2017 ANNUAL GENERAL MEETING

EXPLANATORY MEMORANDUM

PURPOSE OF INFORMATION

This Explanatory Memorandum accompanies and forms part of the Notice convening the Annual General Meeting of Shareholders of Memphasys Limited (**Company**) to be held at 11am. on 5 December 2017 at the Company's offices at 30 Richmond Road, Homebush West, NSW 2140. The Notice of the 2017 Annual General Meeting incorporates, and should be read together with, this Memorandum.

BUSINESS

FINANCIAL STATEMENTS AND REPORTS

In accordance with the Constitution, the business of the Meeting will include receipt and consideration of the annual financial report of the Company for the financial year ended 30 June 2017 together with the declaration of the directors, the directors' report, the Remuneration Report and the auditor's report.

The Company will not provide a hard copy of the Company's annual financial report to Shareholders unless specifically requested to do so. The Company's annual financial report is available on its website at www.memphasys.com.au.

RESOLUTION 1 – ADOPTION OF REMUNERATION REPORT

General

The Corporations Act requires that at a listed company's annual general meeting, a resolution that the remuneration report be adopted must be put to the shareholders. However, such a resolution is advisory only and does not bind the company or the directors of the company.

The remuneration report sets out the company's remuneration arrangements for the directors and senior management of the company. The remuneration report is part of the directors' report contained in the annual financial report of the company for a financial year.

The chair of the meeting must allow a reasonable opportunity for its shareholders to ask questions about or make comments on the remuneration report at the annual general meeting.

Voting consequences

A company is required to put to its shareholders a resolution proposing the calling of another meeting of shareholders to consider the appointment of directors of the company (**Spill Resolution**) if, at consecutive annual general meetings, at least 25% of the votes cast on a remuneration report resolution are voted against adoption of the remuneration report and at the first of those annual general meetings a Spill Resolution was not put to vote. If required, the Spill Resolution must be put to vote at the second of those annual general meetings.

If more than 50% of votes cast are in favour of the Spill Resolution, the company must convene a shareholder meeting (**Spill Meeting**) within 90 days of the second annual general meeting.

At the Company's previous annual general meeting, the votes cast against the remuneration report were less than 25%. Accordingly, the Spill Resolution is not relevant for this Annual General Meeting.

Voting restrictions

Shareholders appointing a proxy for this Resolution should note the following:

- (a) If you appoint a member of the Key Management Personnel (other than the Chair) whose remuneration details are included in the Remuneration Report, or a Closely Related Party of such a member as your proxy you must direct your proxy how to vote on this Resolution. Undirected proxies granted to these persons will not be voted and will not be counted in calculating the required majority if a poll is called on this Resolution.
- (b) If you appoint the Chair as your proxy (where he/she is also a member of the Key Management Personnel whose remuneration details are included in the Remuneration Report, or a Closely Related Party of such a member) you do not need to direct your proxy how to vote on this Resolution. However, if you do not

direct the Chair how to vote, by signing the Proxy Form you expressly authorise the Chair to exercise his/her discretion in exercising your proxy even though this Resolution is connected directly or indirectly with the remuneration of Key Management Personnel.

- (c) If you appoint any other person as your proxy you do not need to direct your proxy how to vote on this Resolution.

RESOLUTION 2 – RE-ELECTION OF DIRECTOR – MR ANDREW GOODALL

General

Pursuant to Listing Rule 14.5, a company with directors must hold an election of directors at each annual general meeting.

Mr Andrew Goodall, who has served as a director since 14 March 2012 and was last re-elected at the Company's 2014 Annual General Meeting, retires and, being eligible, seeks re-election.

Mr Goodall, a significant shareholder in Memphasys, is an entrepreneur who successfully founded, built and sold two retail businesses. He now runs a substantial private business involved in Commercial Property in New Zealand.

Independence

Mr Andrew Goodall, is a substantial shareholder and therefore not considered independent. However, Mr Goodall has no interests, position, association or relationship that might influence, or reasonably be perceived to influence, in a material respect his capacity to bring an independent judgement to bear on issues before the board and to act in the best interest of the entity and its security holders generally despite his shareholding.

