- (b) unless the context otherwise requires, a word or expression defined in the Corporations Act has the meaning given to it in the Corporations Act;
- (c) headings are for convenience only and do not affect interpretation;
- (d) if a payment or other act must (but for this clause) be made or done on a day which is not a Business Day, then it must be made or done on the next Business Day;
- (e) a reference to a year (other than a Financial Year) or month means a calendar year or calendar month respectively;
- (f) if a period occurs from, after or before a day or the day of an act or event, it excludes that day; and
- (g) every provision in this Constitution is expressed to apply:
 - (i) while the Trust is Listed, subject to the Operating Rules; and
 - (ii) while the Trust is a Registered Scheme, subject to the Corporations Act.

Listing Rules

- 1.3 While the Units are Officially Quoted, the following applies:
- (a) notwithstanding anything contained in this Constitution, if the Listing Rules prohibit an act being done, the act shall not be done;
 - (b) nothing contained in this Constitution prevents an act being done that the Listing Rules require to be done;
 - (c) if the Listing Rules require an act to be done or not to be done, authority is given for that act to be done or not to be done (as the case may be);
 - (d) if the Listing Rules require this Constitution to contain a provision and it does not contain such a provision, this Constitution is deemed to contain that provision;
 - (e) if the Listing Rules require this Constitution not to contain a provision and it contains such a provision, this Constitution is deemed not to contain that provision; and
 - (f) if any provision of this Constitution is or becomes inconsistent with the Listing Rules, this Constitution is deemed not to contain that provision to the extent of the inconsistency.
- 1.4 In accordance with ASIC Corporations (Chapter 5C Miscellaneous Provisions) Instrument 2017/125 or its equivalent and for so long as it applies to the Trust, a change in the text of this Constitution because of the operation of clause 1.3 is not a modification of, or the repeal or replacement of the Constitution for the purposes of sections 601GC(1) and (2) of the

Corporations Act. Clause 29.1 does not apply to changes in the text of this Constitution because of the operation of clause 1.3.

- 1.5 Despite any other provision of this Constitution, a provision of this Constitution which is expressed to apply subject to the Operating Rules or the Listing Rules is only so subject while the Trust is Listed.

Corporations Act

- 1.6 Despite any other provision of this Constitution, a provision of this Constitution which is expressed to apply subject to the Corporations Act is only so subject while the Trust is a Registered Scheme.

Schedules

- 1.7 Schedules 1, 2 and 3 to this Constitution are an operative part of it.

2 Name of Trust

- 2.1 The Trust is called the "Elanor Commercial Property Fund II" or such other name as the Trustee determines from time to time.
- 2.2 If a person resigns or is removed as the Trustee, the new Trustee must change the name of the Trust to a name without any association with the old Trustee or its related bodies corporate or their businesses.

3 Constitution legally binding

- 3.1 This Constitution binds the Trustee and each present and future Holder and any person claiming through any of them as if each of them had been a party to this Constitution.

4 Assets

4.1 Assets held for Members

- 4.1 The Trustee holds the Assets on trust for the Members.

4.2 Holding of Assets

- (a) Subject to clause 4.2(b), all Assets must be held by the Trustee.
- (b) If required by law or if the Trustee thinks it necessary or desirable, all Assets (or any Asset) may be held by a custodian appointed by the Trustee.

4.3 Assets to be clearly identified and held separately

The Assets vest in the Trustee but must be clearly identified as property of the Scheme and held separately from the assets of the Trustee and any other managed investment scheme if and to the extent required by the Corporations Act.

5 Units, Options and Financial Instruments

Assets divided into Units

- 5.1 The beneficial interest in the Assets is divided into Units.

Nature of Member's interest in Assets

- 5.2 Subject to the rights, restrictions and obligations attaching to a class of Units, each Unit confers on a Member an equal undivided interest in the Assets.
- 5.3 A Unit confers on a Member an interest in the Assets as a whole. It does not confer on a Member an interest in any particular Asset.

Rights attached to Units

- 5.4 Subject to the rights attached to a class of Units, all Units have the same rights attached to them. A Member holds a Unit subject to the rights, restrictions and obligations attaching to that Unit.

Options

- 5.5 The Trustee may create and issue Options on such terms and conditions as the Trustee determines. Options may be issued with Units or separately.
- 5.6 Subject to this Constitution, the Corporations Act (and the conditions of any applicable ASIC Relief) and, if relevant, the Operating Rules, the Trustee may determine that Options will be issued:
- (a) for either:
 - (i) no consideration; or
 - (ii) for consideration, which must be an issue price determined in accordance with clause 10;
 - (b) on the basis that the issue price for a Unit to be issued on exercise of the Option is the Market Price or such other price determined by the Trustee, provided that the Trustee complies with the Listing Rules applicable to the issue and any applicable ASIC Relief; and
 - (c) conferring on the holder of the Options such other entitlements (other than to income or capital) under this Constitution as the Trustee determines,
- and otherwise on terms and conditions and with such entitlements as determined by the Trustee. The terms of issue of the Option may allow the Trustee to buy back the Option.
- 5.7 Subject to the Operating Rules and the Corporations Act (and the conditions of any applicable ASIC Relief), if the Trustee is making an offer of Options to Unitholders which is otherwise in proportion to their existing holdings of Units, the Trustee is not required to offer Options under this clause to any Foreign Holder who the Trustee is entitled to exclude from the offer in accordance with any ASIC Relief.

Exercise of Options

- 5.8 On exercise of an Option, the holder of the Option is entitled to subscribe for and be allotted such number of Units as the terms and conditions of issue of the Option contemplate.

Financial Instruments

5.9 Subject to the Corporations Act and Operating Rules:

- (a) the Trustee may, in addition to Units and Options, issue Financial Instruments; and
- (b) Financial Instruments may be issued:
 - (i) for either:
 - (A) no consideration; or
 - (B) for consideration, which may be an issue price determined in accordance with clause 10; or
 - (ii) on such terms (including with preferred, deferred or other special rights, obligations or restrictions, with regard to distributions, voting, return of capital, payment of calls, redemption, conversions or otherwise) as the Trustee determines which are in accordance with the terms of this Constitution.

Rights attaching to Options and Financial Instruments

- 5.10 The holder of an Option holds the Option subject to the terms and conditions attaching to that Option.
- 5.11 Subject to the terms of the Option or Financial Instrument and the Corporations Act, a Holder who is not a Unitholder is entitled to attend any meeting of Unitholders, but is not entitled unless specified in the terms of issue to receive notice of or speak or vote at such a meeting.
- 5.12 Subject to the terms of the Option or Financial Instrument and the Corporations Act, a Holder who is not a Unitholder is not entitled to any rights of a Unitholder.

No fractions of Units

- 5.13 Fractions of a Unit may not be issued by the Trustee. Where any calculation performed under this Constitution or the terms of a withdrawal offer results in the issue or redemption of a fraction of one Unit, the number of Units to be issued or redeemed may be rounded down or up respectively by the Trustee to the nearest whole Unit.

Rounding

- 5.14 Any excess application or other money or property which results from rounding under any provision of this Constitution becomes an Asset of the Trust.

Consolidation and division of Units and Options

- 5.15 Subject to the Operating Rules and the Corporations Act, Units and Options may be consolidated or divided as determined by the Trustee.

Joint tenancy

- 5.16 Persons Registered jointly as the holder of a Unit or Option or Financial Instrument hold as joint tenants and not as tenants in common unless the Trustee otherwise agrees.

Death or legal disability of Holder

- 5.17 If a Holder dies or becomes subject to a legal disability such as bankruptcy or insanity, only the survivor (where the deceased was a joint holder) or the legal personal representative (in any other case) will be recognised as having any claim to the Units, Options or Financial Instruments Registered in the Holder's name.

6 Transfer and Transmission of Units

Transfer of Units

- 6.1 Subject to this Constitution, a Unitholder may transfer Units.
- 6.2 If the Units are not Officially Quoted, transfers must be effected:
- (a) by instruments of transfer that are:
 - (i) in a form approved by the Trustee;
 - (ii) if necessary, presented for Registration duly stamped;
 - (iii) accompanied by any evidence reasonably required by the Trustee to show the right of the transferor to make the transfer; and
 - (b) in a manner prescribed by the Trustee.
- 6.3 If the Units are Officially Quoted:
- (a) Units may be transferred in any manner prescribed by the Trustee subject to this Constitution and the Operating Rules in respect of a Proper ASTC Transfer;
 - (b) if necessary, presented for Registration duly stamped; and
 - (c) the Trustee may require, before Registration of any such transfer, that any documents which the Operating Rules:
 - (i) require; or
 - (ii) permit the Trustee to require be provided to the Trustee to authorise Registration,are provided to the Trustee.

Transferee of Units

- 6.4 The transferee in respect of a transfer of Units is deemed to have agreed:
- (a) to accept the Units transferred to it subject to the terms and conditions on which the transferor held them immediately before execution of the instrument of transfer; and
 - (b) to be bound by this Constitution.

Registration of a transfer of Units

- 6.5 A transfer of Units is not effective until Registered and the transferor remains the holder of the Units specified in the transfer until the transfer is Registered.

Transferor's death

- 6.6 The Trustee may Register a transfer of Units notwithstanding that the Trustee at the time of Registration has notice of the transferor's death.

Security interest rules

- 6.7 The Trustee may make and amend rules and policies from time to time for the recognition of Security Interests over Units, but is not obliged to make such rules.

Trustee may refuse to Register any transfer of Units in certain circumstances

- 6.8 Subject to this Constitution, the Trustee may, in its absolute discretion, refuse to register any transfer of Units whether Officially Quoted or not without giving any reason for the refusal.
- 6.9 Without limiting clause 6.8, the Trustee:
- (a) may refuse to Register a transfer of Units if it would:
 - (i) result in either the transferor or transferee holding less than the Minimum Holding specified at the time; or
 - (ii) be in breach of the Security Interest Rules; and
 - (b) is not required to give effect to any transaction, transfer or dealing at the request of, or for the benefit of, a Unitholder, including Registration of a transfer, unless the Unitholder has paid to the Trustee's satisfaction all duties, Taxes, governmental charges, transfer fees, registration fees, brokerage and other charges which may have become or may be payable in respect of the transaction, transfer or dealing.
- 6.10 If the Units are Officially Quoted, the Trustee must refuse to register a transfer:
- (a) if the Operating Rules require the Trustee to do so, including as set out in clause 6.14; or
 - (b) if registration of the transfer is prohibited by clause 7.3.
- 6.11 If, in the exercise of its rights under clause 6.10, the Trustee refuses to register a transfer of a Unit, it must give written notice of the refusal to the Holder of the Unit, to the transferee and the broker lodging the transfer, if any.
- 6.12 Failure to give notice under clause 6.11 does not invalidate the decision of the Trustee under clause 6.10.
- 6.13 Clauses 6.10 to 6.12 prevail over any other provision of this Constitution that may be inconsistent with them, but they do not permit the Trustee to refuse to register a Proper ASTC Transfer of Units, unless permitted by the Operating Rules.

