**SYNERGY EQUITIES GROUP LIMITED'S SECURITIES  
APPROVED FOR TRADING ON THE BERLIN-BREMEN STOCK EXCHANGE**

It has come to the Board's attention that Synergy Equities Group Limited's ("SYNERGY" or "the Company") *fully paid ordinary shares* have been approved for trading on the Berlin-Bremen Stock Exchange ([www.berlinerboerse.de](http://www.berlinerboerse.de)) in Germany under:

- ticker symbol **RZZ**;
- Cusip number (securities code) **872 880**; and
- ISIN code **AU 000 000 SYG2**.

The Berlin-Bremen Stock Exchange is divided into three market segments:

- official trading;
- regulated market; and
- over-the-counter market or "Berlin OTC" market.

The Berlin OTC market has gained a special degree of prominence with more than 8,000 national and international companies' securities being traded. Here, all NASDAQ and TecDAX companies are traded next to less well-known companies from all over the world. Additionally, derivative products as well as mutual funds are also traded. The Berlin-Bremen Stock Exchange is unrivalled in Europe – nowhere else do investors have a larger selection of international securities from which to choose.

SYNERGY understands that the trading of its shares in Berlin was initiated by European shareholders and not by the Company. Berliner Freiverkehr (Aktien) AG, one of the largest brokerage firms in Germany, is acting as a market maker for SYNERGY. Berliner Freiverkehr (Aktien) AG specialises in the introduction of foreign stocks to the German market and represents a number of OTC listed companies on the Berlin-Bremen and Frankfurt Stock Exchanges.

This approval allows German-based shareholders to readily receive information about SYNERGY and to trade the Company's shares on their local market, with the proviso that SYNERGY complies with and maintains a valid listing on the Australian Stock Exchange Limited.

SYNERGY is pleased to have attracted such strong and positive interest in Europe and regards this as a further vote of confidence in its *information technology and communications solutions for business, the Data-inCrypt<sup>®</sup> product's international growth potential and the Company's management and their strategies.*

Details of SYNERGY's trading on the Berlin-Bremen Stock Exchange can be obtained by visiting their website at [www.berlinerboerse.de](http://www.berlinerboerse.de).

Yours faithfully

Ronald Moir