Board recommendation

The Board supports the re-election of Mr Goodall and recommends that Shareholders vote in favour of this Resolution.

RESOLUTION 3 – APPROVAL OF 10% PLACEMENT CAPACITY

General

Listing Rule 7.1A enables an eligible entity to issue Equity Securities up to 10% of its issued share capital over a 12 month period after the annual general meeting at which a resolution for the purposes of Listing Rule 7.1A is passed by special resolution (**Additional 10% Placement Capacity**). The Additional 10% Placement Capacity is in addition to the Company's 15% placement capacity under Listing Rule 7.1.

An entity will be eligible to seek approval under Listing Rule 7.1A if:

- (a) the entity has a market capitalisation of \$300 million or less; and
- (b) the entity is not included in the S&P/ASX 300 Index, as at the time of the Annual General Meeting.

The Company is an eligible entity for the purposes of Listing Rule 7.1A as at the date of this Notice and is expected to be an eligible entity as at the time of the Annual General Meeting.

If Shareholders approve this Resolution, the number of Equity Securities to be issued under the Additional 10% Placement Capacity will be determined in accordance with the formula set out in Listing Rule 7.1A.2 (as set out below).

The Company is putting this Resolution to Shareholders to seek approval to issue additional Equity Securities under the Additional 10% Placement Capacity.

This Resolution is a special resolution, requiring approval of 75% of the votes cast by Shareholders present and eligible to vote (in person, by proxy, by attorney or, in the case of a corporate Shareholder, by a corporate representative) in order to be passed.

Listing Rule 7.1A

The effect of this Resolution will be to permit the Company to issue the Equity Securities under Listing Rule 7.1A during the Additional Placement Period (as defined below) without subsequent Shareholder approval and without using the Company's 15% placement capacity under Listing Rule 7.1.

Equity Securities issued under the Additional 10% Placement Capacity must be in the same class as an existing quoted class of Equity Securities of the Company. As at the date of this Notice, the Company has 1 class of quoted Equity Securities on issue, being the Shares (ASX Code: MEM).

If Shareholders approve this Resolution, the number of Equity Securities the Company may issue under the 10% Placement Capacity will be determined in accordance with the formula prescribed in ASX Listing Rule 7.1A.2, as detailed below:

$$(A \times D) - E$$

Where:

- A** is the number of Shares on issue 12 months before the date of issue or agreement:
- (i) plus the number of Shares issued in the previous 12 months under an exception in ASX Listing Rule 7.2;
 - (ii) plus the number of partly paid shares that became fully paid in the previous 12 months;
 - (iii) plus the number of Shares issued in the previous 12 months with approval of holders of Shares under Listing Rules 7.1 and 7.4. This does not include an issue of fully paid ordinary shares under the entity's 15% placement capacity without shareholder approval; and
 - (iv) less the number of Shares cancelled in the previous 12 months.
- D** is 10%.
- E** is the number of Equity Securities issued or agreed to be issued under ASX Listing Rule 7.1A.2 in the 12 months before the date of issue or agreement to issue that are not issued with the approval of holders of Ordinary Securities under ASX Listing Rule 7.1 or 7.4.

Specific information required by Listing Rule 7.3A

The following information in relation to the Shares to be issued is provided to Shareholders for the purposes of Listing Rule 7.3A:

(a) Minimum Price

Equity Securities issued under the Additional 10% Placement Capacity will be issued at an issue price of not less than 75% of the VWAP for securities in the same class, calculated over the 15 ASX trading days on which trades in that class were recorded immediately before:

- (i) the date on which the price at which the Equity Securities are to be issued is agreed; or
- (ii) if the Equity Securities are not issued within 5 ASX trading days of the date in paragraph (i) above, the date on which the Equity Securities are issued.

(b) Risk of voting dilution

If this Resolution is approved by Shareholders and the Company issues Equity Securities under the Additional 10% Placement Capacity, the existing Shareholders' economic and voting interests in the Company will be diluted. There is also a risk that:

- (i) the market price for the Company's Equity Securities may be significantly lower on the date of the issue of the Equity Securities than on the date of the Meeting; and
- (ii) the Equity Securities may be issued at a price that is at a discount to the market price for the Company's Equity Securities on the issue date of the Equity Securities, or the Equity Securities are issued as part consideration for the acquisition of a new asset,

which may have an effect on the amount of funds raised by the issue of the Equity Securities.