Restricted Securities

- 6.14 The Trustee must refuse to acknowledge, deal with, accept or register any sale, assignment or transfer of any Restricted Securities on issue which is or might be in breach of the Operating Rules or any escrow agreement entered into by the Trustee under the Listing Rules in relation to the Restricted Securities.

- 6.15 During a breach of the Operating Rules relating to Restricted Securities, or a breach of a Restriction Agreement, the holder of the Restricted Securities is not entitled to any distribution or voting rights in respect of the Restricted Securities.

Options and Financial Instruments

- 6.16 This clause 6 applies to transfers of Options and Financial Instruments subject to any necessary modifications that are required in respect of any such transfers.

7 Proportional Takeover Bid

- 7.1 If offers are made under a Proportional Takeover Bid for Units of the Trust in accordance with the Corporations Act this clause 7 applies.
- 7.2 Clause 7 ceases to have effect on the day three years after the later of its adoption or last renewal.
- 7.3 The registration of a transfer giving effect to a contract resulting from acceptance of an offer made under the Proportional Takeover Bid is prohibited unless and until an Approving Resolution is passed in accordance with clauses 7.5 to 7.7.
- 7.4 The Trustee must ensure that an Approving Resolution is voted on in accordance with clauses 7.5 to 7.7 before the Approving Resolution Deadline.
- 7.5 The Trustee may determine whether the Approving Resolution is voted on:
- (a) at a meeting of persons entitled to vote on the resolution convened and conducted, subject to the provisions of clauses 7.6 and 7.7, as if it were a meeting of Unitholders convened and conducted in accordance with this Constitution and the Corporations Act with such modifications as the Trustee determines the circumstances require; or
 - (b) by means of a postal ballot conducted in accordance with the following procedures:
 - (i) a notice of postal ballot and ballot paper must be sent to all persons entitled to vote on the resolution not less than 14 days before the date specified in the notice for closing of the postal ballot, or such shorter period as the Trustee determines the circumstances require;
 - (ii) the non-receipt of a notice of postal ballot or ballot paper by, or the accidental omission to give a notice of postal ballot or ballot paper to, a person entitled to receive them does not invalidate the postal ballot or any resolution passed under the postal ballot;
 - (iii) the notice of postal ballot must contain the text of the resolution and the date for closing of the ballot and may contain any other information the Trustee considers appropriate;
 - (iv) each ballot paper must specify the name of the person entitled to vote;
 - (v) a postal ballot is only valid if the ballot paper is duly completed and:
 - (A) if the person entitled to vote is an individual, signed by the individual or a duly authorised attorney; or

- (B) if the person entitled to vote is a corporation, executed under a seal or as permitted in the Corporations Act or under the hand of a duly authorised officer or duly authorised attorney;
 - (vi) a postal ballot is only valid if the ballot paper and the power of attorney or other authority, if any, under which the ballot paper is signed or a copy of that power of attorney certified as a true copy by statutory declaration is or are received by the Trustee before close of business on the date specified in the notice of postal ballot for closing of all postal ballot at the office of the Trustee or unit registry of the Trust or at such other place as specified for that purpose in the notice of postal ballot; and
 - (vii) a person may revoke a postal ballot vote by notice in writing to be received by the Trustee before the close of business on the date for closing of the postal ballot.
- 7.6 The only persons entitled to vote on the Approving Resolution are those persons who, as at the end of the day on which the first offer under the bid was made, held Units which constituted bid class securities. Each person who is entitled to vote is entitled to one vote for each Unit in the bid class security held by that person at that time.
- 7.7 Neither the bidder nor any associate of the bidder is entitled to vote on the Approving Resolution.
- 7.8 If the Approving Resolution is voted on in accordance with clauses 7.5 to 7.7 then it is to be taken to have been passed if the proportion that the number of votes in favour of the resolution bears to the total number of votes on the resolution is greater than one-half, and otherwise is taken to have been rejected.
- 7.9 If no Approving Resolution has been voted on as at the end of the day before the Approving Resolution Deadline, then an Approving Resolution is deemed to have been passed in accordance with clauses 7.5 to 7.7.

8 Partly Paid Units

Application Price may be payable in instalments

- 8.1 The Application Price may be payable in instalments as set out in this clause 8.
- 8.2 The Trustee may determine at any time that Units to be offered for sale or subscription are to be offered on terms that the Application Price is payable by one or more instalments of such amounts and at such times for payment as the Trustee determines either at the time of offer or in the future.
- 8.3 Subject to the Corporations Act, where Units are offered for sale or subscription on terms and conditions determined in accordance with clause 8.2, those terms and conditions may be varied or compliance therewith waived only with the consent of the Trustee. The variation or waiver must not take effect during the currency of the offering document pursuant to which the Units were offered for sale or subscription.

Notice of instalments

- 8.4 The Trustee must give Unitholders from whom the instalment is due:
 - (a) if the Units are Officially Quoted, at least three Business Days' notice; and

- (b) if the Units are not Officially Quoted, in accordance with the notice requirements under the Listing Rules,

of the time and date each instalment is due to be paid (the **First Notice**).

8.5 If the Units are Officially Quoted:

- (a) the First Notice must contain such other information as is required by the Operating Rules (or ASX under the Operating Rules); and
- (b) at least four Business Days before the date each instalment is due to be paid, the Trustee must send a second notice to all new Unitholders and those Unitholders whose holding has changed since the First Notice and from whom an instalment is due, which must include any changes that have occurred in the information given in the First Notice because of a change in the holding.

Interest

- 8.6 If a Unitholder does not pay an instalment by the due time and date then interest is payable on the sum due from the date payment was due to the time of payment at such rate as the Trustee determines, not exceeding BBSW plus 3% per annum. The Trustee may from time to time determine that a new rate of interest shall apply.
- 8.7 Interest under clause 8.6 is calculated daily and payable monthly in arrears and if unpaid is compounded. The Trustee may waive payment of interest in whole or part.

Payment of instalments

- 8.8 Subject to the Operating Rules and the Corporations Act:
- (a) the Trustee may postpone the payment of an instalment;
 - (b) an instalment shall be deemed to be due on the date determined by the Trustee;
 - (c) the non-receipt of a notice that an instalment is due by, or the accidental omission to give a notice that an instalment is due to, a Unitholder, shall not invalidate the instalment being due;
 - (d) any instalment which, under the terms of issue of the Unit, becomes payable on issue of the Unit or at any date fixed by or in accordance with such terms of issue shall be deemed to be an instalment of which the Trustee has given Unitholders notice in accordance with clauses 8.4 and 8.5. In the case of non-payment, all the provisions of this Constitution as to payment of interest, forfeiture or otherwise shall apply as if such notice had been given.

Failure to pay instalments

- 8.9 If a Unitholder fails to pay in full any instalment due on any Partly Paid Units on or by the day specified for payment, the Trustee may, during such time as the instalment or any part of the instalment remains unpaid, serve a notice on that Unitholder requiring payment of so much of the instalment as is unpaid, any interest owing and all reasonable expenses incurred by the Trustee as a result of the non-payment. The notice must:
- (a) specify a further time and day (not earlier than ten Business Days from the date of the notice) on or by which the payment as required by the notice is to be made;

- (b) state that in the event of non payment on or by that specified time and day, the Partly Paid Units in respect of which the instalment or part instalment remains unpaid will be liable to be forfeited; and
 - (c) if Units are Officially Quoted, contain such other information as is required by the Operating Rules (or ASX under the Operating Rules).
- 8.10 If the requirements of any notice issued under clause 8.9 are not complied with:
- (a) any Partly Paid Unit in respect of which the notice has been given (an **Affected Unit**) may, at any time after the date specified in the notice for payment of the amount required by the notice (and before payment of the instalment and any interest and expenses owing), be forfeited on the Trustee so determining; and
 - (b) subject to the Operating Rules, the Corporations Act and this Constitution, all voting rights, entitlements to the distribution of income and other rights in connection with any Affected Unit are suspended until reinstated by the Trustee.
- 8.11 A Unit forfeited under clause 8.10 may be sold or otherwise disposed of, as the Trustee determines:
- (a) while the Trust is a Registered Scheme:
 - (i) at a price that is ~~no less than a price~~ calculated in accordance with clauses 10.2 or 10.3 (as applicable); and
 - (ii) in accordance with any applicable ASIC Relief in relation to the sale of forfeited units, if the Trustee complies with the conditions of the ASIC Relief;
 - (b) subject to the Corporations Act and any applicable ASIC Relief, while the Units are Officially Quoted:
 - (i) at a price determined by the Trustee where the sale of the forfeited Unit is in accordance with section 254Q of the Corporations Act other than subsections 254Q(1), (9), (10) and (13) as if the Units were shares, the Trust was the company and the responsible entity was the board of directors of the company; or
 - (ii) on the ASX or other financial market on which Units are permitted to be traded;
 - (c) while the Trust is not a Registered Scheme, at any price the Trustee can obtain.
- 8.12 At any time before a sale or disposal, the forfeiture may be cancelled upon such terms as the Trustee thinks fit.
- 8.13 The holder of Partly Paid Units which have been forfeited remains liable to pay to the Trustee all moneys which, at the date of forfeiture, were payable by the former Unitholder to the Trustee in respect of the forfeited Units (including interest owing under clause 8.6 and expenses). The former Unitholder's liability ceases if and when the Trustee receives payment in full of all such money in respect of the forfeited Units.
- 8.14 A statement signed by a duly authorised officer of the Trustee that a Partly Paid Unit has been duly forfeited on a particular date is conclusive evidence of the facts in that statement as against all persons claiming to be entitled to the forfeited Units.

