shares or Jinka Options.

7. CONSEQUENCES OF NOT ACCEPTING

By not accepting the offer, Jinka Security Holders will remain subject to the ongoing risks associated with investment in an unlisted resource company.

Commodity Risk – Commodity prices have significant influence on the value of exploration projects. A large decline or otherwise in the price of particularly copper and/or gold may impact on the price that a Jinka Security Holder may expect to receive for its Jinka Securities.

Exploration Risk – The success or otherwise of exploration activities impacts the value of resource companies. If you chose to not accept the Offer from Kentor, exploration outcomes could impact on the value of Jinka Securities.

Funding Risk – As an unlisted public company, Jinka has a limited ability to attract funding for its ongoing activities. An inability to secure sufficient funding to advance Jinka's projects may impact on the value of Jinka Securities.

- (b) any major changes to be made to the business of Jinka, including any redeployment of the fixed assets of Jinka; and

The final decisions on these matters will be made on the basis of the material facts, information and circumstances concerning Jinka which are known to Kentor at the relevant time and any legal, tax and financial advice obtained by Kentor in relation to those matters. Accordingly, the statements set out in this section are statements of present intention only and may vary in the future depending on the facts, information and circumstances which become known to Kentor at the relevant time.

3.2 Business

- (a) Dr Michael Ruane, the non-executive chairman of Jinka, and entities related to him had loaned Jinka approximately \$4,215,000 to complete the acquisition of the Burnakura project; and

If Kentor becomes entitled to 50% or more of Jinka Securities but is not entitled to compulsory acquisition (refer to Section 3.5) it is Kentor's intention to become an active shareholder in Jinka and become involved in determining the strategic direction of Jinka.

Kentor's ability to implement its intentions as set out in this Section 3.3 is subject to applicable legal and regulatory requirements including, in particular, in relation to Related Party transactions and conflicts of interest. Any transactions between Kentor and Jinka in such circumstances will be entered into on arm's length terms. In addition, if required by law or the Listing Rules, Kentor will seek any necessary approval of the remaining Jinka Security Holders to implement its intentions.

3.4 Jinka Directors

If, at the end of the Offer Period, Kentor is the majority shareholder, Kentor intends to procure the appointment of a majority of Kentor nominees to the Jinka Board so that the proportion of Kentor nominees is broadly in line with Kentor's voting power in Jinka. The identity of such nominee directors has not yet been determined, but nominees will be selected to bring technical and managerial expertise to the Jinka Board.

3.5 Intentions if 90% Jinka ownership is assumed

If Kentor obtains a holding of Jinka Securities by reason of acceptance under the Offer and hence holds a Relevant Interest in at least 90% of each class of Jinka Securities by the close of the Offer, Kentor currently intends to proceed to compulsory acquisition of outstanding minority holdings and then implement the following changes:

- (a) Kentor would seek to remove or discontinue the appointment of all current directors of Jinka and with Kentor acting as sole shareholder of Jinka, appoint persons nominated by it as directors of Jinka;
- (b) Kentor may additionally seek to change the status of Jinka from that of a public company limited by shares to a proprietary company limited by shares;
- (c) subject to an internal review following the acquisition of Jinka, Kentor intends to retain all Jinka employees currently involved in exploration and evaluation of the company's projects. Any staff involved solely in the corporate and/or administrative roles within Jinka will have their ongoing tenure reviewed;
- (d) Kentor would procure that Jinka repays the:

- (i) Ruane Entity Loans upon the occurrence of the change of control event described in Section 3.2; and
 - (ii) Reward Loan when it is due and payable on 6 June 2011;
- (e) Prior to being owned by Jinka, the Jervois and Burnakura projects had reported resources under the JORC Code. It is Kentor's intention to conduct analysis and further drilling to establish resources under the JORC Code on both of these projects. This will include the following:

The following is a summary only of the key terms of the Takeover Implementation Agreement between Kentor and Jinka dated 1 April 2011.

(a) *Recommendation of Bid*

Jinka has represented and warranted that, if Kentor publicly proposes to make the Takeover Bid, Jinka must release an announcement via its website and to Jinka Security Holders that:

- (i) the Jinka Directors have met and considered the possibility of Kentor agreeing to make the Takeover Bid; and

specific written legal advice, form the reasonable opinion that compliance with the relevant clause would constitute a breach of their fiduciary or statutory duties. This exemption does not extend to circumstances where the approach by a third party is facilitated by or as a result of a breach of paragraph (i).

Until the end of the Offer Period, Jinka must immediately notify Kentor of any approach or attempt to initiate discussions or negotiations regarding a Competing Proposal.

(f) *Appointment of Directors*

Jinka represents and warrants to Kentor that it has been advised by each Jinka Director that he or she will, and Jinka must procure that the Jinka Directors will:

- (i) take all necessary steps to ensure that the nominees of Kentor are appointed as directors of Jinka and its subsidiaries and that the Jinka Directors nominated by Kentor resign (such that the Kentor nominees represent a majority of the Jinka Directors) after Kentor has paid acceptances of the Offer which represent 50% of all Jinka Securities; and

Under the Pre Bid Deed, Intermin has agreed to irrevocably accept the Offer in respect of the Intermin Acceptance Securities. The Pre Bid Deed is only binding where a Takeover Bid is made for Jinka, by Kentor on the Offer Terms.

The rights and obligations of Kentor and Intermin with respect to confidentiality continue to apply to a party after termination of the Pre Bid Deed.

6.3 Taxation Considerations

(a) *Introduction*

The following is a general description of the Australian income and capital gains tax consequences to Jinka Security Holders of the acceptance of the Offer. The comments set out below are relevant only to those Jinka Security Holders who acquired their Jinka Securities on or after 20 September 1985 and hold their Jinka Securities as capital assets for the purpose of investment. If you trade in shares and / or options you will need to get independent professional advice.

