
Corporate Governance Statement 2022

Approach to Corporate Governance

Magnetite Mines Limited ABN 34 108 102 432 (**Company**) has established a corporate governance framework, the key features of which are set out in this statement. In establishing its corporate governance framework, the Company has referred to the recommendations in the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations 4th edition (**Principles and Recommendations**).

This Corporate Governance Statement discloses the extent to which the Company followed the recommendations set out in the 4th edition of the Principles and Recommendations (**recommendations**) for the period 1 July 2021 to 30 June 2022 (**Reporting Period**). The Company has followed each recommendation where the Board has considered the recommendation to be an appropriate benchmark for its corporate governance practices. Where the Company's corporate governance practices follow a recommendation, the Board has made appropriate statements reporting on the adoption of the recommendation. In compliance with the "if not, why not" reporting regime, where, after due consideration, the Company's corporate governance practices do not follow a recommendation, the Board has explained its reasons for not following the recommendation and disclosed what, if any, alternative practices the Company has adopted instead of those in the recommendation.

The following governance-related documents can be found on the Company's website at www.magnetitemines.com, under the section marked "Corporate Governance". The Company reviewed and updated its governance documents on 23 September 2022:

Principle 1 – Lay solid foundations for management and oversight

Recommendation 1.1

The Company has established the respective roles and responsibilities of its Board and management, and those matters expressly reserved to the Board and those delegated to management and has documented this in its *Board Charter*, which is disclosed on the Company's website.

Recommendation 1.2

The Company undertakes appropriate checks before appointing a person or putting forward to shareholders a candidate for election as a director and provides shareholders with all material.

Corporate Governance Statement 2022

Approach to Corporate Governance (continued)

information in its possession relevant to a decision on whether or not to elect or re-elect a director. The checks undertaken and the information provided to shareholders are set out in the Company's *Policy and Procedure for the Selection and (Re)Appointment of Directors*, which is disclosed on the Company's website.

The Company provided shareholders with all material information concerning the re-election of Peter Schubert as a director at its 2021 Annual General Meeting.

Recommendation 1.3

The Company has a written agreement with each director and senior executive setting out the terms of their appointment.

The material terms of any employment, service or consultancy agreement between the Company and its Chief Executive Officer have been disclosed in accordance with ASX Listing Rule 3.16.

Recommendation 1.4

The Company Secretary is accountable directly to the Board, through the Chair, on all matters to do with the proper functioning of the Board as outlined in the Company's *Board Charter*. The Company's Secretary's role is also outlined in the employment agreement between the Company Secretary and the Company.

Recommendation 1.5

The Company has established a *Diversity Policy*, which is disclosed on the Company's website. However, the Board has not generally set measurable objectives for achieving gender diversity in the composition of its Board, senior executives and workforce. However, the Company actively manages diversity by recognising and utilising the contribution of diverse skills and talent from its directors, officers and employees.

The Board considers that the Company has in place arrangements to encourage diversity in employment. The Company also has an Equal Employment Opportunity and Anti-Discrimination Policy. Further, due to the Company's current operations, size and a small number of employees, the Board considers it difficult to set meaningful, measurable objectives for achieving gender diversity. However, every effort is made to find the most suitable qualified person for any role within the Company, irrespective of age, sex, religion or any other personal characteristic or attribute, in accordance with the Company's policy. The Board will review its position and may develop measurable objectives when the Company's operations increase.

The respective proportions of men and women on the Board, in senior executive positions and across the whole organisation (including casuals) as at 30 June 2022 are set out in the following table. "Senior executive" for these purposes means those persons who have the opportunity to materially influence the integrity, strategy and operation of the Company and its financial performance, and for the Reporting Period comprised the Chief Executive Officer and Chief Financial Officer:

	Proportion of women
Whole organisation	3 out of 17 (18%)
Senior executive positions	0 out of 2 (0%)
Board	0 out of 6 (0%)

Recommendation 1.6

The Chairman is responsible for evaluating the Board and, when deemed appropriate, Board committees and individual directors in accordance with the process disclosed in the Company's *Process for Performance Evaluations*.

Corporate Governance Statement 2022

Approach to Corporate Governance (continued)

Each of the directors (including the Chairman) completes a questionnaire, and the Chairman discusses the responses to the questionnaire with the Board on a round-table basis. The Chairman is reviewed on this basis by the rest of the Board.