8.15 Where a Partly Paid Unit is forfeited pursuant to this clause 8:

- (a) the Trustee may receive the consideration, if any, given for a forfeited Unit on the sale or disposal in accordance with clause 8.11;
- (b) the Trustee or any director of the Trustee may execute a transfer of such Unit in favour of the person to whom the Unit is sold or disposed of (the **Acquirer**);
- (c) the Acquirer must then be Registered as the holder of that Unit and is not obliged to ensure that any part of the money which the Acquirer has paid for the Unit is paid to the former holder of the Unit;
- (d) the Acquirer's title to that Unit shall not be affected by any irregularity or invalidity in the proceedings in relation to the forfeiture, sale or disposal of that Unit; and
- (e) the Unitholder whose Units have been forfeited indemnifies the Trustee against any claim or liability the Trustee may incur in acting in accordance with this clause 8.15.

8.16 Where forfeited Units are sold or disposed of for Cash, the Trustee must deduct from the amount of the consideration:

- (a) first, the expenses of the sale;
- (b) second, any expenses incurred in connection with the forfeiture, including any interest accrued and amounts payable under clause 8.21; and
- (c) third, the amount of instalments then due and unpaid.

The Trustee may retain the amounts so deducted, but the balance remaining must be paid to the Unitholder whose Units were forfeited. If the proceeds of sale are not sufficient to cover the amounts referred to above, then the former Unitholder remains liable for the difference.

Joint holders

8.17 Joint holders of Partly Paid Units are jointly and severally liable to pay all amounts due and payable on or in respect of the Partly Paid Units held by them.

Partly Paid Units

- 8.18 Subject to the Corporations Act, the rights and obligations attaching to a Partly Paid Unit will be in proportion to the extent to which the Application Price has been paid.
- 8.19 Subject to the Operating Rules, the Trustee has a first and paramount lien upon every Partly Paid Unit for unpaid instalments and other moneys payable to the Trustee by the Unitholder in relation to a Partly Paid Unit. That lien extends to all distributions and other money from time to time payable in relation to that Unit.
- 8.20 For the purpose of enforcing a lien, the Trustee may sell the Partly Paid Units subject to the lien, in the same manner, so far as is applicable, as if the Partly Paid Units had been forfeited for non-payment of an instalment.

Underwritten instalments

8.21 If:

- (a) the Trustee has appointed an underwriter to underwrite the payment of an instalment;
- (b) in discharging its obligations, the underwriter has purchased Units; and

- (c) the Trustee is liable to pay the underwriter a fee,

then the former Unitholder whose Units have been forfeited and sold is liable to pay to the Trustee, in respect of those forfeited Units, and may be sued for:

- (a) all money payable by the Trustee to the underwriter as contemplated by clause 8.21(c) pro rated (if necessary) according to the number of forfeited Units of the former Unitholder;
- (b) interest on such amount determined in accordance with clauses 8.6 and 8.7; and
- (c) all costs and expenses incurred by the Trustee in procuring payment from the former Unitholder.

8.22 The Trustee may assign its rights of action under this clause 8 against the former Unitholder to an underwriter. The Unitholders acknowledge that rights against each of them under this clause 8 may be assigned in the manner contemplated by this paragraph and such assignment will not affect the ability of the Trustee or the underwriter to recover the amounts referred to in clauses 8.21(a), 8.21(b) and 8.21(c).

Prepayment of instalments

8.23 The Trustee may:

- (a) accept from a Unitholder the whole or a part of the amount unpaid on a Partly Paid Unit although no part of that amount has been called; and
- (b) authorise payment by the Trust of interest on the whole or any part of an amount so accepted, until the amount becomes payable, at such rate, not exceeding BBSW plus 3% per annum, as is agreed on between the Trustee and the Unitholder paying the sum.

9 Classes of Units

9.1 The Trustee may not issue different classes of Units except Units which may temporarily be of a different class due to different income entitlements in accordance with clause 10.11.

10 Application Price for Units, Options and Financial Instruments

Issue of Units on or before the First Quotation Date

10.1 The price at which Units are issued on or before the First Quotation Date will be as follows:

- (a) subject to clauses 10.1(b) and 10.9 and the Stapling Provisions if they are in effect, the Market Price or, where the Market Price is not relevant (including where the Units are not Officially Quoted), the price at which Units may be issued under clause 10.3;
- (b) for the Issue Step, the Application Price specified at clause 10.5.

Issue of Units and Options while Units are Officially Quoted

10.2 Subject to clause 10.9 and the Stapling Provisions if they are in effect, and while Units are Officially Quoted, the Application Price for any Unit or Option (as applicable) will be its Market Price. However, the Trustee may determine a different Application Price in the

following circumstances to the extent permitted by, and in accordance with, the Listing Rules, the Operating Rules and the Corporations Act (as modified by any applicable ASIC Relief):

- (a) **pro rata offers (including a rights issue) for Units or Options:** where the Trustee makes the offer to those persons who were Unitholders on a date as determined by the Trustee provided that:
 - (i) subject to clause 10.2(a)(ii), all Unitholders are offered the Units or Option (as applicable) in proportion to the value of each Unitholder's interest in the Trust, at the relevant date; but
 - (ii) the Trustee may exclude a Unitholder from the pro rata offer if to do so would not be in contravention of paragraph 601FC(1)(d) of the Corporations Act, as modified by ASIC Relief;
- (b) **distribution reinvestment plan for Units:** offers to issue Units under a plan for reinvestment of distributions in accordance with clause 17.20 where:
 - (i) the Trustee may issue Units on the basis that the application price for each additional Unit issued or transferred upon reinvestment is the price determined by the Trustee (and if the Trustee has not determined the application price by the date at which units are to be issued upon reinvestment, the price will be the average of the VWAP for Units for each of the 10 Trading Days from and including the third Trading Day after the Record Date for the relevant Distribution Period); and
 - (ii) if the amount to be reinvested in additional Units results in a fraction of a Unit, the number of Units to be issued will be rounded down to the nearest whole Unit and any remaining amount becomes an Asset;
- (c) **unit purchase plan:** an offer to issue Units to Unitholders under a unit purchase plan where the Application Price is:
 - (i) the Market Price of Units during the 10 Trading Days immediately before the date on which the Units are offered; or
 - (ii) at a price and on terms determined by the Trustee, provided that the Trustee complies with the Listing Rules applicable to the issue and the conditions and restrictions of any applicable ASIC Relief;
- (d) **placement of Units:** a non-proportionate issue of Units where the Application Price is:
 - (i) Market Price of Units during the 10 Trading Days immediately before the date on which the Units are offered; or
 - (ii) at a price and on terms determined by the Trustee, provided that the Trustee complies with the Listing Rules applicable to the issue and the conditions and restrictions of any applicable ASIC Relief;
- (e) **takeover offer:** an issue of Units as consideration for a takeover offer in accordance with clauses 10.6 to 10.8; and
- (f) **exercise of Options:** an issue of a Unit upon the exercise of an Option where the Application Price is determined in accordance with clause 5.6(b).

Issue of Units while Units are not Officially Quoted

- 10.3 Subject to clauses 10.1, 10.5 and 10.9, while Units are not Officially Quoted, the Application Price for a Unit issued in respect of an application shall be calculated as:

$$A = (B + C) / D$$

where:

- A* is the Application Price for a unit issue in respect of an application while Units are not Officially Quoted;
- B* is the Net Asset Value;
- C* is the amount of Transaction Costs; and
- D* is the number of Units in issue.

- 10.4 Each of the variables in clause 10.3 must be determined as at the next Valuation Time after:

- (a) the Trustee receives the application for Units; and
- (b) the Trustee as the case requires:
 - (i) receives the application money;
 - (ii) has vested in it the property against which Units are to be issued; or
 - (iii) receives a Commitment,

whichever happens later.

Issue Step

- 10.5 The Application Price at which the Units are issued as part of an Issue Step is the price specified in clause ~~14.1(c)~~14.1(d).

Issue of Units, Options and Financial Instruments as consideration for a takeover offer

- 10.6 The Trustee may issue Units credited as fully or partly paid as consideration, or part of the consideration, to acquire financial products of a target entity under a takeover offer made in accordance with Chapter 6 of the Corporations Act, or any other offer to acquire financial products of a target entity.
- 10.7 Subject to clause 10.8, the Corporations Act, any ASIC Relief and the Listing Rules, the Application Price of a Unit which is, or forms part of, the consideration to be offered in accordance with clause 10.6 is the Bid Issue Price on the day before the offer.
- 10.8 The Trustee may amend this Constitution to provide a specific issue price of the Units offered in accordance with clause 10.6.

Issues of Units, Options and Financial Instruments generally

- 10.9 In addition to any other power the Trustee has to issue Units, Options and Financial Instruments under this Constitution, the Trustee may issue Units, Options and Financial Instruments at a price determined by the Trustee to the extent permitted by, and in accordance

with, the Listing Rules, the Operating Rules and the Corporations Act (as modified by any applicable ASIC Relief).

Rounding

- 10.10 The Application Price may be rounded as the Trustee determines, provided that the amount of the rounding is no more than one cent.

Income Entitlement of Units

- 10.11 Except as otherwise expressly provided in this Constitution, the Trustee may in its discretion issue Units on terms that such Units:
- (a) participate fully in the Distributable Income of the Trust in respect of the Distribution Period in which they are issued;
 - (b) do not entitle the holder of such Units to participate in the Distributable Income in respect of the Distribution Period in which such Units are issued; or
 - (c) entitle the holder of such Units to receive an Income Distribution which is determined on the basis of the number of days that a Unitholder has held newly issued Units during that Distribution Period.

11 Application procedure

Application form

- 11.1 An applicant for Units must complete a form approved by the Trustee if the Trustee so requires. The form may be transmitted electronically if approved by the Trustee.