The table below shows the dilution of existing Shareholders of the issue of the maximum number of Equity Securities under the Additional 10% Placement Capacity using different variables for the number of ordinary securities for variable “A” (as defined in Listing Rule 7.1A) and the market price of Shares. It is noted that variable “A” is based on the number of ordinary securities the Company has on issue at the time of the proposed issue of Equity Securities. Variable “A”. The number of ordinary securities on issue may increase as a result of issues of ordinary securities that do not require Shareholder approval (for example, a pro rata entitlements issue or scrip issued under a takeover offer) or future specific placements under Listing Rule 7.1 that are approved at a future Shareholders’ meeting.

The table shows:

- (i) examples of where variable “A” is calculated as at the date of this Notice, and where variable “A” has increased by 50% and increased by 100%;
- (ii) examples of where the issue price of ordinary securities is the current market price as at close of trade on 12 October 2017 (current market price), where the issue price is halved, and where it is doubled; and
- (iii) the dilutionary effect will always be 10% if the maximum number of Equity Securities that may be issued under the Additional 10% Placement Capacity are issued.

Number of Shares on Issue (Variable ‘A’ in ASX Listing Rule 7.1A2)	Dilution			
	Issue Price (per Share)	\$0.001 50% decrease in Issue Price	\$0.002 Issue Price	\$0.003 50% increase in Issue Price
853,821,360 (Current Variable A)	Shares issued - 10% voting dilution	85,382,136 Shares	85,382,136 Shares	85,382,136 Shares
	Funds raised	\$85,382	\$170,764	\$256,146
1,280,732,040 (50% increase in Variable A)	Shares issued - 10% voting dilution	128,073,204 Shares	128,073,204 Shares	128,073,204 Shares
	Funds raised	\$128,073	\$256,146	\$384,220
1,707,642,720 (100% increase in Variable A)	Shares issued - 10% voting dilution	170,764,272 Shares	170,764,272 Shares	170,764,272 Shares
	Funds raised	\$170,764	\$341,529	\$512,292

The table above uses the following assumptions:

1. There are currently 851,790,510 Shares on issue comprising:
 - (a) 699,821,360 existing Shares as at the date of this Notice of Meeting;
 - (b) 112,500,000 Shares which will be issued if Resolution 7 is passed at this Meeting and \$225,000 worth of debt is converted into Shares at a conversion price of \$0.002 (being the Share price as at 12 October 2017);
 - (c) 25,000,000 Shares will be issued if Resolution 9 is passed at this Meeting and the Consultant invoices the Company for \$50,000 worth of work, which is converted into Shares at a conversion price of \$0.002 (being the Share price as at 12 October 2017).
2. The issue price set out above is the closing price of the Shares on the ASX on 12 October 2017.
3. The Company issues the maximum possible number of Equity Securities under the 10% Placement Capacity.

4. The Company has not issued any Equity Securities in the 12 months prior to the Meeting that were not issued under an exception in ASX Listing Rule 7.2 or with approval under ASX Listing Rule 7.1.
5. The issue of Equity Securities under the 10% Placement Capacity consists only of Shares. It is assumed that no Options are exercised and no Convertible Notes are converted into Shares before the date of issue of the Equity Securities.
6. The calculations above do not show the dilution that any one particular Shareholder will be subject to. All Shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.
7. This table does not set out any dilution pursuant to approvals under ASX Listing Rule 7.1.
8. The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
9. The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 10% Placement Capacity, based on that Shareholder's holding at the date of the Meeting.

(c) **Date of Issue**

Approval of the Additional 10% Placement Capacity will be valid from the date of the Annual General Meeting and will expire on the earlier of:

- (i) the date that is 12 months after the date of the Annual General Meeting; and
- (ii) date of the approval by Shareholders of a transaction under Listing Rules 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking) (after which date, an approval under Listing Rule 7.1A ceases to be valid),

(Additional Placement Period).