During the Reporting Period, an evaluation of the Board, its committees and individual directors took place in accordance with the process disclosed in the Company's *Process for Performance Evaluations*.

Recommendation 1.7

The Chief Executive Officer is responsible for evaluating the performance of senior executives in accordance with the process disclosed in the Company's *Process for Performance Evaluations*.

An evaluation of the Chief Executive Officer (CEO) was not undertaken by the Board in accordance with the Company's *Process for Performance Evaluations* during the Reporting Period because the Chief Executive Officer and Chief Financial Officer had not been in the role for a minimum of 12 months.

Principle 2 – Structure, the board, to add value

Recommendation 2.1

The role of the Nomination Committee is to make appropriate recommendations to the Board on nomination-related matters, including recruiting new directors and senior executives, succession planning, induction and continuing professional development and Board evaluation.

During 2021, the Board had not established a separate Nomination Committee to oversee its *Nomination Committee Charter*. Given the size and composition of the Board, the Board believed that there would be no efficiencies gained by establishing a separate Nomination Committee.

In January 2022, a separate Nomination Committee was established with three members, a majority of whom are independent directors and an independent Chairman.

On 23 September 2022, the *Nomination Committee Charter* and the *Remuneration Committee Charter* were merged into the *Nomination and Remuneration Committee Charter*, a copy of which is disclosed on the Company's website.

Recommendation 2.2

The mix of skills and diversity for which the Board is looking to achieve in membership of the Board is represented by the composition of its current Board. The Board members have a high level of experience and expertise in the resources sector. The Board comprises directors who possess the following skills, qualifications and experience:

- resource industry knowledge;
- extensive corporate and public company experience;
- strategic planning experience;
- technical skills and qualifications;
- experience in management and marketing in the resources sector;
- leadership
- geological experience; and
- risk management experience.

The Board considers that this mix of skills is appropriate for the Company's current circumstances. As the Company's circumstances change, it will continue to re-assess its composition as appropriate.

Corporate Governance Statement 2022

Approach to Corporate Governance (continued)

Recommendation 2.3

The Board considers the independence of directors having regard to the relationships listed in Box 2.3 of the Principles & Recommendations. During the Reporting Period, the independent directors were Malcolm Randall, Jim McKerlie, Paul White and Simon Wandke.

The length of service of each director is set out in the table below:

Director	Date of Appointment	Length of service
Peter Schubert	17 December 2015	6 years 6 months
Malcolm Randall	4 October 2006	15 years 8 months
Mark Eames	11 March 2020	2 years 3 months
James (Jim) McKerlie	12 January 2022	6 months
Paul White	12 January 2022	6 months
Simon Wandke	6 June 2022	1 month

Recommendation 2.4

The Board has consisted of a majority of independent directors since 12 January 2022. However, following the appointment of Mark Eames, as part-time Technical Director on 1 May 2021, until the new appointments on 12 January 2022, the Board had a sole independent director, Malcolm Randall.

During the Reporting Period, the Board considered that its composition was appropriate for the Company's circumstances and includes an appropriate mix of skills and expertise relevant to the Company.

Recommendation 2.5

During the Reporting Period, the Company did not have an independent Chairman.

Both Chairman during the period, Peter Schubert, who stood down on 15 May 2022 and Mark Eames, his replacement, have held executive positions with the Company.

The Board believes that Mark Eames is the most appropriate person for the position of Chairman, notwithstanding that he was a part-time executive for approximately one year, because of his successful track record in the global minerals industry in exploration, evaluation, development, acquisitions, operations and marketing.

Recommendation 2.6

The Company has an induction program that it uses when new directors join the Board, and new senior executives are appointed. The program's goal is to assist new directors in participating fully and actively in Board decision-making at the earliest opportunity and to assist senior executives in participating fully and actively in management decision-making at the earliest opportunity. The Company's *Induction Program* is disclosed on the Company's website.

The Nomination Committee regularly reviews whether the directors as a group have the skills, knowledge and familiarity with the Company and its operating environment required to effectively fulfil their role on the Board and the Board committees using a Board skills matrix. Where gaps are identified, the entire Board, in its capacity as the Nomination Committee, considers what training or development should be undertaken to fill those gaps. In particular, the entire Board, in its capacity as the Nomination Committee, ensures that any director who does not have specialist accounting skills or knowledge has a sufficient understanding of accounting matters to fulfil his or her responsibilities concerning the Company's financial statements.