Payment

- 11.2 Payment in a form acceptable to the Trustee, or a transfer of property of a kind acceptable to the Trustee and able to be vested in the Trustee or a custodian appointed by it (accompanied by a recent valuation of the property, if the Trustee requires), must:
- (a) accompany the application;
 - (b) be received by or made available to the Trustee or the custodian within such period before or after the Trustee receives the application form as the Trustee determines from time to time, or as the terms of issue of the relevant Partly Paid Unit contemplate; or
 - (c) comprise a reinvestment of a distribution in accordance with this Constitution.
- 11.3 If the Trustee accepts a transfer of property other than Cash, any costs associated with the valuation or transfer of the property must be paid by the Unitholder either directly or by deducting them from the market value of the property before the number of Units to be issued is calculated, as the Trustee decides.

Trustee may reject

- 11.4 The Trustee may reject an application in whole or in part without giving any reason for the rejection.

Minimum amounts

- 11.5 The Trustee may set a minimum application amount and a minimum holding for the Trust and alter or waive those amounts at any time.

Issue Date

- 11.6 Except in the case of a reinvestment of distribution or an issue of Units to the IPO Subscribers in accordance with this Constitution, Units are taken to be issued when the Trustee effects the Registration of the Units against the name of the applicant.
- 11.7 The Trustee may only effect the Registration of Units against the name of an applicant if the Trustee:
- (a) accepts the application under the terms of issue; and
 - (b) as the case requires:
 - (i) receives the application money; or
 - (ii) has vested in it the property against which Units are to be issued; or
 - (iii) receives a Commitment.
- 11.8 Subject to the Corporations Act, the Trustee may hold applications and application moneys without accepting them for such period as it determines.
- 11.9 Without limiting clause 11.8, the Trustee is authorised to hold application moneys for the term of any offer period.
- 11.10 Units which are issued on a reinvestment of distribution in accordance with this Constitution are taken to be issued on the day the distribution is paid or applied in payment for the Units.
- 11.11 Units which are issued to the IPO Subscribers under clause 14.1(b) are taken to be issued at the time the Trustee enters into the irrevocable undertaking for their benefit under that clause.

Uncleared funds

- 11.12 Units issued against application money paid other than in cleared funds, or in consideration of a transfer of property or Commitment, are void if the funds are not subsequently cleared or received or the property does not vest in the Trustee:
- (a) within five Business Days of receipt of the application or such other period specified in the terms of any offer; or
 - (b) by the time specified in the Commitment.

Register

- 11.13 Subject to the Corporations Act, a single register in which details of the holders of Units are recorded may be kept. Subject to the Corporations Act, the Trustee may also keep a register of Option Holders and Financial Instrument Holders.

Holding statements

- 11.14 Subject to the Corporations Act, while the Trust is admitted to an uncertificated trading system, a holding statement in accordance with the requirements of the Operating Rules may be issued to evidence the holding of Units.

Options and Financial Instruments

- 11.15 This clause 11, other than clause 11.5, as it applies to Minimum Holdings, applies subject to necessary modification, to applications for Options and Financial Instruments.

12 Redemption Price of Units

Redemption Price

- 12.1 Subject to clauses 12.4 and 12.5, a Unit must only be redeemed at a Redemption Price calculated as:

$$A = (B - C) / D$$

where:

- A* is the Redemption Price for Fully Paid Units;
- B* is the Net Asset Value;
- C* is the amount of Transaction Costs; and
- D* is the number of Units in issue;

less, in the case of a Partly Paid Unit, the amount of the Application Price which has not been paid.

- 12.2 Each of the variables in clause 12.1 must be determined:

- (a) while the Trust is a Registered Scheme and is Liquid or while the Trust is not a Registered Scheme, as at the Valuation Time immediately before the Units are to be redeemed; or
- (b) while the Trust is not Liquid, at the time the withdrawal offer closes;

- 12.3 The Redemption Price may be rounded as the Trustee determines. The amount of the rounding must not be more than one cent.

- 12.4 Immediately prior to the redemption of the Unit the Trustee is to distribute to the Unitholder the Accrued Income Entitlement in respect of the Unit. The Accrued Income Entitlement is a reduction to the amount of the Redemption Price payable at that time. This clause 12.4 does not apply in the case of any Units redeemed as part of the Redemption Step.

- 12.5 The Redemption Price for a Unit redeemed as part of a Redemption Step is the price specified in clause [13.2744.1\(e\)](#).

13 Redemption procedures

Buy-back of Units

- 13.1 While the Units are Officially Quoted but are not Stapled, the Trustee may, subject to and in accordance with the Corporations Act (including any ASIC Relief) and any requirements under the Operating Rules, purchase Units and cause the Units to be cancelled.

- 13.2 While the Units are Officially Quoted and Stapled, the Trustee and the Other Issuers together may, subject to the Corporations Act and the Listing Rules, purchase Stapled Securities on the ASX or any other financial market on which the trading of Stapled Securities is permitted, and also off-market. When they do so, each Other Issuer will be regarded as having purchased the Attached Securities that they have issued and the Trustee will be regarded as having purchased the Units, and upon such purchase Stapling will cease in relation to the Stapled Securities so purchased, and the Attached Securities (including the Units) will be cancelled. No Redemption Price is payable on cancellation of the Units.
- 13.3 The price of each Other Attached Security and a Unit purchased under clause 13.2 will be such allocation of the purchase price of the Stapled Security as agreed between the Trustee and the Other Issuers.

Request for redemption

- 13.4 While Units are not Officially Quoted, a Unitholder may make a Redemption Request in respect of some or all of their Units by giving the Trustee notice in writing of the request, specifying the number or value of Units to be redeemed and sufficient details to identify the Unitholder, or in any other manner approved by the Trustee and, while the Trust is Liquid, the Trustee may (but is not required to) give effect to that request at the time and in the manner set out in this clause 13.
- 13.5 Subject to the Corporations Act and the Operating Rules, a Redemption Request for Units may not be revoked without the consent of the Trustee.

While the Trust is Liquid - Trustee may redeem

- 13.6 Subject to the Corporations Act and the Operating Rules, while the Trust is Liquid, the Trustee may decide to satisfy a Redemption Request either in relation to all or some of the Units which are the subject of the request. The Trustee will give notice of a decision to reject a Redemption Request.
- 13.7 While the Trust is Liquid, if the Trustee decides to satisfy a Redemption Request in respect of a Unit it must pay the Redemption Price, calculated in accordance with this Constitution, from the Assets. The payment must be made within 21 days of the Trustee's decision.
- 13.8 The Trustee is not obliged to pay any part of the Redemption Price out of its own funds.
- 13.9 While the Trust is Liquid, if compliance with a Redemption Request would result in the Unitholder holding Units with an aggregate Redemption Price which is less than the then current Minimum Holding, the Trustee may treat the Redemption Request as including the balance of the Unitholder's holding.
- 13.10 While the Trust is Liquid, if the Trustee increases the Minimum Holding, the Trustee may after giving 30 days' notice to a Unitholder who holds Units with an aggregate Redemption Price less than the then current Minimum Holding, redeem that Unitholder's holding without the need for a Redemption Request.

While Trust is not Liquid

- 13.11 While the Trust is not Liquid, a Unitholder may withdraw from the Trust in accordance with the terms of any current withdrawal offer made by the Trustee, which is:
- (a) in accordance with the provisions of the Corporations Act (including any ASIC Relief); and

(b) if Units are Officially Quoted, in accordance with the Operating Rules.

13.12 If, whilst the Trust is not Liquid, there is no withdrawal offer currently open for acceptance by Unitholders, a Unitholder has no right to withdraw from the Trust.

13.13 The Trustee is not at any time obliged to make a withdrawal offer.

13.14 If the Trustee receives a Redemption Request before it makes a withdrawal offer, it may treat the request as an acceptance of the offer effective as at the time the offer is made.

Liquid or not Liquid

13.15 The Trustee will determine whether or not the Trust is Liquid ~~in its absolute discretion~~ in accordance with the Corporations Act.

Trustee not obliged to pay out of its own funds

13.16 The Trustee is not obliged to pay any part of the Redemption Price out of its own funds.

Transfer of Assets

13.17 The Trustee may transfer Assets to a Unitholder rather than pay Cash in satisfaction of all or part of a Redemption Request or pursuant to a withdrawal offer (if applicable). These assets, together with any Cash paid, must be of equal value to the total amount due to the Unitholder pursuant to the Redemption Request or withdrawal offer (based on a valuation in accordance with clauses 15.3 to 15.5 done within one month before the date of the proposed transfer). If the Trustee requires, the costs involved in transfer of these assets must be paid by the Unitholder or deducted from the amount due to the Unitholder.

13.18 Clause 13.17 applies whether or not the Trust is Liquid.

Redemption date

13.19 Units are taken to be redeemed when the Redemption Procedures in clause 13 have been completed at the Redemption Price such that the Unitholder no longer has an interest in the Trust~~the Trustee cancels the relevant Units against the name of the Unitholder or former Unitholder in the Register.~~

Small Holdings

13.20 Subject to clauses 13.21 to 13.25 and the Corporations Act (as modified by any applicable ASIC Relief), while the Trust is Listed, the Trustee may in its discretion from time to time sell or redeem any Units held by a Unitholder which comprise less than a marketable parcel as provided in the Operating Rules without request by the Unitholder.

13.21 The Trustee may only sell or redeem Units pursuant to clauses 13.17, 13.18 and 13.20 to 13.23 on one occasion in any 12 month period. The Trustee must notify the Unitholder of its intention to sell or redeem Units under clauses 13.21 to 13.25.

13.22 The Trustee will not sell or redeem the relevant Units:

- (a) before the expiry of six weeks from the date of the notice given under clauses 13.20 to 13.25; or
- (b) if, within the six weeks allowed under clause 13.22(a), the Unitholder advises the Trustee that the Unitholder wishes to retain the Units.

- 13.23 The Trustee's power to sell or redeem the Units lapses following the announcement of a Proportional Takeover Bid for all Units in the Trust but the procedure may be started again after the close of the offers made under the bid.
- 13.24 The Trustee or the purchaser of the Units must pay the costs of the sale as the Trustee decides. The proceeds of the sale or redemption will not be sent until the Trustee has received the certificate (if any) relating to the Units, or is satisfied that it has been lost or destroyed. In accordance with clause 16.7, the Trustee is authorised to make deductions from payments as a result of the sale.
- 13.25 The Trustee is entitled to execute on behalf of a Unitholder any transfer of Units under this clause 13.