The following summary is intended only for Jinka Security Holders resident in Australia for income tax purposes. Jinka Security Holders who are not resident in Australia for tax purposes should take into account the tax consequences under the laws of their country of residence, as well as under Australian law, at the date of acceptance of the Offer. Furthermore, this summary is not intended for Jinka Security Holders who acquired their Jinka Securities in respect of their (or an Associate's) employment with Jinka (or an associated company).

The following description is based upon the law in effect at the date of this Bidder's Statement, but it is not intended to be an authoritative or complete statement of the law applicable to the particular circumstances of every Jinka Security Holder. The law, and its interpretation, and Australian Tax Office practice may change. Jinka Security Holders should seek independent professional advice in relation to their own particular circumstances.

(b) *Capital gain or loss on disposal of Jinka Securities*

The sale of your Jinka Shares pursuant to the Offer will involve the disposal by you of your Jinka Shares by way of transfer to Kentor. This change in the ownership of your Jinka Shares will constitute a CGT event for Australian capital gains tax purposes. The date of disposal for CGT purposes will be the date that you accept the Offer. If, for any reason the Offer does not proceed, no disposal event will occur and no CGT implications will arise.

Similarly, the sale of your Jinka Options pursuant to the Offer will involve the disposal by you of your Jinka Options by way of assignment to Kentor. This change in the ownership of your Jinka Options will, likewise, constitute a CGT event for Australian capital gains tax purposes. The date of disposal for CGT purposes will be the date that you accept the Offer. If, for any reason the Offer does not proceed, no disposal event will occur and no CGT implications will arise.

If you are an Australian resident you may make a capital gain or a capital loss from the disposal of your Jinka Securities. These amounts will be relevant in determining whether you have a net capital gain to include in your taxable income for the year.

In general, capital gains and capital losses are firstly aggregated to determine whether there is a net capital gain, which is calculated after taking into account any discount capital gains or other concessions in respect of the capital gains. The remaining net capital gain is included in assessable income, and is subject to income tax. A net capital loss may not be deducted against other income for income tax purposes, but may be carried forward to offset against future capital gains.

Capital Gain

If the capital proceeds from the disposal of your Jinka Securities are more than the cost base (or in some cases, the indexed cost base) of those shares, a capital gain will arise.

The capital proceeds of the CGT event will be the cash received by you in respect of the disposal of your Jinka Securities.

The cost base of your Jinka Shares will generally be their cost of acquisition plus any incidental costs of acquisition (such as brokerage and transfer duty).

The cost base of your Jinka Options will generally be the amount paid for the Options plus any incidental costs of acquisition (such as brokerage and stamp duty or other similar duty)

If the Jinka Securities were acquired at or before 11.45 am Eastern Standard Time on 21 September 1999, a Jinka Security Holders who is an individual, a complying superannuation entity or the trustee of a trust may elect to adjust the cost base of the Jinka Securities to include indexation by reference to changes in the Consumer Price Index from the calendar quarter in which the Jinka Securities were acquired until the quarter ended 30 September 1999 (on which date indexation is frozen). Jinka Security Holders, which are companies, will be entitled to include that indexation adjustment without making an election if their Jinka Securities were acquired at or before 11.45 am Eastern Standard Time on 21 September 1999 and held for more than 12 months before their disposal.

Indexation adjustments are taken into account only for the purposes

of calculating a capital gain, but not a capital loss.

Jinka Security Holders who are individuals, complying superannuation entities or trustees and who do not or cannot elect to adjust their cost base for indexation (as outlined above), but not a company, can discount the amount of the capital gain in respect of the disposal of the Jinka Securities if they have held their Jinka Securities for more than 12 months before the date of disposal (referred to as the "CGT Discount"). The CGT Discount is applied only after any available capital losses have been applied to the capital gain. For individuals and trustees the discount is 50% and for complying superannuation entities the discount is 33⅓%.

Jinka Security Holders, which are companies, do not qualify for a CGT Discount.

Capital Loss

If the capital proceeds are less than the reduced cost base of your Jinka Securities, a capital loss will arise. Generally, the reduced cost base of your Jinka Securities is the cost base (discussed above) without any adjustment for indexation or non-capital costs. The CGT Discount does not apply to capital losses.

6.4 Due Diligence

Prior to formalising its bid, Kentor was granted access to limited information in respect of Jinka which has not been disclosed to certain Jinka Security Holders. None of the information to which Kentor (and its Associates) were given access is, in the opinion of Kentor, of such a nature and quality which, if the information were generally available, a reasonable person would expect to have a material effect on the price or value of Jinka Securities or, in the opinion of Kentor and except as disclosed in this

Bidder's Statement, would otherwise be material to a decision by a Jinka Security Holder whether or not to accept an Offer. However, the fact that Kentor has decided to make the Offers with the knowledge of the information to which it had access may itself be regarded as information material to the decision of a Jinka Security Holder whether or not to accept an Offer.

6.5 Other Material Information

Other than as set out above, or contained elsewhere in this Bidder's Statement, there is no other information that:

- (a) is material to the making of a decision by a holder of Jinka Shares whether to accept this Offer;
- (b) is known to Kentor; and
- (c) that has not been previously disclosed to the holders of Jinka Shares.

6.6 Regulatory Approvals

There are no regulatory approvals that Kentor needs to obtain before acquiring Jinka Securities under this Offer.

6.7 Consents

Where there is a statement:

- (a) by a person included in, or accompanied by this Bidder's Statement; or
- (b) said in this Bidder's Statement to be based on the statement by a person,

that person has:

- (c) consented to the statement being included, or accompanied in this Bidder's Statement in the form and context in which it is included;