Corporate Governance Statement 2022

Approach to Corporate Governance (continued)

Principle 3 – Act ethically and responsibly.

Recommendation 3.1

The Board has articulated, adopted and disclosed its values which are the foundation for how the Company achieves its strategic goals. The Company's values are supported by the *Code of Conduct* and other fundamental governance principles and policies. The Company's values are disclosed on the Company's website.

Recommendation 3.2

The Company has established a *Code of Conduct* for its directors, senior executives and employees, a copy of which is disclosed on the Company's website. The Board is informed of any material incidents reported under the Code of Conduct via the Executive Chairman.

Recommendation 3.3

As set out in the Company's *Code of Conduct*, directors, officers, employees, consultants and contractors of the Company are expected to not only act in compliance with legal obligations but also act ethically and responsibly, which involves acting with honesty, integrity and in a manner that is consistent with the reasonable expectations of investors and the broader community. The Company recognises the need to have robust procedures in place to ensure people can report instances of suspected unethical, illegal, fraudulent or undesirable conduct by the Company or its officers, employees or agents and to ensure that anyone who does report such behaviour can do so without fear of reprisal, discrimination, intimidation or victimisation.

Accordingly, the Company has adopted a *Whistleblower Policy* to encourage the persons to whom the policy applies to raise any concerns or report instances of any potential breach of law, any violations (or suspected violations) of the Company's Code of Conduct or any other legal or ethical concern without the fear of detriment. The Company's *Whistleblower Policy* is disclosed on the Company's website.

Recommendation 3.4

The Board adopted an *Anti-bribery and Corruption Policy* during the prior period, which sets out the Company's policy and approach to bribery and corruption. This policy is also disclosed on the Company's website. The Board is informed of any material incidents reported under the Anti-bribery and Corruption Policy via the Chief Executive Officer.

Principle 4 – Safeguard integrity in corporate reporting

Recommendation 4.1

The Board has had an Audit Committee consisting of a majority of independent directors since 12 January 2022 when Jim McKerlie joined the board. Before that, the members of the Audit Committee were Malcolm Randall (who was the Chair of the committee and is an independent non-executive director) and Mark Eames, who was a non-independent executive director.

The relevant qualifications and experience of each of the members of the Audit Committee are set out in the Director's Report in the Company's Annual Report. Details of director attendance at Audit and Risk Committee meetings during the Reporting Period are set out in a table in the Director's Report in the Company's Annual Report.

On 23 September 2022, the Audit Committee Charter and the Risk Committee Charter were merged into the Audit and Risk Committee Charter, a copy of which is disclosed on the Company's website.

Corporate Governance Statement 2022

Approach to Corporate Governance (continued)

Recommendation 4.2

Before the Board approves the Company's financial statements for a financial period, it receives from its CEO and CFO a declaration that, in their opinion, the financial records of the entity have been properly maintained and that the financial statements comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the entity and that the opinion has been formed based on a sound system of risk management and internal control which is operating effectively.

Recommendation 4.3

For the Company's unaudited periodic corporate reports, the Company satisfies itself that these reports are materially accurate and balanced and provide investors with appropriate information to make informed investment decisions by implementing the appropriate procedures, communication processes and internal controls.

This process is intended to ensure that all applicable laws, regulations and company policies have been complied with, the preparation of the corporate reports is undertaken by qualified personnel, and the appropriate approvals are obtained before a report is released to the market.

Principle 5 – Make timely and balanced disclosure.

Recommendation 5.1

The Company has established written policies and procedures for complying with its continuous disclosure obligations under the ASX Listing Rules. The Company's website discloses a summary of the Company's Policy on Continuous Disclosure and Compliance Procedures.

Recommendation 5.2

The Board receives copies of all material market announcements before and after they have been made.

Recommendation 5.3

Before the Company gives any new and substantive investor or analyst presentations, it releases a copy of the presentation materials on the ASX Market Announcements Platform ahead of the presentation.

Principle 6 – Respect the rights of security holders

Recommendation 6.1

The Company provides investors with information about itself and its governance via its website at www.magnetitemines.com.

Recommendation 6.2

The Company has designed and implemented an investor relations program to facilitate effective two-way communication with investors. The program is set out in the Company's *Shareholder Communication and Investor Relations Policy*.