Compulsory redemption

- 13.26 Without limiting any other provision of this clause 13, but subject to the Listing Rules, the Operating Rules and the Corporations Act (as modified by any applicable ASIC Relief), the Trustee may redeem all or some of the Units held by a Unitholder, without the need for a Redemption Request, in any of the following circumstances:
- (a) where the Trustee at any time redeems the same proportion of all Unitholder's Units at the same time, or substantially the same time, in which case the Trustee may redeem some but not all of a Unitholder's Units;
 - (b) where this Constitution allows it (such as under clauses 13.20 to 13.25);
 - (c) where the Trustee considers it to be in the best interests of Unitholders as a whole to do so;
 - (d) where the Unitholder has breached its obligations to the Trustee;
 - (e) to satisfy any amount of money due by the Unitholder to the Trustee (in its capacity as trustee of the Trust);
 - (f) to satisfy any amount of money the Trustee (in its capacity as trustee of the Trust) owes someone else in relation to the Unitholder;
 - (g) where the Trustee suspects that the law prohibits the person from legally being a Unitholder;
 - (h) where the Trustee has reasonable grounds to suspect that the Unitholder does not meet, or is likely not to meet, any criteria for being a Unitholder as determined from time to time by the Trustee; or
 - (i) the terms of issue contemplate the Trustee redeeming all or some of the Units held by a Unitholder.

Redemption Step

- 13.27 Without limiting any other provision of this clause 13, the Trustee may redeem Units ~~as part of the Redemption Step~~ without complying with this clause 13 ~~redeeming the relevant Units on or about the Implementation Date in accordance with the redemption of Stapled Securities under the Implementation Deed (Redemption Step); under the IPO Proposal at the Redemption Price calculated in accordance with clause 12 (Redemption Step).~~

This clause 14.1 does not limit the Trustee's powers and discretions under clause 19, or any other provision of this clause 14 or the Constitution.

Stapling Provisions

- 14.2 The Stapling Provisions set out in Schedule 1 form part of this Constitution and first take effect when the Trust is a Registered Scheme and the Units are Stapled to an Attached Security on and from the Stapling Commencement Time until they cease to apply in accordance with this Constitution.
- 14.3 On and from the Stapling Commencement Time:
- (a) subject to clause 30, the Stapling Provisions apply and this Constitution is to be read subject to the Stapling Provisions except to the extent that this would result in a breach of the Corporations Act, the Listing Rules or any other law; and

Each Relevant Security Holder by subscribing for or taking a transfer of, or otherwise acquiring a Relevant Security is taken to have consented to these Reorganisation Proposals.

- (a) do any other thing and enter into any other document or arrangement described in the First Offer Document for Stapled Securities or which is necessary to give effect to the transactions described in the First Offer Document for Stapled Securities or is collateral to any of the documents described in the First Offer Document for Stapled Securities. 14.8 If the Trustee determines to enter into a Realisation Transaction, Consolidation or Division Proposal, a Stapling Proposal, a Top Hat Proposal, an Exchange Proposal or a Capital Reallocation Proposal in accordance with clause 14.4, then the Trustee has power to do all

things which it considers necessary, desirable or reasonably incidental to give effect to the relevant proposal.

- 15.1 The Trustee may cause an Asset or a Consolidated Group's Asset to be valued at any time, and must do so as and when required by the Corporations Act.
- 15.2 The Trustee may determine Net Asset Value at any time.

Valuation methods

- 15.3 The Trustee may determine valuation methods and policies for each category of Asset and change them from time to time. While the Trust is a Registered Scheme, the Trustee's policy for the valuation of Assets must be based on the range of ordinary commercial practice by valuing the relevant type of asset and, where used to calculate the Application Price or Redemption Price of a Unit, the value must be reasonably current.
- 15.4 Unless the Trustee determines otherwise, the value of an Asset for the purpose of calculating Net Asset Value will be its market value, determined in accordance with the valuation methods and policies determined under clause 15.3.
- 15.5 Subject to clauses 15.3 and 15.4, where the Trustee values an Asset at other than its market value, or where there is no market value, the valuation methods and policies applied by the Trustee must be capable of resulting in a calculation of the Application Price or Redemption Price that is independently verifiable.
- 15.6 The Trustee must determine the value of the Consolidated Group's Assets in accordance with clauses 15.3 to 15.5.

Preparation of Financial Statements

- 15.7 The Trustee must prepare Financial Statements as and when required by the Corporations Act.
- 15.8 The preparation of the Financial Statements of the Trust in accordance with clause 15.7 is not to be regarded as a determination of the method for calculating the Distributable Income of the Trust pursuant to clause 17.1.

16 Payments

Trustee to determine payment method

- 16.1 Money payable by the Trustee to a Unitholder may be paid in any manner the Trustee determines such as by cheque or electronic means.

Payment by cheque

- 16.2 Cheques may be given to the Unitholder or to anyone the Trustee does not doubt to be authorised by the Unitholder or sent to the Unitholder's physical address. Cheques issued by the Trustee that are not presented within six months may be cancelled.
- 16.3 Where a cheque which is cancelled was drawn in favour of a Unitholder, the money is to be held by the Trustee for the Unitholder or paid by the Trustee in accordance with the legislation relating to unclaimed money unless, in the case of a Unitholder, the Trustee in its discretion decides to reinvest the money in Units in which case clauses 17.20 to 17.22 will apply.

Payment by electronic transfer

- 16.4 Payments made by electronic transfer must be made to the account, details of which are provided to the Trustee in writing by the Unitholder. Where the Trustee attempts to make a payment to a Holder by electronic transfer of funds or any other electronic means and the payment to the Holder is unsuccessful, the money is to be held by the Trustee for the Holder or paid by the Trustee in accordance with the legislation relating to unclaimed money unless, in the case of a Unitholder, the Trustee in its discretion decides to reinvest the money in Units in which case clauses 17.20 to 17.25 will apply.

Rounding of amounts to be paid

- 16.5 Only whole cents are to be paid, rounded as the Trustee determines.

Payments to joint Unitholders

- 16.6 A payment to any one of joint Unitholders will discharge the Trustee in respect of the payment.

Deductions from payments

- 16.7 The Trustee may deduct from any amount to be paid to a person who is or has been a Unitholder, or received from a person who is or has been a Unitholder:
- (a) any amount of Tax (or an estimate of it); or
 - (b) any other amount, which the Trustee is required or authorised to deduct in respect of that payment or receipt or which the Trustee considers should be deducted or owed by the Unitholder to the Trustee or any other person.

17 Income and Distributions

Determination of Distributable Income

- 17.1 The Trustee must determine the Distributable Income of the Trust for each Distribution Period.
- 17.2 Unless the Trustee determines otherwise prior to the end of the Financial Year, Distributable Income is an amount equal to the greater of:
- (a) the amount calculated in accordance with generally accepted accounting principles as the income of the Trust for the Financial Year excluding any notional amounts and non-cash amounts such as unrealised asset revaluation amounts;

- (b) the amount equal to the net income of the Trust (as defined in section 95 of the *Income Tax Assessment Act 1936* (Cth)) for the Distribution Period excluding any notional amounts and non-cash amounts such as franking credits; and.
- (c) the amount of \$1.

17.3 Unless expressly determined otherwise by the Trustee before the end of a Financial Year, the Distributable Income for that Financial Year shall not in any event be less than the amount that the Trustee must distribute if it is not to be assessable (or liable to pay more Tax than the minimum amount of Tax properly assessable) on any portion of the net income of the Trust (as defined in section 95 of the *Income Tax Assessment Act 1936* (Cth)).

Classification of income components

17.4 The Trustee may decide the classification of any item as being on income or capital account and the extent to which reserves or provisions need to be made.

Separate accounts

17.5 The Trustee may keep separate accounts of different categories or sources of income, deductions or credits for tax purposes.

Present entitlement

17.6 Subject to the restrictions attaching to any particular Unit, a person who, at any time during a Financial Year, is or has been a Unitholder, is presently entitled to the Distributable Income for that Financial Year (on the last day of that Financial Year), in the proportion that the sum of the Income Distributions and Accrued Income Entitlements of the Unitholder in respect of that Financial Year bears to the sum of the Income Distributions and Accrued Income Entitlements in respect of that Financial Year of all persons who are or have been Unitholders at any time during that Financial Year.

Income Distributions

17.7 Subject to clause 10.11, the Income Distribution for a Unitholder for a Distribution Period is an amount calculated by the Trustee as follows:

- (a) subject to clause 17.7(b), the Income Distribution of the Unitholder is:
 - (i) in respect of a Distribution Period ending on a Distribution Calculation Date other than the last day of the Financial Year in any year, an amount calculated as follows:

$$A = (B \times D) / C$$

where:

- A** is the Income Distribution of the Unitholder for the Distribution Period;
- B** is the aggregate of:
 - (a) the number of Fully Paid Units held by the Unitholder at the end of the Distribution Period; plus

- (b) the number obtained by multiplying the number of Partly Paid Units held by the Unitholder as at the end of the Distribution Period by the Relevant Percentage as at that time,

but ignoring Units which are not entitled to participate in Distributable Income in respect of the Distribution Period;

C is the aggregate of the number of Fully Paid Units in issue plus the Paid-up Proportion of the Partly Paid Units at the end of the Distribution Period, but ignoring Units which are not entitled to participate in Distributable Income in respect of the Distribution Period;

D is an estimate of the Distributable Income for the Distribution Period calculated as if the Distribution Period were a year of income less any Accrued Income Entitlements for that Distribution Period; and

- (ii) in respect of a Distribution Period ending on the last day of the Financial Year in any year, an amount calculated as follows:

$$A = (B \times D) / C$$

where:

A is the Income Distribution of the Unitholder for the Distribution Period;

B is the aggregate of:

- (a) number of Fully Paid Units held by the Unitholder at the end of the Distribution Period; plus
- (b) the number obtained by multiplying the number of Partly Paid Units held by the Unitholder at the end of the Distribution Period by the Relevant Percentage at that time,

but ignoring Units which are not entitled to participate in Distributable Income in respect of the Distribution Period.