(d) **Purpose of issue under 10% Placement Capacity**

The Company may issue Equity Securities under the 10% Placement Capacity for the following purposes:

- (i) as cash consideration in which case the Company intends to use funds raised for development of the Felix device and to provide other working capital; or
- (ii) as non-cash consideration for the acquisition of new assets and investments (including associated expenses), in such circumstances the Company will provide a valuation of the non-cash consideration as required by listing Rule 7.1A.3.

(e) **Allocation policy under the 10% Placement Capacity**

The recipients of the Equity Securities to be issued under the 10% Placement Capacity have not yet been determined. However, the recipients of Equity Securities could consist of current Shareholders or new investors (or both), none of whom will be related parties of the Company.

The Company will determine the recipients at the time of the issue under the 10% Placement Capacity, having regard to the following factors:

- (i) the purpose of the issue;
- (ii) alternative methods for raising funds available to the Company at that time, including, but not limited to, an entitlement issue or other offer where existing Shareholders may participate;
- (iii) the effect of the issue of the Equity Securities on the control of the Company;
- (iv) the circumstances of the Company, including, but not limited to, the financial position and solvency of the Company;
- (v) prevailing market conditions; and

- (vi) advice from corporate, financial and broking advisers (if applicable).

Further, if the Company is successful in acquiring new resources, assets or investments, it is likely that the recipients under the 10% Placement Capacity will be vendors of the new resources, assets or investments.

(f) **Previous approval under ASX Listing Rule 7.1A**

The Company previously obtained approval from its Shareholders pursuant to ASX Listing Rule 7.1A at its annual general meeting held on 25 November 2016 (**Previous Approval**).

RESOLUTIONS 4, 5, 6 AND 7 – RATIFICATION OF PRIOR ISSUES OF SECURITIES AND APPROVAL FOR FUTURE ISSUES OF SECURITIES WITH RESPECT TO PLATINUM BOND AND FEE AGREEMENT BOND

Background

On 10 March 2017 the Company entered into an agreement (**Platinum Bond Agreement**) with Platinum Road Pty Ltd (ACN 120 047 556) (**Platinum Road**) pursuant to which Platinum Road agreed to procure the Company a short-term convertible bond facility, with a maximum draw down of up to \$500,000 (**Platinum Bond**). Key terms of the Platinum Bond are set out in Schedule 2.

Pursuant to the Platinum Bond Agreement, as part consideration for the provision of the Platinum Bond, the Company agreed to issue Platinum Road (or its nominee):

- (a) 25,000,000 Shares (the subject of Resolution 4); and
- (b) a total of 25,000,000 Options (exercisable at \$0.006 each on or before 31 December 2018, and otherwise on the terms and conditions set out in Schedule 1), comprising:
 - (i) 5,000,000 Options on the initial drawdown by the Company under the Platinum Bond (the subject of Resolution 4);
 - (ii) 5,000,000 Options upon draw down by the Company of a total of \$250,000 under the Platinum Bond (the subject of Resolution 5); and
 - (iii) 15,000,000 Options upon draw down by the Company of a total of \$500,000 under the Platinum Bond (the subject of Resolution 5).

On 30 March 2017, the Company and Bridge Road Capital Pty Ltd (ACN 614 011 906) (**Bridge Road Capital**) entered into a bond facility agreement (that was arranged by Platinum Road as a duly authorised representative of the holder of an Australian Financial Services License, Bridge Road Capital) (**Bond Facility Agreement**) to fully document the terms of the Platinum Bond. Under the terms of the Bond Facility Agreement, Bridge Road Capital shall have the right to require the Company to issue Shares in reduction of amounts drawn down (plus Interest) under the Platinum Bond, up to a total of \$550,000 (**Bond Amount**).

The Shares are to be issued to Bridge Road Capital on drawdown by the Company and submission of a conversion notice to the Company in accordance with the Bond Facility Agreement (**Conversion Notice**).

The Platinum Bond is convertible into Shares at a conversion price calculated as the lower of \$0.004 per Share and a 15% discount to the lowest daily VWAP of the prior 10 trading days of the shares on ASX and Chi-X (**Conversion Price**).

