

An aerial, black and white photograph of a large-scale construction or mining site. The foreground and middle ground show extensive earthmoving, with large piles of dirt and gravel. Several pieces of heavy machinery, including excavators, bulldozers, and trucks, are visible working on the site. A winding dirt road or path cuts through the landscape. In the background, there are industrial buildings, possibly warehouses or processing plants, and a line of trees. The overall scene depicts a major infrastructure or resource extraction project in progress.