C is the aggregate of the number of Fully Paid Units in issue plus the Paid-up Proportion of the Partly Paid Units at the end of the Distribution Period, but ignoring Units which are not entitled to participate in Distributable Income in respect of the Distribution Period; and

- D** is the amount (if any) by which the Distributable Income for the Financial Year exceeds the aggregate of:
- (a) the estimates of variable **D** in clause 17.7(a)(i) and Accrued Income Entitlements in respect of the previous Distribution Periods of the Financial Year; and
 - (b) any Accrued Income Entitlements for that Distribution Period; and
- (b) for the purposes of determining the Income Distribution of a Unitholder for a Distribution Period in which clause 10.11(c) applies to any Units, the Trustee may make a determination of entitlement to Income Distribution having regard to the number of days the Units are held in the distribution period and utilising the methodology and formulae set out in clause 17.7(a).

Satisfaction of present entitlement

- 17.8 Income Distributions for a Distribution Period must be paid to a Unitholder within two months after the Distribution Calculation Date, or if the review or audit (if any) for that Distribution Period has not been completed, as soon as possible after the completion of the review or audit.

Entitlement to capital

- 17.9 The Trustee may distribute any amount of capital (not included in Distributable Income) to Unitholders of the Trust by the payment of Cash or the issue of Units of an amount determined in accordance with the following formula (rounded down to the nearest whole cent or as the Trustee otherwise determines):

$$A = (B \times D) / C$$

where:

- A** is the amount of the distribution to which the Unitholder is entitled;
- B** is the aggregate of:
 - (a) the number of Fully Paid Units held by the Unitholder at the time determined by the Trustee relevant to the return of capital (**relevant day**); plus
 - (b) the number obtained by multiplying the number of Partly Paid Units held by the Unitholder on the relevant day by the Relevant Percentage on that day;
- C** is the aggregate of the number of Fully Paid Units in issue plus the Paid-up Proportion of the Partly Paid Units; and
- D** is the amount of Cash or the value of Assets (determined by the Trustee) to be distributed.

- 17.10 The Trustee must determine in writing prior to the end of the Financial Year whether all or part of a distribution of capital under clause 17.9 will be comprised of amounts from one or more particular categories or sources of net income or net gains included in the distribution of capital. The Trustee must advise each Unitholder of the extent to which the distribution of capital comprises amounts from a particular category or source.
- 17.11 If the Trustee makes a determination under clause 17.10, then it must record in the accounts and records of the Trust no later than 2 months after the end of the Financial Year:

 - (b) the proportion of that net capital gain that was included in the distribution of capital paid.
- 17.12 For the avoidance of doubt a determination by the Trustee under clause 17.10 provides the recipient Unitholder with a specific entitlement to their proportionate share of each capital gain recorded under clause 17.11 in respect of that distribution of capital.

Distribution by transfer of Assets

- 17.13 The Trustee may effect a distribution to Unitholders by transferring Assets to all Unitholders rather than paying in Cash or issuing additional Units.

If the Trustee requires, the costs involved in transfer of any property must be paid by the Unitholder or deducted from the distribution due to the Unitholder.

- 17.20 The Trustee may decide whether to permit or require the Unitholders to reinvest some or all of any distribution to acquire Units. The offer to permit reinvestment must be made in the same terms to all Unitholders. Any Units acquired by Unitholders through reinvestment of distributions will be issued at the Application Price calculated in accordance with clause 10.3.
- 17.21 If the Trustee decides to permit or require reinvestment, it must notify Unitholders of the procedure for reinvestment and any change in the procedure.
- 17.22 If reinvestment applies, while the Units in the Trust are Listed, the Application Price for each additional Unit upon reinvestment of a distribution will be calculated in accordance with clause 10 on a date to be determined by the Trustee.
- 17.23 If the amount to be reinvested in additional Units results in a fraction of a Unit, the money representing the fraction will be held for future reinvestment in the Trust at the next time that reinvestment is to occur. The Trustee must credit that money to an account to be designated as the "Distribution Account".
- 17.24 Whenever, under this Constitution or by law, money is held on behalf of a Unitholder for future reinvestment, the money so held may, in the discretion of the Trustee be aggregated and, on each occasion on which the aggregated amount reaches the Application Price of a Unit, be applied in the subscription for a new Unit for issue to the Unitholder

Rounding

- 17.28 If the Unitholder's entitlement to a distribution includes a fraction of a cent the entitlement is to be rounded down to the nearest cent below the amount of the Unitholder's entitlement.

- 18.7 A Member Component must be calculated for each particular character that is identified in respect of the Determined Trust Component.
- 18.8 If the Trustee, for whatever reason, does not make a determination to allocate the Determined Trust Components to the Unitholders in accordance with clauses 18.6 and 18.7, then the Trustee is deemed to have determined to have attributed the Determined Trust Components proportionately to each Unitholder's holding of Units as held at the end of the Financial Year.

- 3.10 Subject to the Corporations Act, the Issuer must procure that joint certificates or joint holding statements are issued to evidence the holding of Stapled Securities comprising Attached Securities and Other Attached Securities.

Stapling and separate entities

- 3.11 Despite any other provision of this schedule, each Stapled Entity remains a separate legal entity, separately admitted to the Official List (if applicable), notwithstanding that the Attached Securities may be jointly Officially Quoted as Stapled Securities.

No joint venture or partnership

- 3.12 Nothing contained or implied in this schedule is to be construed as creating an association, joint venture or partnership among the Stapled Entities.

4. Allocation of Application Price

4.1 Application Price

- (a) — Stapled Securities issued pursuant to the First Offer Document for Stapled Securities or on or about the time as such Stapled Securities are to be issued, will be issued at an application price of \$1.25 per Stapled Security.

(i) ~~specified in the First Offer Document for Stapled Securities; or~~

(ii)(a) ~~at another application price specified in a supplemental deed (which amends this paragraph 4.1(a) to insert such other price).~~

(b) Subject to paragraphs 4.1(d) and 4.1(e), while Units are Officially Quoted as part of a Stapled Security, the application price payable for any Unit is such part of the Market Price of a Stapled Security on the date on which or as at which the application price is to be calculated, as is calculated in accordance with paragraph 4.2.

(c) Subject to paragraphs 4.1(d) and 4.1(e), while the Units are not Officially Quoted but are Stapled, the application price payable for a Unit is the price calculated under clause 10.3 of the Trust Constitution, and the application price of Stapled Securities is the sum of that amount and the Application Price of the Other Attached Securities.

(d) While the Units are Officially Quoted and are part of a Stapled Security, the Trustee may determine a different application price for any Units (subject to the Corporations Act as modified by any applicable ASIC Relief and the Listing Rules) in the case of:

(i) **pro rata offers in relation to Stapled Security (including a rights issue):** offers made at substantially the same time to persons who were Investors on a date determined by the Trustee:

- (A) provided that all Investors are offered Stapled Securities in proportion to the value of the Investor's Stapled Securities (or, where the offer is made only to Investors who hold Stapled Securities in a class, to the value of the Investor's Stapled Securities in that class) at the relevant date on a pro rata basis, whether or not the right to acquire those Stapled Securities is renounceable; but
- (B) an Investor may be excluded from the pro rata offer if to do so would not cause the Trustee of the Trust to be in contravention of paragraph 601FC(1)(d) of the Corporations Act, as modified by ASIC Relief,

whether or not the right of entitlement is renounceable.

If the Trust is a Registered Scheme and the Trustee is making an offer of Stapled Securities to Investors which otherwise complies with this paragraph 4.1(d)(i), the Trustee is not required to offer Stapled Securities to persons in the circumstances permitted under the applicable ASIC Relief and the Listing Rules.

Any offer made under this paragraph 4.1(d) must specify the period during which it may be accepted. The Trustee may adjust any entitlement to accord with the Listing Rules and, in the case of fractions, the Trustee must offer the next higher whole number of Units and Stapled Securities. Any Investor may renounce their entitlement in favour of some other person, unless the issue is expressed to be non-renounceable.

Any Stapled Securities offered for subscription under this paragraph 4.1(d) which are not subscribed for within the period for acceptance set by the Trustee may be offered for subscription by the Trustee to any person. The application price payable in relation to such further offer must not be less than

that at which the Units and Stapled Securities were originally offered to Investors.

If an underwriter has underwritten any offer for subscription of Stapled Securities under this paragraph 4.1(d), the underwriter may take up any Stapled Securities not subscribed for by Investors;

- (ii) **distribution reinvestment plan:** a distribution reinvestment, where the application price is determined in accordance with paragraph 4.3;
 - (iii) **rights issue in relation to Option:** offers of Options made at substantially the same time to persons who were Investors on the relevant date, where the application price is determined in accordance with clause 10 of the Trust Constitution in the case of a proportionate offer (including a rights issue) complying with the Listing Rules and any applicable ASIC Relief and otherwise in accordance with the remainder of this paragraph 4;
 - (iv) **placement:** a non-proportionate issue of Stapled Securities that complies with the Listing Rules and any applicable ASIC Relief, where the application price for the non-proportionate issue of the Stapled Security is determined in accordance with clause 10 of the Trust Constitution as modified by this schedule, and the application price for the Unit is determined in accordance with paragraph 4.2;
 - (v) **security purchase plan:** a security purchase plan that complies with the Listing Rules and any applicable ASIC Relief, where the application price for a Stapled Security is determined in accordance with clause 10 of the Trust Constitution as modified by this schedule, and the application price for the Unit is determined in accordance with paragraph 4.2;
 - (vi) **exercise of Option:** Stapled Securities to be issued on exercise of an Option, where the application price for a Stapled Security is determined in accordance with clause 10 of the Trust Constitution as modified by this schedule, and the application price for the Unit is determined in accordance with paragraph 4.2; and
 - (vii) **other:** any of the other circumstances permitted by the Corporations Act (as modified by any applicable ASIC Relief) and the Listing Rules, and the application price for the Unit is determined in accordance with paragraph 4.2. Without limiting this paragraph 4.1(d)(vii), the Trustee may issue Units as part of a Stapled Security in payment of amounts payable to the Investment Manager or Property Manager at an Application Price for the Stapled Securities based on the reasonably current market price of the Stapled Securities.
- (e) In addition to any other power the Trustee has to issue Units as part of a Stapled Security under this Constitution, the Trustee may issue Units as part of a Stapled Security or Options at a price determined by the Trustee to the extent permitted by, and in accordance with, the Listing Rules, the Operating Rules and the Corporations Act (as modified by any applicable ASIC Relief), and the application price for the Unit is to be determined in accordance with paragraph 4.2.