On 24 April the Company and Platinum Road entered into a bond facility agreement (**Fee Agreement**) pursuant to which the Company agreed to issue Platinum Road a convertible bond with a face value of \$30,000 in lieu of fees owed by the Company to Platinum Road (**Fee Agreement Bond**). The Fee Agreement Bond was deemed to be fully drawn down on issue and is otherwise on the same terms and conditions as the Platinum Bond (as set out in Schedule 2).

ASX Listing Rule 7.1

ASX Listing Rule 7.1 provides that a company must not, subject to specified exceptions, issue or agree to issue more equity securities during any 12 month period than that amount which represents 15% of the number of fully paid ordinary securities on issue at the commencement of that 12 month period.

ASX Listing Rule 7.1 A

ASX Listing Rule 7.1A provides that in addition to issues permitted without prior shareholder approval under ASX Listing Rule 7.1, an entity that is eligible and obtains shareholder approval under ASX Listing Rule 7.1A may issue or agree to issue during the period for which the approval is valid a number of quoted equity securities which represents 10% of the number of fully paid ordinary securities on issue at the commencement of that 12 month period as adjusted in accordance with the formula in ASX Listing Rule 7.1.

Where an eligible entity obtains shareholder approval to increase its placement capacity under ASX Listing Rule 7.1A then any ordinary securities issued under that additional placement capacity:

- (a) will not be counted in variable "A" in the formula in ASX Listing Rule 7.1A; and
- (b) are counted in variable "E",

until their issue has been ratified under ASX Listing Rule 7.4 (and provided that the previous issue did not breach ASX Listing Rule 7.1A) or 12 months has passed since their issue.

ASX Listing Rule 7.4

ASX Listing Rule 7.4 sets out an exception to ASX Listing Rules 7.1. It provides that where a company in general meeting ratifies the previous issue of securities made pursuant to ASX Listing Rule 7.1 (and provided that the previous issue did not breach ASX Listing Rule 7.1) those securities will be deemed to have been made with shareholder approval for the purpose of ASX Listing Rule 7.1.

Likewise, an issue made with approval under ASX Listing Rule 7.1A can be ratified under LR 7.4.

Resolution 4

On 4 April 2017, the Company issued 25,000,000 Shares and 5,000,000 Options (exercisable at \$0.006 each on or before 31 December 2018, and otherwise on the terms and conditions set out in Schedule 1) to Bridge Road Capital (as nominee of Platinum Road) as part consideration for the provision of the Platinum Bond, pursuant to the Platinum Bond Agreement. To date \$100,000 has been drawn down under the Platinum Bond and converted to equity.

The securities were issued without Shareholder approval under the Company's existing placement capacity pursuant to Listing Rule 7.1.

Resolution 4 seeks Shareholder ratification pursuant to ASX Listing Rule 7.4 for the issue of those Shares and Options.

By ratifying this issue, the Company will retain the flexibility to issue equity securities in the future up to the 15% annual placement capacity set out in ASX Listing Rule 7.1 without the requirement to obtain prior Shareholder approval.

Resolution 5

Subject to the satisfaction of certain milestones (specified below), Resolution 5 seeks Shareholder approval for the issue of up to 20,000,000 Options (exercisable at \$0.006 each on or before 31 December 2018, and otherwise on the terms and conditions set out in Schedule 1), comprising:

- (a) 5,000,000 Options upon draw down by the Company of a total of \$250,000 under the Platinum Bond; and
- (b) 15,000,000 Options upon draw down by the Company of a total of \$500,000 under the Platinum Bond.

To date \$100,000 in capital has been drawn down under the Platinum Bond and converted to equity. As detailed above, the Options are to be issued for nil cash consideration to Bridge Road Capital (as nominee of Platinum Road) as part consideration for the provision of the Platinum Bond, pursuant to the Platinum Bond Agreement.

The effect of Resolution 5 will be to allow the Company to issue these Options during the period of 3 months after the Meeting (or a longer period, if allowed by ASX), without using the Company's 15% annual placement capacity.

The funds from conversion of these options will be used for working capital and to progress R&D programs, in particular, development of the Felix device.