Recommendation 6.3

The Company has a Shareholder Communication and Investor Relations Policy outlining the policies and processes it has in place to facilitate and encourage participation at shareholders' meetings.

Corporate Governance Statement 2022

Approach to Corporate Governance (continued)

Communication to shareholders is facilitated by the production of the annual report, quarterly reports, public announcements, and ASX releases immediately after their disclosure to the ASX, which are all made available on the Company's website. In addition, all shareholders are encouraged to attend the Annual General Meeting and use the opportunity to ask questions during the meeting and after the Executive Chairman's presentation. The external auditor also attends the shareholder's meeting and is available to answer shareholder questions about the conduct of the audit and the preparation and content of the auditor's report.

Recommendation 6.4

During the Reporting Period, all substantive resolutions at a meeting of the Company's security holders were decided by a poll rather than by a show of hands.

Recommendation 6.5

Shareholders are given the option to receive communications from and send communications to the Company and its share registry electronically using an online service provided by the Company's share registry. When a new shareholder appears on the Company's share register, the Company's share registry sends the new shareholder an introductory letter encouraging them to provide their shareholder information online, including their preferences in the way the shareholder would like to receive communications from the Company.

Principle 7 – Recognise and manage risk

Recommendation 7.1

The Board established a Risk Committee on 12 January 2022 with a majority of independent directors. Before that point, given the then size and composition of the Board, the Board believed there would be no efficiencies gained by establishing a separate Risk Committee. Accordingly, the Board performed the Risk Committee role and was responsible for overseeing the Company's risk management framework.

The relevant qualifications and experience of each of the members of the Risk Committee are set out in the Director's Report in the Company's Annual Report. Details of director attendance at Audit and Risk Committee meetings during the Reporting Period are set out in a table in the Director's Report in the Company's Annual Report.

On 23 September 2022, the Audit Committee Charter and the Risk Committee Charter were merged into the Audit and Risk Committee Charter, a copy of which is disclosed on the Company's website.

Recommendation 7.2

The Risk Committee reviews the Company's risk management framework annually to satisfy itself that it continues to be sound, to determine whether there have been any changes in the material business risks the Company faces and to ensure that the Company is operating within the risk appetite set by the Board. The Board carried out these reviews during the Reporting Period.

Recommendation 7.3

The Company does not have an internal audit function. To evaluate and continually improve the effectiveness of the Company's risk management and internal control processes, the Board relies on ongoing reporting and discussion of the management of material business risks as outlined in the Company's *Risk Management Policy*.

Corporate Governance Statement 2022

Approach to Corporate Governance (continued)

Recommendation 7.4

As the Company is not in production and nor does it have any significant operations, the Company has not identified any material exposure to any environmental and/or social sustainability risks. However, the Company does have material exposure to the following economic risks:

- Market
- Financial
- Strategic
- Human capital
- Legal and compliance
- Operational
- Workplace, health and safety
- Economic

Principle 8 – Remunerate fairly and responsibly

Recommendation 8.1

The Board has a Remuneration Committee, which had consisted of a majority of independent directors since 12 January 2022, when Paul White joined the board. Before that, the members of the Remuneration Committee were Malcolm Randall (who was the Chair of the committee and is an independent non-executive director) and Mark Eames, who was a non-independent executive director.

The relevant qualifications and experience of each member of the Remuneration Committee are set out in the Director's Report in the Company's Annual Report. Details of director attendance at Nomination and Remuneration Committee meetings during the Reporting Period are set out in a table in the Director's Report in the Company's Annual Report.

On 23 September 2022, the Remuneration Committee Charter and the Nomination Committee Charter were merged into the Nomination, and Remuneration Committee Charter, a copy of which is disclosed on the Company's website.

Recommendation 8.2

Details of remuneration, including the Company's policy on remuneration and "*clawback policy*" regarding the lapsing of performance-based remuneration in the event of fraudulent serious misconduct and the clawback of the performance-based remuneration in the event of a material misstatement in the Company's financial statements, are contained in the "Remuneration Report" which forms part of the Director's Report in the Company's Annual Report.

Recommendation 8.3

The Company's *Securities Trading Policy* outlines the Company's policy prohibiting entry into transactions or arrangements that operate to limit the economic risk of participating in unvested entitlements under any equity-based remuneration schemes.

¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.