4.2 Apportionment of Application Price

- (a) If a Unit is to be issued as part of a Stapled Security and the Trust Constitution contains a provision for the calculation or determination of the Application Price for a Stapled Security but not for the Unit, the Trustee must determine what part of the Application Price of a Stapled Security is to represent the Application Price of a Unit for the purposes of the Trust Constitution.
- (b) Unless otherwise agreed between the Trustee and the Other Issuers, the Application Price for a Stapled Security will be allocated between the Application Price of the Other Attached Securities as follows:
 - (i) first, to the Application Price of any Unit (or any other Attached Security which is an interest in a trust), being an amount reflecting the net assets (adjusted for the net market value of its investments) of the Trust (or any other Stapled Entity which is a trust) immediately before the issue of the Stapled Security. If there is more than one Stapled Entity which is a trust, the amounts to be allocated between those trusts is in the ratio that the net assets of each relevant trust (adjusted for the net market value of its investments) immediately before the issue or acquisition of the Stapled Security, bears to the amount of the aggregate net assets (adjusted for the net market value of their investments) of those trusts at the end of the relevant period immediately before the issue of the Stapled Security; and
 - (ii) second, to the Application Price of any Other Attached Security, being the lesser of:
 - (A) any balance remaining after the allocation in paragraph (i) of this paragraph 4.2(b); or
 - (B) an amount which reflects the net assets (adjusted for the net market value of their investments) of the relevant Stapled Entities immediately before the issue of the Stapled Security.

The amounts to be allocated between the relevant Stapled Entities is in the ratio that the net assets of each relevant Stapled Entity (adjusted for the net market value of its investments) at the end of the relevant period immediately before the issue of the Stapled Security, bears to the amount of the aggregate net assets of those Stapled Entities (adjusted for the net market value of their investments) at the end of the relevant period immediately before the issue of the Stapled Security.
- (c) Where an Option to acquire a Stapled Security is issued after the Stapling Commencement Time, the allocation of the issue price of the Option must be determined in the same manner as under paragraph 4.2(b).
- (d) The allocation of the Application Price for a Stapled Security under this paragraph 4.2 must be consistent for each Stapled Security issued or transferred to each investor at the same time.

4.3 Application Price if reinvestment applies

- (a) If a reinvestment of capital or income payable to an Investor under clause 17.20 applies while Units are Officially Quoted and Stapled, subject to the Listing Rules the aggregate of the application price for each additional Unit issued and the Application

Price for the Other Attached Securities upon reinvestment is the price determined by the Trustee. If the Trustee has not determined the application price by the date at which units are to be issued upon reinvestment, the price will be the average of the VWAP for Stapled Securities for each of the first ten Trading Days from and including the third Trading Day after the Record Date for the Distribution Period.

- (b) While Units are not Officially Quoted but are stapled, the application price payable for each additional Unit on a reinvestment of capital or income payable to an investor under clause 17.20 of the Trust Constitution is the price determined by the Trustee. If the Trustee has not determined the application price by the date at which Units are to be issued upon reinvestment, the price for a Unit will be the Application Price calculated under clause 10.3 of the Trust Constitution on the first Business Day (as defined in the Trust Constitution) after the end of the Distribution Period to which the distribution relates.
- (c) If the amount to be reinvested in additional Stapled Securities results in a fraction of a Stapled Security, the money representing the fraction will be held for future reinvestment in the Stapled Entities at the next time that reinvestment is to occur, in such proportions as the Trustee and the Other Issuers determine on behalf of the relevant investor.
- (d) Any money held on behalf of an Investor for future reinvestment, may be aggregated and when the aggregated amount reaches the Application Price of a Stapled Security, be applied in the subscription or a transfer of a Stapled Security for the Investor.

5. Partly Paid Stapled Securities

Payment of application price by instalments

- 5.1 The Application Price of Stapled Securities may be paid in instalments.

Determination of amount and timing of instalments

- 5.2 In consultation with each Other Issuer, the Issuer may determine that Stapled Securities are to be offered for sale or subscription on terms that the application price is payable by instalments of such amounts and at such times as they determine (including by a single instalment).

Variation or waiver of terms

- 5.3 Subject to any applicable statutory duty requiring an Issuer to treat Investors of the same class equally, and those of different classes fairly, where Stapled Securities are offered for sale or subscription on terms determined and set out in accordance with paragraph 5.2, those terms may be varied, or compliance with them waived, only with the consent of the Issuer. The variation or waiver must not take effect during the currency of the offer document pursuant to which the Units were offered for sale or subscription.

Notice of instalments

- 5.4 Subject to the Listing Rules and other than in relation to an initial instalment payable on subscription for a Stapled Security, the Trustee must give each holder of a partly paid Attached Security a notice, specifying the amount per Attached Security of the instalment payable and the due date, no later than 14 days before the payment of an instalment is due unless the terms of the offer for the partly paid Attached Security provide otherwise. Failing to give a notice or the non-receipt of notice by the holder does not affect the obligation of the holder to pay the instalment.

Payment of instalments

5.5 Subject to the Listing Rules:

- (a) the payment of an instalment in respect of an Attached Security may be revoked or postponed by the Issuer;
- (b) an instalment is taken to be due on the date determined by the Issuer;
- (c) the non-receipt of a notice that an instalment is due by, or the accidental omission to give a notice that an instalment is due to an Investor, does not invalidate the instalment being due;
- (d) and subject to the Corporations Act and paragraph 5.3, any liability of an Investor in respect of money unpaid on an Investors' partly paid Attached Securities may be extinguished in full or in part by the Issuer; and
- (e) any instalment which, by the terms of issue of the Attached Security, becomes payable on issue of the partly paid Attached Security or at any date fixed by or in accordance with the terms of issue, is taken to be an instalment of which the Investors have received notice in accordance with paragraph 5.4. In the case of non-payment, all the provisions of this schedule as to payment of interest, disposal or otherwise apply as if the notice had been given.

Failure to pay instalments

5.6 If a holder of partly paid Attached Security fails to pay in full any instalment due on a partly paid Attached Security on or by the day specified for payment, the Trustee may serve a notice on that Investor requiring payment of the unpaid instalment and any interest calculated from the due date until payment at a fair market rate as determined by the Trustee. The notice must specify a time and day (not earlier than 7 days from the date of service of the notice) on or by which the payment is to be made. The notice must also state that in the event of non-payment by that specified time and day, the partly paid Attached Securities in respect of which all or part of the instalment remains unpaid, may be forfeited.

If requirements of any notice not complied with

5.7 If the requirements of any notice issued under paragraph 5.6 are not complied with:

- (a) any partly paid Attached Security in respect of which the notice has been given (together with the Other Attached Securities) may at any time alter the date specified in the notice for payment (and before payment of the instalment and any interest and expenses owing), be disposed of by the Issuer; and
- (b) subject to the Listing Rules, the Corporations Act and this schedule, all voting rights, entitlements to the distribution of Distributable Income and other rights in connection with the partly paid Attached Security and the Other Attached Securities in respect of which the notice has been given are suspended until reinstated by the Issuer.

Disposal of Defaulted Attached Securities

5.8 If any Defaulted Attached Security is offered for sale under paragraphs 5.8 to 5.16, the Issuer must procure that each Other Attached Security is also offered for sale so that the whole Stapled Security is offered for sale.

- 5.9 Attached Securities may be sold under this paragraph 5 even if they are fully paid if there is default in payment of a call on a Defaulted Attached Security.
- 5.10 If a Defaulted Attached Security includes a Unit, then the price for the Defaulted Attached Security must be determined in accordance with clause 8 of the Trust Constitution. Otherwise, a Defaulted Attached Security (together with the Other Attached Securities) may be disposed of by the Issuer or their agent, at a price determined by the Issuer in accordance with any applicable ASIC Relief.
- 5.11 Any offer of Defaulted Attached Securities which are to be sold under paragraph 5.10 must be accompanied by a corresponding offer of the Other Attached Securities. The offer is capable of acceptance only if the recipient acquires an identical number of Defaulted Attached Securities and the Other Attached Securities.
- 5.12 Subject to the Listing Rules and the conditions of any applicable ASIC Relief, the Issuer or their agent may sell or otherwise dispose of Defaulted Stapled Securities:
- (a) in the ordinary course of trading on ASX or other relevant market on which trading of the Stapled Securities is permitted; or
 - (b) by private treaty or public auction.
- 5.13 The sale of Defaulted Stapled Securities may be on the basis that the person to whom the Defaulted Stapled Securities are sold (**Transferee**) is not liable to pay the outstanding call or any future calls.
- 5.14 At any time before a sale or disposition of Defaulted Stapled Securities, the Issuer may cancel the sale or disposition upon such terms as the Issuer thinks fit.
- 5.15 Without limiting paragraph 5.10 the Issuer may set a reserve price for a Defaulted Stapled Security at any auction in accordance with any applicable ASIC Relief (**Reserve Price**).
- 5.16 If the Issuer or their agent is unable to sell the Defaulted Stapled Securities for a price not less than the Reserve Price then the Issuer may sell or otherwise dispose of the Defaulted Stapled Securities at any price it can obtain. The Issuer is not obliged to offer these Defaulted Stapled Securities to Investors before disposing of them.

Evidence of Enforcement

- 5.17 A statement signed by an authorised officer of the Issuer that a Defaulted Stapled Security has been disposed of on a specified date is conclusive evidence of those facts as against all persons claiming to be entitled to the Defaulted Stapled Security.

Consideration for sold Defaulted Stapled Securities

- 5.18 Where a Defaulted Stapled Security is sold, an Issuer nominated by each Other Issuer by agreement may:
- (a) receive the consideration given for a Defaulted Stapled Security; and
 - (b) execute a transfer of the Defaulted Stapled Security in favour of the Transferee.
- 5.19 Unless otherwise agreed between the Trustee and the Other Issuers, the amount received for a Unit on the sale of a Defaulted Stapled Security is the amount received less the fair value for the Other Attached Securities, as determined by the Trustee.