Resolution 6

The Company received Conversion Notices in respect of an aggregate total of \$138,000 in capital draw-downs, bond agreement fees and Interest under the Platinum Bond (the **Loan Agreements**) and issued at total of 105,587,356 Shares to Bridge Road Capital (as nominee of Platinum Road) in satisfaction of those Conversion Notices as follows:

- (a) On 19 April 2017, 7,436,603 Shares were issued at a conversion price of \$0.0026894 per Share, on conversion of \$20,000 drawn down under the Loan Agreements.
- (b) On 3 May 2017, 14,705,883 Shares were issued at a conversion price of \$0.0017 per Share, on conversion of \$25,000 drawn down under the Loan Agreements.
- (c) On 17 May 2017, 26,974,281 Shares were issued at a conversion price of \$0.001668 per Share, on conversion of \$45,000 drawn down under the Loan Agreements.
- (d) On 30 May 2017, 23,529,412 Shares were issued at a conversion price of \$0.00085 per Share, on conversion of \$20,000 drawn down under the Loan Agreements.
- (e) On 17 July 2017, 32,941,177 Shares were issued at a conversion price of \$0.00085 per share, on conversion of \$28,000 drawn down under the Loan Agreements.

The funds received under the Platinum Bond were used for working capital and to progress R&D programs, in particular, development of the Felix device. As mentioned above, the Fee Agreement Bond was issued to offset debt owed to Platinum Road by the Company.

The Shares were issued at an issue price of a 15% discount to the lowest daily VWAP of the prior 10 trading days of the Shares on ASX, in accordance with the Bond Facility Agreement.

The issues detailed in paragraphs (a) to (d) above were made without Shareholder approval under the Company's existing placement capacity pursuant to ASX Listing Rule 7.1.

With respect to the issue detailed in paragraph (e) above, 2,992,058 Shares were issued without Shareholder approval under the Company's existing placement capacity pursuant to ASX Listing Rule 7.1 whilst 29,949,119 Shares were issued without Shareholder approval under the Company's existing placement capacity pursuant to ASX Listing Rule 7.1A.

By ratifying the issues made pursuant to ASX Listing Rule 7.1, the Company will retain the flexibility to issue equity securities in the future up to the 15% annual placement capacity set out in ASX Listing Rule 7.1 without the requirement to obtain prior Shareholder approval.

By ratifying the issue made pursuant to ASX Listing Rule 7.1A, the base figure (ie variable “A”) in which the Company’s 15% and 10% annual placement capacities are calculated will be a higher number which in turn will allow a proportionately higher number of securities to be issued without prior Shareholder approval. Although, it is noted that the Company’s use of the 10% annual placement capacity following this Meeting remains conditional on Resolution 3 being passed by the requisite majority.

Resolution 7

A summary of ASX Listing Rule 7.1 is set out above.

ASX Listing Rule 7.3.3 provides that when seeking shareholder approval to issue shares pursuant to ASX Listing Rule 7.1, the notice of meeting must specify the issue price of the proposed issue, which may not be lower than 80% of the VWAP of the shares, calculated over the last 5 days on which sales of the shares were recorded (**Floor Price**).

Resolution 7 seeks Shareholder approval pursuant to ASX Listing Rule 7.1 for the conversion of up to a further \$440,000 of the Bond Amount (comprising potential future draw downs and interest) (**Conversion Amount**) into Shares pursuant to the Bond Facility Agreement, subject to the Conversion Price being no lower than the Floor Price.

The effect of Resolution 7 will be to allow the Company to issue these Shares during the period of 3 months after the Meeting (or a longer period, if allowed by ASX), without using the Company’s 15% annual placement capacity.

Section 606 of the Corporations Act

Section 606 of the Corporations Act prohibits a person or entity acquiring a relevant interest in issued voting shares in a public company if the person acquiring the interest does so through a transaction and because of the transaction, that person’s or someone else’s relevant interest increases from 20% or below to above 20%, or from a starting point that is already above 20% and below 90%, without coming within an exception in section 611 of the Corporations Act.

Accordingly, the issue of Shares pursuant to Resolution 7 must at all times comply with these requirements and no Shares will be issued if the issue will contravene section 606 of the Corporations Act.