- 5.20 Where a Defaulted Stapled Security is offered for sale under this paragraph 4.1, the obligations of the Issuer are subject to the requirements of any applicable law, the Listing Rules, any consent or other approval from any necessary authority and any other terms of the relevant Constitutional Document.
- 5.21 The Issuer must then Register the Transferee as holder of that Stapled Security. On registration, the Transferee is not obliged to ensure that any part of the money which the person has paid for the Stapled Security is paid to the former holder of the Stapled Security nor is the Transferee's title to that Stapled Security affected by any irregularity or invalidity in the proceedings in relation to the forfeiture or sale of that Stapled Security.

Deductions from consideration for Defaulted Attached Securities

- 5.22 The proceeds of the sale of a Defaulted Stapled Security must be applied to pay:
- (a) first, the expenses incurred by the relevant Issuer, its agents and assignees in respect of the sale;
 - (b) then, any expenses necessarily incurred in respect of the enforcement of the Issuer's rights;
 - (c) then, the calls on the Attached Securities that are due and unpaid; and
 - (d) then, any unpaid interest on the call and any other amounts payable.
- 5.23 The Issuer may retain the amounts deducted, but any balance remaining must be paid to the Investor whose Stapled Securities were sold. If there is a certificate that relates to the Attached Security or the Other Attached Security, the balance does not have to be paid until the Investor delivers the certificate to the relevant Stapled Entity.

Holder of Defaulted Stapled Securities

- 5.24 The holder of a Defaulted Stapled Security which has been sold under this paragraph 5 ceases to be an Investor, ceases to hold a right or interest in the Stapled Entities and ceases to be a member of each Stapled Entity.
- 5.25 The former Investor has no claims or demands against the Issuer in respect of a Defaulted Stapled Security that has been sold but remains liable to pay to the Issuer or any assignee of the Issuer all money which at the date of sale was payable by the former Investor to the Issuer in respect of the sold Defaulted Stapled Security (including interest owing under paragraph 5.6 and expenses).
- 5.26 The former Investor's liability ceases if the Issuer, or any assignee, receives payment in full and, if applicable, interest in respect of the sold Defaulted Stapled Security.

Liability of holder of Defaulted Stapled Securities to underwriter

- 5.27 Where:
- (a) the Issuer has appointed an underwriter to underwrite the payment of a call in respect of any Stapled Securities; and
 - (b) in discharging its obligations, the underwriter has purchased Stapled Securities at a public auction or otherwise as contemplated by the relevant underwriting agreement at a price which is more than the Market Price of a Stapled Security (in respect of which the relevant call has been paid); and

- (c) the Issuer is required to pay the underwriter in respect of each Stapled Security purchased in accordance with paragraph 5.27(b), an amount equal to the difference between the Market Price of a Stapled Security (in respect of which the relevant call has been paid) and the price paid by the underwriter for the Stapled Security,

then the former holder of those Stapled Securities is liable to the Issuer in respect of the relevant Defaulted Stapled Securities and may be sued for:

- (i) all money payable by the Issuer to the underwriter as contemplated by paragraph 5.27(c);
- (ii) interest (as provided under this schedule); and
- (iii) all costs incurred by the Issuer in procuring payment from the former Investor.

Assignment of right of action

- 5.28 The Issuer must ensure that where the Issuer is liable to the underwriter as contemplated by paragraph 5.27, the Issuer's liability to the underwriter may be satisfied by the assignment of the issuer's right of action against the former Investor in full satisfaction of such liability of the Issuer to the underwriter.

6. Single Register

- 6.1 Subject to the Corporations Act, a single Register may be kept in which details of the holders of the Attached Securities and the Other Attached Securities are recorded.

7. Power to add New Attached Securities

- 7.1 Subject to paragraph 7.2, the Corporations Act and the Listing Rules, the Issuer may at any time determine that a Security is a New Attached Security and cause it to be Stapled to the Stapled Securities. A determination under this paragraph may be made on such terms as the Issuer considers appropriate.
- 7.2 A determination that a Security is a New Attached Security may only be made if:
 - (a) while the Units are Officially Quoted, the New Attached Security is also Officially Quoted or ASX has indicated in writing that it will grant permission for the New Attached Security to be Officially Quoted;

 - (c) each Other Issuer (excluding the issuer of the New Attached Security) has agreed:

 - (ii) that the Stapling of the New Attached Security is in the best interests of Investors as a whole and is consistent with the then investment objectives of the Group; and
 - (d) the Constitutional Documents of the New Attached Security will have provisions giving effect to the Stapling (including provisions in substantially the form of this schedule);

- (e) the issuer of the New Attached Security has agreed to enter into the Accession Deed;
 - (f) where the New Attached Security is partly-paid, or approval from Investors is required to the transaction, any required approval of the members of each Stapled Entity has been obtained; and
 - (g) the number of New Attached Securities to be allocated is identical to the number of Stapled Securities on issue.
- 7.3 The Issuer has power to do all things which it considers are necessary, desirable or reasonably incidental to give effect to the Stapling of the New Attached Securities to the Stapled Security under this paragraph 7.
- 7.4 A New Attached Security may be transferred to an Investor by any means and in any manner, including but not limited to any combination of issue, sale, reduction of capital, distribution in kind or transfer (**Transfer**).
- 7.5 A transfer of a New Attached Security made under paragraph 7 will be Registered in the Register as of the date title is transferred.
- 7.6 It is not necessary for the Issuer to receive a transfer, instrument or certificate for a New Attached Security in order for that Issuer to Register the transfer of the New Attached Security. The transfer will be evidenced by, and have full effect from, its Registration by the relevant Issuer in the Register.

- (a) if the Stapled Securities are Officially Quoted, only if ASX has indicated in writing that it will grant permission for the Unstapling of the Attached Security or Securities from the Stapled Security and the remaining Attached Securities will remain Officially Quoted as a Stapled Security; and
 - (b) if each Other Issuer has agreed:
 - (i) to the Unstapling of an Attached Security from the Stapled Security; and
 - (ii) that the Unstapling of the Attached Security from the Stapled Security is not contrary to the interests of Investors as a whole and is consistent with the investment objectives of the Group; and
 - (c) if the Stapling Provisions will terminate in respect of the Attached Security which is to be Unstapled.

- 8.4 After the Unstapling, the references to the Unstapled Security will be removed from the Register.

Restapling

- 8.5 If an Issuer determines that its Attached Securities are to be Unstapled under paragraph 8.2, this does not prevent the Issuer of the Unstapled Security subsequently determining that the Stapling Provisions should recommence in respect of that Unstapled Security (**Restapling**).

Unstapling the Stapled Securities

- 8.6 Subject to paragraph 8.7, the Corporations Act, the Listing Rules and the relevant Constitutional Document, the Issuer must determine that an Attached Security will be Unstapled on the occurrence of an Unstapling Event affecting that Attached Security.
- 8.7 A determination under paragraph 8.6 may only be made if:
- (a) ASX has indicated in writing that it will grant permission for the Unstapling of the Attached Security; and
 - (b) each Other Issuer has agreed:
 - (i) to the Unstapling of the Attached Security; and
 - (ii) that the Unstapling of the Attached Security is not contrary to the interests of Investors as a whole.
- 8.8 On and from any date determined under paragraph 8.6, the Issuer must procure that the Attached Security is Unstapled and that the Stapling Provisions cease to have effect in respect of that Attached Security.

 - (b) the Trustee must apply that amount as an additional capital payment in respect of each Unit which is Stapled to a Security of the Stapled Entity making the capital payment equally in respect of each Unit.

5 Performance fee

- 5.1 The Trustee is entitled to a performance fee calculated in accordance with this paragraph 5 plus GST.
- 5.2 On each Calculation Date, the Trustee will be entitled to a performance fee calculated as follows:

Performance Fee = 20% of (A – B) - C

where:

- A** is the Distribution Value;
- B** is the 11% Target Value;

C is the aggregate of performance fees already paid or accrued on any prior Calculation Date.

The performance fee will be calculated, and becomes due and payable, on each Calculation Date. The fee is to be paid out of the Assets.

5.3 In this paragraph 5, the following definitions apply:

(a) **Calculation Date** means each of the following:

- (i) annually as at 30 June each year;
- (ii) the date (if any) on which the Trustee redeems Units under clause 13 after a Property Sale Date;
- (iii) the date (if any) on which the Trustee redeems any Units pursuant to a Restructure;
- (iv) the date (if any) on which the Trustee distributes capital of the Trust to the Unitholders;
- (v) the date on which a distribution is to be made under this Trust Constitution including a distribution following termination of the Trust or after a Property Sale Date; and
- (vi) the date on which an agreement entered into by all Unitholders for the sale and/or redemption of the Units becomes unconditional.

(b) **Distribution Value** means the aggregate of all income and capital distributions paid or to be paid prior to and including the Calculation Date.

Where a Restructure involves all Unitholders being offered the opportunity to redeem some or all of their Units in the Trust, then Distribution Value shall include the amount that each Unitholder would have received had they elected to redeem the maximum number of Units that they were entitled to redeem at the Redemption Price (irrespective of whether any Unitholders actually elected not to participate (fully or partially) in the redemption).

For this purpose, "distributions" shall include all tax suffered by the Trust or tax paid or payable by the Trust for which a tax credit is received or receivable by the Trust and which is charged, either by direct assessment on, or by withholding from, distributions received or receivable by the Trust in respect of Assets.

(c) **IRR or internal rate of return** means the discount rate, expressed as an annual percentage, which, when applied to a series of cashflows, results in a net present value of zero as at the date of the calculation.

(d) **Subscription Amount** means the aggregate amount of all instalments of the Application Price paid or payable by Unitholders up to but not including the Calculation Date.

(e) **11% Target Value** means the amount representing a notional 11% pre-tax IRR on the Subscription Amount.

- (f) **Property Sale Date** means the date on which an enforceable contract to sell any real property in the Trust (or any Controlled Entity of the Trust) is entered into by the Trustee (or the Controlled Entity).

- 5.4 For the avoidance of any doubt, there shall be no obligation for the Trustee to repay any performance fee received on prior Calculation Dates.

6 Equity raise fee

- 6.1 The Trustee is entitled to an equity raise fee in respect of the Units equal to 1% plus GST of the application moneys against which Units are issued.

7 Other

- 7.1 For the avoidance of doubt, clauses 27.5 to 27.7 and 27.14 to 27.20 of the Trust Constitution apply with respect to the fees specified in this schedule.
